**Call for tender ENTR/2009/033
"Framework contract for studies in the area of European Competitiveness"**

Clarifications

Please note that after the Opening session, held on 2nd October 2009, the following typing mistakes have been found in Section 3.3 Stage 3 - Application of award criteria (Assessment of tenders) of the Specifications.

- (1) In the table "Qualitative Award Criteria", Part I General aspects relating to the organisation of work under the tender, the maximum points for each of the four award criteria is actually 50 (instead of 40), matching the indicated sum of 200 points and weighting percentages (10% each).
- (2) Replace the second paragraph on page 27 to read as follows: *"Tenders scoring less than 70% in the overall points total or less than 50% in the points awarded for the general aspects and each of the scenarios (levels I, IIA, IIB and IIC) will be excluded from the rest of the assessment procedure."*
