NB

1. Items should be specified in units of less than €10,000, wherever possible
2. Where any item is proposed to be delivered by a sub-contractor, the name of the sub-contractor should be indicated. Where no sub-contractor is given, the work will be assumed to be carried out directly by the bidder.
3. The above breakdown of prices shows the bidder's intentions at the time of submission of the offer. Only the Grand Total is binding. In the event that the bidder is awarded the contract, the actual expenditure may be modified as circumstances require and as permitted by the contract. The Contracting Authority will however pay only the Price tendered, regardless of actual expenditure by the Contractor, which need not be reported to the Contracting Authority.
