AIDS Impact Conference 2015, Amsterdam

Building a Community and Civil Society Response to Tuberculosis in Europe
Needs addressed by the TBEC project

TBEC identified a need to capacitate and bring stronger civil society in order to address two major concerns:

- The spread of resistant forms of TB, and the concentration of approximately a quarter of the global burden in the region

- A low awareness among general population and policy-makers about the problem
TBEC’s central approach and methodology

- Social media
- Website
- General Assembly

Provide access to information and resources for CSOs

Mapping CSOs across the WHO European region

Engaging with decision-makers

Conduct outreach to CSOs across the region

- EU level advocacy
- Policy consultation meetings
- Regional TB conferences
- Expert/Advocacy tours

- Quantitative mapping
- Qualitative mapping

- Country visits
- Advocacy workshops
Main results to date and by the end of the project
