08/11/2011

Question

Could you please confirm us the maximum amount for the study?

Indeed, paragraph II 2. 1. of the contract notice specifies that "the estimated maximum amount is EUR 350 000 for the total completion of the work, including all travel and subsistence expenses", whereas point 8 of the technical specification in French specifies that "the estimated maximum amount is EUR 120,000 for the total completion of the work, including all travel and subsistence expenses".

Answer

The estimated maximum amount is EUR 350 000 for the total completion of the work, including all travel and subsistence expenses.

There has been a clerical error in the French translation of the tender documents.
