Question

Could you confirm whether you require a notarised declaration (see 13.3) confirming the tenderer is not subject to any of the points of para 12.1 (1), *in addition* to the same signed declaration of Annex III?

Answer

In principle, the Commission requires participants to provide the documents listed in paragraph 13.3. (first two rows of the table) of the Technical Specification.

In countries, where any of these documents are not available (like in the United Kingdom) it may be replaced by a sworn or, failing that, a solemn statement made by the interested party before a judicial or administrative authority, a notary or a qualified professional body in his country of origin or provenance.

This is in addition to the signed declaration of Annex III.
