

FRIENDS OF EUROPE ASBL

Name of the organisation: *Friends of Europe asbl*

Type : **think tank**

Membership : **Advisory Board member of “Europe’s World”**

Brief description of the activities:

Friends of Europe is a prominent Brussels-based think-tank for EU policy analysis and debate. We are non-profit, completely independent and have no national or political bias. Our goal since 1999 has been to foster open debate on the future of Europe. Our purpose is to provide an open forum for debate for EU and national policymakers, NGOs, business leaders, media and civil society. Our different discussion formats have in common an informal and lively style, and they attract leading EU and international personalities. They offer ample opportunity for networking and discussion, and stimulate media interest in sometimes obscure EU issues.
