

EUROPEAN COMMISSION

**EU- Latin America dialogue on Raw Materials (with Argentina,
Brazil, Chile, Colombia, Mexico, Peru, Uruguay)
Lima, Peru, 10-11 March 2014**

Hotel Atton San Isidro

Lima - Peru

AGENDA

10 March 2014. Day 1

08:30 Registration

09:00 Welcome and keynote speech by Eleodoro Mayorga Alba, Minister of Energy and Mines and Irene Horejs, Head of EU Delegation to Peru

Session Ia Governance, policy and trade

09:30 Session chaired by Mattia Pellegrini – Head of Unit, DG Enterprise and Industry, European Commission

Mining in the Republic of Argentina - Roberto Sarudiansky, Academic Advisor of Organismo Latinoamericano de Minería (OLAMI)

Brazilian policies in the mining sector - Frederico Bedran Oliveira, Head of Cabinet Department of Geology, Mining and Mineral Processing, Ministry of Energy and Mines

Policy for the mining sector in Chile - Rodrigo Urquiza, Head of the International Department of the Ministry of Mining

Colombian policy in the mining sector - Cesar Díaz, Vice-Minister of Mines

Policy for the mining sector in Mexico - Juan José Camacho López, Director General of Mining Development in the Ministry of Economy

Peruvian policy in the mining sector - Guillermo Shinno Huamani, Vice-Minister of Energy and Mines

11:00 Coffee break

Session I.b – Governance, policy and trade

- 11:30** Session chaired by Mattia Pellegrini – Head of Unit, DG Enterprise and Industry, European Commission
Mining sector policy in Uruguay – Raquel Piaggio, Environmental Directorate, Ministry of Industry, Energy and Mines
EU Raw Materials Initiative and European Innovation Partnership – Mattia Pellegrini, Head of Unit, DG Enterprise and Industry, European Commission
The EU Trade policy and raw materials - Caroline Boeshertz, Market Access, Industry, Energy and Raw Materials Unit, Directorate General Trade, European Commission
- 12:15** *Q&A Session and Conclusions*

Session II.a – Overview of mining potential and investment

- 12:45** Session chaired by Mattia Pellegrini – Head of Unit, DG Enterprise and Industry, European Commission
Argentina and its mining potential - Roberto Sarudiansky, Academic Advisor OLAMI
Mining potential of Brazil and investment opportunities in the mining sector - Manoel Barretto da Rocha Neto, Director President CPRM, Brazilian Geological Service, Ministry of Energy and Mines
Mining potential of Chile and investment opportunities in the mining sector - José Cabello, Economic Geologist, University of Chile, Mining Commission

13:30 Buffet Lunch

Session II.b – Overview of mining potential and investment

- 15:00** Session chaired by Mattia Pellegrini – Head of Unit, DG Enterprise and Industry, European Commission
Challenges of the mining policy in Colombia: a multidimensional vision - Carlos Fernando Forero Bonell, Director General of the Colombian Association of Aggregate Producers (ASOGRAVAS)
Mapping and geological potential of mining in Mexico - Raúl Cruz Ríos, Director General of the Geological Service
Mining potential in Peru, opportunities of investment in the mining sector - Susana Vilca Achata, President of the Institute of Geological Mining and Metallurgy
Uruguay's mineral potential and investment opportunities - Pier Rossi, Director, Department of Mining and Geology, Ministry of Industry, Energy and Mines
- 16:00** Q&A Session and Conclusions

16:30 Coffee break

Session III – Research, skills and innovation

17:00 Session Chaired by Helena Cavaco Viegas, Raw Materials Unit, Directorate General Enterprise and Industry, European Commission

Horizon 2020 – Mattia Pellegrini, Head of Unit, DG Enterprise and Industry, European Commission

ERA-MIN - Coordination of European research and innovation funding programmes in non-energy raw materials and international cooperation - Isabel Figueiredo, ERA-MIN (Portugal)

The key role of new skills, technologies & knowledge to foster resource efficiency in raw materials - Dámaris Fernández, iFoster Trinity College Dublin (Ireland)

CETEM, 35 years of development of mineral technology - Fernando Antonio Freitas Lins, Director, Centre of Mineral Technology (Cetem) Ministry of Science, Technology and Innovation

18:00 Q&A Session and Conclusions

19:00 – 21:00 Evening cocktail for participants

11 March 2014. Day 2

Session IV – Mining industry realities in the EU and Latin America territories

8:30 Session Chaired by Caroline Boeshertz, Market Access, Industry, Energy and Raw Materials Unit, DG Trade, European Commission

Importance of Latin America's contribution to the global supply of copper, lead, zinc and nickel and their by-product metals - Don Smale, Secretary-General International Copper Study Group International Lead and Zinc Study Group International Nickel Study Group

Current status of mining in Chile and future potential - Alberto Salas Muñoz, President, National Mining Society and President of OLAMI

The activities and role of Asomineros in Colombia - Gloria Patricia Gamba Saavedra, Executive Sub-Director of Asomineros

Importance of mineral criticality to an economy: case Finland - Olli Salmi, VTT Technical Research Centre of Finland

Exploration and exploitation of mineral resources in Portugal - Luís Martins, Vice President of ASSIMAGRA

Omya - worldwide and in Latin America - Ekhard Beuleke, Omya International

10:30 Q&A Session and Conclusions

11:00 Coffee break

Session V.a – Exchange of best practices & cooperation on technical, environmental security, health and social issues

11:30 Session Chaired by Mattia Pellegrini, Head of Unit, DG Enterprise and Industry, European Commission

Geological surveys' perspectives on the sustainable management of raw materials in Europe - Manuel Regueiro, EuroGeoSurveys (Spain)

Cochilco role under the Government structure - Cristian Cifuentes, COCHILCO

Best practices and technology advancement in underground mining methods - Santiago Arenas, Atlas Copco (Peru)

Training and communication in emergencies - Javier Madera García, I.N. Silicosis, Spain

12:30 Q&A Session

13:00 Buffet Lunch

Session V.b – Exchange of best practices & cooperation on technical, environmental security, health and social issues

14:30 Session Chaired by Mattia Pellegrini, Head of Unit, DG Enterprise and Industry, European Commission

Social-technical considerations in Transapell: experiences of CYTED - UNEP/PNUMA - Susana Rocío Del Pilar Gordillo Ruíz, CYTED

Proposals to move towards joint policies between the EU and the CELAC on extractive industries from the perspective of human rights, environmental sustainability and welfare growth - Eduardo Ballón, Citizen Proposal Group Peru, Latin American Network of Extractive Industries.

15:30 Q&A Session and Conclusions

16:00 *Coffee break*

16:30 **Discussion on future cooperation, conclusions and final remarks**

17:30 **End of the event**
