ENTR	4ème trimestre 2009	Traité instituant la Communauté européenne: 95	codécision (COD)	X X	Directive 97/68/EC specifies limit stages for emission of gaseous and particulate pollutants from internal combustion engines for non-road mobile machinery. Exhaust limit stage IIIB enters in force as of 31-12-2010. Complying engines are technically advanced with sophisticated after treatment systems requiring high R&D costs. The current flexibility scheme allows engines of the previous stage to be placed on the market during the next consecutive stage, at maximum 20% of annual sales of previous year or using a fixed number of engines. This proposal, enlarges flexibility from 20% to 50% and relevant fixed engine numbers alleviating compliance costs for stage IIIB and protecting environment and human health using a strict timetable.
