INVITATION TO TENDER No. ENER/D4/28-2012
(open procedure)

Dear Sir/Madam,

1. The European Commission invites tenders for a service contract regarding the following project:

   ESOREX – Platform:
   Establishment of a European Platform for Occupational Radiation Exposures

   This invitation to tender follows the publication of:
   - the contract notice in OJEU 2012/S 59-95300 of 24/03/2012

2. If you are interested in this contract, you must submit a tender in triplicate, in one of the official languages of the European Union. A copy of the offer on a CD-Rom has also to be submitted.

   Tenders must be:
   (a) either sent by registered mail or by private courier

       The tender must be sent by registered mail or by private courier, dispatched not later than 07/05/2012 (the postmark or the receipt issued by the courier service serving as proof of the dispatch) to the following address:

       European Commission
       Directorate-General for Energy
       For the attention of Mr S. Mundigl– EUFO 4150
       Jean-Monnet Building
       Plateau de Kirchberg
       L-2920 Luxembourg

   (b) or delivered by hand

       Tenders must be delivered by hand at the Central Mail of the European Commission by 07/05/2012 not later than 4 p.m. (Brussels time), at the following address:
In this case, a receipt must be obtained as proof of submission, signed and dated by the official in the Commission's central mail department who took delivery. The department is open from 08.00 to 17.00 Monday to Thursday, and from 8.00 to 16.00 on Fridays. It is closed on Saturdays, Sundays and Commission holidays.

3. Tenders must be placed inside two sealed envelopes, one inside the other. **The inner envelope should be marked:**

   Call for tenders No. ENER/D4/28-2012  
   *not to be opened by the internal mail department*  
   European Commission  
   Directorate-General Energy  
   Unit D4 Radiation Protection  
   EUROFORUM Building – Room 4150  
   L-2920 Luxembourg

   If self-adhesive envelopes are used, they must be sealed with adhesive tape and the sender must sign across this tape.

   **The non-compliance with these formal conditions may entail the rejection of the bids at the opening session.**

   **To be admissible, the confidentiality of the bids must have been ensured and the deadline for the submission of the bids met.**

4. Tenders will be opened at 14/05/2012 at 14:00, in the offices of the Directorate- General for Energy:

   EUROFORUM Building  
   Office 4198  
   1 rue Henry Schnadt  
   Zone d’activités Cloche d’Or  
   L-2530 Luxembourg

   This opening session will be public. Each tenderer may be represented by not more than one person. At the end of the opening session, the Chairman of the opening committee will indicate the name of the tenderers and the decision concerning the admissibility of each offer received. The prices mentioned in the bids will not be communicated.
5. The specification, listing all the documents that must be produced in order to tender, including supporting evidence of economic, financial, technical and professional capacity and the draft contract are attached.

6. All tender documents shall be perfectly legible so that there can be no doubt as to words and figures.

7. Validity period of the tender: six months as from the final date for submission of tenders mentioned under point 2 above.

8. Submission of a tender implies acceptance of all the terms and conditions set out in this invitation to tender, in the specification, in the draft contract and, where applicable, waiver of the tenderer's own general or specific terms and conditions. The terms and conditions are binding on the tenderer to whom the contract is awarded during the performance of the contract.

9. Contacts between the awarding authority and tenderers are prohibited throughout the procedure except in exceptional circumstances and under the following conditions only:

   Before the closing date for submission of tenders
   • At the request of the tenderer, the awarding authority may provide additional information solely for the purpose of clarifying the nature of the contract.

   Any requests for additional information must be sent in writing to the following address:

   Mr Stefan Mundigl  
   European Commission / ENER D4  
   EUFO 4150  
   L-2920 Luxembourg  
   Luxembourg  
   Tel (+352) 4301-35026  
   Fax (+352) 4301-34646  
   e-mail: Stefan.Mundigl@ec.europa.eu

   Requests for additional information received less than five working days before the closing date for submission of tenders will not be processed.

   • The Commission may, on its own initiative, inform interested parties of any error, inaccuracy, omission or any other material shortcoming in the text of the tender documents.

   All additional information will be made available via Directorate-General for Energy website (DG ENER). Tenderers are invited to consult this site regularly until the deadline for submission.

   After the opening of tenders

   If a tender requires clarification, or if there is a need to correct material errors which have occurred in the drafting of the tender, the Commission may take the initiative and contact the tenderer(s). Such contact shall not lead to the conditions of the tender being altered in any way.

10. This invitation to tender is in no way binding on the Commission. A commitment will come about only when a contract with the successful tenderer has been signed.
Until a contract is signed, the awarding authority may decide not to award a contract or to cancel the tendering procedure, without the candidates or tenderers being entitled to claim any compensation. Where appropriate, the decision will be substantiated and brought to the attention of the tenderers.

11. Tenderers will be informed of whether their tenders have been accepted or rejected.

12. If your offer includes subcontracting, it is recommended that contractual arrangements with subcontractors include mediation as a method of dispute resolution.

13. If processing your reply to the invitation to tender involves the recording and processing of personal data (such as your name, address and CV), such data will be processed pursuant to Regulation (EC) No 45/2001 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data. Unless indicated otherwise, your replies to the questions and any personal data requested are required to evaluate your tender in accordance with the specifications of the invitation to tender and will be processed solely for that purpose by the Director of the Shared Resource Directorate MOVE/ENER, acting as data controller. Details concerning the processing of your personal data are available on the privacy statement at: http://ec.europa.eu/dataprotectionofficer/privacystatement_publicprocurement_en.pdf.

14. Your personal data (name, given name if natural person, address, legal form, registration number and name and given name of the persons with powers of representation, decision-making or control, if legal person) may be registered in the Early Warning System (EWS) only or both in the EWS and Central Exclusion Database (CED) by the Accounting Officer of the Commission, should you be in one of the situations mentioned in:

Yours faithfully,

[Signature]

Peter PARROSS
Director

I. SPECIFICATIONS

I.1. Introduction

The Council Directive 96/29/Euratom requires, inter alia, the establishment of systems for monitoring, reporting and recording of individual worker doses, covering occupational exposures in various working areas, such as the nuclear fuel cycle, the medical sector, general industry, research and education, and workplaces with natural radiation sources. Particular requirements on reporting and recording of individual monitoring data of outside workers are stipulated in Council Directive 90/641/Euratom.

The recent Commission proposal for a revised Euratom Basic Safety Standards Directive integrates the above mentioned Directives, and introduces an additional requirement on a data system for individual radiological monitoring which shall be established by the Member States, either as a centralised national network or as a national dose register.

In 1997, the European Commission initiated a European Study on Occupational Radiation Exposure (ESOREX) to provide the European stakeholders with reliable information on how personal radiation monitoring, reporting and recording of dosimetry results are structured in European countries and to collect reliable and directly comparable data on individual and collective radiation exposure in all occupational sectors where classified workers are employed. The ESOREX project collected information and data on national systems to monitor and register occupational radiation exposures in European Union Member States, and associated states. In addition, ESOREX established a data base containing occupational exposure data in all occupational sectors covering the time period 1997 – 2004, which allowed the evaluation and assessment of doses and the identification of trends. The collection of such quality-assured occupational exposure data are also of particular interest for the United Nations Scientific Committee on the Effects of Atomic Radiation (UNSCEAR).

Based on the experience with previous ESOREX activities, a European Symposium on the Assessment and Evaluation of Occupational Radiation Protection in Europe – ESOREX 2010 was held in June 2010, to explore the best way forward to organise the collection, assessment and evaluation of occupational radiation monitoring information and data in all occupational sectors.

Following the recommendations of this workshop, the Commission proposes to establish a European Platform for Occupational Radiation Exposures – ESOREX Platform in which experts in occupational radiation exposure, and in particular representatives from national dose registries and from dosimetry services can discuss emerging issues, assess dose trends and exchange experience. The ESOREX Platform shall also assist in the implementation of the current and the revised Euratom Basic Safety Standards Directive

I.2. Purpose of the contract

Objective:

The aim of this contract is the establishment of a European Platform for Occupational Radiation Exposures. The main objectives of the ESOREX Platform shall be
- To allow easy information and experience exchange between experts in occupational radiation exposure, in particular representatives from national dose registries and from dosimetry services

- To assist in the implementation of requirements on occupational radiation protection in the current and the revised Euratom Basic Safety Standards Directive

- To establish and maintain an overview on national arrangements for occupational radiation exposure in Europe

- To provide the basis for the evaluation and assessment of occupational radiation exposure data with a view to allow for benchmarking exercises and to identify potential for dose reductions (database on occupational radiation exposure)

- To promote the harmonisation of data and information reporting formats within Europe and beyond

- To establish working relationships with other relevant international organisations and bodies.

The European Commission expects that, with the completion of this contract, appropriate infrastructure and mechanisms are in place allowing for a continued operation of the ESOREX Platform without further EC financial support.

Description of the tasks

The contractor shall

- Identify national contacts points, preferably representatives of the national dose registries, in all European Union Member States, Candidate States and associated States

- Set-up a Steering Group for the ESOREX Platform, and organise regular meetings of this Steering Group

- Establish a permanent ESOREX Secretariat providing the necessary infrastructure for the platform

- Establish and maintain modern communication tools necessary for an efficient information-and data-exchange between platform participants (ESOREX webpage, modern discussion forum, restricted/unrestricted, publication of regular newsletters)

- Collect information on national arrangements for occupational radiation exposure in Europe and publish these via the platform webpage

- Develop and promote a harmonised data-and information-reporting format, including a proposal for a harmonised list of professional categories

- Organise two topical workshops to discuss emerging issues in occupational radiation exposure (one workshop mid-term and one workshop at the end of the project)

- Establish a database on occupational radiation exposure including data from all participating countries covering all occupational sectors where classified workers are employed (nuclear fuel cycle, medical sector, general industry, research and education and workplaces with natural radiation sources)
- Establish working relationships with other relevant international organisations and bodies, in particular with UNSCEAR, HERCA, EAN, and EURADOS

- Develop appropriate mechanisms and establish the appropriate infrastructure to enable the sustainable continuation of operation of the ESOREX Platform beyond this contract.

1.3. Reports and documents to produce - Timetable to observe

Execution of the tasks begins after the date on which the Contract enters into force.

A kick-off meeting will take place in Luxembourg, at the latest one month following the signature of the contract, in order to settle all the details of the work to be undertaken. The contractor shall present to the Commission its methodology to achieve the project objectives.

In principle, the deadlines set out below cannot be extended. The Contractor is deemed solely responsible for delays occasioned by subcontractors or other third parties (except for rare cases of force majeure). Adequate resources and appropriate organisation of the work including management of potential delays should be put in place in order to observe the timetable below.

1.3.1. Progress report

The progress report showing progress of the work shall be submitted to the Commission at the latest 18 months after the date of signature of the contract.

The Commission shall have forty-five days from receipt to approve or reject the report. Within 20 days of receiving the Commission’s observations, the Contractor will submit additional information or another report.

1.3.2. Final report

The contractor will submit a final report to the Commission at the latest 33 months after the signature of the contract.

The final report shall include all relevant information about the execution of the contract including details on the organisation of the ESOREX Platform, the proposed harmonised data and information format, the proposed harmonised list of professional categories, the information on national arrangements for occupational radiation exposure, and information on the database on occupational radiation exposure. The report should further contain the proceedings of the two workshops including workshop conclusions. Finally, the proposed mechanisms and infrastructure for a sustainable continuation of operation of the ESOREX Platform shall be described in the final report.

The Commission shall have forty-five days from receipt to approve or reject the final report, and the Contractor shall have 20 days in which to submit additional information or a new final report.

1.3.3. Report format and publication

The contractor will provide the results of his work in well-written, comprehensible documents at each stage of reporting.
The document may be written in any of the official languages of the European Union, but the printer's proof must be in English.

Three copies of the reports shall be supplied in paper form (A4 format) and one copy in electronic form (in MS Word).

The Commission considers publishing part of the final report, e.g. the proceedings of the workshops or other results, in the "Radiation Protection" series. After the Radiation Protection Unit (DG ENER D4) has approved the work done, the final manuscripts should be submitted in such a form that a printer's proof can be prepared from it directly. As regards tables and graphs, these must be designed so that they can be printed in black on white without any loss of information. For publication, the tenderer must ensure that the reports are not subject to any restrictions deriving from intellectual property rights of third parties. Should the tenderer intend to use data in the reports, which cannot be published, this must be explicitly mentioned in the offer.

I.4. Duration of the tasks

The duration of the tasks shall not exceed 36 months. This period is calculated in calendar days.

I.5. Place of performance

The tasks will be performed on the Contractor’s premises. However, meetings between the contractor and the Commission may be held on Commission premises in Luxembourg.

I.6. Estimate of the amount of work involved

The total value of the contract has been estimated at 300 000 EUR. This includes travel expenses and any operational costs incurred for implementing the project, including for the venue and implementation of the workshops. No participation fee may be charged to workshop participants; this does not preclude charging participants for workshop related miscellaneous costs like coffees, lunches or social events.
II. TERMS OF CONTRACT

In drawing up his offer, the tenderer should bear in mind the provisions of the draft contract attached to this invitation to tender (Annex 6). Any limitation, amendment or denial of the terms of contract will lead to automatic exclusion from the procurement procedure.

The Commission may, before the contract is signed, either abandon the procurement procedure or cancel the award procedure without the tenderers being entitled to claim any compensation.

II.1. Terms of payment

Payments shall be made in accordance with the provisions specified in Annex 6, the draft service contract.

II.2. Subcontracting

If the tenderer intends to subcontract part of the service, he shall indicate in his offer which part will be subcontracted and to what extent (% of the total contract value).

Tenderers must ensure that Article II.20 of the contract (Annex 6) can be applied to subcontractors. Once the contract has been signed, Article II.6 of the above-mentioned contract shall govern the subcontracting.

II.3. Joint tenders

In case of a joint tender submitted by a group of tenderers, these latter will be regarded as partners. If awarded the contract, they will have an equal standing towards the contracting authority in the execution of the contract.

The tenderers should indicate in their offer whether the partnership takes the form of:

a) a new or existing legal entity which will sign the contract with the Commission in case of award

or

b) a group of partners not constituting a new legal entity, who via a power of attorney, signed by an authorised representative of each partner (except the lead partner), designate one of the partners as lead partner, and mandate him as lead contractor to sign the contract with the Commission in case of award.

If the contractor is a grouping or consortium of two or more persons, all such persons shall be jointly and severally liable to the Commission for the fulfilment of the terms and conditions of the contract. Such persons shall designate one of them to act as leader with full authority to bind the grouping or the consortium and each of its members. It shall be responsible for the receipt and processing of payments for members of the grouping, for managing the service administration and for coordination. The composition and constitution of the grouping or consortium, and the allocation of the scope of tasks amongst the members, shall not be altered without the prior written consent of the Commission which can be withheld at discretion.
II.4. Financial guarantees

Guarantee on pre-financing

For any pre-financing higher than 150,000 EUR, a financial guarantee equivalent to the amount of the pre-financing will be requested.

Depending on the financial situation of the tenderer, the Commission may ask for the financial guarantee for amounts lower than 150,000 EUR.
III. FORM AND CONTENT OF THE TENDER

III.1. General

Tenders must be written in one of the official languages of the European Union and submitted in triplicate (one clearly marked "original" and two copies) as well as a copy of the offer on a CD-Rom. The attention of the tenderers is drawn to the fact that the majority of the deliverables requested under Specific Contracts will have to be submitted in English.

Tenders must be clear and concise, with continuous page numbering, and assembled in a coherent fashion (e.g. bound or stapled). Since tenderers will be judged on the content of their written bids, they must make it clear that they are able to meet the requirements of the specifications.

The original signature of the single tenderer's or lead partner's authorised representative) (preferably in blue ink) on the administrative identification form (Annex 1) shall be considered as the signature of the tender, binding the single tenderer or the group of partners to the terms included in the tender.

III.2. Structure of the tender

All tenders must include three sections i.e. an administrative, a technical and a financial proposal.

III.2.1. Section One: administrative proposal

This section must provide the following information, set out in the standard identification forms attached to these tender specifications (Annexes 1, 2, 3, 4 and 5 as well other evidence required):

- Tenderers' identification (Annex 1)
  
  All tenderers must provide proof of registration, as prescribed in their country of establishment, on one of the professional or trade registers or provide a declaration or certificate.

  If the tenderer is a natural person, he/she must provide a copy of the identity card/passport or driving licence and proof that he/she is covered by a social security scheme as a self-employed person.

  Each tenderer (including subcontractor(s) or any member of a consortium or grouping) must complete and sign the identification forms in Annex 1 and also provide above-mentioned documents. However, the subcontractor(s) shall not be required to fill in or provide those documents when the services represent less than 20% of the contract.

- Financial identification (Annex 2)

  The bank identification form must be filled in and signed by an authorised representative of the tenderer and his/her banker. A standard form is attached in Annex 2 and a specific form for each Member State is available at the following Internet address:
In the case of a grouping, this form must only be provided by the person heading the project only.

If the corresponding bank account of economic operators is already registered in the Commission's files they are not obliged to provide a new form on the condition that they confirm that no change in the information already provided has occurred. In case of doubt, we recommend submitting a new form.

- **Legal entities (Annex 3)**

  The legal entity form in Annex 3 must be filled in and should be accompanied by a number of supporting documents, available on the website:
  

  In the case of a grouping, this form must be provided by all partners.

  Economic operators already registered as a legal entity in the Commission's files (i.e. they are or have been contractors of the Commission) are not obliged to provide a new form on the condition that they confirm that no change in the information already provided has occurred, In case of doubt, we recommend submitting a new form.

- **Declaration of honour with respect to the Exclusion criteria and absence of conflict of interest** (Annex 4)

  An original should be filled and signed by (an) authorised representative(s) of all partners. Only sub-contractors with a part of the contract above 20% should the sign the form.

- **Power of attorney** (Annex 5) – in case of grouping only

  An original should be filled and signed by (an) authorised representative(s) of each partner.

- **All the supporting documentation** for the purpose of checking the selection criteria (IV.2) should also be submitted under this section

  The Commission reserves the right, however, to request clarification or additional evidence in relation to the bid submitted for evaluation or verification purposes within a time-limit stipulated in its request.

**III.2.2. Section Two: Technical proposal**

This section is of great importance in the assessment of the bids, the award of the contract and the future execution of any resulting contract.

The award criteria as set out in chapter IV.3 define those parts of the technical proposal to which the tenderers should pay particular attention as they will be the ground for the evaluation of the quality of the proposal.
The technical proposal should address all matters laid down in the specifications and should include models, examples and technical solutions to problems raised in the specifications. The level of detail of the tender will be extremely important for the evaluation of the tender. Tenderers must present in their bids a proposal on the methodology and the organisation of the work to carry out in the framework of the project.

III.2.3. Section Three: Financial proposal

All tenders must contain a financial proposal. A lump sum price must be provided including all expenses such as travel expenses and daily allowances as well as the organisation of the workshops. The tenderer’s attention is drawn to the following points:

- Prices must be quoted in euros, including the countries which are not in the euro-area. As far as the tenderers of those countries are concerned, they cannot change the amount of the bid because of the evolution of the exchange rate. The tenderers choose the exchange rate and assume all risks or opportunities relating to the rate fluctuation.

- Prices must be fixed amounts and include all expenses, such as travel expenses and daily allowances as well as the organisation of the workshops.

- Prices must be quoted free of all duties, taxes and other charges, i.e. also free of VAT, as the European Union is exempt from such charges in the EU under Articles 3 and 4 of the Protocol on the Privileges and Immunities annexed to the Treaty on the Functioning of the European Union. Exemption is granted to the Commission by the governments of the Member States, either through refunds upon presentation of documentary evidence or by direct exemption. For those countries where national legislation provides an exemption by means of a reimbursement, the amount of VAT is to be shown separately. In case of doubt about the applicable VAT system, it is the tenderer's responsibility to contact his or her national authorities to clarify the way in which the European Union is exempt from VAT;

- Prices shall be fixed and not subject to revision during the performance of the contract;

- For each category of staff involved in the project, the tenderer must specify:
  - the total labour costs;
  - the daily rates and total number of days (man/days) each member of staff will contribute to the project;
  - other categories of costs, indicating the nature of the cost, the total amount, the unit price and the quantity.

Bids involving more than one service provider (consortium) must specify the amounts indicated above for each provider.
IV. ASSESSMENT AND AWARD OF THE CONTRACT

Participation in tendering procedures is open on equal terms to all natural and legal persons coming within the scope of the Treaties and to all natural and legal persons in a third country which has a special agreement with the Union in the field of public procurement, under the conditions laid down in that agreement.

Where the Multilateral Agreement on Public Contracts concluded within the framework of the WTO applies, the contracts are also open to nationals of states which have ratified this Agreement, under the conditions provided for therein.

The procedure for the award of the contract, which will concern only admissible bids (see requirements in the invitation to tender, in particular, regarding the deadline for submission and the presentation of the offers and packaging), will be carried out in three successive stages.

The aim of each of these stages is:

1) to check on the basis of the exclusion criteria, whether tenderers can take part in the tendering procedure;

2) to check on the basis of the selection criteria, the technical and professional capacity and economic and financial capacity of each tenderer;

3) to assess on the basis of the award criteria each bid which has passed the exclusion and selection stages.

The assessment will be based on each tenderer's bid. All the information will be assessed in the light of the criteria set out in these specifications.

IV.1. Exclusion criteria (exclusion of tenderers)

IV.1.1. Exclusion criteria (Article 93 Financial Regulation)

1. To be eligible for participating in this contract award procedure, tenderers must not be in any of the following situations:

(a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations;

(b) they have been convicted of an offence concerning their professional conduct by a judgement which has the force of res judicata;

(c) they have been guilty of grave professional misconduct proven by any means which the contracting authority can justify;

(d) they have not fulfilled obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the

---

country in which they are established or with those of the country of the contracting 
authority or those of the country where the contract is to be performed;

(e) they have been the subject of a judgement which has the force of res judicata for 
fraud, corruption, involvement in a criminal organisation or any other illegal activity 
detrimental to the Union's financial interests;

(f) they are currently subject to an administrative penalty referred to in Article 96(1) of 
the Financial Regulation\(^2\) for being guilty of misrepresentation in supplying the 
information required by the contracting authority as a condition of participation in a 
contract procurement procedure or by the authorising officer as a condition of 
participation in a grant award procedure, for failing to supply this information or for 
having been declared to be in serious breach of their obligations under contracts or 
grants covered by the Union budget.

2. The cases referred to in point IV.1.1. e) above shall be the following:

a) cases of fraud as referred to in Article 1 of the Convention on the protection of the 
European Communities' financial interests established by the Council Act of 26 July 
1995 (OJ/C 316 of 27.11.1995, p. 48);

b) cases of corruption as referred to in Article 3 of the Convention on the fight against 
corruption involving officials of the European Communities or officials of Member 

c) cases of involvement in a criminal organisation, as defined in Article 2(1) of Joint 
Action 98/733/JHA of the Council (OJ/L 315 of 29.12.1998, p. 1);

d) cases of money laundering as defined in Article 1 of Council Directive 91/308/EEC 

IV.1.2. Other cases of exclusion

1. In accordance with Article 94 Financial Regulation, contracts will not be awarded 
to tenderers who, during the procurement procedure:

a) are subject to a conflict of interest;

   Tenderers must declare:
   - that they do not have any conflict of interest in connection with the contract; a 
     conflict of interest could arise in particular as a result of economic interests, 
     political or national affinities, family or emotional ties, or any other relevant 
     connection or shared interest;
   - that they will inform the contracting authority, without delay, of any situation 
     constituting a conflict of interest or which could give rise to a conflict of interest;
   - that they have not made and will not make any offer of any type whatsoever from 
     which an unjustified advantage can be derived under the contract;
   - that they have not granted and will not grant, have not sought and will not seek, 
     have not attempted and will not attempt to obtain, and have not accepted and will 
     not accept, any advantage, financial or in kind, to or from any party whatsoever, 
     where such advantage constitutes an illegal practice or involves corruption, either

directly or indirectly, inasmuch as it is an incentive or reward relating to performance of the Contract.

The Commission reserves the right to check the above information.

b) **are guilty of misrepresentation** in supplying the information required by the contracting authority as a condition of participation in the procurement procedure or fail to supply this information.

c) find themselves in one of the **situations of exclusion**, referred to in paragraph IV.1.1. above for this procurement procedure.

2. As mentioned under section III.2.1., the tenderers must provide proof of **registration**, as prescribed in their country of establishment, on one of the professional or trade registers or provide a declaration or certificate.

**IV.1.3. Evidence to be provided by the tenderers**

1. When submitting their bids, each tenderer (including subcontractor(s) or any member of a consortium or grouping) shall provide a declaration on their honour, duly signed and dated, stating that they are not in one of the situations mentioned above (cf. IV.1.1 and VI.1.2). For that purpose, they must complete and sign the form attached in Annex 4. Where the tenderer is a legal entity, they shall, whenever requested by the Commission, provide information on the ownership or on the management, control and power of representation of the legal entity.

2. The tenderer to whom the contract is to be awarded shall provide, within 15 calendar days after notification of the results of the procurement procedure and in any case before the signature of the contract, the following evidence, confirming the declaration referred to above:

   The Commission shall accept, as satisfactory evidence that the tenderer is not in one of the situations described in point IV.1.1 (a), (b) or (e) above, a recent extract from the judicial record or, failing that, an equivalent document recently issued by a judicial or administrative authority in the country of origin or provenance showing that those requirements are satisfied.

   The Commission accepts, as satisfactory evidence that the tenderer is not in the situation described in point IV.1.1 (d) above, a recent certificate issued by the competent authority of the State concerned.

   Where no such document or certificate is issued in the country concerned, it may be replaced by a sworn or, failing that, a solemn statement made by the interested party before a judicial or administrative authority, a notary or a qualified professional body in his country of origin or provenance.

3. Depending on the national legislation of the country in which the candidate or tenderer is established, the documents referred to in paragraph 1 and 2 above shall relate to legal and/or natural persons including, if applicable with regard to points b) and e), company directors or any person with powers of representation, decision-making or control in relation to the tenderer.

4. When the subcontracted part is above 20% of the contract value, the subcontractor(s) must also provide the above-mentioned declaration on honour. In case of doubt on this declaration on the honour, the contracting authority may also request the evidence referred to in paragraphs 2 and 3 above.
5. The Commission reserves the right to request any other document relating to the proposed tender for evaluation and verification purpose, within a delay determined in its request.

**Remark:**

The tenderers will be waived of the obligation to submit the documentary evidence above mentioned if such evidence has already been submitted for the purposes of another procurement procedure launched by the Directorates General in charge of Energy or Transport and provided that the documents are not more than one year old starting from their issuing date and that they are still valid. In such a case, the tenderer shall declare on his honour that the documentary evidence has already been provided in a previous procurement procedure, specifying the reference of the call for tender for which the documents have been provided, and confirm that no changes in his situation have occurred.

**IV.1.4. Administrative and financial penalties**

Without prejudice to the application of penalties laid down in the contract, candidates or tenderers and contractors who have been found guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in the procurement procedure or have failed to supply this information or have been declared to be in serious breach of their obligations under contracts covered by the Union budget may be subject to administrative or financial penalties, in accordance with Article 96 of the Financial Regulation and Articles 134b and 133a of the Implementing Rules.³

**IV.2. SELECTION CRITERIA (SELECTION OF TENDERERS)**

To be eligible, the tenderers must have the economic and financial capacity as well as the technical and professional capacity to perform the tasks required in this call for tender.

**IV.2.1. Economic and financial capacity – Criteria and references required**

The tenderers must satisfy the following criteria regarding their economic and financial capacity:

- average annual turnover for the last three years must exceed 250,000 EUR.

In the case of a consortium these criteria apply collectively to all members of the group and/or sub-contractors.

Evidence of this capacity shall be furnished on the basis of the following documents:

- a statement of overall turnover and turnover relating to the relevant services for the last three financial years, and
- the balance sheets or extracts from balance sheets for the last three financial years.

IV.2.2. Technical and professional capacity – Criteria and references required

The tenderers must satisfy the following criteria regarding the technical and professional capacity needed to perform the tasks required for this call for tender:

- the project leader and the experts leading the various project tasks shall have professional qualifications in radiation protection;

- the project leader and the experts leading the various project tasks shall have minimum five years of professional experience in the field of occupational radiation protection, including radiation protection regulations, radiation monitoring, and radiation dosimetry, after obtaining their professional qualification;

- the project leader must have participated (in the past five years) as a leader or a senior member in at least one project in the field of individual radiological monitoring;

- the project leader and the experts leading the various project tasks shall be active members of the relevant European or international professional bodies, networks or working groups;

- the tenderer shall have contacts with relevant organisations in the fields of occupational radiation protection, national dose registries, approved dosimetry services, and metrology institutes;

- the tenderer or, in case of a consortium, the organization in charge of the workshops must have organized at least one international meeting for a minimum of fifty participants in the past five years.

Evidence of this capacity shall be furnished on the basis of the following documents:

- detailed curriculum vitae of each staff member responsible for carrying out the work, including his or her educational background, degrees and diplomas, professional experience, research work, publications and linguistic skills;

- list of the main services and tasks delivered by the tenderer and the staff members during the last five years, including international projects and international meetings organized by the tenderer, with the dates and recipients, public or private;

- list of national and international organisations, professional bodies, networks, working groups, etc. of which the tenderer's individual staff members and participating organizations are active members or actively cooperate with.

If several service providers/subcontractors are involved in the bid, each of them must have and show that they have the professional and technical capacity to perform the tasks assigned to them.

The CV's shall be presented, preferably, in accordance to the Commission Recommendation on a common European format for curricula vitae, published in OJ L79 of 22 March 2002, p. 66.
IV.3. EVALUATION OF TENDERS – AWARD CRITERIA

The contract will be awarded according to the criteria given below, on the basis of the economically most advantageous tender.

Only bids that have reached a total score of a minimum of 70% and a minimum score of 60% for each criterion will be taken into consideration for awarding the contract.

a) Technical evaluation criteria in their order of importance as weighted by percentage

b) Total price

The contract will be awarded to the tender which offers the best ratio quality/price. The quality/price ratio will be calculated based on the following formula.

The score for tender \( x = a + b \):

\[
a = \frac{\text{price of lowest tender}}{\text{price of tender } x} \times 0.3
\]

\[
b = \frac{\text{total quality score for award criteria for tender } x}{100} \times 0.7

IV.4. INFORMATION FOR TENDERERS

The Commission will inform tenderers of decisions reached concerning the award of the contract, including the grounds for any decision not to award a contract or to recommence the procedure.

Upon written request, the Commission will inform the rejected tenderers of the reasons for their rejection and the tenderers having submitted an admissible tender of the characteristics and relative advantages of the selected tender and the name of the successful tenderer.

However, certain information may be withheld where its release would impede law enforcement or otherwise be contrary to the public interest, or would prejudice the legitimate commercial interests of economic operators, public or private, or might prejudice fair competition between them.

Please note that we can only accept either original documents or certified copies, which must be less than 6 months old.
ANNEX 4

Declaration of honour with respect to the Exclusion Criteria and absence of conflict of interest

Each service provider, including subcontractor(s) or any member of a consortium or grouping, must sign this declaration.

The undersigned [name of the signatory of this form, to be completed]:

☐ in his/her own name (if the economic operator is a natural person or in case of own declaration of a director or person with powers of representation, decision making or control over the economic operator⁶)

or

☐ representing (if the economic operator is a legal person)

official name in full (only for legal person):

official legal form (only for legal person):

official address in full:

VAT registration number:

declares that the company or organisation that he/she represents / he/she:

a) is not bankrupt or being wound up, is not having its affairs administered by the courts, has not entered into an arrangement with creditors, has not suspended business activities, is not the subject of proceedings concerning those matters, and is not in any analogous situation arising from a similar procedure provided for in national legislation or regulations;

b) has not been convicted of an offence concerning professional conduct by a judgment which has the force of res judicata;

c) has not been guilty of grave professional misconduct proven by any means which the contracting authorities can justify;

d) has fulfilled all its obligations relating to the payment of social security contributions and the payment of taxes in accordance with the legal provisions of the country in which it is established, with those of the country of the contracting authority and those of the country where the contract is to be carried out;

---

⁶ To be used depending on the national legislation of the country in which the candidate or tenderer is established and where considered necessary by the contracting authority (see art. 134(4) of the Implementing Rules).
e) has not been the subject of a judgement which has the force of res judicata for fraud, corruption, involvement in a criminal organisation or any other illegal activity detrimental to the Union's financial interests;

f) is not a subject of the administrative penalty for being guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in the procurement procedure or failing to supply an information, or being declared to be in serious breach of his obligation under contract covered by the budget.

In addition, the undersigned declares on their honour:

g) they have no conflict of interest in connection with the contract; a conflict of interest could arise in particular as a result of economic interests, political or national affinities, family or emotional ties or any other relevant connection or shared interest;

h) they will inform the contracting authority, without delay, of any situation considered a conflict of interest or which could give rise to a conflict of interest;

i) they have not made and will not make any offer of any type whatsoever from which an advantage can be derived under the contract;

j) they have not granted and will not grant, have not sought and will not seek, have not attempted and will not attempt to obtain, and have not accepted and will not accept any advantage, financial or in kind, to or from any party whatsoever, constituting an illegal practice or involving corruption, either directly or indirectly, as an incentive or reward relating to award of the contract;

k) that the information provided to the Commission within the context of this invitation to tender is accurate, sincere and complete;

l) that in case of award of contract, they shall provide upon request the evidence that they are not in any of the situations described in points a, b, d, e above.

For situations described in (a), (b) and (e), production of a recent extract from the judicial record is required or, failing that, a recent equivalent document issued by a judicial or administrative authority in the country of origin or provenance showing that those requirements are satisfied. Where the Tenderer is a legal person and the national legislation of the country in which the Tenderer is established does not allow the provision of such documents for legal persons, the documents should be provided for natural persons, such as the company directors or any person with powers of representation, decision making or control in relation to the Tenderer.

For the situation described in point (d) above, recent certificates or letters issued by the competent authorities of the State concerned are required. These documents must provide evidence covering all taxes and social security contributions for which the Tenderer is liable, including for example, VAT, income tax (natural persons only), company tax (legal persons only) and social security contributions.

For any of the situations (a), (b), (d) or (e), where any document described in two paragraphs above is not issued in the country concerned, it may be replaced by a sworn or, failing that, a solemn statement made by the interested party before a judicial or administrative authority, a notary or a qualified professional body in his country of origin or provenance.

By signing this form, the undersigned acknowledges that they have been acquainted with the administrative and financial penalties described under art 133 and 134 b of the Implementing Rules (Commission Regulation 2342/2002 of 23/12/02), which may be applied if any of the declarations or information provided prove to be false.
ANNEX 5

POWER OF ATTORNEY

mandating one of the partners in a joint tender as lead partner and lead contractor

The undersigned:

having the legal capacity required to act on behalf of his/her company,

HEREBY AGREES TO THE FOLLOWING:

1) To submit a tender as a partner in the group of partners constituted by Company 1, Company 2, Company N, and led by Company X, in accordance with the conditions specified in the tender specifications and the terms specified in the tender to which this power of attorney is attached.

2) If the European Commission awards the Contract to the group of partners constituted by Company 1, Company 2, Company N, and led by Company X on the basis of the joint tender to which this power of attorney is attached, all the partners shall be co-signatories of the Contract in accordance with the following conditions:
   (a) All partners shall be jointly and severally liable towards the European Commission for the performance of the Contract.
   (b) All partners shall comply with the terms and conditions of the Contract and ensure the proper delivery of their respective share of the services and/or supplies subject to the Contract.

1) Payments by the European Commission related to the services and/or supplies subject to the Contract shall be made through the lead partner’s bank account: [Provide details on bank address, account number].

2) The partners grant to the lead partner all the necessary powers to act on their behalf in the submission of the tender and conclusion of the Contract, including:
   (a) The lead partner shall submit the tender on behalf of the group of partners.
   (b) The lead partner shall sign any contractual documents — including the Contract, and Amendments thereto — and issue any invoices related to the Services on behalf of the group of partners.
   (c) The lead partner shall act as a single contact point with the European Commission in the delivery of the services and/or supplies subject to the Contract. It shall co-ordinate the delivery of the services and/or supplies by the group of partners to the European Commission, and shall see to a proper administration of the Contract.

Any modification to the present power of attorney shall be subject to the European Commission’s express approval. This power of attorney shall expire when all the contractual obligations of the group of partners towards the European Commission for the delivery of the services and/or supplies subject to the Contract have ceased to exist. The parties cannot terminate it before that date without the Commission’s consent.

In case parts of the results were created by employees of the Contractor, documentary evidence shall be provided as to how the creators' or authors' rights were transferred to the Contractor, i.e. a copy of the relevant agreement or extract from the employment contract should be provided.

---

9 All free-lance, self-employed individuals are to be treated as subcontractors and should fill in annex A2 individually, contrary to employees for whom extract from standard work contract can be presented in general.
1.9.3 Partial vesting of rights (pre-existing or not pre-existing)

In case the partial vesting of particular rights to the results was envisaged in the tender specification and the offer, the Contractor shall list precisely at the moment of delivery of the final report at the latest all materials, information, IT tools, methodology and any other results or parts of the result to which third persons have rights, even if originally owned by the Contractor, or for which the right is not to be unconditionally given to the Community. For every listed item the Contractor shall describe precisely the scope of pre-existing rights and not pre-existing rights and the scope and the way, direct or indirect, of the partial vesting and thereby the effective transfer of rights to the Community.

The information obligation refers also to the intention of using any listed item referred to in the first paragraph for which the rights are already entirely or partially owned by the Community. This obligation is in addition to the duty to disclose pre-existing rights referred in Article 1.9.2.

ARTICLE 1.10 - CONTRACT CONCLUDED DURING STANDSTILL PERIOD

In case this Contract was signed by both the Commission and the Contractor before the expiry of 14 calendar days from the day after simultaneous dispatch of information about the award decisions and decisions to reject, this Contract shall be null and void.

This article is not applicable for contracts not covered by Directive 2004/18/EC and in cases indicated in Article 158a(2) of the rules for the implementation of the Financial Regulation (Regulation No 2342/2002).

ANNEX I

II - GENERAL CONDITIONS FOR SERVICE CONTRACTS

ARTICLE II.1 – PERFORMANCE OF THE CONTRACT

II.1.1. The Contractor shall perform the Contract to the highest professional standards. The Contractor shall have sole responsibility for complying with any legal obligations incumbent on him, notably those resulting from employment, tax and social legislation.

II.1.2. The Contractor shall have sole responsibility for taking the necessary steps to obtain any permit or licence required for performance of the Contract under the laws and regulations in force at the place where the tasks assigned to him are to be executed.

II.1.3. Without prejudice to Article II.3 any reference made to the Contractor’s staff in the Contract shall relate exclusively to individuals involved in the performance of the Contract.

II.1.4. The Contractor must ensure that any staff performing the Contract has the professional qualifications and experience required for the execution of the tasks assigned to him.

II.1.5. The Contractor shall neither represent the Commission nor behave in any way that would give such an impression. The Contractor shall inform third parties that he does not belong to the European public service.

II.1.6. The Contractor shall have sole responsibility for the staff who executes the tasks assigned to him.

The Contractor shall make provision for the following employment or service relationships with his staff:

- staff executing the tasks assigned to the Contractor may not be given orders direct by the Commission;
- the Commission may not under any circumstances be considered to be the staff's employer and the said staff shall undertake not to invoke in respect of the Commission any right arising from the contractual relationship between the Commission and the Contractor.

II.1.7. In the event of disruption resulting from the action of a member of the Contractor's staff working on Commission premises or in the event of the expertise of a member of the Contractor's staff failing to correspond to the profile required by the Contract, the Contractor shall replace him without delay. The Commission shall have the right to request the replacement of any such member of staff, stating its reasons for so doing. Replacement staff must have the necessary qualifications and be capable of performing the Contract under the same contractual conditions. The Contractor shall be responsible for any delay in the execution of the tasks assigned to him resulting from the replacement of staff.

II.1.8. Should any unforeseen event, action or omission directly or indirectly hamper execution of the tasks, either partially or totally, the Contractor shall immediately and at his own initiative record it and report it to the Commission. The report shall include a description of the problem and an indication of the date on which it started and of the remedial action taken by the Contractor to ensure full compliance with his obligations under the Contract. In such event the Contractor shall give priority to solving the problem rather than determining liability.

II.1.9. Should the Contractor fail to perform his obligations under the Contract, the Commission may - without prejudice to its right to terminate the Contract - reduce or recover payments in
proportion to the scale of the failure. In addition, the Commission may claim compensation or impose liquidated damages provided for in Article II.12.

ARTICLE II.2 – LIABILITY

II.2.1. The Commission shall not be liable for damage sustained by the Contractor in performance of the Contract except in the event of wilful misconduct or gross negligence on the part of the Commission.

II.2.2. The Contractor shall be liable for any loss or damage sustained by the Commission in performance of the Contract, including in the event of subcontracting under Article II.6 but only up to three times the total amount of the Contract. Nevertheless, if the damage or loss is caused by the gross negligence or wilful misconduct of the Contractor or by its employees, the Contractor shall remain liable without any limitation as to the amount of the damage or loss.

II.2.3. The Contractor shall provide compensation in the event of any action, claim or proceeding brought against the Commission by a third party as a result of damage caused by the Contractor in performance of the Contract.

II.2.4. In the event of any action brought by a third party against the Commission in connection with performance of the Contract, the Contractor shall assist the Commission. Expenditure incurred by the Contractor to this end may be borne by the Commission.

II.2.5. The Contractor shall take out insurance against risks and damage relating to performance of the Contract if required by the relevant applicable legislation. He shall take out supplementary insurance as reasonably required by standard practice in the industry. A copy of all the relevant insurance contracts shall be sent to the Commission should it so request.

ARTICLE II.3 - CONFLICT OF INTERESTS

II.3.1. The Contractor shall take all necessary measures to prevent any situation that could compromise the impartial and objective performance of the Contract. Such conflict of interests could arise in particular as a result of economic interest, political or national affinity, family or emotional ties, or any other relevant connection or shared interest. Any conflict of interests which could arise during performance of the Contract must be notified to the Commission in writing without delay. In the event of such conflict, the Contractor shall immediately take all necessary steps to resolve it.

The Commission reserves the right to verify that such measures are adequate and may require additional measures to be taken, if necessary, within a time limit which it shall set. The Contractor shall ensure that his staff, board and directors are not placed in a situation which could give rise to conflict of interests. Without prejudice to Article II.1 the Contractor shall replace, immediately and without compensation from the Commission, any member of his staff exposed to such a situation.

II.3.2. The Contractor shall abstain from any contact likely to compromise his independence.

II.3.3. The Contractor declares:

- that he has not made and will not make any offer of any type whatsoever from which an unjustified advantage can be derived under the Contract,
• that he has not granted and will not grant, has not sought and will not seek, has not attempted and will not attempt to obtain, and has not accepted and will not accept, any advantage, financial or in kind, to or from any party whatsoever, where such advantage constitutes an illegal practice or involves corruption, either directly or indirectly, inasmuch as it is an incentive or reward relating to performance of the Contract.

II.3.4. The Contractor shall pass on all the relevant obligations in writing to his staff, board, and directors as well as to third parties involved in performance of the Contract.

ARTICLE II.4 – CONFIDENTIALITY

II.4.1. The Contractor undertakes to treat in the strictest confidence and not make use of or divulge to third parties any information or documents which are linked to performance of the Contract. The Contractor shall continue to be bound by this undertaking after completion of the tasks.

II.4.2. The Contractor shall obtain from each member of his staff, board and directors an undertaking that they will respect the confidentiality of any information which is linked, directly or indirectly, to execution of the tasks and that they will not divulge to third parties or use for their own benefit or that of any third party any document or information not available publicly, even after completion of the tasks.

ARTICLE II.5 – DATA PROTECTION

II.5.1 The Contractor shall have the right of access to his/her personal data and the right to rectify any such data. Should the Contractor have any queries concerning the processing of his/her personal data, s/he shall address them to the entity acting as data controller provided for in Article I.8.

II.5.2 The Contractor shall have right of recourse at any time to the European Data Protection Supervisor.

II.5.3 Where the Contract requires the processing of personal data by the Contractor, the Contractor may act only under the supervision of the data controller, in particular with regard to the purposes of the processing, the categories of data which may be processed, the recipients of the data, and the means by which the data subject may exercise his/her rights.

II.5.4 The Contractor shall limit access to the data to the staff strictly necessary for the performance, management and monitoring of the Contract.

II.5.5 The Contractor undertakes to adopt appropriate technical and organisational security measures having regard to the risks inherent in the processing and to the nature of the personal data concerned in order to:

a) prevent any unauthorised person from having access to computer systems processing personal data, and especially:
   aa) unauthorised reading, copying, alteration or removal of storage media;
   ab) unauthorised data input as well as any unauthorised disclosure, alteration or erasure of stored personal data;
   ac) unauthorised use of data-processing systems by means of data transmission facilities;

b) ensure that authorised users of a data-processing system can access only the personal data to which their access right refers;
c) record which personal data have been communicated, when and to whom;
d) ensure that personal data being processed on behalf of third parties can be processed only in the manner prescribed by the contracting institution or body;
e) ensure that, during communication of personal data and transport of storage media, the data cannot be read, copied or erased without authorisation;
f) design its organisational structure in such a way that it meets data protection requirements.

ARTICLE II.6 - SUBCONTRACTING

II.6.1. The Contractor shall not subcontract without prior written authorisation from the Commission nor cause the Contract to be performed in fact by third parties.

II.6.2. Even where the Commission authorises the Contractor to subcontract to third parties, he shall none the less remain bound by his obligations to the Commission under the Contract and shall bear exclusive liability for proper performance of the Contract.

II.6.3. The Contractor shall make sure that the subcontract does not affect rights and guarantees to which the Commission is entitled by virtue of the Contract, notably Article II.20.

ARTICLE II.7 - AMENDMENTS

Any amendment to the Contract shall be the subject of a written agreement concluded by the contracting parties before fulfilment of all their contractual obligations. An oral agreement shall not be binding on the contracting parties.

ARTICLE II.8 - ASSIGNMENT

II.8.1. The Contractor shall not assign the rights and obligations arising from the Contract, in whole or in part, without prior written authorisation from the Commission.

II.8.2. In the absence of such authorisation, or in the event of failure to observe the terms thereof, assignment by the Contractor shall not be enforceable against and shall have no effect on the Commission.

ARTICLE II.9 - USE, DISTRIBUTION AND PUBLICATION OF INFORMATION ABOUT THE CONTRACT

II.9.1. The Contractor shall authorise the Commission to process, use, distribute and publish, for whatever purpose, by whatever means and on whatever medium, any data contained in the Contract, in particular the identity of the Contractor, the subject matter, the duration and the amount paid. Where personal data is concerned, Articles I.8 and II.5 shall apply.

II.9.2. Unless otherwise provided by the Special Conditions, the Commission shall not be required to distribute or publish documents or information supplied in performance of the Contract. If it decides not to distribute or publish the documents or information supplied, the Contractor may not have them distributed or published elsewhere without prior written authorisation from the Commission.
II.9.3. Any distribution or publication of information relating to the Contract or use of outcome of the implementation of the Contract and provided as such by the Contractor shall require prior written authorisation from the Commission and, if so requested, shall mention that it was produced within a contract with the Commission. It shall state that the opinions expressed are those of the Contractor only and do not represent the Commission's official position.

II.9.4. The use of information obtained by the Contractor in the course of the Contract for purposes other than its performance shall be forbidden, unless the Commission has specifically given prior written authorisation to the contrary.

ARTICLE II.10 – OWNERSHIP OF THE RESULTS - INTELLECTUAL AND INDUSTRIAL PROPERTY

II.10.1 A result shall be any outcome of the implementation of the Contract and provided as such by the Contractor.

A creator shall be any person who contributed to production of the result.

Pre-existing intellectual property rights, sometimes referred to as background technology, are any industrial and intellectual property rights which exist prior to the contract being entered into and include rights of ownership and use of the Contractor, the Commission and any third parties ("pre-existing rights").

It shall be a material term of the Contract and of the essence of the Contract that Contractors shall be under a duty to provide a list of pre-existing rights at the date of delivery of the final result the latest.

II.10.2 The ownership of all the results or rights thereon as listed in the tender specification and the tender attached to the contract, including copyright and other intellectual or industrial property rights, and all technological solutions and information embodied therein, obtained in performance of the Contract, shall be irrevocably and fully vested to the Community, which may use them as described in the Contract. All the rights shall be vested on the Community from the moment the results were delivered and accepted by the Commission.

For the avoidance of doubt and where applicable, any such vesting of rights is also deemed to constitute an effective transfer of the rights from the Contractor to the Community.

The payment of the fee under Article I.3 is deemed to include all forms of use by the Community of the results as set out in Article I.9.

The above vesting of rights in the Community under this Contract covers all territories worldwide and is valid for the whole duration of intellectual property rights protection.

II.10.3 Any intermediary sub-result, raw data, intermediary analysis made available to the Commission by the Contractor cannot be used by the Community without written consent of the Contractor, unless the tender specification explicitly provides for it to be treated as self-contained result.

II.10.4 The Contractor retains all right, title and interest in pre-existing rights not fully vested into the Community in line with Article I.9.2, and hereby grants the Community for the requested period a licence to use the pre-existing rights to the extent necessary to use the delivered results.

II.10.5 The Contractor shall ensure that delivered results are free of rights or claims from third parties including in relation to pre-existing rights, for any use envisaged by the Commission. This does not concern the moral rights of natural persons and rights referred to in Article II.10.4.
II.10.6 The Contractor shall clearly point out all quotations of existing textual works made by the Contractor. The complete reference should include as appropriate: name of the author, title of the work, date of publishing, date of creation, place of publication, address of publication on internet, number, volume and other information allowing to identify the origin easily.

II.10.7 The Contractor shall clearly indicate all parts to which there are pre-existing rights and all parts of the result originating from external sources: parts of other documents, images, graphs, tables, data, software, technical inventions, know-how etc. (delivered in paper, electronic or other form).

For non-textual results or results provided in electronic form only, the description, instruction or information document shall list all parts coming from external sources: IT development tools, routines, subroutines and/or other programs ("background technology"), concepts, designs, installations or pieces of art, data, source or background materials or any other parts of external origin.

II.10.8 If the Commission so requires, the Contractor shall provide proof of ownership or rights to use all necessary rights to the materials referred to in Article II.10.7.

II.10.9. By delivering the results the Contractor confirms that the creators undertake not to oppose their names being recalled when the results are presented to the public and confirms that the results can be divulged.

The Contractor shall possess all relevant agreements of the creator and provide proof by way of documentary evidence.

II.10.10. By delivering the results the Contractor warrants that the above transfer of rights does not violate any law or infringe any rights of others and that he possesses the relevant rights or powers to execute the transfer. He also warrants that he has paid or has verified payment of all fees including fees to collecting societies, related to the final results.

II.10.11. The Contractor shall indemnify and hold the Community harmless for all damages and cost incurred due to any claim brought by any third party including creators and intermediaries for any alleged breach of any intellectual, industrial or other property right based on the Community’s use of the works and in relation to which the Contractor has granted the Community user rights.

ARTICLE II.11 – FORCE MAJEURE

II.11.1. Force majeure shall mean any unforeseeable and exceptional situation or event beyond the control of the contracting parties which prevents either of them from performing any of their obligations under the Contract, was not due to error or negligence on their part or on the part of a subcontractor, and could not have been avoided by the exercise of due diligence. Defects in equipment or material or delays in making it available, labour disputes, strikes or financial problems cannot be invoked as force majeure unless they stem directly from a relevant case of force majeure.

II.11.2. Without prejudice to Article II.1.8, if either contracting party is faced with force majeure, it shall notify the other party without delay by registered letter with acknowledgment of receipt or equivalent, stating the nature, likely duration and foreseeable effects.

II.11.3. Neither contracting party shall be held in breach of its contractual obligations if it has been prevented from performing them by force majeure. Where the Contractor is unable to perform his contractual obligations owing to force majeure, he shall have the right to remuneration only for tasks actually executed.
II.11.4. The contracting parties shall take the necessary measures to reduce damage to a minimum.

ARTICLE II.12 – LIQUIDATED DAMAGES

Should the Contractor fail to perform his obligations under the Contract within the time limits set by the Contract, then, without prejudice to the Contractor's actual or potential liability incurred in relation to the Contract or to the Commission's right to terminate the Contract, the Commission may decide to impose liquidated damages per calendar day of delay according to the following formula:

\[ 0.3 \times \left( \frac{V}{d} \right) \]

\( V \) is the amount specified in Article I.3.1;
\( d \) is the duration specified in Article I.2.3 expressed in days.

The Contractor may submit arguments against this decision within thirty days of notification by registered letter with acknowledgement of receipt or equivalent. In the absence of reaction on his part or of written withdrawal by the Commission within thirty days of the receipt of such arguments, the decision imposing the liquidated damages shall become enforceable. These liquidated damages shall not be imposed where there is provision for interest for late completion. The Commission and the Contractor expressly acknowledge and agree that any sums payable under this Article are in the nature of liquidated damages and not penalties, and represent a reasonable estimate of fair compensation for the losses that may be reasonably anticipated from such failure to perform obligations.

ARTICLE II.13 – SUSPENSION OF THE CONTRACT

Without prejudice to the Commission's right to terminate the Contract, where the Contract is subject to substantial error, irregularity or fraud the Commission may suspend execution of the Contract or any part thereof. Suspension shall take effect on the day the Contractor receives notification by registered letter with acknowledgment of receipt or equivalent, or at a later date where the notification so provides. The Commission shall as soon as possible give notice to the Contractor to resume the service suspended or inform that it is proceeding with contract termination. The Contractor shall not be entitled to claim compensation on account of suspension of the Contract or of part thereof.

ARTICLE II.14 – TERMINATION BY THE COMMISSION

II.14.1. The Commission may terminate the Contract in the following circumstances:

(a) where the Contractor is being wound up, is having his affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;

(b) where the Contractor has not fulfilled obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which he is established or with those of the country applicable to the Contract or those of the country where the Contract is to be performed;

(c) where the Commission has evidence or seriously suspects the Contractor or any related entity or person, of professional misconduct;
(d) where the Commission has evidence or seriously suspects the Contractor or any related entity or person, of fraud, corruption, involvement in a criminal organisation or any other illegal activity detrimental to the Community's or European Union's financial interests;

(e) where the Commission has evidence or seriously suspects the Contractor or any related entity or person, of substantial errors, irregularities or fraud in the award procedure or the performance of the Contract;

(f) where the Contractor is in breach of his obligations under Article II.3;

(g) where the Contractor was guilty of misrepresentation in supplying the information required by the Commission as a condition of participation in the Contract procedure or failed to supply this information;

(h) where a change in the Contractor's legal, financial, technical or organisational situation could, in the Commission's opinion, have a significant effect on the performance of the Contract;

(i) where execution of the tasks has not actually commenced within three months of the date foreseen, and the new date proposed, if any, is considered unacceptable by the Commission;

(j) where the Contractor is unable, through his own fault, to obtain any permit or licence required for performance of the Contract;

(k) where the Contractor, after receiving formal notice in writing to comply, specifying the nature of the alleged failure, and after being given the opportunity to remedy the failure within a reasonable period following receipt of the formal notice, remains in serious breach of his contractual obligations.

11.14.2. In case of force majeure, notified in accordance with Article II.11, either contracting party may terminate the Contract, where performance thereof cannot be ensured for a period corresponding to at least to one fifth of the period laid down in Article I.2.3.

11.14.3. Prior to termination under point c), d), e), h) or k), the Contractor shall be given the opportunity to submit his observations.

Termination shall take effect on the date on which a registered letter with acknowledgment of receipt terminating the Contract is received by the Contractor, or on any other date indicated in the letter of termination.

II.14.4. Consequences of termination

In the event of the Commission terminating the Contract in accordance with this article and without prejudice to any other measures provided for in the Contract, the Contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the letter terminating the Contract, the Contractor shall take all appropriate measures to minimise costs, prevent damage, and cancel or reduce his commitments. He shall draw up the documents required by the Special Conditions for the tasks executed up to the date on which termination takes effect, within a period not exceeding sixty days from that date.

The Commission may claim compensation for any damage suffered and recover any sums paid to the Contractor under the Contract.

On termination the Commission may engage any other contractor to execute or complete the services. The Commission shall be entitled to claim from the Contractor all extra costs incurred in doing so, without prejudice to any other rights or guarantees it has under the Contract.
ARTICLE II.14a - SUBSTANTIAL ERRORS, IRREGULARITIES AND FRAUD ATTRIBUTABLE TO THE CONTRACTOR

Where, after the award of the Contract, the award procedure or the performance of the Contract prove to have been subject to substantial errors, irregularities or fraud, and where such errors, irregularities or fraud are attributable to the Contractor, the Commission may refuse to make payments, may recover amounts already paid or may terminate all the contracts concluded with the Contractor, in proportion to the seriousness of the errors, irregularities of fraud.

ARTICLE II.15 - INVOICING AND PAYMENTS

II.15.1. Pre-financing guarantee:

Where required by Article I.4.1 or if the pre-financing is over €150 000, the Contractor shall provide a financial guarantee in the form of a bank guarantee or equivalent supplied by a bank or an authorised financial institution (guarantor) equal to the amount indicated in the same article to cover pre-financing under the Contract. Such guarantee may be replaced by a joint and several guarantee by a third party.

The guarantor shall pay to the Commission at its request an amount corresponding to payments made by it to the Contractor which have not yet been covered by equivalent service rendered on his part.

The guarantor shall stand as first-call guarantor and shall not require the Commission to have recourse against the principal debtor (the Contractor).

The guarantee shall specify that it enters into force at the latest on the date on which the Contractor receives the pre-financing. The guarantee shall be retained until the pre-financing has been cleared against interim payments or payment of the balance to the Contractor. It shall be released the following month or, in the absence of such clearing, four months after the issuance of a corresponding debit note. The cost of providing such guarantee shall be borne by the Contractor.

II.15.2. Interim payments and payment of the balance:

Payments shall be executed only if the Contractor has fulfilled all his contractual obligations by the date on which the invoice is submitted.

At the end of each of the periods indicated in Annex II the Contractor shall submit to the Commission an invoice accompanied by the documents provided for in the Special Conditions.

If providing a progress report is a condition for payment, on receipt the Commission shall have the period of time indicated in the Special Conditions in which:

• to approve it, with or without comments or reservations, or suspend such period and request additional information; or

• to reject it and request a new progress report.

Approval of the progress report shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information it contains.

Where the Commission requests a new progress report because the one previously submitted has been rejected, this shall be submitted within the period of time indicated in the Special Conditions. The new progress report shall likewise be subject to the above provisions.

II.15.3. Payment currency and costs:

Payments are executed in the currency of the contract.

Costs of the transfer are borne in the following way:
costs of dispatch charged by the bank of the Commission are borne by the Commission,
cost of receipt charged by the bank of the Contractor are borne by the Contractor,
all costs of repeated transfer caused by one of the parties are borne by the party who caused
replication of the transfer.

ARTICLE II.16 – GENERAL PROVISIONS CONCERNING PAYMENTS

II.16.1. Payments shall be deemed to have been made on the date on which the Commission's
account is debited.

II.16.2. The payment periods referred to in Article I.4 may be suspended by the Commission at any
time if it informs the Contractor that his invoice is not admissible, either because the
amount is not due or because the necessary supporting documents have not been properly
produced. The Commission may proceed with further verification, including an on-the-spot
check, in order to ascertain, prior to payment, that the invoice is admissible.

The Commission shall notify the Contractor accordingly and set out the reasons for the
suspension by registered letter with acknowledgment of receipt or equivalent. Suspension
shall take effect from the date of dispatch of the letter. The remainder of the period referred
to in Article I.4 shall begin to run again once the suspension has been lifted.

II.16.3. In the event of late payment the Contractor shall be entitled to interest, provided the
calculated interest exceeds EUR 200. In case interest does not exceed EUR 200, the
Contractor may claim interest within two months of receiving the payment. Interest shall
be calculated at the rate applied by the European Central Bank to its most recent main
refinancing operations ("the reference rate") plus seven percentage points ("the margin").
The reference rate in force on the first day of the month in which the payment is due shall
apply. Such interest rate is published in the C series of the Official Journal of the European
Union. Interest shall be payable for the period elapsing from the calendar day following
expiry of the time limit for payment up to the day of payment. Suspension of payment by
the Commission may not be deemed to constitute late payment.

ARTICLE II.17 – TAXATION

II.17.1. The Contractor shall have sole responsibility for compliance with the tax laws which apply
to him. Failure to comply shall make the relevant invoices invalid.

II.17.2. The Contractor recognises that the Commission is, as a rule, exempt from all taxes and
duties, including value added tax (VAT), pursuant to the provisions of Articles 3 and 4 of
the Protocol on the Privileges and Immunities of the European Union.

II.17.3. The Contractor shall accordingly complete the necessary formalities with the relevant
authorities to ensure that the goods and services required for performance of the Contract
are exempt from taxes and duties, including VAT.

II.17.4. Invoices presented by the Contractor shall indicate his place of taxation for VAT purposes
and shall specify separately the amounts not including VAT and the amounts including
VAT.
ARTICLE II.18 - REIMBURSEMENTS

II.18.1. Where provided by the Special Conditions or by Annex II, the Commission shall reimburse the expenses which are directly connected with execution of the tasks on production of original supporting documents, including receipts and used tickets.

II.18.2. Travel and subsistence expenses shall be reimbursed, where appropriate, on the basis of the shortest itinerary.

II.18.3. Travel expenses shall be reimbursed as follows:

a) travel by air shall be reimbursed up to the maximum cost of an economy class ticket at the time of the reservation;
b) travel by boat or rail shall be reimbursed up to the maximum cost of a first class ticket;
c) travel by car shall be reimbursed at the rate of one first class rail ticket for the same journey and on the same day;
d) travel outside Community territory shall be reimbursed under the general conditions stated above provided the Commission has given its prior written agreement.

II.18.4. Subsistence expenses shall be reimbursed on the basis of a daily allowance as follows:

a) for journeys of less than 200 km (return trip) no subsistence allowance shall be payable;
b) daily subsistence allowance shall be payable only on receipt of a supporting document proving that the person concerned was present at the place of destination;
c) daily subsistence allowance shall take the form of a flat-rate payment to cover all subsistence expenses, including accommodation, meals, local transport, insurance and sundries;
d) daily subsistence allowance, where applicable, shall be reimbursed at the rate specified in Article I.3.

II.18.5. The cost of shipment of equipment or unaccompanied luggage shall be reimbursed provided the Commission has given prior written authorisation.

II.18.6. Conversion between the euro and another currency shall be made using the daily euro exchange rate published in the C series of the Official Journal of the European Union of the day on which the expense was made.

ARTICLE II.19 – RECOVERY

II.19.1. If total payments made exceed the amount actually due or if recovery is justified in accordance with the terms of the Contract, the Contractor shall reimburse the appropriate amount in euro on receipt of the debit note, in the manner and within the time limits set by the Commission.

II.19.2. In the event of failure to pay by the deadline specified in the debit note, the sum due shall bear interest at the rate indicated in Article II.16.3. Interest shall be payable from the calendar day following the due date up to the calendar day on which the debt is repaid in full.

II.19.3. The Commission may, after informing the Contractor, recover amounts established as certain, of a fixed amount and due by offsetting, in cases where the Contractor also has a claim on the Union or the European Atomic Energy Community that is certain, of a fixed amount and due. The Commission may also claim against the guarantee, where provided for.
ARTICLE II.20 – CHECKS AND AUDITS

II.20.1. Pursuant to Article 142 of the Financial Regulation applicable to the general budget of the European Communities, the Court of Auditors shall be empowered to audit the documents held by the natural or legal persons receiving payments from the budget of the Union from signature of the Contract up to five years after payment of the balance.

II.20.2. The Commission or an outside body of its choice shall have the same rights as the Court of Auditors for the purpose of checks and audits limited to compliance with contractual obligations from signature of the Contract up to five years after payment of the balance.

II.20.3. In addition, the European Anti Fraud Office may carry out on-the-spot checks and inspections in accordance with Council Regulation (Euratom, EC) No 2185/96 and Parliament and Council Regulation (Euratom) No 1074/1999 from signature of the Contract up to five years after payment of the balance.

Tender Specifications and Monitoring

The purpose of this Annex is to enable the Commission to conduct, throughout the duration of the Contract, an accurate appraisal of whether the Contractor is executing the tasks assigned to him in accordance with the provisions of the Contract.

So that the Commission can regularly identify the progress made in execution of the tasks in accordance with the Tender Specifications, appropriate monitoring, assessment, and supervisory procedures shall be set up. For these purposes, this Annex shall include all necessary details, in particular, where relevant, the following:

(i) schedule of interim and final reports – terms for approval, structure and content (where provision is made for such reports and a specific annex is not necessary);

(ii) schedule of audits to be carried out in accordance with Article II.17 of the Contract.

All details on Monitoring and Reporting are to be indicated and included in the Tender Specifications.
