Your views on Europe's Digital Future

Help us shape the Digital Agenda for Europe

The European Commission's Directorate-General for Communications Networks, Content and Technology (DG CONNECT) has launched a Stakeholder Survey to learn more about individuals, groups, organisations and entities who are involved in, or have views on, shaping Digital Agenda for Europe.

The Commission seeks more information on the areas stakeholders are interested in as well as rating the importance and level of satisfaction of certain aspects of interaction, for example easy access to information and the importance of timely and accurate feedback. The survey will take from 5 to 10 minutes to complete. Answers will remain anonymous. In January 2013 the main findings of the survey will be published on the Digital Agenda for Europe website.
