Disclaimer:

This FAQ (Frequently Asked Questions) list is intended to ensure that the same guidance is provided to all potential applicants, and does not in itself have legal value.

1. Could you please confirm that state universities are eligible (i.e. are considered "government institutions")?

Both private and public universities satisfying the rest of the eligibility criteria set out under 5.1 of the call for proposals can participate in this call.

2. In the text of the call it is stated that private entities, among others, are eligible to participate. I would like to ask you if private universities fall under this category, according to the call. Can public universities participate at all?

Public universities are eligible for participation.

3. I'm writing you concerning the call for proposal 83/G/ENT/SAT/13/7027 to know if we can express our interest to provide as sub-contractor. Is it possible to contact applicants that are planning to submit a project proposal in this call or to propose our expertise to your Unit?

Anyone can take contact with potential applicants under his/her own responsibility.
