1. INTRODUCTION

These guidelines are based on Regulation No EU (2013) 1295 of the European Parliament and of the Council of 20/12/2013 concerning the implementation of a programme of support for the European cultural and creative sector (CREATIVE EUROPE).¹

The European Commission is responsible for the implementation of the Creative Europe Programme and for the decision to grant individual European Union funds. The Education, Audiovisual and Culture Executive Agency hereafter "the Agency" manages the Culture and MEDIA Sub-programme on behalf and under the control of the European Commission.

General background information about the Creative Europe programme can be found on the following link: <http://ec.europa.eu/creative-europe>.

2. OBJECTIVES - PRIORITIES

2.1 Objectives and priorities

Within the specific objective of promoting transnational circulation, one of the priorities of the MEDIA Sub-programme shall be the following:

- supporting theatrical distribution through transnational marketing, branding, distribution and exhibition of audiovisual works.

The MEDIA Sub-programme shall provide support for the following:

- establishing systems of support for the distribution of non-national European films through theatrical distribution and on all other platforms as well as for international sales activities, in particular the subtitling, dubbing and audio-description of audiovisual works.

2.2 Targeted Projects

The aim of the "Automatic Sales Agents" scheme is to encourage and support the wider transnational distribution of recent European films by providing funds to sales agents, based upon their performance on the market, for further reinvestment in new non-national European films.

The scheme also aims to encourage the development of links between the production and distribution sectors thus improving the competitive position of non-national European films and the competitiveness of European companies.

The "Sales Agents scheme" works in two phases :

1. The generation of a potential fund, which will be calculated according to the performance of the company on the European market during the reference period.
2. Reinvestment : the potential fund thus generated by each company must be reinvested in :

¹ published in the Official Journal of the European Union on the 20/12/2013 (OJ L347, pp 221).

- minimum guarantees or advances paid for the international sales rights on eligible European non-national films;
- the promotion, marketing and advertising on the market of eligible non-national European films.

3. TIMETABLE

3.1. Timetable for "Generation" Stage

	Stages	Date or indicative period
a)	Publication of the call	March 2013
b)	Deadline for submitting applications	18 June 2014 - 12:00 (noon, Brussels Time)
c)	Evaluation period	7 months from deadline
d)	Notification letter	Feb-Mar 2015

As the completion of the process requires the prior completion of the Automatic Generation for the period, an additional delay may occur if this process is held up.

3.2. Timetable for "Reinvestment" Stage

Reinvestment applications must be sent to the Agency by **1st March 2016**

They will be treated on a "first come – first served" basis. The potential fund which is not reinvested by the deadline will be lost.

- **Earliest start date of the action:**

The international sales contract/agreement with the producer can be signed at the earliest on **18 June 2014** (generation deadline).

- **Deadline for presentation of the reinvestment action:**

The reinvestment applications must be submitted to the Agency within 6 months of the signature of the international sales contract/agreement with the producer and no later than **1st March 2016**

The potential fund which is not reinvested by the beneficiary by this deadline will be lost.

- **Information to applicants and signature of the Grant Agreement / Decision:**

The intention is to inform applicants of the outcome of the selection procedure no later than 16 weeks after the relevant submission date. However for submissions sent prior to the completion of the generation, an additional delay may occur.

Reinvestment actions agreed by the Agency will be the subject of an Grant Agreement / Decision between the beneficiary and the Agency setting out the terms and conditions of the financial contribution granted.

- **Period of eligibility of costs:**

The period of eligibility of costs starts on the date of the signature of the international sales contract and ends 18 months after this date.

Only those costs incurred by the beneficiary during the period of eligibility of costs will be eligible.

However, if after the signing of the agreement and the start of the action it becomes impossible for the beneficiary, for fully justified reasons beyond his control, to complete the action within the scheduled period, an extension to the eligibility period may be granted. A maximum extension of 6 additional months may be granted if requested before the deadline specified in the agreement.

4. BUDGET AVAILABLE

The total budget available for the co-financing of projects is estimated at EUR 2,75 M for 2014.

The amount of the financial contribution to be awarded will be determined within the limits of the available budgetary resources and with regards to the cost and nature of each proposed action.

The Financial contribution of the EU cannot exceed 60% of the total eligible costs of the action.

The beneficiary must guarantee the remaining financing.

“Generation”: The total annual amount of potential funding available to each sales agent shall be determined on the basis of the recent European films sold by the sales agent in the reference period (2009-2013).

In the case of “Reinvestment”, the amount of the financial contribution awarded to each company is determined with respect to the cost and nature of each proposed reinvestment action and the availability of the fund. Support will be in the form of a subsidy.

The Agency reserves the right not to distribute all the funds available.

5. ELIGIBILITY CRITERIA

Only applications which comply with the following criteria will be the subject of an in depth evaluation.

5.1 Formal criteria

In order to submit an electronic application, applicants must provide their Participant Identification Code (PIC) in the application form. The PIC can be obtained by registering the organisation in the Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal.²

The Participant Portal allows applicants, to upload or update the information related to their legal status and attach the requested legal and financial documents.

See the section on Registration in the Participant Portal for more information.

² The organisation has to register in the Unique Registration Facility (URF) hosted in the Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal. The Unique Registration Facility is a tool shared by other services of the European Commission. If the organisation already has a PIC that has been used for other programmes (for example the Research programmes), the same PIC is valid for the present call for proposals.

Only proposals submitted in one of the EU official languages, preferably in English or French, using the official application form, completed in full, signed (original signatures or equivalent required) and received by the specified deadline, will be considered.

The application form must be accompanied by all the documents referred to in the application form.

They must have the professional competencies and qualifications required to complete the proposed action (operational capacity).

Applicants must submit a declaration on their honour, completed and signed, attesting to their status as a legal person and to their financial and operational capacity to complete the proposed activities.

7.1. Operational Capacity

7.2. Financial Capacity

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period during which the action is being carried out or the year for which the grant is awarded and to participate in its funding. The applicants' financial capacity will be assessed on the basis of the following supporting documents to be submitted with the application:

- a) Low value grants (\leq EUR 60 000):
 - a declaration on their honour.
- b) Grants $>$ EUR 60 000:
 - a declaration on their honour

- request further information;
- propose a grant agreement or decision without pre-financing;
- propose a grant agreement or decision without pre-financing but an interim payment based on expenses already occurred;
- propose a grant agreement or decision with a pre-financing covered by a bank guarantee (see section 9.2 below);
- reject the application.

The required documents and forms should be provided at least once per year.

8. AWARD CRITERIA

8.1 Generation Stage

A potential fund will be attributed to eligible European sales agents on the basis of their performance on the European markets (i.e. countries participating in the MEDIA Sub-programme) in the reference period (2009-2013).

The support will take the form of a potential fund available to sales agents for further investments in recent non-national European films.

Within the limit of the budgetary resources available, the potential fund available for each Sales Agent will be calculated on the following basis:

Step 1. The applicant sales agent shall provide evidence of its activity as a sales agent for European cinematographic films. To this end, the sales agent shall prove that:

- it was, between 01/01/2009 and 31/12/2013, the appointed sales agent of **at least 8 eligible European films (of which at least 1 non-national film)**, for which the agreement with the producer provided the right to sell the film in at least 10 countries participating to the MEDIA Sub-programme; the mandate must be signed and take effect within the reference period,
- **and** that, **during the same period**, for **at least 3 of these films in at least 3 countries** participating in the MEDIA Sub-programme, outside the country of origin of the films there was a theatrical release as evidenced by distributor declarations to the Automatic scheme of the MEDIA Sub-programme.

In exceptional circumstances where the national theatrical release has not been reported to the Automatic scheme, the declaration of the applicant sales agent may be accepted in the event that it is accompanied by independent proof which can reasonably be verified by the Agency.

If this first step is successfully completed, the sales agent shall be entitled to a potential support of **EUR 20.000,00**.

Step 2. If (and only if) the applicant sales agent has completed successfully the conditions set out for the first step, an additional potential fund will be calculated on the basis of **the total potential fund generated under the latest call of the Cinema Automatic scheme for theatrical distribution** by the non-national films:

- 20 % for films from countries with a high production capacity (DE, ES, FR, IT, UK);
- 30 % for films coming from other countries with a low production capacity;

The amounts indicated above are provisional and may be subject to modification depending upon the budgetary resources available.

Shall the sum of generated funds exceed 3M€ under each call, each potential fund will be reduced proportionally.

Following the calculation of the potential fund generated, the Agency will inform each beneficiary of the amount of potential Fund available for reinvestment.

The generation stage is a method to calculate a maximum potential fund to be reinvested in new projects depending upon the budget available. The notification to the sales agent of the potential Fund generated does not constitute a claim on the European Commission/Agency.

All other information supplied shall be treated as confidential.

8.2 Reinvestment Stage

The fund generated may only be used through reinvestment projects.

The potential Fund can be reinvested in:

- Module 1: Minimum Sales Guarantees for eligible European **non-national** films
- Module 2: Promotion and marketing costs for eligible European **non-national** films

The potential Fund can be reinvested in one or several films. Reinvestments in Module 1 (MG) and in Module 2 (promotion costs) for the same film are allowed.

Please note that these reinvestment projects will only be processed by the Agency after the letter informing the beneficiary of the amount of the potential fund has been sent. Reinvestment projects will be treated on the basis and within the limits of the fund generated by the sales agent as calculated and notified by the Agency. Reinvestment projects must be approved by the Agency.

Reinvestment of the potential fund into completed actions is impossible.

Combining funds generated by different reference years and under different calls into a single reinvestment project is not permitted, which means that the last request for a financial contribution to a reinvestment project will be limited to the balance of the current fund.

Reinvestment projects approved by the Agency will be the subject of an agreement between the beneficiary and the Agency setting out the terms and conditions of the financial contribution granted.

Amount of the financial contribution to a reinvestment project

The amount of the fund that may be requested for a given reinvestment project may not exceed a certain percentage of the total cost of the proposed reinvestment project, defined in the following table:

Maximum percentage of the reinvestment project's costs to be covered by the fund	
Module 1 (MG) : Licence agreement signed before completion of the principal photography of the film	60 %
Module 1 (MG) : Licence agreement signed after completion of the principal photography of the film	50 %
Module 2 (P&A)	50 %

9. FINANCIAL CONDITIONS

An EU grant is an incentive to carry out activities that would not be possible without the support of the Union. It is based on the principle of co-financing. The EU grant supplements the applicant organisation's own financial involvement and/or any national, regional or private support it may have obtained.

Acceptance of an application by the Agency does not constitute an undertaking to award a grant equal to the amount requested by the beneficiary. Furthermore, under no circumstances may the amount awarded exceed the amount requested.

The awarding of a grant does not establish an entitlement for subsequent years.

The award of a potential fund does not constitute an undertaking to support the reinvestment projects.

Any support from the MEDIA Sub-programme shall remain the exclusive property of the beneficiary. Union Law and the general conditions of any eventual contract offered to a beneficiary clearly lay down the fact that the Union Contribution (grant) "shall be used by the Beneficiary solely, exclusively and directly in discharging eligible expenses incurred".

9.1 Contractual provisions and payment procedures

In the event of definitive approval by the Agency, a Grant Agreement/Decision, drawn up in euro and detailing the conditions and the level of funding will be sent to the beneficiary.

- In case of beneficiaries established outside the European Union: the 2 copies of the original agreement must be signed by the beneficiary and returned to the Agency immediately. The Agency will sign them last.
- In case of beneficiaries established within the European Union Member States: the Grant Decision must not be returned to the Agency. The general conditions applicable to the decision (General Conditions II.a) are available in the 'Documents register' of the Agency website https://eacea.ec.europa.eu/about-eacea/document-register_en#calls

As regards grant decisions, beneficiaries understand that:

Submission of a grant application implies acceptance of these General Conditions. These General Conditions bind the beneficiary to whom the grant is awarded and shall constitute an annex to the Grant Decision.

A pre-financing payment of 60% will be transferred to the beneficiary within 30 days:

- of notification of the grant decisions,
 - of the date when the last of the two parties signs the agreement (for grant agreements)
- and all the possible guarantees are received.

Pre-financing is intended to provide the beneficiary with a float.

The account or sub-account indicated by the beneficiary must make it possible to identify the funds transferred by the Agency.

The Agency will establish the amount of the final payment to be made to the beneficiary on the basis of the final reports.

9.2 Guarantee

In the event that the applicant's financial capacity is not satisfactory, a pre-financing guarantee for up to the same amount as the pre-financing may be requested in order to limit the financial risks linked to the pre-financing payment.

The financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member State of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution established in that third country may provide the guarantee if he considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State. Amounts blocked in bank accounts shall not be accepted as financial guarantees.

The guarantee may be replaced by a joint and several guarantees by a third party or by a joint guarantee of the beneficiaries of an action who are parties to the same grant agreement

The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of balances to the beneficiary, in accordance with the conditions laid down in the grant agreement.

9.3 Double financing

Subsidised actions may not benefit from any other Union or Eurimages funding for the same activity. (Eurimages. i.e. European cinema support from the Council of Europe).

To ensure this, they must give details in their application form of any other grant requests other than those submitted to the MEDIA Sub-programme which they have submitted or intend to submit to the European Institutions or to Eurimages during the same budgetary year, stating in each case the budget heading, the European Union programme and the amount requested.

9.4 Funding method

9.4.1 Lump sum grant: Not applicable

9.4.2 Budget-based financing

✓ General provisions

Budget-based grants are calculated on the basis of a detailed estimated budget. The budget attached to the application form must be complete and in balance, i.e. total estimated expenditure must equal total revenue, including the requested MEDIA grant. The budget must indicate clearly the costs that are eligible for European Union funding. The European Union grant is limited to a maximum co-financing rate of 60% of eligible costs.

The budget must be drawn up in Euro. Applicants not based in the euro zone must use the exchange rate published in the Official Journal of the European Union and applicable on the month of the reinvestment application. This exchange rate is available from the Creative Europe Desks and from the web site of the European Commission at <http://ec.europa.eu/budget/inforeuro/>).

Part of the total estimated eligible expenses must be financed from sources other than the Union grant. Applicants must indicate the sources and amounts of any other funding received or applied for in the same financial year for the implementation of the project concerned.

The allocated amount may not exceed the amount requested.

EU grants may not have the purpose or effect of producing a profit within the framework of the action of the beneficiary. **Profit shall be defined as a surplus of receipts over the eligible costs incurred by the beneficiary, when the request is made for payment of the balance.** In this respect, where a profit is made, the Agency shall be entitled to recover a percentage of the profit corresponding to the Union contribution to the eligible costs actually incurred by the beneficiary to carry out the action.

✓ Eligible costs

Eligible costs of the action are costs actually incurred by the beneficiary, which meet the following criteria:

- they are incurred during the duration of the action as specified in the Grant Agreement/Decision, with the exception of costs relating to final reports and certificates on the action/action's financial statements and underlying accounts;
The period of eligibility of costs starts on the date of the signature of the international sales contract and ends 18 months after this date. Only those costs incurred by the beneficiary during the period of eligibility of costs will be eligible
- they are connected with the subject of the Agreement/Decision and they are indicated in the estimated overall budget of the action;
- they are necessary for the implementation of the action which is the subject of the grant;
- they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the country where the beneficiary is established and according to the usual cost-accounting practices of the beneficiary;
- they comply with the requirements of applicable tax and social legislation;
- they are reasonable, justified, and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

The beneficiary's internal accounting and auditing procedures must permit direct reconciliation of the costs and revenue declared in respect of the action with the corresponding accounting statements and supporting documents.

The eligible direct costs for the action are those costs which, with due regard for the conditions of eligibility set out above, are identifiable as specific costs directly linked to the performance of the action or the work programme and which can therefore be booked to it directly. In particular, the following direct costs are eligible, provided that they satisfy the criteria set out in the previous paragraph:

Eligible costs for reinvestment in Module 1 (MG)

Only the costs of the Minimum Guarantee or Advance set out in the international sales contract/ agreement signed between the sales agent and the producer of the film will be eligible.

A contract/agreement signed between a sales agent and a producer will be considered as an international sales contract/agreement only if it provides for the right of the sales agent to sell the film in at least 10 countries participating to the MEDIA Sub-programme.

Eligible costs for reinvestment in Module 2 (P&ACosts)

Heading 1: Advertising and promotion costs

1.1 Publicity Material : Production of trailers/teaser; making of showreels/promoreels design, layout and printing of the posters; artwork, production of advertising spots for radio,TV and internet, flyers, postcards, design and layout of press advertising, etc.

1.2 Publicity Space: purchase of advertising spaces (posters in markets / festivals, professional press)

1.3 Promotion material: press files, organisation of market / festival screenings, organisation of press screenings, organisation of test-screenings or recruited audience screenings, production of an EPK (electronic press kit), DVD or Digital Beta for promotional purposes, travel and accommodation of the director / cast of the film for the promotion of the film, design and construction of a web site / homepage for the promotion of the film, etc.

Heading 2: Optical and digital costs

2.1 Optical Costs: This sub-heading includes the costs related to the optical manufacturing and circulation of the prints for the exploitation of the film in the cinemas: striking of an internegative and prints of the film, dubbing and subtitling the prints of the film, insurance, transport and taxes, prints maintenance.

2.2 Digital Costs: This sub-heading includes all digital costs related to the production of DCPs, including delivery for the exploitation of the film in the cinemas, insurance and taxes.

2.3 Dubbing and subtitling (including translation): All costs related to the dubbing and the subtitling of the film, including the translation costs.

Heading 3: Other Costs

3.1 Audit Fees: In the framework of the execution of an eventual financial support agreement, the Agency requires the beneficiary to produce a statement of the final costs. This document must be certified by an approved auditor external to the company on the basis of justifying documents and the accountancy records of the beneficiary. Therefore the costs of this certification are the only costs eligible beyond the eligibility period.

3.2 All other Costs: A space is provided in the form for the disclosure of other costs, directly linked to the actions which are not expressly provided for in the form. These “other costs” must not fall under costs listed under Chapter 9.6 ‘ineligible costs’ and have to be clearly identified and detailed in the application form and/or in the financial report for them to be eligible. Moreover, those costs associated with the normal running of the company are not eligible under this heading.

Non deductible VAT is eligible unless it is related to activities of the public authorities in the Member States.

Eligible Indirect costs (administrative costs)

A flat-rate amount, not exceeding 7% of the eligible direct distribution costs of the action is eligible under indirect costs, representing the beneficiary’s general administrative costs which can be regarded as chargeable to the action (i.e. rent of company offices, insurance, maintenance costs, telecommunications, postal charges, heating, lighting, water, electricity, office supplies, rental of stands on markets and festivals).

Indirect costs may not include costs entered under another budget heading.

Applicants’s attention is drawn to the fact that in the case of organisations receiving an operating grant, indirect costs are no longer eligible under specific actions.

✓ Ineligible costs

The following costs shall not be considered eligible:

- return on capital,
