11:45:10	European Territorial Cooperation – Roma employment: - A large part of the population in the counties of the Bihor-Hajdu-Bihar Euroregion, bordering eastern Hungary and western Romania, is Roma (non-official sources estimate 30%). Most of them are jobless adults who are willing to work, but face severe difficulties finding jobs. The purpose of the cross-border European Territorial Cooperation project is to promote labour market integration of the Roma people. The key objectives are to identify the main factors influencing employment opportunities for Roma and to set up an institutional framework – counselling centres, job fairs, etc. – aimed at improving professional prospects for Roma in the regions.
