DCA: DIGITISING CONTEMPORARY ART

Copyright: DCA consortium

‘‘Digitising Contemporary Art’ (DCA) is a 30-month digitisation project for contemporary art, i.e. art made after 1945 - a kind of cultural heritage still largely missing from Europeana which is a single access point for European culture.
DCA will create a digital body of high-quality reproductions of 26,921 artworks - paintings, photographs, sculptures, installations, videos and 1,857 contextual documents, which will become accessible and retrievable through Europeana; not only through the use of metadata and thumbnails, but also direct links to large-sized reproductions of each item. DCA will ensure that the rights to all available digital content will be cleared. The content provided, including masterpieces from key artists of most European countries, will fill a gap in Europeana‘s content supply.
