II.1.4) Short description of the contract or purchase(s)

The European Commission regards the extent of the health inequalities between people living in different parts of the European Union and between socially advantaged and disadvantaged EU citizens as a challenge to the EU's commitments to solidarity, social and economic cohesion, human rights and equality of opportunity. The actions described in the communication lay the framework for sustained action in this area. One of the actions is to produce a first progress report on the situation in 2012. The main objective of this call for tender is to produce a comprehensive report on health inequalities and the actions being taken to combat them in the European Union.

The 3 specific objectives of the work are:

1. to document and review the health inequalities situation in the EU including recent trends;

2. to document and review the policy response to health inequalities at EU, national and where relevant sub-national levels; and
3. to provide an analysis and commentary including implications and suggestions for possible future actions.
