

ENTR/26/PP/EN/SAT/10/5003 EGNOS Programme Technical Management Support

Question 1:

In response to call ENTR/26/PP/EN/SAT/10/5003 "EGNOS Programme Technical Management Support" we would appreciate very much if you could clarify the following points with regard to the call for tenders:

- 1) The proposal must be submitted in triplicate. Does this mean that all the administrative documentation and evidence shall be provided in original version or is it allowed to submit one original plus 2 copies?
- 2) Is there any software for control of documentation as well as project coordination that will be provided by EC during the project execution (and therefore we should take into account during the proposal preparation), or should we propose our own tools?

Answer 1:

- 1) Please note that we need 1 original and 2 copies .
- 2) No specific tools will be provided by European Commission during the project execution.
