EU-industry partnerships seek innovation boost with first €1 billion for projects

Published by Newsroom Editor on 09/07/2014

Research partnerships between the EU, the private sector and Member States today presented their first calls for projects and partners under Horizon 2020, the EU's €80 billion research and innovation programme. Worth a total of €1.13 billion in public funding, which will be complemented by a comparable amount from the private partners, the first round of funding will go into projects that will improve people's lives as well as boost international competitiveness of Europe's industry.
