1. On 1 February 2013, the European Commission received notification of a proposed concentration pursuant to Article 4 of the Merger Regulation by which EQT Infrastructure II ("EQT", The Netherlands), acquires within the meaning of Article 3(1)(b) of the Merger Regulation sole control over E.ON Energy from Waste AG ("EEW", Germany), currently directly wholly-owned by E.ON SE, by way of a purchase of shares².
2. The business activities of the undertakings concerned are:
 - for EQT: investment fund;
 - for EEW: private company that owns and/or operates energy from waste plants in Germany, Luxembourg and The Netherlands that, using thermal treatment, convert the energy potential of waste into electricity, district heating and process steam.

¹ OJ L 24, 29.1.2004, p. 1 ("the Merger Regulation"). With effect from 1 December 2009, the Treaty on the Functioning of the European Union ("TFEU") has introduced certain changes, such as the replacement of "Community" by "Union" and "common market" by "internal market". The terminology of the TFEU will be used throughout this decision.

² Publication in the Official Journal of the European Union No C 36, 08/02/2013, p.25.

3. After examination of the notification, the European Commission has concluded that the notified operation falls within the scope of the Merger Regulation and of paragraph 5(c) of the Commission Notice on a simplified procedure for treatment of certain concentrations under Council Regulation (EC) No 139/2004³.
4. For the reasons set out in the Notice on a simplified procedure, the European Commission has decided not to oppose the notified operation and to declare it compatible with the internal market and with the EEA Agreement. This decision is adopted in application of Article 6(1)(b) of the Merger Regulation.
