Digital Champions met for the fifth time on 25-26 November in Brussels. One of the objectives of the meeting was to hear the Champions' priorities for 2014 and to find synergies with those of Vice-President Kroes and DG CONNECT. Another aim was to inform the DCs about available funding, such as the Structural Funds and to ensure that they were up-to-date with the latest policy developments.

One of the objectives of the meeting was to hear the Champions' priorities for 2014 and to find synergies with those of Vice-President Kroes and DG CONNECT. Another aim was to inform the DCs about available funding, such as the Structural Funds and to ensure that they were up-to-date with the latest policy developments.

Building on discussions held at the DAA and the webinar on Opening Up Education the second day focused, in a participatory way, on discussing challenges/drivers and best way forward in the area of digitising education.

In order to further strengthen the ties between the DCs and the Young Advisors an informal get-together was organised on Monday evening.

More on the discussion and conclusions you can read in the attached report.
