Room F (Autoworld, 1st floor), **17/06/2011 (09.30-13.00)**

This workshop will follow up on a 'Going REALLY Local' event in April providing a clear perspective on the regional and local aspects of the Digital Agenda and how the Commission can support regional development.

Localities and regions will also be in a position to report on their first steps in peer to peer mentoring to help one another in applying ICT solutions on the ground to address efficiency imperatives in these times of austerity while also enabling broader prosperity and service provision initiatives.
