5. eHealth Network Work Plan 2023

Isabelle Zablit, FR MoH

eHealth Network Workplan#2023
For adoption

We collectively need to :

- Ensure visibility and transparency
- Achieve concrete results
- Build on experience
- Prepare the future
- Synchronize our national roadmaps

The « Why »

eHealth network purpose and goals

The « What »

eHealth network objectives 2023

The « Why » - eHealth network purpose and goals

The « Why »

eHealth network purpose and goals

Actions in place deserve a formalized plan to keep the focus and communicate, at European and national levels

eHealth Network Workplan#2023

eHealth governance body within the European Union (EU) & associated countries.

Effective network with a proven track-record

Towards the European Health Data Space (EHDS)

The « What » - eHealth network objectives 2023

The « What »

eHealth network objectives 2023

eHealth Network Workplan#2023

5 proposed key priorities eHealth Network Workplan#2023

Prepare EHDS

Milestones 2023

Pragmatism (small steps)

FUNDING

Identify the needs for European funding for eHealth infrastructure of health data

INTER-OPERABILITY GOVERNANCE

Achieve further technical common choices and formalize our process

ETHICS IN REAL LIFE

Implement European ethical principles for digital health

BEST PRACTICES SHARING

Assess digital health deployment progress and best practices in EU Member States

EFFECTIVE COLLABO-RATION

Cooperate more effectively, in preparation for the future EHDS board

The « What » - eHealth network objectives 2023

FUNDING

1- Identify the needs for European funding for eHealth infrastructure for primary and secondary use of health data

Expected achievements in 2023

Joint paper led by Member States outlining needs for supporting the digital agenda for health in Europe.

- funding needs for MS by 2030 to fully engage in the EHDS.
- needs for European central services to be provided by the EC to support EHDS
- current funding mechanisms and budgets

Responsibility

eHN – 2 leading countries to be identified.

This paper could then be used to advocate towards the relevant entities (HaDEA, EU4Health steering committee, but also towards other Commission bodies caring for digital health implementation etc.).

INTER-OPERABILITY GOVERNANCE

2- Achieve further technical common choices and formalize our process

Expected achievements in 2023

- **Agreed standard** for health documents sharing (CDA /FHIR)
- **Adopted guidelines** for lab results (updated guidelines), hospital discharge reports, images and medical image reports.
- **Adopted document on decision process**, aligned with new interoperability act, preparing for and shaping the new EHDS governance. This could include a proposal for a dashboard to follow on progress of up-take of semantic and technical interoperability assets in Member States

Responsibility

Technical subgroup IOP in collaboration with Semantic IOP subgroup

The « What » - eHealth network objectives 2023

3- Implement European ethical principles for digital health

ETHICS IN REAL LIFE

Expected achievements in 2023

- Outcomes from the consultation of citizens.
- Capacity building plan for European ethical principles, and strong MS involvement and accomplishment rate, these being defined.
- Draft a white paper on the involvement of end users.

Responsibility

Task force on European ethical principles- leading country (currently France)

4- Assess digital health deployment progress and best practices in EU Member States

BEST PRACTICES SHARING

Expected achievements in 2023

- Capacity building: first set of indicators and questionnaires administered to EU Member States, building on already available information from previous surveys. First evaluation of results.
- Paper on observatory to be adopted during eHN meeting including a proposed action plan.

Responsibility

European Commission - C1 Unit and leading country to be identified

The « What » - eHealth network objectives 2023

5- Cooperate more effectively, in preparation for the future EHDS board

EFFECTIVE COLLABO-RATION

Expected achievements in 2023

- Paper on subgroups (including other bodies in the eHN environment) organization validated by eHN ;
- Paper on financial retribution of experts;
- Messaging tool launch and use ;
- LT planning of meetings and set up of a digital directory of all eHealth network contributors.

Responsibility

European Commission - C1 unit and leading country to be identified

Annexes to workplan

- Subgroups workplans 2023
- List of Member States representatives and alternates, COM and Co-chairs coordinates
- List and links of collaboration pages

Next steps for next Coordinated Actions Meeting

- Validate responsabilities of actions (MS to candidate)
- Present timeline of actions, focus on actions to be achieved for next eHealth network meeting in Stockholm
- Update annexes to workplan
  - Subgroups workplans 2023
  - List of Member States representatives and alternates, COM and Co-chairs coordinates
  - List and links of collaboration pages
