EUROPEAN COMMISSION
DIRECTORATE-GENERAL FOR MARITIME AFFAIRS AND FISHERIES

Brussels, 04/07/2017

COMMUNICATION TO APPLICANTS

Subject: Call for proposals No MARE/2016/22 - "Strengthening regional cooperation in the area of fisheries data collection"

Ref.: Call for proposals published on 4/05/2017: https://ec.europa.eu/fisheries/call-proposals-mare201622_en

Dear Sir/Madam,

Please find below questions received and the answers given by the Commission.

Question 1:

In section II "OPERATIONAL CAPACITY", among other issues, applicants must include:

"An inventory of staff (scientist, technicians, IT staff, etc..) and the curriculum vitae or description of the profile of the people primarily responsible for managing and implementing the project (accompanied where appropriate, like in the field of research and education, by a list of relevant publications)"

As far as I understand, applicants must present a complete CV or a short profile of key personnel participating in the proposal. I mean, just one or the other. Therefore, I guess a short profile will be enough. Or is it recommendable to present a complete CV as an annex as well?"

Answer 1:

As clearly indicated in point 8.2 "Operational capacity" of the Terms of Reference of the call, you have the choice between submitting an inventory of staff (scientist, technicians, IT staff, etc..) and the corresponding *curriculum vitae* **or** description of the profile of the people primarily responsible for managing and implementing the project (accompanied where appropriate, like in the field of research and education, by a list of relevant publications).

This information is made available on DG MARE internet site (http://ec.europa.eu/dgs/maritimeaffairs_fisheries/contracts_and_funding/calls_for_proposals/index_en.htm) so as to be accessible to all interested potential applicants.
