**TABLE 3.15 MEANING OF EUROPEAN UNION**  
(% "MENTIONED", CHANGES BY COUNTRY)

**Question:** Taking everything into consideration, what will the European Union have brought in ten years' time for the European citizens? (SHOW CARD – READ OUT – SEVERAL ANSWERS POSSIBLE)

1. A better quality of life for most people (**Better quality of life**)
2. More opportunities for people like me to find work (**More opportunities to work**)
3. More equality between men and women (**More equality between genders**)
4. Less discrimination against foreigners and people from other cultures or ethnic groups (**Less discrimination against foreigners**)
5. More difficulty in making decisions because more countries will have joined (**Deteriorated decision-making**)
6. A higher level of unemployment (**Higher unemployment**)
7. The use of Euro as the single currency in the European Union (**Use of Euro as single currency**)
8. It will be easier to travel, study, work and live anywhere in the European Union (**Easier travel, work, studying, living within Europe**)
9. More social problems (redundancies, strikes, disputes (**More social problems**))
10. There won't be a European Union anymore (spontaneous) (**No EU anymore**)
11. Other (spontaneous)

**TABLE 3.18A FEARS RELATED TO THE EUROPEAN UNION**  
(% BY COUNTRY)

**Question:** Some people may have fears about the building of Europe, the European Union. Here is a list of things which some people say they are afraid of. For each one, please tell me if you – personally – are currently afraid of it, or not?

1. A loss of power for smaller member states (**Loss of power**)
2. An increase in drug trafficking and international organized crime (**Increase in org. crime**)
3. Our language being used less and less (**Abandoning language**)
4. Richer countries paying more than others (**Richer countries pay**)
5. Joining the EU will cost (COUNTRY) too much money (**Accession expensive**)
6. The loss of social benefits (**Loss of social benefits**)
7. The loss of national identity and culture (**Loss of identity, culture**)
8. The end of [NATIONAL CURRENCY] (**End of natl. currency**)
9. The transfer of jobs to countries which have lower production costs (**Transferred jobs**)
10. More difficulties for [NATIONALITY] farmers (**Problems for farmers**)

**TABLE 3.21A PRIORITY OF ISSUES (% BY COUNTRY)**

**Question:** Now, I am going to read out a list of actions that the European Union could undertake. For each one, please tell me if, in your opinion, it should be a priority, or not (READ OUT)

1. Successful enlargement of the European Union to include new member countries (M) **(Successful enlargement)**
2. Getting closer to European citizens, for example by giving them more information about the European Union, its policies and its institutions **(Getting closer to citizens)**
3. Successfully implementing the single European currency, the euro (M) **(Implementing the Euro)**
4. Fighting poverty and social exclusion **(Fighting poverty)**
5. Protecting the environment
6. Guaranteeing the quality of food products (N) **(Guaranteed food quality)**
7. Protecting consumers and guaranteeing the quality of other products (M) **(Consumers' protection)**
8. Fighting unemployment
9. Reforming the institutions of the European Union and the way they work **(Institutional reform)**
10. Fighting organised crime and drug trafficking **(Organized crime)**
11. Asserting the political and diplomatic importance of the European Union around the world **(Importance of EU)**
12. Maintaining peace and security in Europe **(Peace and security)**
13. Guaranteeing the rights of the individual and respect for the principles of democracy in Europe **(Guaranteeing rights in Europe)**
14. Fighting terrorism
15. Fighting illegal immigration

**TABLE 4.7A MEASURES RELATED TO COMMON FOREIGN AND SECURITY POLICY**  
(% BY COUNTRY)

**Question:** The European Union already has a Common Security and Foreign Policy and a European Security and Defence Policy. There is now a debate about how much further these should be developed. Do you tend to agree or tend to disagree with each of the following statements? (READ OUT - ROTATE)

1. The European Union should have a rapid military reaction force that can be sent quickly to trouble spots when an international crisis occurs (**European army**)
2. When an international crisis occurs, European Union member states should agree a common position (**Common opinion**)
3. The European Union should have its own Foreign Minister, who can be the spokesperson for a common European Union position (**Common foreign minister**)
4. The European Union should have its own seat on the United Nations Security Council (**Own seat on UN Security Council**)
5. Member states which have opted for neutrality should have a say in European Union foreign policy (**Neutrals should have a say**)
6. Countries which will join the European Union in 2004 as a result of enlargement should already have a say in European Union foreign policy (**New members should have a say**)
7. European Union foreign policy should be independent of United States foreign policy (**Independent foreign policy**)
8. The European Union should guarantee Human Rights in each member state, even if this is contrary to the wishes of some member states (**Guaranteed human rights**)
9. The European Union should work to guarantee Human Rights around the world, even if this is contrary to the wishes of some other countries (**Guaranteed human abroad**)
10. The European Union should have a common immigration policy towards people from outside the European Union (**Common immigration policy**)
11. The European Union should have a common asylum policy towards asylum seekers (**Common asylum policy**)

**TABLE 5.2A ATTITUDES TOWARDS ENLARGEMENT**  
(% BY COUNTRY)

**Question:** Thinking about the enlargement of the European Union to include new European countries, including (COUNTRY), do you tend to agree or tend to disagree with each of the following statements? (READ OUT)

1. (COUNTRY) has a lot to offer to the EU (**Country has a lot of offer**)
2. The more countries there will be in the European Union, the more peace and security will be guaranteed in Europe (**More members – more security**)
3. Being a member of the European Union would help the (NATIONALITY) economy (**Membership helps economy**)
4. With the enlargement, (COUNTRY) would be able to have its voice heard more strongly in Europe (**Increased presence in Europe**)
5. (COUNTRY)'s leaders are doing what is needed to become a member of the European Union in the near future (**Country leaders do what is needed**)
6. The more member countries within the European Union, the more important it will be in the world (**More members - increased global importance**)
7. (COUNTRY)'s membership of the European Union is historically and geographically natural, justified (**Membership is justified**)
8. With more member countries, Europe will be culturally richer (**More members - culturally richer Europe**)
9. (COUNTRY)'s membership of the EU would lead to a higher quality of life (**Membership - higher quality of life**)
10. With the enlargement, there would be more unemployment in (COUNTRY) (**Membership increases unemployment**)

**TABLE 6.5A THE WAY THE EUROPEAN UNION WORKS**  
(% BY COUNTRY)

**Question:** Do you tend to agree or tend to disagree with each of the following statements? (READ OUT)

1. Decisions taken by the European Union have an impact on my daily life (**EU decisions impact daily life**)
2. Decisions taken by the European Union are generally sound (**EU decisions are sound**)
3. All in all, I understand how the European Union works (**clear how EU works**)
4. (OUR COUNTRY)'s influence is important within the European Union (**important COUNTRY's influence**)
5. The European Union listens to the opinions of people like me (**EU listen to peoples opinion**)
6. Big countries have the most power in the European Union (**big countries have most power**)
7. Small countries can protect their interests effectively in the European Union (**effective protection of interests**)
8. The way that the European Union works is too complex (**EU works in too complex way**)
9. More responsibilities should be transferred from the member states to the European Union (**more responsibilities**)
10. The European Union will work well after enlargement (**EU work well after enlargement**)
11. After enlargement, there will be more bureaucracy in the European Union (**more bureaucracy**)
12. There should be closer co-operation between member states in economic matters (**closer economical co-operation**)
13. There should be closer co-operation between member states in social matters (**closer social co-operation**)

**TABLE 7.3A THE COMMISSION AND COMMISSIONERS**  
(% BY COUNTRY)

**Question:** At the moment, the European Commission is composed of 20 independent Commissioners, including at least one from each member state. Following the enlargement of the European Union, the number of Commissioners may have to increase. Do you tend to agree or tend to disagree with each of the following statements? (READ OUT)

1. After enlargement, there should continue to be at least one Commissioner from each member state **(one Commissioner for each)**
2. If there were to be a Commissioner from each member state, the European Union will become inefficient **(inefficient)**
3. Every member state should have the right to appoint a Commissioner **(member states appoint)**
4. Small member states should have the right to appoint the same number of Commissioners as big member states **(small members)**
5. (OUR COUNTRY)'s interests would suffer if there were no (NATIONALITY) Commissioner **(interests suffer)**

## C.3 Sample Specifications

Between the 11<sup>th</sup> of October and the 9<sup>th</sup> of November 2003, The Gallup Organization Hungary carried out wave 2003.4 of the Candidate Countries Eurobarometer, at the request of the European Commission, Directorate-Generals Press and Communication.

The Candidate Countries Eurobarometer 2003.4 covers citizens of each of the countries that are applying for European Union membership aged 15 and over, with the exception of Estonia, Latvia and Cyprus. In Estonia and Latvia, the survey covered permanent residents aged 15 and over. In Cyprus, the sample covered the territory of the Republic of Cyprus only. The basic sample design applied in all Candidate Countries is a multi-stage, random (probability) one. In each country, a number of sampling points were drawn with probability proportional to population size (for a total coverage of the country) and to population density.

For doing so, the points were drawn systematically from each of the "administrative regional units", after stratification by individual unit and type of area. They thus represent the whole territory of the Candidate Countries Region according to the EUROSTAT NUTS 2 (or equivalent; if there are no such regions, we used NUTS 3 or equivalent regions for sampling) and according to the distribution of the resident population of the respective nationalities in terms of metropolitan, urban and rural areas. In each of the selected sampling points, a starting address was drawn, at random. Further addresses were selected as every Nth address by standard random route procedures, from the initial address. In each household, the respondent was drawn, at random. All interviews were face-to-face in people's home and in the appropriate national language. In countries with significant minorities the respondents had a chance to respond in their mother tongue (in Estonia, Latvia and Lithuania in Russian, and in Romania in Hungarian).

Countries	Institutes	Number of Interviews	Field Work Dates	Population (x 000)
Bulgaria	VITOSHA RESEARCH	1000	14-Oct - 29-Oct	7,891
(Republic of) Cyprus	CYMAR MARKET RESEARCH	500	11-Oct - 27-Oct	689
Czech Republic	THE GALLUP ORGANIZATION, CZECH REPUBLIC / CVVM	1000	11-Oct - 31-Oct	10,226
Estonia	SAAR POLL	1014	14-Oct - 28-Oct	1,360
Hungary	THE GALLUP ORGANIZATION, HUNGARY	1017	14-Oct - 5-Nov	10,195
Latvia	LATVIAN FACTS LTD.	1001	16-Oct - 31-Oct	2,345
Lithuania	BALTIC SURVEYS	1015	15-Oct - 30-Oct	3,475
Malta	MISCO	500	13-Oct - 30-Oct	386
Poland	THE GALLUP ORGANIZATION, POLAND	1000	11-Oct - 30-Oct	38,632
Romania	THE GALLUP ORGANIZATION, ROMANIA	1040	11-Oct - 29-Oct	22,435
Slovakia	FOCUS CENTER FOR SOCIAL AND MARKET ANALYSIS	1078	14-Oct - 27-Oct	5,331
Slovenia	CATI D.O.O.	1000	10-Oct - 10-Nov	1,980
Turkey	KONSENSUS RESEARCH & CONSULTANCY	1000	17-Oct - 27-Oct	67,803
Total number of interviews		12165		172,748

For each country a comparison between the sample and the universe was carried out. The Universe description was derived from population data from national statistics. For all Candidate Countries a weighting procedure, using marginal and intercellular weighting, was carried out, based on this Universe description. As such in all countries, gender, age, region NUTS 2, settlement size, household size, and education level were introduced in the iteration procedure. For international weighting (i.e. CC-13 averages), Gallup applies the official population figures as provided by national statistics. The total population figures for input in this post-weighting procedure are listed above.

The results of the Candidate Countries Eurobarometer studies are reported in the form of tables, datafiles and analyses. Per question a table of results is given with the full question text in English. The results are expressed as a percentage of the total. The results of the Eurobarometer surveys are analysed and made available through the Directorate-General Press and Communication, Opinion Polls of the European Commission, Office: Brey 7/41, B-1049 Brussels. The results are published on the Internet server of the European Commission: [http://europa.eu.int/comm/public\\_opinion/](http://europa.eu.int/comm/public_opinion/). All Eurobarometer datafiles are stored at the "Zentral Archiv" (Universität Köln, Bachemer Strasse, 40, D-50869 Köln-Lindenthal), available through the CESSDA Database <http://www.nsd.uib.no/cessda/europe.html>. They are at the disposal of all institutes members of the European Consortium for Political Research (Essex), of the Inter-University Consortium for Political and Social Research (Michigan) and of all those interested in social science research.

Readers are reminded that survey results are estimations, the accuracy of which, everything being equal, rests upon the sample size and upon the observed percentage. With samples of about 1,000 interviews, the real percentages vary within the following confidence limits (in case of a sample of 1000 people – confidence intervals for N=500 sample are larger):

Observed percentages	10% or 90%	20% or 80%	30% or 70%	40% or 60%	50%
Confidence intervals	± 1.9%	± 2.5%	± 2.7%	± 3.0%	± 3.2%

## C.4 Definition and weighted distribution of the socio-demographic and other variables used in cross-tabulations

### C.4.1 Gender

The sample consists of the following breakdown by gender:

(1) Men	49 %
(2) Women	51 %

### C.4.2 Age bands

On the basis of their age, respondents are grouped into the following four age bands:

(1) Aged 15 -24	22 %
(2) Aged 25 -39	28 %
(3) Aged 40 -54	25 %
(4) Aged 55+	25 %

### C.4.3 Terminal education age

Terminal education age represents recoded categories of answers to the following question :

*"How old were you when you stopped full-time education?"*

Respondents are grouped into the following 4 categories :

(1) respondents who left school at age fifteen or younger	39 %
(2) respondents who left school at ages 16 to 19	35 %
(3) respondents who stayed in school until they were aged 20 or older	16 %
(4) respondents who are still studying	10 %

### C.4.4 Main economic activity scale

The main economic activity scale represents recoded answers to the following question:

*"What is your current occupation?"*

The original question shows the following distribution:

#### Self – employed

(1) Farmer	5 %
(2) Fisherman	0 %
(3) Professional (lawyer, medical practitioner, accountant, etc.)	1 %
(4) Owner of a shop, craftsman, self -employed person	5 %
(5) Business proprietor, owner (full or partner) of a company	1 %

#### Employed

(6) Employed professional (employed doctor, lawyer, practitioner, accountant, architect)	2 %
(7) General management, director or top management (managing director, director general, other director)	0 %
(8) Middle management, other management (department head, junior manager, teacher, technician)	4 %
(9) Employed position, working mainly at a desk	4 %
(10) Employed position, not at a desk but traveling (salesman, driver, etc.)	2 %
(11) Employed position, not at a desk, but in a service job (hospital, restaurant, police, fireman, etc.)	3 %
(12) Supervisor	0 %
(13) Skilled manual worker	9 %
(14) Other (unskilled) manual worker, servant	4 %

#### Non-active

(15) Responsible for ordinary shopping and looking after the home, or without any current occupation, not working	16 %
(16) Student	11 %
(17) Unemployed or temporarily not working	9 %
(18) Retired or unable to work through illness	24 %

The recoded categories and their distribution for the main economic activity scale are as follows:

- |  |      |
|--|------|
| (1) <b>Self employed</b> = Farmer + Fisherman + Professional (lawyer, medical practitioner, accountant, architect, etc.) + Owner of a shop, craftsman, other self employed person + Business proprietor, owner (full or partner) of a company  | 12 % |
| (2) <b>Managers</b> = Employed professional (employed doctor, lawyer, accountant, architect, etc.) + General management, director or top management (managing director, director general, other director) + Middle management, other management (department head, junior manager, teacher, technician) | 6 %  |
| (3) <b>Other white collars</b> = Employed position, working mainly at a desk + Employed position, not at a desk but traveling (salesmen, driver, etc.)   | 6 %  |
| (4) <b>Manual Workers</b> = Employed position, not at a desk, but in a service job (hospital, restaurant, police, fireman, etc) + Supervisor + Skilled manual worker + Other (unskilled) manual worker, servant  | 16 % |
| (5) <b>House persons</b> = Responsible for ordinary shopping and looking after the home, or without any current occupation, not working  | 16 % |
| (6) <b>Unemployed</b> = Unemployed + temporarily not working   | 9 %  |
| (7) <b>Retired</b> = Retired + unable to work through illness  | 24 % |
| (8) <b>Still studying</b> = Student  | 11 % |

In the tables, the category "Still studying" is displayed as part of the Terminal Education Age variable

#### C.4.5 Membership of the European Union scale

The membership of the European Union scale represents recoded answers to the following question:

*" Generally speaking, do you think that (COUNTRY)'s membership of the European Union would be...? "*

The original question shows the following distribution:

- |                          |      |
|--------------------------|------|
| (1) a good thing         | 66 % |
| (2) a bad thing          | 10 % |
| (3) neither good nor bad | 24 % |

#### C.4.6 Opinion leadership Index

The opinion leadership index is created on the basis of answers to the following two questions :

(A) *"When you get together with your friends, with fellow workers, with other people would you say you discuss political matters frequently, occasionally or never?"*

(B) *"When you, yourself hold a strong opinion, do you ever find yourself persuading your friends, relatives or fellow workers to share your views? Does this happen often, from time to time, rarely or never?"*

Labels are : ++, +, -, --. Respondents giving affirmative answers to both questions are labelled ++, respondents giving negative answers to both questions are labelled --. Middle categories are constituted correspondingly.

The breakdown of the four categories is as follows:

- |             |      |
|-------------|------|
| (1) ++ high | 14 % |
| (2) +       | 23 % |
| (3) -       | 29 % |
| (4) -- low  | 35 % |

#### C.4.7 Media use index

The media use index is created on the basis of answers to the following question :

*"About how often do you watch the news on television, read the news in the daily papers, listen to news broadcasts on the radio, Everyday, several times a week, once or twice a week, less often, never?"*

- +++ News on TV/radio/papers every day or several times a week
- ++ Two media everyday or several times a week; the third medium, not more than once or twice a week
- One of the three media everyday or several times a week; the two others, not more than once or twice a week
- The three media no more than once or twice a week

The breakdown of the four categories is as follows:

(1) +++ high	25 %
(2) ++	34 %
(3) --	30 %
(4) --- low	11 %

#### C.4.8 EU knowledge scale

The knowledge of European Union scale represents recoded answers to the following question:

*" Using this scale, how much do you feel you know about the European Union, its policies, its institutions?"*

The original question shows the following distribution:

(1) Knowing nothing at all	11 %
(2)	14 %
(3)	17 %
(4)	14 %
(5)	19 %
(6)	11 %
(7)	7 %
(8)	4 %
(9)	2 %
(10) knows a great deal	1 %

Labels are : low, medium, high

The breakdown of the three categories are as follows:

(1) low (knowing nothing at all+2+3)	42 %
(2) medium (4+5+6+7)	51 %
(3) high (8+9+knows a great deal)	7 %
