"The economic dimension of EU fisheries management"

Javier Garat
President of Europêche

europêche

Market Drivers

- Fuel prices
- EU Regulation
- Trade embargos
- Free Trade Agreements
- Fishing Opportunities
- SFPAs
- NGOs

How sector responds

- Changing landing ports
- Fishing in bad weather
- Changing engines
- Changing fishing methods
- Gear modifications

Solutions

- Data mismatch
- Fishermen as data collection points
- Long-term and secure fishing opportunities
- Sector plays role in management
- Investment in new technologies

Future challenges

- Competitiveness of the sector
- Retail sector
- Ecolabels

Shortfalls of current management measures

- MSY
- Discard ban
- Obsession with revision
- Technical Measures
- Marine Protected Areas

Prezi
