

JRC Collaboration with European Neighbourhood Policy Partner Countries

1. JRC Work Programme

Institutional Networks

To implement its WP JRC works with many partners worldwide in the institutional networks. Below is a list of institutional networks in which ENP Partner countries research institutes and other bodies take part.

Ukraine

1. TRANSURANUS user network

Ukrainian partner: State Scientific and Technical Centre on Nuclear and Radiation Safety, Kiev

Moldova

1. European Soil Bureau Network

Moldavian partner: Agrarian University of Moldova; Kishinev

Palestine

1. European Soil Bureau Network, ESBN – partner: Land Research Centre - Soil Office Palestine

Israel

1. European Science and Technology Observatory – partner: Interdisciplinary Center For Technological Analysis and Forecasting at Tel-Aviv University and Interdisciplinary Centre for Technological Analysis and Forecasting

Jordan

1. European Soil Bureau Network, ESBN – partner: Ministry of Agriculture, Department Agric. Economics & policies

Morocco

1. European Soil Bureau Network, ESBN – partner: Agronomic Veterinary Institute Hassan II Soil Science Department

Tunisia

1. European Soil Bureau Network, ESBN – partner: Ministry of Agriculture, Direction des Sols
2. Global Land Cover 2000 – partner Sahara and Sahel Observatory

Lebanon

1. European Soil Bureau Network, ESBN – partner: National Council for Scientific Research

Egypt

1. European Soil Bureau Network, ESBN – partner: University Alexandria, Faculty of Agriculture

2/ Additional activities to the WP

2.1 Collaboration within FP6 Indirect Actions

The JRC takes part in the below Indirect Actions together with ENP Partner countries' research institutes and other bodies. Info on these Indirect Actions can be found on Cordis <http://cordis.europa.eu/fp6/projects.htm>

Ukraine

1. European approach to nuclear and radiological emergency management and rehabilitation strategies (EURANOS)
- Ukrainian partner: Institute of Mathematical Machine and System Problems, Kiev
2. VVER Safety Researchm COVERS
– NPP Operation Support Institute
– State Scientific and Technical Center on Nuclear and Radiation Safety
3. A PAN-EUROPEAN INFRASTRUCTURE FOR OCEAN AND MARINE DATA MANAGEMENT (**SEADATANET**)
- National Academy of Sciences of Ukraine
-Marine Hydrophysical Institute -Department of Marine Information Systems & Technologies (Ukrainian National Academy of Sciences)

Palestine

1. Co-ordination Action for Autonomous Desalination Units Based on Renewable Energy Systems **ADU-RES**
- PALESTINIAN HYDROLOGY GROUP FOR WATER AND ENVIRONMENTAL RESOURCES DEVELOPMENT

Israel

1. European Robotics Network – partner: Tel Aviv University
2. A network for bringing NANotechnologies to life – partner Tel Aviv University
3. Personalized Information Platform for Life and Health Services – partner: MEDIC4ALL (ISRAEL) LTD.
4. Policies For Research and Innovation in the Move towards the European Research Area – partner: TECHNION - Israel Institute of Technology

5. **AA SRS NET & EEE**
-University of Tel Aviv
-Interdisciplinary Centre for Technological Analysis and Forecasting
6. Prevention, Control and Management of Prion Diseases **NEUROPRION**
-HADASSAH MEDICAL ORGANIZATION
7. European Food Information Resource Network **EUROFIR**
-BenGurion University of the Negev
8. Human Integration into the Life-cycle of Aviation Systems **HILAS**
-Elbit Systems Ltd.
9. A PAN-EUROPEAN INFRASTRUCTURE FOR OCEAN AND MARINE DATA MANAGEMENT **SEADATANET**
-ISRAEL OCEANOGRAPHIC AND LIMNOLOGICAL RESEARCH LIMITED

Jordan

1. Co-ordination Action for Autonomous Desalination Units Based on Renewable Energy Systems **ADU-RES**
-ROYAL SCIENTIFIC SOCIETY

Marocco

1. A Surveillance System for Assessing and Monitoring of Desertification
-DESURVEY
-Division de Recherche et d'Experimentations Forestières
2. **NEEDS**
-CENTRE DE DEVELOPPEMENT DES ENERGIES RENOUVELABLES
3. Co-ordination Action for Autonomous Desalination Units Based on Renewable Energy Systems **ADU-RES**
-CENTRE DE DEVELOPPEMENT DES ENERGIES RENOUVELABLES
-AGRONOMIC VETERINARY INSTITUTE HASSAN II

Tunisia

1. Co-ordination Action for Autonomous Desalination Units Based on Renewable Energy Systems **ADU-RES**
-FONDATION MARRAKECH 21
-INSTITUT NATIONAL DE RECHERCHES EN GENIE RURAL, EAUX ET FORETS
2. A Surveillance System for Assessing and Monitoring of Desertification
DESURVEY
-Institut des Régions Arides
3. **NEEDS**
-ECOLE POLYTECHNIQUE DE TUNISIE

Lebanon

1. Co-ordination Action for Autonomous Desalination Units Based on Renewable Energy Systems **ADU-RES**
- EARTH LINK AND ADVANCED RESOURCES DEVELOPMENT

Egypt

1. **NEEDS**
-NEW AND RENEWABLE ENERGY AUTHORITY
2. Co-ordination Action for Autonomous Desalination Units Based on Renewable Energy Systems **ADU-RES**
-EGYPTIAN ASSOCIATION FOR WATER AND ENERGY

3 Collaboration agreement

Moldova

1. MoU EFAS ex 22795-REPUBLICA MOLDOVA*REPUBLIQUE DE MOL
(Development and testing of a European Early Flood Alert System)

Israel

1. Collaboration with BAR-ILAN University (Israel)- Bar-Ilan University
2. Research on food safety and quality-BAR ILAN UNIVERSITY

Tunisia

1. Accord license SPACE II/OSS-INSTITUT NATIONAL METEOROLOGIE DE LA
TUNISIE

Israel

1. **Collaboration agreement**-secondment of personnel-BEN-GURION UNIVERSITY OF
THE NEGEV*

Egypt

1. **Collaboration agreement**- Education and training in "Metrology in Chemistry"(MiC)-
National Institute for Standards

Contractual Staff in JRC

There is one contractual agent and or research fellow from Ukraine, Belarus, Morocco and one from Israel working in JRC Institutes.

Enlargement Workshops

In 2006 a total of 77 **ENP Partner Countries' experts** participated in the **103 specialised** workshops and training courses on various scientific and technical aspects of EU policies that have been organised by the JRC.
