

The Commission will recruit around Sept/Oct 2009 an expert to bring all the appropriate support to the Commission:

- to analyse and develop the EC and EU joint positions to contribute to the international debate and processes related to the Financing for Development agenda;
- to support the entire process related to the preparation of the 2010 EU monitoring and progress report on Financing for Development ("Monterrey report") and its supporting documents;
- to analyse the related policies and positions of the EU Member States in the area of financing for development and aid effectiveness; to facilitate the necessary contacts of the Commission with a multitude of official and non-institutional stakeholders.

### **EXPERT' PROFILE**

S/he should have at least a MA degree or equivalent and one year of professional experience in development issues.

The expert should combine experience in international development issues and institutions, with knowledge of EU development policy, namely regarding financing for development.

The expert will have to manage substantial amounts of data and contribute to the production of reports, notes, briefings, tables and figures, and deal with the issue in a clear, concise and rapid manner.

### **DURATION AND PLACE OF IMPLEMENTATION**

The expert should be available for approx. 165 working days starting from mid-September 2009;

Approximate finishing date of the assignment: June 2010

Interested experts can manifest their interest by email to DEV/A2 for the attention of **katarzyna.rudzka@ec.europa.eu** before September 1, 2009. The pre-selected candidates will be contacted in early September 2009 to participate in the negotiated procedure for recruitment of such expertise.
