

To DG-Competition
Pharmaceutical Sector Inquiry,

Apogen's Board of Directors is to inform you that APOGEN agrees with and fully supports EGA Position Paper (please see attachement), specially in which concerns:

- The interference of Originator Companies in the grant of M.A. and pricing and reimbursement approvals.
- Vexatious litigation whose primary purpose is to delay the entry of generic medicines by obtaining interim injunctions keeping generic companies off the market.

Best regards,

António Telleria Teixeira
Secretário Geral
