Casual games

Definition (PEGI): a small game that has a total file size of less than 250Mb and is only available online.

New system has recently been put in place that allows rating these games under PEGI for free, or against a very much reduced fee.

Moving PEGI Online forward:

- Casual games system
 - Fine tuning with (potential) users
- Promotion at events (GCO, Gamescom, Freegaming, HME)
- Descriptor PEGI classic from:  to: 
- Promotional website (www.joinpegionline.eu)
- Checking sites PEGI classic members proactively
