SESSION I

10:30 – 13:00
Presentation of the progress report and highlights of the first year of implementation of the EU Cybersecurity strategy

Abstract: *In the EU Cybersecurity Strategy (JOIN(2013) 1 final) the Commission and the High Representative of the Union for Foreign Affairs and Security Policy announced they will gather all relevant parties in a High-level Conference and assess progress in 12 months from the adoption of the Strategy. This Session will provide information on the state of play of the implementation of the five main priorities of the Strategy and showcase highlights of the main actions in the Strategy.*

Paul Timmers, Director for Sustainable & Secure Society, DG CONNECT, European Commission "Achieving cyber resilience and Developing the industrial and technological resources for cybersecurity"

[TBD], DG HOME AFFAIRS, European Commission "State of play of the priority of Drastically reduce cybercrime"

Joelle Jenny, Director for Conflict Prevention and Security Policy, European External Action Service "International cyber issues and developing an EU cyber defence policy framework"

Interventions and Highlights by Member States and industry representatives

Followed by Q&A and Open discussion

13:00 Lunch break

SESSION II

Abstract: *The European Union addresses cybersecurity in a comprehensive manner, taking into account the various dimension of the problem: resilience, the fight against cybercrime, cyber defence, industrial and technology policy and international cooperation. The actions undertaken by the European Union on cybersecurity combine mandatory requirements, operational recommendations and policy incentives and research and innovation funding. This session will explore the way forward regarding the proposal for a Directive on network and information security, currently being discussed by the co-legislators, and the next steps to foster trust in the public and the private sector for the benefit of citizens and the internal market.*

14:00 – 15:30 Panel debate - State of play of the NIS Directive

15:30 – 17:30 Panel debate

A comprehensive policy framework ensuring citizens' trust by strengthening cybersecurity and online privacy in the EU

17:30 Closure of the event
