Description : Fest 2001 is a multi-discipline arts festival based upon student theatre, and is envisaged as an academic confrontation based upon the application of multi-media information

technology with theatre. They propose a week of creative exchange coordinated through an integral IT support structure, there will be 4 stage performances, a theatre workshop, 4 working seminars and a photographic laboratory. All productions will be based on the theme of 'romanticism' and will be documented on CD-ROM.

Objectives : Stimulate young people towards the creative use of new technology as a means of artistic and cultural expression and create a symbiotic relationship between IT and the performing arts resulting in a practical and didactic tool.

Dates : 1/01/2001 - 30/11/2001

Community grant : 125.000 €
