The requirements concerning partnership are explained in details in the Terms of Reference, point 5.1. It states, inter alia, that "Only proposals submitted by partnerships of at least 20 organisations from 20 different eligible countries will be considered".

### **Question 2:**

Can the Commission help in finding organisations in Member States in order to create a partnership?

### **Answer to Question 2:**

No, as stated in the Terms of Reference, the eligible organisations themselves have to organise a partnership and submit an application according the requirements and guidelines given for this call.

### **Question 3:**

As it is very difficult to look for a big partnership in a very short time, do you know if some network is looking for more partners or do you have the list of partnership that won last years the call of proposal (if it was published last year) or do you have a 'search on line'.

### **Answer to Question 3:**

The Commission regrets that it cannot offer assistance to find partners.
