**SUBJECT: STATE AID NO. SA.38930 (2014/N) – ITALY
REGIONAL AID MAP 2014-2020**

Madam,

1. PROCEDURE

- (1) On 28 June 2013 the Commission adopted the Guidelines on Regional State Aid for 2014-2020¹ (hereinafter "RAG"). Pursuant to paragraph 178 of the RAG, each Member State should notify to the Commission, following the procedure of Article 108(3) of the Treaty on the Functioning of the European Union, a single regional aid map applicable from 1 July 2014 to 31 December 2020. In accordance with paragraph 179 of the RAG, the approved regional aid map is to be published in the *Official Journal of the European Union*, and will constitute an integral part of the RAG.
- (2) By letter of 19 June 2014 (SANI/10106), registered at the Commission on the same day (2014/064201), the Italian authorities submitted a proposal for a regional aid map applicable for the period from 1 July 2014 to 31 December 2020.
- (3) On 4 July 2014 the Commission requested additional information (2014/069348), which was provided by the Italian authorities on 22 July 2014 (2014/076541) and on 18 August 2014 (2014/084203).

2. DESCRIPTION OF THE NOTIFIED REGIONAL AID MAP

- (4) In their notification, the Italian authorities propose a list of regions, with a total population of 20,604,924 inhabitants, or 34.067% of the national population, as eligible for regional aid under the derogations provided in Article 107(3)(a) and (c) TFEU for the period from 1 July 2014 to 31 December 2020. The notification lists 'a' areas and non-predefined 'c' areas.

2.1 Article 107(3)(a) regions

- (5) The NUTS 2 regions proposed for eligibility under the derogation in Article 107(3)(a) TFEU for the whole period from 1 July 2014 to 31 December 2020 are presented in Table 1 below. The table also presents the maximum aid intensity applicable to initial investment by large enterprises proposed for each region.

Table 1: List of 'a' areas proposed

NUTS 2 code	Name of NUTS 2 region	Maximum aid intensities (in % GGE)
ITF3	Campania	25%
ITF4	Puglia	25%
ITF5	Basilicata	25%
ITF6	Calabria	25%
ITG1	Sicilia	25%

2.2 Non-predefined Article 107(3)(c) areas

- (6) In their notification, the Italian authorities also propose to designate several non-predefined areas as eligible for regional aid under Article 107(3)(c) TFEU for the period from 1 July 2014 to 31 December 2020. The non-predefined 'c' areas are proposed in accordance with different criteria set out in paragraph 168 of the RAG. The tables 2 to 5 below present the list of non-predefined 'c' areas proposed. The Italian authorities propose a maximum aid intensity of 10% for aid granted to large enterprises in all of those areas. The tables also show the total population of each zone proposed². A more detailed description of the composition of each non-predefined 'c' area is presented in Annex 1.

2.2.1 Non-predefined 'c' areas in application of Criterion 1 of paragraph 168 of the RAG

- (7) Table 2 below presents the list of proposed non-predefined areas, along with the maximum aid intensity proposed for each region, for which Italy submits that the conditions of Criterion 1 of paragraph 168 of the RAG are fulfilled.

- (11) Table 6 below presents the list of the proposed parts of LAU 2 areas (municipalities) in proposed non-predefined areas under Criteria 1 and 5 for which Italy submits that the conditions of footnote 74 of the RAG are fulfilled.

2.3 Maximum aid intensities for SMEs

- (12) In accordance with paragraph 177 of the RAG, the Italy authorities propose that maximum aid intensities applicable to large enterprises can be increased by up to 20 percentage points for small enterprises or by up to 10 percentage points for medium-

sized enterprises. However, the increased maximum aid intensities for SMEs³ will not apply to aid awarded for large investment projects with eligible expenditure above EUR 50 million.

3. ASSESSMENT

- (13) In accordance with Annex I of the RAG, five NUTS 2 regions of Italy are eligible for regional aid on the basis of the derogation provided for in Article 107(3)(a) TFEU for the period from 1 July 2014 to 31 December 2020. In addition, Annex I of the RAG provides that Italy has the possibility to designate areas containing 5.03% of its national population as non-predefined areas eligible for regional aid under the derogation in Article 107(3)(c) TFEU for the period from 1 July 2014 to 31 December 2020.
- (14) As explained in more detail below, the regional aid map notified by Italy respects all the conditions set out in the RAG.

3.1 Article 107(3)(a) regions

- (15) The regions proposed by Italy for eligibility for regional aid under the derogation in Article 107(3)(a) TFEU for the period from 1 July 2014 to 31 December 2020 correspond to those listed in Annex I of the RAG.
- (16) Paragraph 172 of the RAG provides that maximum aid intensities applicable to investment by large enterprises in 'a' regions should not exceed 25% GGE in NUTS 2 regions with a GDP per capita above 60% of the EU-27 average.
- (17) The aid intensities proposed by Italy respect these provisions, as can be seen from the data concerning the GDP per capita of each region indicated in Table 7.

Table 7: List of 'a' areas proposed indicating the GDP per capita for each region

NUTS 2 code	Name of NUTS 2 region	Maximum aid intensities	GDP per capita ^o
ITF3	Campania	25%	65.67
ITF4	Puglia	25%	67.67
ITF5	Basilicata	25%	72.67

ITG1	Sicilia	25%	67.33

3.2 Proposed list of non-predefined Article 107(3)(c) areas

- (18) In accordance with Annex I of the RAG, Italy can designate areas with a population of up to 5.03% of the total national population as non-predefined 'c' areas. Compliance with the population coverage allowed is to be determined on the basis of the most recent data of total resident population of Italy as published by the national statistical office.
- (19) The non-predefined 'c' areas proposed by Italy have a total population of 3,042,224 inhabitants, which represents 5.03% of the total national population. That percentage does not exceed the maximum population coverage allocated to Italy in Annex I of the RAG.

³ As defined in the Commission Recommendation of 6 May 2003 concerning the definition of micro, small and medium-sized enterprises (OJ L 124, 20.5.2003, p. 36)

- (20) In accordance with paragraph 170 of the RAG, compliance with the population coverage has been determined on the basis of the most recent data⁴ on the total resident population of the areas concerned, as published by Italy's national statistical office, Istat.
- (21) In cases where non-predefined 'c' areas are proposed that are not defined as whole NUTS 3 regions or islands, paragraph 169 of the RAG provides that the notion of contiguous areas normally refers to whole LAU 2 areas or to a group of whole LAU 2 areas which share an administrative border with another LAU 2 area in the group. In the case of Italy, the LAU 2 level refers to the municipality level. According to footnote 74 of the RAG, the Member State may nevertheless designate parts of an LAU 2 area, provided that two cumulative conditions are met. First, the population of the LAU area concerned exceeds the minimum population required for contiguous areas under Criterion 1 or 5 set out in paragraph 168 of the RAG. Second, the population of the parts of that LAU area is at least 50% of the minimum population required under the applicable criterion.
- (22) Each of the proposed parts of municipalities has a total population that exceeds the minimum population of 100,000 inhabitants required for contiguous areas under Criterion 1, or 50,000 inhabitants required for contiguous areas under Criterion 5, and the part proposed has a population of more than 50% of this minimum population (as presented in Table 6).

3.2.1 Non-predefined 'c' areas in application of Criterion 1 of paragraph 168 of the RAG

- (23) According to paragraph 168 of the RAG, a Member State may designate as non-predefined 'c' areas under Criterion 1 contiguous areas of at least 100,000 inhabitants located in NUTS 2 or NUTS 3 regions that have a GDP per capita below or equal to the EU-27 average or an unemployment rate above or equal to 115 of the national average.
- (24) Each of the 14 non-predefined 'c' areas proposed by Italy under Criterion 1 is a contiguous zone that satisfies the minimum population size condition (at least 100,000 inhabitants) and the GDP condition (see Table 8 below). Moreover, the condition has been satisfied that each 'c' area proposed under Criterion 1 consists of LAU 2 areas or parts of LAU 2 areas as required in footnote 74 of the RAG.

⁴ The population figures used by Italy refer to the 15th population census of 2011 (source: Istat)

3.2.2 Non-predefined 'c' areas in application of Criterion 3 of paragraph 168 of the RAG

- (25) According to paragraph 168 of the RAG, a Member State may designate as non-predefined 'c' areas under Criterion 3 islands that have less than 5,000 inhabitants.
- (26) Italy proposed one non-predefined 'c' area under Criterion 3 which fulfil the conditions of Criterion 3, as indicated below (see Table 9).

Table 9: Non-predefined 'c' area proposed under Criterion 3 indicating the population and the GDP per capita for the region

Name of the zone proposed (and name of the islands)	Population of the zone	NUTS 3 code	Name of NUTS 3 region in which the islands are located	GDP EU27= 100

GDP: GDP per capita in NUTS 3 region, measured in PPS, three year average for 2008-2010 (EU-27 = 100.00)

- (27) The Commission considers that the conditions for eligibility under Criterion 3 are fulfilled since the area "LAZ4" proposed by Italy consists of the islands of Ponza and Ventotene which are islands that have less than 5,000 inhabitants.

3.2.3 Non-predefined 'c' areas in application of Criterion 4 of paragraph 168 of the RAG

- (28) According to paragraph 168 of the RAG, a Member State may designate as non-predefined 'c' areas under Criterion 4 NUTS 3 regions, or part of NUTS 3 regions that form contiguous areas that are adjacent to an 'a' area.
- (29) Italy proposed one non-predefined 'c' area under Criterion 4 which fulfil the conditions of Criterion 4, as indicated below (see Table 10).

Total	80,258			

Population: Total resident population in the proposed 'c' area in 2011

- (30) The Commission considers that the conditions for eligibility under Criterion 4 are fulfilled as the non-predefined 'c' area "LAZ5" proposed by Italy is adjacent to an 'a' area and forms a contiguous area.

3.2.4 Non-predefined 'c' areas in application of Criterion 5 of paragraph 168 of RAG

- (31) According to paragraph 168 of the RAG, a Member State may designate as non-predefined 'c' areas under Criterion 5 areas of at least 50,000 inhabitants that are undergoing major structural change or are in serious relative decline provided that such areas are not located in whole NUTS 3 regions or other contiguous areas that fulfil the condition to be designated as non-predefined areas under Criteria 1 to 4.
- (32) Italy proposed nine non-predefined 'c' areas under Criterion 5, see Table 11 below.

UNEMP: Unemployment, three year average for 2010-2012 (IT = 100), (Eurostat 21.3.2013)

- (33) The Commission considers that the non-predefined 'c' areas listed in the previous table fulfil the conditions for eligibility under Criterion 5, and this for the following reasons:

- None of the areas proposed under Criterion 5 is located in NUTS 3 regions, or contiguous areas, that fulfil the conditions to be designated as non-predefined areas under Criteria 1 to 4;
- Italy used socioeconomic indicators to select the areas concerned such as business and labour market statistics, including unemployment and underemployment rates, evolution of the number of job seekers, of businesses and of the employed workforce, as well as welfare indicators (e.g. GDP pro capita and per person employed, demographic elements). The Commission considers that these indicators are appropriate for measuring relative problems of structural change or decline of the selected areas. The available data for those indicators were provided by Italy's national statistical office Istat and by other recognised sources (mainly by the regional statistical offices).
- The data provided by Italy for the above indicators show that each of the areas proposed under Criterion 5 scored worse than other areas in Italy, in conformity with footnote 72 of the RAG.
- Each of the areas proposed has a total population of at least 50,000 inhabitants and consists of LAU 2 areas or parts of LAU 2 areas as required in footnote 74 of the RAG.

3.2.5 *Respect of population ceiling for non-predefined 'c' areas*

- (34) Annex I of the RAG sets the population ceiling for non-predefined 'c' areas at a maximum of 5.03% of the total population of Italy. The non-predefined 'c' areas proposed by Italy have a total resident population of 3,042,224 inhabitants. This amounts to 5.03% of the total resident population of that Member State and respects therefore the population ceiling set in Annex I of the RAG.

3.3 Maximum aid intensities proposed for 'c' areas

- (35) In accordance with paragraphs 174 to 176 of the RAG, Italy proposes to limit the maximum aid intensity in all 'c' areas proposed to 10% GGE. Therefore, the maximum aid intensities for regional investment aid in the 'c' areas notified by Italy for the period from 1 July 2014 to 31 December 2020 are in line with the maximum aid intensities allowed for under the RAG.

3.4 Increased aid intensities for SMEs

- (36) In accordance with paragraph 177 of the RAG, maximum aid intensities can be increased by 20 percentage points for small enterprises and by up to 10 percentage points for medium-sized enterprises. However, the increased maximum aid intensities for SMEs will not apply to aid awarded for large investment projects with eligible expenditure above EUR 50 million.

3.5 Other commitments made by the Italy authorities

- (37) The Commission takes note of the following commitments made by the Italy authorities in the notification:
- (a) The Italy authorities confirmed that all intentions to grant regional aid will be notified to the Commission in accordance with Article 108(3) TFEU, either as an aid scheme, or as an individual notification, unless a block exemption regulation applies.
 - (b) The Italy authorities confirmed that all regional investment aid will respect the maximum aid intensities of the area concerned as defined in the regional aid map

approved by the Commission and published in the *Official Journal of the European Union*.

- (c) The Italy authorities confirmed that for large investment projects (as defined in paragraph 20(1) of the RAG) the aid ceilings of the area concerned as defined in the regional aid map published by the Commission pursuant to this notification will be adjusted according to the formula in paragraph 20(c) of the RAG.

3.6 Conclusion

- (38) In view of the above, the Commission concludes that the regional aid map for the period from 1 July 2014 to 31 December 2020, as notified by Italy, is in line with the RAG.
- (39) The Commission recalls that the maximum aid intensities specified in the regional aid map apply only to investments carried out in sectors that fall within the scope of the RAG, as defined in paragraph 10 thereof. In particular, these aid ceilings apply to the processing and marketing of agricultural products only to the extent laid down in the European Union Guidelines for State aid in the agricultural and forestry sectors and in rural areas 2014 to 2020, in force since 1 July 2014⁵, or in any guidelines replacing them.

4. DECISION

- (40) The Commission has accordingly decided:
- to approve the regional aid map of Italy for the period from 1 July 2014 to 31 December 2020 as set out in the Annex, as it fulfils the conditions laid down in the Guidelines on regional State aid for 2014-2020.
 - to publish the regional aid map as presented in the Annex to this decision in the *Official Journal of the European Union*. The full text of this letter in the authentic language will be published on the following Internet site:
