1.1 Patient Summary guidelines
minor update (R3.2)

STEFANIE WEBER

MS-Co-Chair of sg on Semantics

BfArM, Germany

Issue at stake

- *Revision of the Patient Summary guidelines*
  - **to increase the support to rare diseases**
  - **in line with a change proposal submitted to MyHealth@EU which was presented as a result of the X-eHealth Project**

Summary of changes

- New facilities were added to allow linking any part of the Guidelines to specific healthcare professionals/organizations and to external supporting material.

- Supporting information was added to explain these new facilities, see section 3. Supporting Information, Article 10: Data.

- Two updates were made to clarify existing text in Article 6: Patient safety and Article 4: Data protection.

Next steps

- *Complete the reflection and issue a recommendation regarding the use of a new code system for vaccination records.*
  - **By June 2023**
