AMENDING COMMISSION DECISION C/2009/6271 of 5 August 2009

on the financing of humanitarian actions in Zimbabwe from the general budget of the European Union

ECHO/ZWE/BUD/2009/02000

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union

Having regard to Council Regulation (EC) No. 1257/96 of 20 June 1996 concerning humanitarian aid¹, and in particular Articles 2 and 15(2) thereof,

Whereas:

- (1) Commission Decision C/2009/6271, adopted on 5 August 2009, provides for the funding of humanitarian aid actions in Zimbabwe from the general budget of the European Union for a total amount of EUR 9,000,000 from budget article 23 02 02 starting from 1 July 2009, with a duration of 18 months.
- (2) There is need for continuing and timely support for interventions to address outstanding needs in the area of food security ;
- (3) An assessment of outstanding needs and funding available from other EC sources was carried out during an interservice mission to identify a short-term strategy of support for Zimbabwe in July/August 2009 which has resulted in a decision to rebalance the remaining funding available to Zimbabwe between the two humanitarian budget lines in order to reflect the needs in the different sectors ;
- (4) Partners continue to submit requests for funding of emergency food security actions ;
- (5) It is therefore appropriate to increase the amount of Decision C/2009/6271 by EUR 3,000,000, so as to meet the objectives of the Decision in the best possible way, that is, to safeguard the availability of, and access to, food for vulnerable populations affected by the breakdown of essential social services.
- (6) This brings the total amount of Decision C/2009/6271 to EUR 12,000,000 from budget article 23 02 02 of the 2009 general budget of the European Union, taking into account the available budget, other donors' interventions and other factors.
- (7) In accordance with Article 17(3) of Council Regulation (EC) No 1257/96 of 20 June 1996 concerning humanitarian aid, the Humanitarian Aid Committee gave a favourable opinion on 27 October 2009.

¹ OJ L 163, 2.7.1996, p.1.

HAS ADOPTED THIS DECISION:

Sole Article

Article 1(1) of Decision C/2009/6271 is replaced by the following :

Title: **Commission Decision amending Commission Decision C/2009/6271 of 5 August 2009 on the financing of humanitarian actions in Zimbabwe from the general budget of the European Union**

Location of the action: Zimbabwe

Amount of Decision: EUR 12,000,000

Decision reference number: ECHO/ZWE/BUD/2009/02000

Supporting document

1. – Rationale for the amendment.

An amount of EUR 25,000,000 was initially earmarked for interventions in Zimbabwe in 2009, of which EUR 10,000,000 from the 2009 general humanitarian aid budget line and EUR 15,000,000 from the food aid budget line.

Member States were informed in the Humanitarian Aid Committee of 23 April of the factors which had contributed to a decision to mobilise this funding in several stages in 2009, rather than in a Global Plan:

- The situation in Zimbabwe is evolving continuously, which may mean that new needs will emerge over the coming months;
- There is a need, however, for continuing and timely support for interventions in the health and water / sanitation sectors;
- The timing of food aid/food security cycle cannot be altered: the harvest, and therefore initial crop assessments, takes place in Zimbabwe in April, and the agricultural campaign starts in September;
- The identification of a European Commission short-term strategy of support to the country after the establishment of the Unity Government in February 2009;

In the light of the above, and in order to avoid gaps in funding to humanitarian interventions, it was proposed to the Humanitarian Aid Committee to:

- Commit EUR 8,000,000 from the general humanitarian budget line in May 2009 (Decision adopted on 15 May 2009);
- To launch an ad hoc Decision from the food aid budget line in June 2009, amount to be specified as a result of the April programming mission, in order to ensure timely

funding to food assistance interventions starting in September 2009 (the current Decision, adopted 5 August 2009 after approval by the Member States on 1 July 2009 after a written procedure);

- To commit the balance of funds earmarked for Zimbabwe in a further ad hoc Decision later in the year, possibly September, in respect of any new needs, or to consolidate actions to be funded from the above Decisions.

The present modification responds to the last point above. On the basis of an assessment of outstanding needs and funding available from other EC sources as a result of the interservice mission to identify a short-term strategy of support for Zimbabwe carried out in July/August 2009, it is proposed to rebalance the remaining funding available to Zimbabwe between the two humanitarian budget lines in order to reflect the needs in the different sectors. Thus, it is proposed to reduce the allocation from the food aid budget line from EUR 15,000,000 to EUR 12,000,000 (of which EUR 9,000,000 already committed), and to increase the allocation from the general budget line from EUR 10,000,000 to EUR 13,000,000 (of which EUR 8,000,000 already committed). The present modification aims to increase the funding of the Decision in order to commit all funds available for 2009. A parallel modification to increase the funding of the Decision mentioned in the last point above has also been proposed. This is illustrated in the table below.

	2009 allocation €	Already committed	To be committed through modification	Revised allocation 2009
Food aid budget line	15,000,000	9,000,000	3,000,000	12,000,000
Humanitarian budget line	10,000,000	8,000,000	5,000,000	13,000,000
Total	25,000,000			25,000,000

2. - Proposed amendment

It is proposed that EUR 3,000,000 be used to reinforce the objective in order to be able to fund additional actions. All other aspects of the Decision remain unchanged, though it is proposed to add potential partners as their funding requests are submitted to DG ECHO.
