

ECI country form that you can use depending on your citizenship and residence

- this table has been elaborated on the basis of the signatory requirements set out by the Member States in Regulation (EU) No 211/ 2011 on the citizens' initiative

Legend:

CC = Country Code

CC	You can use the form of the country corresponding to the Country Code indicated (either the one of your country of nationality or the one of your country of residence)
CC/CC	You can choose between the forms of the countries corresponding to the Country Codes indicated (your country of nationality and your country of residence) - In any case, you can give your support ONLY ONCE for a given European citizens' initiative
x	Due to the requirements asked by your country of nationality and your country of residence, you cannot give your support to a European citizens' initiative. In addition, non-EU citizens cannot support a European citizens' initiative.
CC	The use of the corresponding form is subject to the holding of a personal identification (document) number issued by the country concerned (see the (document) number(s) accepted by each country concerned below the table)
*	Only if your national authorities are informed of your place of residence
**	Non-Maltese EU citizens residing in Malta can use a Maltese form by indicating their registration number available on their Residence Card (which has the same format as the Identity card number issued to Maltese citizens).
