**SUBJECT: STATE AID SA.38113 (2014/N) – UNITED KINGDOM  
REGIONAL AID MAP 2014-2020**

Sir,

**1. PROCEDURE**

- (1) On 28 June 2013 the Commission adopted the Guidelines on regional State aid for 2014-2020<sup>1</sup> (hereinafter "RAG"). Pursuant to paragraph 178 of the RAG, each Member State should notify to the Commission, following the procedure of Article 108(3) of the Treaty on the Functioning of the European Union ("hereinafter: "TFEU"), a single regional aid map applicable from 1 July 2014 to 31 December 2020. In accordance with paragraph 179 of the RAG, the approved regional aid map is to be published in the *Official Journal of the European Union*, and will constitute an integral part of the RAG.
- (2) By letter dated 31 March 2014, registered at the Commission on the same day (2014/036591), the United Kingdom ("UK") authorities submitted a proposal for a regional aid map applicable for the period from 1 July 2014 to 31 December 2020.

**2. DESCRIPTION OF THE NOTIFIED REGIONAL AID MAP**

- (3) In their notification, the UK authorities propose a list of regions with a total population of 17.09 million inhabitants, or 27.05% of the national population, for eligibility for

regional aid on the basis of the derogations provided for in Article 107(3)(a) and (c) of the TFEU for the period from 1 July 2014 to 31 December 2020. The notification lists 'a' areas, pre-defined 'c' areas and non-predefined 'c' areas.

- (4) The NUTS 2 regions proposed for eligibility on the basis of the derogation provided for in Article 107(3)(a) TFEU for the whole period from 1 July 2014 to 31 December 2020 are presented in Table 1 below. The table also presents the maximum aid intensities proposed for each region.

NUTS Code	Name of NUTS 2 region	Max. aid intensities (in % GGE)
UKK 3	Cornwall and the Isles of Scilly	25 %
UKL 1	West Wales and The Valleys	25 %

- (5) In their notification, the UK authorities also propose three NUTS 3 regions as predefined areas eligible for regional aid on the basis of the derogation provided for in Article 107(3)(c) TFEU. The three regions proposed are sparsely populated areas.
- (6) Table 2 below presents the list of sparsely populated areas proposed as predefined 'c' areas along with the maximum aid intensities proposed for each area.

UKM6 3	Lochaber, Skye & Lochalsh, Arran & Cumbrae and Argyll & Bute	15 %
UKM6 4	Eilean Siar (Western Isles)	15 %

- (7) In their notification, the UK authorities also propose to designate several non-predefined areas as eligible for regional aid on the basis of the derogation provided for in Article 107(3)(c) TFEU for the period from 1 July 2014 to 31 December 2020. The non-predefined 'c' areas are proposed in accordance with the criteria set out in paragraph 168 of the RAG. The tables 3 to 5 below present the list of non-predefined 'c' areas proposed along with the maximum aid intensity proposed for each area. The tables also show the total population of each zone proposed<sup>2</sup>. A more detailed description of the composition of each non-predefined 'c' area is presented in Annex 1.
- (8) Table 3 below presents the list of proposed non-predefined zones, along with the maximum aid intensities proposed, for which the UK authorities submit that the conditions of criterion 1 of paragraph 168 of the RAG are fulfilled:

- (11) The UK authorities confirm that the proposed maximum aid intensities presented in the tables 1 to 5 above are those for investments by large enterprises. Those intensities can be increased by 10 percentage points for medium-sized enterprises and by 20 percentage points for small enterprises<sup>3</sup>. The maximum regional aid ceilings proposed for large enterprises, as well as the increased ceilings for small and for medium-sized enterprises are only applicable to projects with eligible expenditure below € 50 million.

### **3. ASSESSMENT**

- (12) In accordance with Annex I of the RAG, 2 NUTS 2 regions of the United Kingdom are eligible for regional aid on the basis of the derogation provided for in Article 107(3)(a) TFEU for the whole period from 1 July 2014 to 31 December 2020. In addition, 3 NUTS 3 regions of the UK are eligible for regional aid as predefined areas eligible for regional aid on the basis of the derogation provided for in Article 107(3)(c) TFEU for the same period. Finally, Annex I of the RAG provides that the United Kingdom has the possibility to designate areas containing 22.79% of its national population as non-predefined areas eligible for regional aid on the basis of the derogation provided for in Article 107(3)(c) TFEU for the period from 1 July 2014 to 31 December 2020.

#### **3.1 Article 107(3)(a) TFEU areas**

- (13) The areas proposed by the UK authorities for eligibility for regional aid on the basis of the derogation provided for in Article 107(3)(a) TFEU for the period from 1 July 2014 to 31 December 2020 are those listed in Annex I of the RAG.
- (14) Paragraph 172 of the RAG provides that maximum aid intensities applicable to investment by large enterprises in 'a' regions should not exceed:
- 50% GGE in NUTS 2 regions with a GDP per capita below or equal to 45% of the EU-27 average,
  - 35% GGE in NUTS 2 regions with a GDP per capita between or equal to 45% and 60% of the EU-27 average;
  - 25% GGE in NUTS 2 regions with a GDP per capita above 60% of the EU-27 average.

<sup>3</sup> As defined in the Commission Recommendation of 6 May 2003 concerning the definition of micro, small and medium-sized enterprises (OJ L 124, 20.5.2003, p. 36).

- (15) The aid intensities proposed by the UK authorities respect these provisions, as can be seen from Table 6 below:

*Table 6: List of Article 107(3)(a) TFEU areas indicating maximum aid intensities and GDP per capita for each region*

NUTS Code	Name of NUTS 2 region	Max. aid intensities (in %GGE)	GDP per capita <sup>o</sup>
UKK 3	Cornwall and the Isles of Scilly	25%	72.67%
UKL 1	West Wales and The Valleys	25%	69.67%

<sup>o</sup> Measured in PPS, three year average for 2008-2010 (EU-27 = 100.00%)

### **3.2 Proposed list of predefined Article 107(3)(c) TFEU areas**

- (16) The predefined areas proposed by the UK authorities as eligible for regional aid on the basis of the derogation provided for in Article 107(3)(c) TFEU for the period from 1 July 2014 to 31 December 2020 are those listed in Annex I of the RAG.

### **3.3 Proposed list of non-predefined Article 107(3)(c) TFEU areas**

- (17) According to Annex I of the RAG, the UK authorities can designate areas with a population of up to 22.79% of the total national population as non-predefined 'c' areas. Compliance with the population coverage allowed will be determined on the basis of the most recent data of total resident population of the areas concerned as published by the national statistical office.
- (18) The population statistics used are the most recent data (2011 population census) on the total resident population published by the statistical office of the United Kingdom. This is in line with the requirement set out in paragraph 170 of the RAG.
- (19) The non-predefined 'c' areas proposed by the UK authorities have a total population of 14.4 million inhabitants, which represents 22.79% of the total national population. The population coverage of the proposed non-predefined 'c' areas is in line with the maximum population coverage allocated to the UK for this type of areas in Annex I of the RAG.
- (20) The statistics on unemployment used in this section are the average unemployment rates for the period 2010-2012 (i.e. the last three years for which such data are available), as published by the national statistical office. This is in line with the requirement set out in footnote 68 of the RAG.
- (21) In cases where non-predefined 'c' areas are proposed that are not defined as whole NUTS 3 regions or islands, paragraph 169 of the RAG provides that the notion of contiguous areas normally refers to whole LAU 2 areas or to a group of whole LAU 2 areas which share an administrative border with another LAU 2 area in the group. In the case of the United Kingdom the LAU 2 level corresponds to wards and the UK authorities do not designate parts of LAU 2 areas, but only whole LAU 2 areas or groups of whole LAU 2 areas.

### 3.3.1 Non-predefined 'c' areas in application of criterion 1 of paragraph 168 of the RAG

- (22) According to paragraph 168 of the RAG, a Member State may designate as non-predefined 'c' areas under criterion 1 contiguous areas of at least 100,000 inhabitants located in NUTS 2 or NUTS 3 regions that have a GDP per capita below or equal to the EU-27 average or an unemployment rate above or equal to 115% of the national average.
- (23) Each of the non-predefined 'c' areas proposed by the UK authorities under criterion 1 satisfies the minimum population size condition applicable for the Member State concerned and the GDP and/or unemployment condition (see Table 7 below). Moreover, the Commission has been satisfied that each 'c' area proposed under criterion 1 consists of contiguous LAU 2 areas as required in paragraph 169 of the RAG.

### 3.3.2 Non-predefined 'c' areas in application of criterion 4 of paragraph 168 of the RAG

- (24) According to paragraph 168 of the RAG, a Member State may designate as 'c' areas under criterion 4 NUTS 3 regions or parts of NUTS 3 regions that form contiguous areas that are adjacent to an 'a' area. All non-predefined 'c' areas proposed by the UK authorities fulfil the conditions of criterion 4, since they are adjacent to an 'a' area and form contiguous areas.

### 3.3.3 Non-predefined 'c' areas in application of criterion 5 of paragraph 168 of RAG

- (25) According to paragraph 168 of the RAG, a Member State may designate as 'c' areas under criterion 5 areas of at least 50,000 inhabitants that are undergoing major structural change or are in serious relative decline provided that such areas are not located in whole NUTS 3 regions or other contiguous areas that fulfil the conditions to be designated as 'c' areas under criteria 1 to 4.
- (26) Table 9 presents the relevant data regarding the 2 non-predefined 'c' areas proposed by the UK authorities under criterion 5:

*Table 9: List of non-predefined 'c' areas in application of criterion 5 of paragraph 168 of the RAG indicating the population, GDP per capita and unemployment rate for each region*

GDP: GDP per capita in NUTS 2 or NUTS 3 region, measured in PPS, three year average for 2008-2010 (EU-27 = 100.00%), EUROSTAT July 1, 2013

- (27) The Commission considers that the areas proposed fulfil the conditions for eligibility under criterion 5, and this for the following reasons:
- None of the areas proposed is located in NUTS 3 regions or contiguous areas that fulfil the conditions to be designated as 'c' areas under criteria 1 to 4 of paragraph 168 of the RAG;
  - The UK authorities used the following socioeconomic indicators to select the areas concerned: employment rate, proportion of residents with low level qualifications, benefits claimant rate, proportion of skilled and un-skilled manual workers, gross annual pay, the ranking in the index of multiple deprivation, gross earnings. The Commission considers that these indicators are appropriate indicators for measuring relative problems of structural change or decline. Moreover, the available data for these indicators were provided by the United Kingdom's national statistical office or other recognised sources.<sup>4</sup>
  - Additional justifications were provided by the UK authorities: a long-term decline in manufacturing coupled with the loss of key industrial research facilities were used to justify the zone 9 Ellesmere Port (C5). Downsizing in the defence sector, including the forthcoming closure of a major shipbuilding facility, was used to justify the zone 38 Gosport/Portsmouth.
  - The data for the above indicators show that each of the areas proposed under criterion 5 scored worse than the national average for at least one indicator concerned.
  - Each of the areas proposed has a total population of at least 50,000 inhabitants and consists of contiguous LAU 2 areas as required in paragraph 169 of the RAG.

### **3.3.4 Respect of population ceiling for non-predefined Article 107(3)(c)TFEU areas.**

- (28) Annex I of the RAG sets the population ceiling for non-predefined 'c' areas at maximum 22.79% of total national population. The non-predefined 'c' areas proposed by the UK authorities have a total resident population of 14 402 091 inhabitants. This amounts to 22.79% of the total resident population of that Member State and respects therefore the population ceiling set in Annex I of the RAG.

<sup>4</sup> The data were provided by the Office for National Statistics.

### 3.4 Maximum aid intensities proposed for Article 107(3)(c) areas

- (29) Paragraphs 174 to 175 of the RAG provide that the aid intensity applicable to investment by large enterprises in 'c' areas should not exceed the following percentages:
- 15% GGE in sparsely populated areas and in NUTS 3 regions or parts of NUTS 3 regions that share a land border with a country outside the EEA or EFTA;
  - 10% GGE in non-predefined 'c' regions;
  - in former 'a' regions, 15% GGE in the period from 1 July 2014 to 31 December 2017 and 10% GGE in the period from 1 January 2018 to 31 December 2020.
- (30) For the areas identified in Table 10 below, the UK authorities propose a maximum aid intensity of 15% GGE for large enterprises.

*Table 10: Maximum aid intensities applicable to predefined 'c' areas –sparsely populated areas*

Name of 'c' area	Max. aid intensity	Assessment
Caithness & Sutherland and Ross & Cromarty	15%	The area is a sparsely populated area (population density: 7.1 inhabitants per km <sup>2</sup> )
Lochaber, Skye & Lochalsh, Arran & Cumbrae and Argyll & Bute	15%	The area is a sparsely populated area (population density: 7.2 inhabitants per km <sup>2</sup> )
Eilean Siar (Western Isles)	15%	The area is a sparsely populated area (population density: 8.6 inhabitants per km <sup>2</sup> )

- (31) The UK authorities propose to limit the maximum aid intensity in all other 'c' areas proposed to 10% GGE.
- (32) In view of the above, the maximum aid intensities for regional investment aid in the 'c' areas notified by the UK authorities for the period from 1 July 2014 to 31 December 2020 are in line with the maximum aid intensities allowed for under the RAG.

### 3.5 Increased aid intensities for SMEs

- (33) In accordance with paragraph 177 of the RAG, the maximum aid intensities applicable to large enterprises can be increased by 20 percentage points for small enterprises or by up to 10 percentage points for medium-sized enterprises. However, the increased maximum aid intensities for SMEs will not apply to aid awarded for large investment projects.

### 3.6 Other commitments made by the UK authorities

- (34) The Commission takes note of the following commitments made by the UK authorities in the notification:
- (a) The UK authorities confirmed that all intentions to grant regional aid will be notified to the Commission in accordance with Article 108(3) TFEU, either as an aid scheme, or as an individual notification, unless a block exemption regulation applies.
  - (b) The UK authorities confirmed that all regional investment aid will respect the maximum aid intensities of the region concerned as defined in the regional aid

map approved by the Commission and published in the *Official Journal of the European Union*.

- (c) The UK authorities confirmed that for large investment projects (as defined in paragraph 20(1) of the RAG) the aid ceilings of the region concerned as defined in the regional aid map approved and published by the Commission will be adjusted according to the formula in paragraph 20(c) of the RAG.

### **3.7 Conclusion**

- (35) In view of the above, the Commission concludes that the regional aid map notified by the UK authorities for the period from 1 July 2014 to 31 December 2020 is in line with the RAG.
- (36) The Commission recalls that the maximum aid intensities specified in the regional aid map apply only to investments carried out in sectors that fall within the scope of the RAG, as defined in paragraph 10 thereof. In particular, these aid ceilings apply to the processing and marketing of agricultural products only to the extent laid down in the Community guidelines for State aid in the agriculture and forestry sector<sup>5</sup>, or any guidelines replacing them.

## **4. DECISION**

- (37) The Commission has accordingly decided:
- to approve the regional aid map of the United Kingdom for the period from 1 July 2014 to 31 December 2020 as set out in the Annex as it fulfils the conditions laid down in the Guidelines on regional State aid for 2014-2020.
  - to publish the regional aid map as presented in the Annex to this decision in the *Official Journal of the European Union*. The full text of this letter in the authentic language will be published on the following Internet site:
