

**Proyectos de la Comisión Europea**  
 Emprendidos por los agentes europeos en todas las áreas del e-learning

Acrónimo	Título	Descripción	País de origen	Contacto	Sitio web	Programa
Accompagnato	Brücken zwischen Studium und Beruf des Musiklehrers: ein Curriculum	The project aims at developing e-learning existing training programmes within the musical studies to be adopted by the countries participating.	Austria	Christine Stöger Stoeger@mdw.ac.at		COMENIUS
e-BOP	Empowerment - Burn Out Prevention. Enhanced competence leading to increased professional satisfaction	The partners (AT,LU, HU, ES) in this project will be looking into the link between increasing demands and job satisfaction with a view of developing in-service training.	Austria	Herbert HABERL herbert.haberl@pi.salzburg.at		COMENIUS
VIA@ARTEM	Virtual Academy for Arts & Education	It aims to build a European platform for the exchange of information and a common «Knowledge and Know How Pool » for teachers and artists, which work in the field of arts&education, in order to overcome national isolation that is caused by cultural education.	Austria	Johannes Köck j.koeck@akbild.ac.at		COMENIUS
ICETEL	Improving Continuing Education and Training through e-Learning	The project ICETEL aims at improving professionals' capabilities to apply e-learning in University Continuing Education.	Austria	Franz Reichl rektorat@ud.tuwien.ac.at		ELEARNING INITIATIVE
SIG-GLUE		A special interest group for the game-based learning in universities and lifelong learning	Austria	Maja Pivec maja.pivec@fh-joanneum.at		ELEARNING INITIATIVE
CACTUS	Clés pour une approche citoyenne du traitement européen de l'information	Le projet CACTUS répond au plan d'action eLearning qui demande de promouvoir le développement de l'e-learning en Europe, en mettant en place un consortium européen capable d'investir dans la recherche, de former les formateurs et de mettre en place un contenu témoin.	Austria	Claude LATREILLE:claudelatreille@audiovisuel-cassin.com		ELEARNING INITIATIVE
e-m@gine		Creation and implementation of an E-Learning platform, in which the candidates benefit with the transmission of technical knowledge made by the coordination of this platform.	Austria	Maria Gabriela Barros de Passos	<a href="http://www.emaginemworld.at/introz.html">http://www.emaginemworld.at/introz.html</a>	EQUAL

TEN-A	Trans-European Net Academy	TEN-A is an online world-class brokerage and delivery service, linking educators and trainers for the exchange and distribution of learning resources	Austria	Mag. Grégoire Besnier besnier@bit.ac.at	<a href="http://www.bit.ac.at/4_fue_anh_tena.htm">http://www.bit.ac.at/4_fue_anh_tena.htm</a>	eTEN
CEA	Consumer Education for Adults	Consumer education develops the skills, attitudes and knowledge required for today's consumer society, and is firmly linked to the basic skills needed for lifelong learning.	Austria	Maria Schuh sum@pabw.at	<a href="http://fips1.pabw.at/cea/">http://fips1.pabw.at/cea/</a>	GRUNDTVIG
Spielend Leben Lernen		The project aims at developing a life long learning programme based on the art of theatre and addressed to marginalised groups via Internet	Austria	Edith Draxl ludwig.zeier@chello.at	<a href="http://www.korso.at/korso/wissensch/interactlg.htm">http://www.korso.at/korso/wissensch/interactlg.htm</a>	GRUNDTVIG
EP	Empowering Parents of Children with Special Needs	The project aims at avoiding the exclusion from society of parents with disabled children giving them an opportunity for personal development via the ICT.	Austria	Gabriele Perissutti g.perissutti@lebenshilfe-guv.at		GRUNDTVIG
Elena	Creating a Smart Space for Learning	To demonstrate the feasibility of smart learning spaces, defined as educational service mediators, which allow the consumption of heterogeneous learning services via assessment tools, learning management systems, educational (meta) repositories and live delivery systems such as video conferencing systems	Austria	Barbara Kieslinger kieslinger@bit.ac.at		INFORMATION SOCIETY TECHNOLOGIES (IST)
FASTY	Faster Typing for Disabled Persons	It offers a communication support system that will significantly increase typing speed, and is adaptable to users with different languages and with strongly varying needs.	Austria	ZAGLER, Wolfgang fasty-fortec@fortec.tuwien.ac.at	<a href="http://www.fortec.tuwien.ac.at/reha.e/projects/fasty/fasty.html">http://www.fortec.tuwien.ac.at/reha.e/projects/fasty/fasty.html</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Fellows	Facilitating and Enhancing access to Lifelong Learning Solutions for a Wide variety of Social categories	To develop and validate new distance learning services for user groups who do not have easy access to education and training	Austria	Dr Karl Dolezal karl.dolezal@bfi-bbrz.at	<a href="http://www.istproject.com/fellows/">http://www.istproject.com/fellows/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
A-Team	Advanced Training System for Emergency Management	The main objective of the A-TEAM project is to improve the learning process in complex, technical domains, using the example of technological emergency management.	Austria	Kurt Fedra info@ess.co.at		INFORMATION SOCIETY TECHNOLOGIES (IST)
Animated Agents	Integration of Animated Agents into Virtual Learning Environments for Socially Disadvantaged People	This project concerns the development of eight various e-learning environments with integrated animated agents	Austria			INFORMATION SOCIETY TECHNOLOGIES (IST)

COMET	Computer Aided Training in Measurement and Metrology	COMET will develop a multimedia training package in the area of metrology and measurement.	Austria	Franz Reichl Franz.Reichl@tuwien.ac.at	<a href="http://lap8.ai.tuwien.ac.at/">http://lap8.ai.tuwien.ac.at/</a>	LEONARDO DA VINCI
Fit for e-Commerce	New Business Training Programme for the Disadvantaged	It will develop learning methods & materials to improve access to ICT training, for those at a particular disadvantage in the labour market, particularly in the wholesale/retail sector.	Austria	Ludwig Roithinger bfi.int@bfi-wien.or.at	<a href="http://www.ecomfit.org/project.asp">http://www.ecomfit.org/project.asp</a>	LEONARDO DA VINCI
FEMENTRE	Measures in the field of business creation for innovative businesswomen	The pilot project is targeted at women who want to set up innovative service enterprises of their own in the field of health and social work in the company services sector.	Austria	Erich Lifka lifka@telezentrum.at	<a href="http://www.fementre.com/">http://www.fementre.com/</a>	LEONARDO DA VINCI
Follo.www □	Foreign Languages for People Working With Wood	It will develop an on-line elementary language course for the improvement of sector-specific language skills, for employees within the woodworking industry.	Austria	Monika Thum-Kraft info@ibw.at	<a href="http://www.follo-www.net/">http://www.follo-www.net/</a>	LEONARDO DA VINCI
Harvesthead	A European Training Module for Harvesting Head Technology	The project addresses the lack of ICT use in the forestry harvesting industry across the nine partner countries, building upon good practice already in place across Scandinavia.	Austria	Eoin Sweeney info@eurofortech.com	<a href="http://www.innovawood.com/innovawood/">http://www.innovawood.com/innovawood/</a>	LEONARDO DA VINCI
Akademie für Zukunftshackler	Holistic and Modular Training in the Field of Information and Communication Technology	This academy for future 'hackers' aims to develop holistic, modular training structures for new entrants in the information and communication professions.	Austria	Prof. Mag. Helmut RENNER helmut.renner@cebs.at	<a href="http://www.ru5.cti.gr/ENversion/erga/holistic.asp">http://www.ru5.cti.gr/ENversion/erga/holistic.asp</a>	LEONARDO DA VINCI
SOLOCOM	New forms of self-employment - atypical forms of employment as an opportunity on the labour market	The pilot project is targeted at self-employed persons and businesses without employees, notably women, who are often active in a grey area between independence, freelance work and pseudo-self-employment.	Austria	Martina Schubert m.schubert@ad-hoc.at; fofos@ad-hoc.at	<a href="http://www.solocom.at/">http://www.solocom.at/</a>	LEONARDO DA VINCI
TENVORS	Network for Lifelong Vocational Training for Sustainable Regional Development	The TENVORS Transnational Network will bring together supply and demand (problem owners and problem solvers) in a virtual market place	Austria	Bernhard Siegele siegele@wing.tgm.ac.at	<a href="http://www.tenvors.org/tenvors.html">http://www.tenvors.org/tenvors.html</a>	LEONARDO DA VINCI
LOGOS GAIAS	Hypermedial language skills for the integrated development of cultural landscapes in Europe	It is planned to develop teaching materials for self-tuition (CD-ROM, interactive learning, distance learning) in the field of environmental protection and landscape conservation.	Austria	cbrunner@edvl.boku.ac.at Hartmut Gossow		LEONARDO DA VINCI

As Promotics II	Tele-Tutoring for Language Instructors	The aim is to develop a tele-tutoring system for language teachers to enable them to download data from an internet database to aid in language teaching.	Austria	Prof. Mag. Helmut RENNER helmut.renner@cebs.at		LEONARDO DA VINCI
BABELNET	Un cadre européen pour l'enseignement/apprentissage collaboratif des langues à distance	Su objetivo es el desarrollo de material de enseñanza y aprendizaje para educación a distancia abierta y cooperativa en la red en tres idiomas: Inglés, Francés y Castellano.	Austria	Christian Ollivier christian.ollivier@sbg.ac.at	<a href="http://babelnet.sbg.ac.at/">http://babelnet.sbg.ac.at/</a>	LINGUA
BIRTH		The project BIRTH aims at building up a multimedia-based, multilingual pool of archive material from the first broadcasting days 50 years ago for online access by different user-groups.	Austria	<a href="mailto:Georg.Thallinger@joanneum.at">Georg.ThallingerGeorg.Thallinger@joanneum.at</a>		MEDIA
ISOLDE	Information System for Interrupted Learners	Its aim is to provide access to interrupted or excluded learners at pre-school and compulsory school level.	Austria	Ludo Knaepkens Efecot@efecot.net	<a href="http://www.efecot.net/">http://www.efecot.net/</a>	MINERVA
TELESYSTEMS	Evaluation of advanced tele-learning systems	Target is the development of advanced tele learning methods to meet the demands of learners for simply accessible and place-independent tele-training methods.	Austria	Erich Lifka (Mr) erich.lifka@wko.at	<a href="http://www.temptex.net/">http://www.temptex.net/</a>	MINERVA
ODL:Inclusive	Open Distance Learning in Teacher Training for Inclusive Education	The project aims to enhance Inclusive education of children with special needs through e-learning tools	Austria	Mr. David WOHLHART dwohlhart@pae.asn-graz.ac.at		MINERVA
AEN	Adult Education Network	The aim of the project is to develop a co-operation between institutions and organizations with experience in adult education and ODL in 9 European countries.	Austria	Prof. Wilfried NAGL w.nagl@mail.htl-leonding.ac.at		MINERVA
UNI-GAME	Game based Learning in universities and lifelong learning	The project addresses the concepts of game based learning with a focus on the higher education sector.	Austria	Anni KOUBEK koubek@fh-joanneum.at		MINERVA
ESEP	Electronical Sports Education Programme	The project aims to develop an interactive CD-Rom to improve the quality of sport games.	Belgium	UNIVERSITEIT GENT Dirk.DeClercq@rug.ac.be	<a href="http://allserv.rug.ac.be/%7Ecremy/ESEP.html">http://allserv.rug.ac.be/%7Ecremy/ESEP.html</a>	COMENIUS
EMISTE	European Master's Degree through In-Service Training on European and Global Dimension in Education	The project sets to provide an integrated curriculum for an MA degree for teachers and staff.	Belgium	Arno LIBOTTON Arno.libotton@vub.ac.be		COMENIUS

EEEL	Excellence in European eContent Localisation	The EEEL project will improve knowledge and awareness of Best Practice for e-content localisation.	Belgium	Jonathan Sage jonathan.sage@be.ibm.com		eCONTENT
DELOS	Developing a European e-learning Observation System	The DELOS Project is aimed at preparing the establishment of a sustainable Observation System to accompany the e-Learning Action Plan.	Belgium	Nikitas Kastis Menon@menon.org	<a href="http://www.education-observatories.net/delos">http://www.education-observatories.net/delos</a>	ELEARNING INITIATIVE
cEVU	Collaborative European Virtual University	This project aims to develop e-learning models and ideas for a European virtual university, based on collaboration between European universities.	Belgium	Jef Van den Branden vandenbranden@europace.be +32-16-32.75.73		ELEARNING INITIATIVE
eRNIST	European Research Network for ICT in Schools of Tomorrow	The purpose of eRNIST is to create a network in research and evaluation of ICT in learning and innovative schools.	Belgium	Roger Blamire roger.blamire@eun.org		ELEARNING INITIATIVE
ORPHEUS	On-Line Alinari Photographic (Heritage) Archive for European Educational System	ORPHEUS will enable the educational institutions in Europe to access the unique European photographic heritage.	Belgium	Bruno Lambrecht bruno.lambrecht@lrd.kuleuven.ac.be	<a href="http://cwisdb.cc.kuleuven.ac.be/research/P/3H02/project3H020625.htm">http://cwisdb.cc.kuleuven.ac.be/research/P/3H02/project3H020625.htm</a>	eTEN
EBP	Employment Brokering Platform	The Employment Brokerage Platform (EBP) is an electronic job exchange marketplace system available to the whole employment.	Belgium	Anne Rysenaer anne.rysenae@forem.be	<a href="http://ebp.forem.be/">http://ebp.forem.be/</a>	eTEN
EBR-TIC SERVICE	European Business Register - Trust and Internet Confidence Service	EBR-TIC aims to make official information about a company easily accessible directly from the company's website.	Belgium	Vito Giannella vito.giannella@infonie.be	<a href="http://www.ebr.org/">http://www.ebr.org/</a>	eTEN
ETUDE	European Trade Union Distance Education	The ETUDE system combines an on-line resource bank of multimedia materials with a set of communication channels for the Trade Union sector.	Belgium	ETUDE derek.stubbs@dial.pipex.com	<a href="http://www.etude.org/">http://www.etude.org/</a>	eTEN
BPS	Business Plan Support to TEN-Telecom funded projects	BPS provides guidance and assistance in preparing and improving the business plans of TEN-Telecom funded projects	Belgium	Theis Werner werner_theis@systag.com	<a href="http://www.tentelecom-bps.net/">http://www.tentelecom-bps.net/</a>	eTEN
EEE	Evaluation Electronique Europeene	EEE's main objective is that of creating a tool to self-evaluate e-learners and teach training operators to use them and up-date contents of the different trainings.	Belgium	Centre Socialiste d'Education Permanente administration@cesep.be		GRUNDTVIG
Elsa	eLearning Solution for Automotive SMEs	Demonstrating the added value, for supply companies operating in the automotive sector, of the innovative eLearning and training portal ELSA.	Belgium	Amalia Distefano a.distefano@clepa.be	<a href="http://elsa.clepa.com/">http://elsa.clepa.com/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

eLIVE	Accelerated eLearning and Innovation Network for European	To create a pan-European learning exchange and innovation network for SMEs based on adult learning and knowledge management principles and processes.	Belgium	Fanuel Dewever fanuel.dewever@be.ibm.com	<a href="http://www.elive-online.com/app/elive.nsf/home?openform">http://www.elive-online.com/app/elive.nsf/home?openform</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
CONSENSUS	Promoting Consensus in assessing driving ability of PSN through common methodologies and normative tools	CONSENSUS is a feasibility study on developing a Thematic Network with emphasis using IT tools for Drivers with Special Needs.	Belgium	BATEN, Guido Guido.Baten@bivv.be	<a href="http://www.consensus.upv.es/">http://www.consensus.upv.es/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
e-Euregio	Development and testing of e-commerce training products	The project aims to develop and test initial and ongoing training products in e-commerce focused to SMEs' skills requirements.	Belgium	Hubert Keutgens iawm@euregio.net	<a href="http://www.e-euregio.com/">http://www.e-euregio.com/</a>	LEONARDO DA VINCI
EuroPsy	Project to design a European Diploma of Psychology	The aim of EuroPsy (◆) is to provide a common standard for Psychologists across Europe.	Belgium	Nigel Lloyd NigelL@CamProf.com	<a href="http://www.europsy.be/pagecontact.htm">http://www.europsy.be/pagecontact.htm</a>	LEONARDO DA VINCI
CLINIPASS	From Theory to Nursing Practice, Innovative Clinical Training Process to Facilitate Vocational Integration	The project aims at improving the quality of vocational training and skills of nursing staff by means on the ICTs.	Belgium	J. Leblicq unite.stages@steju.hemes.be	<a href="http://www.hemes.be/clinipass/projet.htm">http://www.hemes.be/clinipass/projet.htm</a>	LEONARDO DA VINCI
FIBRONET	Development of a Vocational Tool on Textile Fibres designed for the New Work Situation in European SMEs based upon the use of new information and communication technologies	An interactive, web-based, training tool will be developed to inform upon all types of fibres to include information on technical characteristics, textile families, functionality and types of application.	Belgium	Fabrice Pirotte fabrice.pirotte@centexbel.be		LEONARDO DA VINCI
	European Master in e-Commerce and in Cyber communication Design and implementation	The project is based on an analysis of the scarcity of qualified personnel in economic activities based on the use of digital networks and ICT.	Belgium	Jean-Dominique Seroen Stlouis.seroen@skyprio.be		LEONARDO DA VINCI
CERCOM	Certification of Skills and Competences in Commercial Activities in Europe	The project is designed to create a permanent and comparative database of activity profiles for standard commercial jobs in European firms.	Belgium	Julia Ridsdale-Saw jridsdale@emc.be		LEONARDO DA VINCI
European Docuzone		European Docuzone is the first digital distribution and exhibitions networks across eight europeans countries specifically intended for specialised European films (documentaries, shorts, etc.)	Belgium	Paul Pauwels: Periscope.productions@brutele.be		MEDIA

NODAL		NODAL aims at establishing the first pan-European portal linking and extendible network of European audiovisual archives into a shared e-commerce platform. The project responds to a widely felt need of the stakeholders active in the audiovisual archive business and brings together different categories of content providers and producers.	Belgium	Philippe Fannoy: pfannoy@cityfilms.be		MEDIA
CLIENT	Collaborative Learning in an International Environment	The project aims to implement methodologies of context based problem oriented learning in a virtual setting where contact between the students and companies is through ICT	Belgium	Dr. Chris Van Keer Chris.vankeer@kahosl.be <a href="http://www.Kahosl.be">http://www.Kahosl.be</a>	<a href="http://www.client-learning.org/">http://www.client-learning.org/</a>	MINERVA
COSTER		The COSTER tool will help to estimate and calculate the production costs of an educational multimedia application	Belgium	Contact coster@atit.be	<a href="http://www.coster.ws/en/inroduction_en.htm">http://www.coster.ws/en/inroduction_en.htm</a>	MINERVA
CELL-TALK	Cyber Methods for Open and Distance Learning in Cell Biology in your Native Language	The project aims to design, develop and test new methods and educational tools and to promote lesser spoken languages.	Belgium	Dr. Chris Van Keer Chris.vankeer@kahosl.be	<a href="http://www.kahosl.be">http://www.kahosl.be</a>	MINERVA
WAI-NOT	In the framework of educating/coaching mentally disabled children/youngsters	The 'WAI-NOT' project aims at encouraging the use of ICT as an educational tool and to develop the abilities of mentally retarded children and youngsters.	Belgium	Stefan Agten info@wai-not.org	<a href="http://www.wai-not.org/">http://www.wai-not.org/</a>	MINERVA
CefA	Computer Education for All (CefA)	The aim of the project is to identify the obstacles for people with physical disability accessing to courseware related materials.	Belgium	Bernadette Charlier Bernadette.charlier@fundp.ac.be		MINERVA
ELISE	Electronic Learning in Service Teacher Training in Europe	The project aims to develop an e-learning methodology for in-service teacher training.	Belgium	Michaël Goethals michael.goethals@arts.kuleuven.ac.be		MINERVA
	Initial training of teachers on partnership relations with parents	'Initial teacher training for teachers on partnership relations with parents" project sets to create a module on parent-teacher relations for initial teacher training	Belgium	Solveig GAARSMAND infos@epa.be	<a href="http://www.leargas.ie/education/ca/school2.html">http://www.leargas.ie/education/ca/school2.html</a>	COMENIUS
PORTAL	Production Organised Research Tool for Audio-visual Libraries	The initiative aims to combine existing web sites with online viewing sequences under the same portal. Professional users will find European and world-wide content.	Belgium	Philippe Fannoy p.fannoy@cityfilms.be		eCONTENT

S2-NET	Social and Sector based e-learning enhanced by Professional ODL networks	The project will bring together a range of professional bodies from across Europe to form a European network with the aim of encouraging the use of Open and Distance Learning.	Belgium	Helga Van Heysbroeck hvheysbr@vdab.be	<a href="http://www.europace.org/services/projects/s2net/">http://www.europace.org/services/projects/s2net/</a>	LEONARDO DA VINCI
PAB	Personal Budget Assistance Helpdesk	It aims to develop a training package and support methodology able to contribute to the financial and personal autonomy and greater equality of opportunity for disabled persons.	Belgium	Herman Janssens Post@kvg.be	<a href="http://www.pahelpdesk.net/">http://www.pahelpdesk.net/</a>	LEONARDO DA VINCI
LEOMEPE	Leonardo's Multilingual Engineers Project	This multiplier effect project proposes to incorporate two old prototypes and develop 16 other linguistic and cultural learning models, for publication on the Internet.	Belgium	Martine Verjans martine.verjans@luc.ac.be	<a href="http://www.plurilingua.com/">http://www.plurilingua.com/</a>	LEONARDO DA VINCI
	<u>Telecoaching</u>	The Telecoaching project is to research and develop specialist, training modules to encourage the use of ICT in training and counselling	Belgium	Ben Bruyndonckx ben.bruyndonckx@vizo.be	<a href="http://www.telecoaching.be/">http://www.telecoaching.be/</a>	LEONARDO DA VINCI
TEMPTEX	Development of a standard interactive template for innovative training in textiles	Its aim is to transform training products, some parts of which only exist in hard copy, into interactive training products using ICT.	Belgium	Prof.Dr.Ir. Lieve Van Langenhove lieva.vanlangenhove@rug.ac.be	<a href="http://www.temptex.net/">http://www.temptex.net/</a>	LEONARDO DA VINCI
MENTOR-C	Materials Engineering Training Tools: On-Line Tutoring, International Recognition & Certification of Corrosion Expertise	MENTOR-C will develop an electronic, interactive training course in Corrosion Engineering for use by existing employees and those considering future employment within this sector.	Belgium	Walter Bogaerts walter.bogaerts@mtm.kuleuven.ac.be	<a href="http://www.vl-leonardo.be/MENTORC.html">http://www.vl-leonardo.be/MENTORC.html</a>	LEONARDO DA VINCI
MIGMAG ICT	Innovation and Quality Improvement in Theoretical-Practical Vocational Training of MIG/MAG Welding by ICT	The MIG/MAG ICT project will develop an interactive learning tool particular to MIG/MAG Welding, to serve existing employees and those considering employment.	Belgium	Robert Vennekens Robert.vennekens@soete043.rug.ac.be	<a href="http://www.vl-leonardo.be/MIGMAG.html">http://www.vl-leonardo.be/MIGMAG.html</a>	LEONARDO DA VINCI
PROTEIN	Professional Training European Enterprises Network	It aims at recognising competencies of SME staff to develop individual employability and potential for workforce mobility and improve the competitiveness of individual enterprises.	Belgium	Hans Werner Muller b.palmieri@ueapme.kmonet.be	<a href="http://www.zwh.de/projekt/e/p_protein.htm">http://www.zwh.de/projekt/e/p_protein.htm</a>	LEONARDO DA VINCI
	<u>Long-distance Training in the Treatment of Sexual and Physical Abuse</u>	The product is a teaching pack including a learners' guide and eight training modules with evaluation forms	Belgium	Jose Antonio Inchauspe Aigs.mg@aigs.be Pierre Lerusse joconda@skynet.be		LEONARDO DA VINCI

RECRE@SUP	Réseau des Centres de Ressources pour l'Enseignement Supérieur	This project aims to create a network of universities' resource centres for teachers and researchers implied in the implementation or analysis of the use of ICT in Higher Education.	Belgium	Bernadette Charlier bernadette.charlier@fundp.ac.be	<a href="http://tecfa.unige.ch/proj/recreasup/public/presentation_en.php">http://tecfa.unige.ch/proj/recreasup/public/presentation_en.php</a>	MINERVA
NetCampus	Improving Open and Distance Learning in a Network	The goal of the project is to improve understanding of the potential benefits of networking between universities through ICT and the critical factors for a successful implementation.	Belgium	Ilse Op de Beeck ilse.opdebeeck@europace.be <a href="http://www.europace.be">http://www.europace.be</a>	<a href="http://www.europace.org/">http://www.europace.org/</a>	MINERVA
LINK	Linking professors for producing better courses	LINK aims at lowering teachers' burden to develop web-based multimedia course modules and to introduce web-based learning using a tele-learning platform in universities.	Belgium	Raf Catthoor raf.catthoor@kdg.be	<a href="http://www.siu.no/">http://www.siu.no/</a>	MINERVA
Elfe		Coordinated by ETUCE, the project is directly addressed to teachers' unions, teachers and pedagogues.	Belgium	Martin Romer Martin.Romer@csee-etice.org		ELEARNING INITIATIVE
AAOutils	Architecture and Accessibility - Tools for Training	The project aims at producing vocational training programmes in accessible architecture in favour of physically disabled people via Internet.	Belgium	Anne-Catherine Jooris acjooris.anlh@autonomia.org	<a href="http://www.anlh.be/aaoutils/index.html">http://www.anlh.be/aaoutils/index.html</a>	LEONARDO DA VINCI
Teachers for MME	Teachers for Multilingual - Multiethnic Europe	The project focuses on linguistic and intercultural education in multi-ethnic classrooms	Bulgary	Emil BUZOV emil.step@bitex.com	<a href="http://www.stepbystep.bitex.com/engProjects.htm">http://www.stepbystep.bitex.com/engProjects.htm</a>	COMENIUS
ECET	European Computing Education and Training	The project aims at the achievement of a European Dimension in Higher Computing Education and Training.	Bulgary	Angel Smirikarov asmrikarov@ecs.ru.acad.bg		ERASMUS
TEBIT	Training e-Business in Tourism	TEBIT will develop and pilot a series of training modules in e-Business for use by SMEs in the tourism sector.	Bulgary	Savina Mihailova savinam@techno-link.com	<a href="http://www.trainingetourism.org/">http://www.trainingetourism.org/</a>	LEONARDO DA VINCI
InBuiltSafety	The Language of Health and Safety in the Construction Environment: An Interactive Multilingual Learning and Reference Tool	It aims at providing a cost-effective and time saving acquisition of language skills and the development of communicative competencies of specialists and workers in multinational SMEs.	Bulgary	Atanaska Mitteva ASM_FLD@uacg.acad.bg		LEONARDO DA VINCI
EVI	European Virtual Incubator for the Training & Support of High Tech SMEs	The EVI project will develop models, guidelines, curricula & specific training modules for those considering self-employment and/or the creation of their own business.	Bulgary	Dimitar Hristov hiron_mc@ttm.bg		LEONARDO DA VINCI

IPSS_EE	Internet-based Performance Support Systems with Educational Elements	IPSS_EE project objectives are development of Internet-based Performance Support Systems with Educational Elements for university and vocational engineering education.	Bulgary	Nevena Mileva (Ms) nmileva@pu.acad.bg http://www.pu.acad.bg	<a href="http://fie.engrng.pitt.edu/fie2002/papers/1011.pdf">http://fie.engrng.pitt.edu/fie2002/papers/1011.pdf</a>	MINERVA
Household Services Abroad (Houseserve)	Training System for Household Assistants, Accreditation and Counselling of their Employment Abroad	It will establish a training package for Household Assistants to learn basic skills in Greek to enable them to undergo their daily work more effectively.	Cyprus	Diomides Diomidous deok@cytanet.com.cy		LEONARDO DA VINCI
e-LEN	A Network of e-Learning Centers	The project aims to create a Network of e-Learning Centres and leading organisations in the learning technologies.	Cyprus	Symeon RETALIS retal@cs.ucy.ac.cy		MINERVA
INCLUSIVE	Interpersonal Clues for Understanding in Schools with Interculturally Valid Education	It is a three year project aiming at promoting intercultural education in a broader sense or education in diversity or inclusive education.	Czech Republic	Pavla POLECHOVÁ pavla.polechova@pedf.cuni.cz	<a href="http://www.natur.cuni.cz/~polejit/polechop/inclusive/main.html">http://www.natur.cuni.cz/~polejit/polechop/inclusive/main.html</a>	COMENIUS
EMTISM	Empowering Mathematics Teachers for the Improvement of School Mathematics	It aims to improve the teaching of mathematics in school through the provision of in-service training material for teachers from primary and secondary education.	Czech Republic	Darina JIROTKOVÁ darina.jirotkova@pedf.cuni.cz		COMENIUS
	<u>Integration Programme for Unemployed</u>	It aims at strengthening cooperation between metallurgical companies, labour offices, potential new employers, training institutions, etc. to create networks of experts committed to solving problems.	Czech Republic			EQUAL
Freetext	French in Context: An Advanced Hypermedia CALL System featuring NLP Tools for a Smart Treatment of Authentic Documents and Free Production Exercises	The FreeText project aims at developing a hypermedia computer assisted language learning system for intermediate to advanced learners of French	Czech Republic	Catherine Walther Green Catherine.Walther@lettres.unige.ch	<a href="http://www.latl.unige.ch/freetext/">http://www.latl.unige.ch/freetext/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
EuroCertStaff in SME Sector	Training and Certification of SME Staff in the Crafts and Services Sector According to European	The project will design, develop and pilot an outline qualification and certification system for employees in the crafts and services sectors targeted at SMEs (up to 50 employees).	Czech Republic	Jana Charova charova@hker.cz	<a href="http://www.hker.cz/projekty/eurocert.html">http://www.hker.cz/projekty/eurocert.html</a>	LEONARDO DA VINCI

INTERLOG 2	International Logistics through Language Modules and e-Learning	Based upon the previously funded Leonardo da Vinci INTERLOG project, INTERLOG 2 will further develop an existing logistics training package in the addition of new modules	Czech Republic	Milan Kment milan@vda.cz	<a href="http://www.inter-log.net/aims.html">http://www.inter-log.net/aims.html</a>	LEONARDO DA VINCI
GWO	Guide to the World of Occupations	The project will build upon previously funded Leonardo activity to develop a 'new' version of the multimedia computer database Guide to the World of Occupations.	Czech Republic	Vaclav Klenha vaclav.klenha@dhv.cz	<a href="http://www.volny.cz/psp2/en/">http://www.volny.cz/psp2/en/</a>	LEONARDO DA VINCI
Internet for the DEAF	Internet as a Potential Source of New Employment Possibilities for the Deaf	The project partnership will create and test training programmes to give deaf people, and others with hearing problems, access to Information and Communication Technology (ICT)	Czech Republic	Ass. Prof. Jaroslav Hruby, PhD hruby@vlada.cz		LEONARDO DA VINCI
EUROCARE	Improving the Lifelong Training of Social Care Staff in Europe	It will develop an innovative European training package, with a particular focus upon ICT, for use within the Social Care Sector and working primarily with the elderly and disabled.	Czech Republic	Pavel Cihak Cihak@vuste-envis.cz ; envis@vuste-envis.cz		LEONARDO DA VINCI
ECLIT	Enhancing Cultural Learning During Brief Cultural Exchanges by the Use of ICT	This project aims to increase young European understanding of the variety of lived experiences in Europe today.	Czech Republic	Paul Whittaker Paul@instep.cz http://www.instep.cz	<a href="http://eclit.instep.cz/perl/ec lit/enter.pl">http://eclit.instep.cz/perl/ec lit/enter.pl</a>	MINERVA
	<u>Managerial Challenges of ICT-based learning</u>	It is focused on the assessment of organisational and management requirements facilitating efficient and effective ICT-based learning at Higher Education institutions	Czech Republic	Ivana TICHÁ ticha@pef.czu.cz	<a href="http://www.csvs.cz/">http://www.csvs.cz/</a>	MINERVA
ME2	MATHS-EUROPE-ENCYCLOPEDIA	Its aim is to create a web data base and materials for the teaching and training of mathematics to remotivate their practise, by experimentation, games, and problems.	Czech Republic	Raili Vilt railiv@ut.ee +372/7/375 581	<a href="http://www.csvs.cz/">http://www.csvs.cz/</a>	MINERVA
COMMUNITY - DIVERSITY - COMMUNICATION	Building Bridges in the Multicultural European Classroom	It is a project on intercultural education and (via) multimedia.	Denmark	Ann Thorsted thorsted@post.tele.dk		COMENIUS
EQUEL	e-Quality in e-Learning Research Laboratoire	A virtual centre and space for sharing ongoing work and developing collaborative project activities with researchers and practitioners.	Denmark	Lone Dirckinck-holmfeld lone@hum.auc.dk	<a href="http://www.vbn.dk/Videnscentre/AAU/Hum/Kommunikation/projects/e-quality/e-quality.project">http://www.vbn.dk/Videnscentre/AAU/Hum/Kommunikation/projects/e-quality/e-quality.project</a>	ELEARNING INITIATIVE

	<u>Regionales Netzwerk Südpfalz - Kompetenz für regionale KMU</u>	The project aims at setting-up of a network structure between the different operative and strategic partners to improve the qualifications of the employed in the region	Denmark	Rinderlin Bernd Bernd.Rinderlin@cjd.de	<a href="http://www.cjd-maximiliansau.de/">http://www.cjd-maximiliansau.de/</a>	EQUAL
NAMAL	New and Motivational Approaches to Life Long Learning ( Nye og motiverende angrebsvinkler på Livslang Læring)	The project aims at give disadvantaged groups of people access to lifelong learning	Denmark	Svend Aage Moeller 25sam@hk.dk		GRUNDTVIG
PRISMA	Providing Innovative Service Models and Assessment	PRISMA will promote a citizen-driven Europe based on innovative approaches to modernising citizens services	Denmark	Jeremy Millard jeremy.millard@teknologisk.dk	<a href="http://www.prisma-eu.net/">http://www.prisma-eu.net/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
FINVOC	Find and Develop the Hidden Intelligence in Vocational Students	It aims to improve the skills and competencies of young vocational students in providing teachers with the tools for the support of learning competencies in individual students.	Denmark	Euc Sjaelland fr@eucsj.dk	<a href="http://sourceforge.net/projects/finvoc/">http://sourceforge.net/projects/finvoc/</a>	LEONARDO DA VINCI
COGSAFE	Cognitive Human Factor Training to improve Social Skills in Sectors with High Safety Requirements and with the Aviation Industry as an example	COGSAFE will both undergo a needs analysis and develop a specialist training module in Human Factor Training for employees in the European aviation industry.	Denmark	M. Poul-Erik Lyager pe@flight-training.dk	<a href="http://www.cogsafe.com/">http://www.cogsafe.com/</a>	LEONARDO DA VINCI
TEAK WOOD	Teacher Qualifications in the Knowledge Society aimed at the Woodworking Industry	TEAKWOOD will focus upon the supplementary training of teachers within the European woodworking industry.	Denmark	M. Svend Erik Nissen son@skivets.dk	<a href="http://www.panamateakwood.com/">http://www.panamateakwood.com/</a>	LEONARDO DA VINCI
MUVO-TEWA Education in the Welding Area	Multinational Upgrading in Vocationally Orientated Technology and	The MUVO-TEWA project will contribute both to the modernisation and to the internationalisation of vocational training in the metal welding sector.	Denmark	Coordinator kurt.holm@bornholmsErhvervsskole.dk		LEONARDO DA VINCI
e-Future	Development, Testing, Evaluation and Dissemination of an Innovative e-Business Course aimed at SME needs of e-skills in the future	The e-Future project will develop, test, evaluate and disseminate an innovative e-Business course to assist SMEs in moving to the forefront of global e-Commerce competition.	Denmark	Morten Bierbaum mb@euc.dk		LEONARDO DA VINCI
Intern	Promoting advances in European Higher Business Education through ICT- supported Virtual Internships	The purpose and primary objective of the project is to explore the extent to which ICTs can support a system of Virtual Internship.	Denmark	Regitze Kristensen Rekr@tietgen.dk <a href="http://www.tietgen.dk">http://www.tietgen.dk</a>	<a href="http://intern-network.org/cgi/login.cgi">http://intern-network.org/cgi/login.cgi</a>	MINERVA

EuroClass	Promoting Advances and European Mobility in Higher Education through ICT-supported Virtual Mobility Teams	To integrate Virtual Mobility in the curriculum of business and social science studies	Denmark	Regitze Kristensen rekr@tietgen.dk	<a href="http://www.euroclass.org/">http://www.euroclass.org/</a>	MINERVA
BOLDIC	Baltic-Nordic Network for Exchange of Experience	Its goal is to create an international network of organisations from Baltic and Nordic countries to exchange "best practices" of an educational tradition in the area of ODL.	Denmark	Jørgen Grubbe grubbe@kka.dk		MINERVA
eCOLE	Internet-based Collaborative Learning in Adult Education	The project aims at investigating the potential of Internet-based collaborative learning in adult education.	Denmark	Aase Steinmetz Aase.Steinmetz@skolekom.dk	<a href="http://www.statvoks.no/eco/le/">http://www.statvoks.no/eco/le/</a>	GRUNDTVIG
DOC@HOME	Home care and remote monitoring system for the population with special needs allowing expert advice to be generated ex situ based on the collected data.	To enhance the effectiveness and efficiency of management of home care patients with chronic disease and facilitate control over the disease by a new concept and technology.	Estonia	PORT, Kristjan kristjan@curonia.com	<a href="http://www.curonia.com/eur/Project%20Web%20Site.htm">http://www.curonia.com/eur/Project Web Site.htm</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
AGETT	Adult Guidance in Education: Training of Trainers	The project will build upon previously funded Leonardo da Vinci development activity within the Adult Guidance sector in developing the role of the Adult Guidance counsellor.	Estonia	Epp Veski e_veski@yahoo.com	<a href="http://www.tpu.ee/agett/">http://www.tpu.ee/agett/</a>	LEONARDO DA VINCI
CURENGCOL	Development of Engineering Curriculum for Remote Colleges of Technical Universities	The CURENGCOL project will design and test curricula and training packages for the Electronics Manufacturing (EM) sector.	Estonia	Eelma Kaia marinst@si.edu.ee	<a href="http://www.ttykk.edu.ee/curengcol/CURENGCOL.shtml">http://www.ttykk.edu.ee/curengcol/CURENGCOL.shtml</a>	LEONARDO DA VINCI
LeFo	Learning Folders: Open Source online Educational Publishing and Support for Primary Schools	The objective of Learning folders (LeFo) is the creation of an e-learning platform to provide an electronic study material exchange for teachers and learners, grades one to six.	Estonia	Mihkel PILV mihkel@miksike.com	<a href="http://lefo.net/">http://lefo.net/</a>	MINERVA
Euromaths		The project aims to create materials for teaching about the EURO and to use the process to enhance generally pupils' motivation towards the learning of mathematics.	Finland	Ritva-Liisa JÄRVELÄ jarvela@edu.jyu.fi	<a href="http://www.euromaths.jyu.fi/">http://www.euromaths.jyu.fi/</a>	COMENIUS
SENTRA	Supporting Educational Needs - Transitions, School to School, Work, College, or University	It addresses the needs of secondary teachers, special needs teachers, teachers with responsibility for career and post school placements	Finland	Sirkku Purontaus sirkku.purontaus@cop.fi	<a href="http://www.sentra.ws/Pub/PaginaBianca.asp?IDAppartenza=842">http://www.sentra.ws/Pub/PaginaBianca.asp?IDAppartenza=842</a>	COMENIUS

Pienyritysten johtamisjärjestelmän kehittäminen		The starting point of the project is to prevent exclusion of SMEs and their personnel from working life in the structural change brought on by information society.	Finland	Marjo Antinoja marjo.antinoja@utu.fi	<a href="http://www.tkk.utu.fi/">http://www.tkk.utu.fi/</a>	ELEARNING INITIATIVE
SELEAC		It aims at experiencing how to run a community within digital printing and media technology with several European partners	Finland	Asta Bäck asta.back@vtt.fi		ELEARNING INITIATIVE
ICON	Identity Formation in Contextual Media Culture	The aims of his project are: To visualize and analyze the bandwidth of new forms of expression adolescents create with new media in contextual networking; To research how those new forms of communication effect learning styles, social attitudes, creative thinking, selective competencies, visual and multiple sensual perception and self-positioning inside and outside digital world experiences; To produce relevant outcome for pedagogical usage like a research compendium with pedagogical guidance and multilingual Learning Objects on the web	Finland	Mr. Stefan Sonvilla-Weiss: sonvilla-weiss@uiah.fi		ELEARNING INITIATIVE
eHLEE		The project's aim is to collect information on experiences of both domestic and international eLearning platforms of ClioHnet members	Finland	Tapio Onnela tapio.onnela@utu.fi		ELEARNING INITIATIVE
	<a href="#"><u>Kokeneiden voima - kehittämiskumppanuu</u></a>	The aim is to change the discriminatory attitudes of enterprises toward ageing employees and to promote tolerance and acceptance of diversity in working communities.	Finland	kari.hakola@adulta.fi	<a href="http://www.adulta.fi/projekti/pr_kovo.html">http://www.adulta.fi/projekti/pr_kovo.html</a>	EQUAL
TARU		The objective of the project is to create a production model through which the cultural contents of e.g ageing or handicapped artists work could be utilised in digital media.	Finland		<a href="http://www.taru.info/index.php">http://www.taru.info/index.php</a>	EQUAL
Taitava tevanake	Tietotekniikka ja Verkostot Rakenteiden Uudistamisessa	Its aim is to support enterprises in adapting to structural change and in introducing new technologies	Finland	Ms Leena Piispa leena.piispa@uta.fi	<a href="http://www.tevanake.net/taitava_tevanake.htm">http://www.tevanake.net/taitava_tevanake.htm</a>	EQUAL

Ammattilaisen väylä	The Route of the Professional Shipyard Worker to ICT-skills	The aim of the project is to provide opportunities for employees and enterprises in the ship building sector to succeed in structural change.	Finland	Mr. Gregory Andronikos, Dr. Jukka Kallio neorkek@otenet.gr, jukka.kallio@tuakk.fi	<a href="http://www.vayla.org/">http://www.vayla.org/</a>	EQUAL
Oppiva PK-yritys	Omatoimisuutta ja kilpailukykyä	The project will prepare SME personnel for new requirements by taking into account the integration of ageing persons and new workforce into working life.	Finland	Pasi Sironen pasi.sironen@jto.fi 09-8562 8200		EQUAL
4T	Tulevaisuus, tieto, teknologia ja terveys (future, knowledge, technology and health)	It aims at supporting the development and maintenance of the professional competence as well as mental and physical well-being of the personnel through ICTs.	Finland			EQUAL
HANDISCOLA	Handicraft Is Common Language	The project aims to show and e-teach elements in history and culture common to most European countries and to find them out through traditional handicrafts.	Finland	Miikka Rikala Mikka.rikala@kuusankoski.fi	<a href="http://www.kuusankoski.fi/palvelut/opetustoimi/koulujen-sivut/tvop/Handiscola/">http://www.kuusankoski.fi/palvelut/opetustoimi/koulujen-sivut/tvop/Handiscola/</a>	GRUNDTVIG
FAME	Forums for Alternative Methods of Education	The project aims at producing alternative methods of learning to motivate groups of adults by means of the ICTs	Finland			GRUNDTVIG
ITCOLE	Innovative Technology for Collaborative Learning and Knowledge Building	The project aims at developing pedagogical models of collaborative knowledge building for European education and their evaluation	Finland	Philip Dean philip.dean@uia.fi	<a href="http://www.euro-cscl.org/">http://www.euro-cscl.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Toward Active Old Age	European Network to Develop Social and Health Care Education to respond to the Varying Needs of Older People	It will develop a forum for national and European level analyses and discussions on the professional roles, values and skills necessary for the future care of older people.	Finland	Salla Seppänen salla.seppanen@oamk.fi	<a href="http://www.activeoldage.com/">http://www.activeoldage.com/</a>	LEONARDO DA VINCI
Pro Europass	Apprentices across the Border	It will both establish a network and create support materials, to encourage Europass Training for the metal, electro-technical, electrical and telecommunications industries.	Finland	Sari Turunen-Zwinger Sari.turunen-zwinger@edu.hel.fi	<a href="http://www.amiedu.net/europass/">http://www.amiedu.net/europass/</a>	LEONARDO DA VINCI
ENTREDU	State-of-art survey of enterprise education, analysis and classification of results in www-database	An information database to be used by developers of training curricula and researchers.	Finland	Ulla Hytti ulla.hytti@tukkk.fi	<a href="http://www.entredu.com/">http://www.entredu.com/</a>	LEONARDO DA VINCI
AITO	Improving Immigrants' Access to Language and Society	The essential goal of the AITO project is the promotion of the social inclusion and integration of immigrants to their new home country.	Finland	Eija Leinonen eija.leinonen@tiimi.kotka.fi	<a href="http://www.kotka.fi/aito/">http://www.kotka.fi/aito/</a>	LEONARDO DA VINCI

ISPCCLL	System for on-line pre-certification of language skills	The project is a follow-up to an earlier Leonardo da Vinci project called 'Open Sesame' on the evaluation of the descriptors of language skills in a professional environment.	Finland	Kirsi Hanhisalo	<a href="http://www.portfolingua.com/">http://www.portfolingua.com/</a>	LEONARDO DA VINCI
Protocall Engineering	IT based learning material for professions in the field of Engineering (in English, Swedish & German)	It will develop specialist language & engineering modules, primarily for technician-level employees, working in international companies within the Engineering sector.	Finland	Joni Sallila Joni.Sallila@tpu.fi	<a href="http://www.protocallnet.com/">http://www.protocallnet.com/</a>	LEONARDO DA VINCI
OJT GENE BANK	Development Project to Create a Tacit Information Database for Industry.	The project will develop an interactive, on-the-job training bank of tacit knowledge to develop and maintain work safety and occupational health practices in the metal industry.	Finland	Rinne Risto risto.rinne@utu.fi	<a href="http://www.tuakk.fi/">http://www.tuakk.fi/</a>	LEONARDO DA VINCI
VATO T	The VATO raining Package Supporting and Maintaining the functional capacity of Older People and their Carers	Training Package will introduce a series of measures aimed at improving the training of care workers for the elderly.	Finland	Leena Lähdesmäki-Mäkinen leena.lahdesmaki@oulu.fi		LEONARDO DA VINCI
OPIFEX	Qualifications Development for on-the-job training staff in the Metal Industry	The project will develop both a learning package and skills test qualification for welders and computer numerical control (CNC) machinery technicians in the metal industry.	Finland	Anne Huhtala anne.huhtala@amiedu.fi		LEONARDO DA VINCI
Educational Website	Internet-based Training Programmes for e-Learning: Building and Industrial Automation including Wireless Technologies	It will focus upon skills acquisition and the development of ICT-based learning methods for the construction/industrial automation industries and their use of wireless technologies.	Finland	Seppo Rauno Vahimaa Seppo.Vahimaa@klinkmann.fi		LEONARDO DA VINCI
EURO-MOBIL	Multimediales Sprachlernprogramm zur Förderung studentischer Mobilität (EN, DE, FI, HU)	The project aims at using the ICTs to develop a multimedia programme of exercises and tests to develop linguistic communicative competences of students abroad	Finland	Sabine Ylönen sabyl@cc.jyu.fi	<a href="http://www.euro-mobil.org/flashindex.htm">http://www.euro-mobil.org/flashindex.htm</a>	LINGUA
ARKS	Minerva's OWL-Open and Virtual Learning of Adult Returners' Key Skills	ARKS is working to improve the methods used to attract marginalised adults back into education and over the lifetime of the project will produce and disseminate teaching and learning materials targeted at people who left school without qualifications and lack the confidence and key skills needed to take an active role in their community and workplace.	Finland	Teija Enoranta teija.enoranta@ofw.fi	<a href="http://www.arksnet.net/index_ie.htm">http://www.arksnet.net/index_ie.htm</a>	MINERVA

	<u>Network Based Learning in Project Group Environment</u>	The project objective has been to test working methods in practice and evaluate how academic institutions can gain from using computer networks in learning processes	Finland	Raymond Silfver raymond.silfver@mbs.fi http://www.mbs.fi/	<a href="http://www.evtek.fi/">http://www.evtek.fi/</a>	MINERVA
OPEN SCIENCE INFO	Science Centre Education: Open Learning via Information Technology	The objective of the project is to promote the work of science education experts and the use of out-of-school sources for informal learning.	Finland	Hannu SALMI hannu.salmi@heureka.fi		MINERVA
IntCultNet	Intercultural Learning in the Internet	Advanced pedagogical methods for on-line learning will use ICT and multimedia-based applications	Finland	Kirsti LINDH kirsti.lindh@hamk.fi		MINERVA
EUROPEAN PRIMARY VILLAGE	Un concept européen de développement professionnel pour les professeurs des écoles maternelles et primaires	The project aims at developing a communication platform for teachers to share experiences integrating ICT and the European dimension in their pedagogical practice	France	Marie-Aline Vivier - Laroche ma.vivier-laroche@unimedia.fr	<a href="http://www.balises.org/eurpeanvillage/">http://www.balises.org/eurpeanvillage/</a>	COMENIUS

	<u>Demarche Competence</u>	The project means to give a new management approach to improve the competitiveness of SMEs in Lorraine.	France	SADOCCO remy.sadocco@cr-lorraine.fr		EQUAL
	<u>Universite Européenne des Saveurs et des Senteurs</u>	The project aims at developing structural actions for the collection of information from experts for the promotion of trades related with aromatic or medical plants	France	TOROS faf@faf.asso.fr		EQUAL
	<u>Valorisation et redynamisation des savoir-faire et des metiers de la dentellerie</u>	The project aims at reactivating this sector through the ICTs.	France			EQUAL
EUCEET II	European Civil Engineering Education and Training II	Its goal is to enhance the co-operation between universities, faculties and departments of civil engineering in Europe	France	Marie-Ange Cammarota cammarota@mail.enpc.fr		ERASMUS
EUCEET II	European Civil Engineering Education and Training	The project aims at disseminating outcomes and products which are of great interest for those involved in civil engineering education.	France	Marie-Ange Cammarota cammarota@mail.enpc.fr		ERASMUS
METAFOR	Distance Learning by Satellite	The Metafor project aims at proposing a complete solution, based on satellite transmissions and multicast technology, to train people at distance	France	METAFOR info-eten@cec.eu.int	<a href="http://europa.eu.int/information_society/programmes/eten/index_en.htm">http://europa.eu.int/information_society/programmes/eten/index_en.htm</a>	eTEN
ESW	European Social Web	ESW encourages the safe use of Internet for Business to Business applications by providing: generic security services	France	Michel Frenkiel frenkiel@ifrance.com		eTEN
EINER	Economic Intelligence Network for European Regions	EINER puts in place a set of tools and services to provide Economic Intelligence information to SMEs, professional associations, territorial agencies, etc.	France	Michel LILAS michel.lilas@cote-azur.cci.fr		eTEN
Auto-évaluation et Auto-formation	Connaissances et compétences pour des études scientifiques supérieures	The project presented is aimed at adults who want to undertake higher education studies without necessarily having all the prerequisites by using the ICTs.	France	Jean Paul Coste coste@up..univ-mrs.fr	<a href="http://perso.wanadoo.fr/activolog/html/yentree.html">http://perso.wanadoo.fr/activolog/html/yentree.html</a>	GRUNDTVIG
PUZZLE	Amplifier et soutenir la demande individuelle de formation dans la Société de l'information.	The project aims at enlarging the individual training demands within the Information Society	France	Catherine Chretien Cchretien-petiot@ccip.fr		GRUNDTVIG
DiViLab	Distributed Virtual Laboratory	DiViLab is solving the critical problem of education and training in experimental sciences and basic technologies	France	Mangi Zidi zidi@archimed.fr	<a href="http://www.divilab.org/">http://www.divilab.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
TIM	Tactile Interactive Multimedia computer games for visually impaired children	TIM is intended to conceive computer games usable by young blind children in an autonomous way, without assistance of a sighted person	France	ARCHAMBAULT, Dominique Dominique.Archambault@snv.jussieu.fr	<a href="http://inova.snv.jussieu.fr/tim/">http://inova.snv.jussieu.fr/tim/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

VICKIE	Visually Impaired Children Kit for Inclusive Education	Vickie is intended to develop a learning environment for the inclusion of visually impaired students and pupils (VISP) in mainstream education.	France	ARCHAMBAULT, Dominique Dominique.Archambault@snv.jussieu.fr	<a href="http://inova.snv.jussieu.fr/vickie/">http://inova.snv.jussieu.fr/vickie/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
LCCN	Learning Citizen Cluster Node	It promotes co-operation amongst projects, improve validation activities, and contribute to raising the quality of the work.	France	triay@artic.fr	<a href="http://www.learningcitizen.net/">http://www.learningcitizen.net/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
WAI-DAWeb Accessibility Initiative - Design for All	The overall objective of this project is to increase accessibility of the Web in Europe.		France	DARDAILLER, Daniel daniel.d@w3.org	<a href="http://www.w3.org/WAI/WAIDA/">http://www.w3.org/WAI/WAIDA/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
MEDIS	Models For European Digital Islands	This project will generate an advanced picture of the state of the art on telecommunications and telematic infrastructures and services needs in European islands	France	Pier Giovanni d'Ayala Email: insula@unesco.org		INFORMATION SOCIETY TECHNOLOGIES (IST)
FM-Ultranet	Training in ultrasonography with multimedia tools	Develop, experiment and disseminate an on-the-job training platform for ultrasonographers to improve early detection of foetal malformation during pregnancy surveillance.	France	Anne Strauss Strauss@ccr.jussieu.fr		INFORMATION SOCIETY TECHNOLOGIES (IST)
LAB@FUTURE	School LABORatory anticipating FUTURE needs of European Youth	To pilot a mixed and augmented reality platform, incorporating real and virtual learning objects, to test social constructivist theories of learning	France	Vania Conan vania.conan@fr.thalesgroup.com		INFORMATION SOCIETY TECHNOLOGIES (IST)
GISA2E	Geographical Information System and agricultural vocational training in Europe	The objective of the project is to develop pedagogic and methodological contents for the redesign of thematic courses by incorporating digital geographical information.	France	Pierre Bazille p.bazille@educagri.fr	<a href="http://www.cnerta.educagri.fr/unites/infogeo/gisa2e.htm">http://www.cnerta.educagri.fr/unites/infogeo/gisa2e.htm</a>	LEONARDO DA VINCI
NET-TRAINERS	Net-Trainers	It aims to develop and promote the qualification and certification of instructors to be employed in new systems at European level, such as ODT or on-line learning.	France	Jean-Claude Maurin maurin.cf@ymca-cepiere.org	<a href="http://www.nettrainers.org/en/index.asp">http://www.nettrainers.org/en/index.asp</a>	LEONARDO DA VINCI
NOVALOG	Jobs, skills, training practices and innovation in the field of logistics: conditions and methods of developing vocational training courses in logistics	The project aims at promoting vocational training opportunities in the sector of logistics by means of the ICTs.	France	Jean-André Lassere lassere@aft-iftim.asso.com	<a href="http://www.novalog-project.org/">http://www.novalog-project.org/</a>	LEONARDO DA VINCI

QSMSAD	Quality and safety in home support and care	The elderly and the disabled are the primary beneficiaries of home care. The QSMSAD project is addressed to home care providers	France	Jean-Pierre Gril j-p.gril@acppav.org	<a href="http://www.gsmsad.com/default.asp?lng=FR">http://www.gsmsad.com/default.asp?lng=FR</a>	LEONARDO DA VINCI
REHAB IN BCF	Innovative renovation: urban renewal - renewable energies - Berlin, Catalonia and France	The project will involve preparation of a methodological guide for architects taking account of new skills in the field of (a) urban renewal and (b) renewable energies.	France	Catherine Guyot arvha@noos.fr		LEONARDO DA VINCI
UCE	Cooperative European University	The UCE project aims to create a European clearing house for the identification and professionalisation of the function of social entrepreneur	France	Dominique Aubry collcoop@romarin.univ-aix.fr		LEONARDO DA VINCI
	<u>Virtual Interface for Realistic Microelectronic Processing</u>	The project is based on the permanent training needs of engineers and technicians in the micro-electronics industry.	France	Jacques Louis Louis@esim.imt-mrs.fr		LEONARDO DA VINCI
REDAC	European Network for the Development of Traineeships in the Construction Industry	The REDAC project is designed to improve the quality of the European training process by focusing on the firm's role in training	France	Jacques Miché Cfa.jeanfontaine.45@wanadoo.fr		LEONARDO DA VINCI
IRFPP	Integration, Retraining and Training of Neighbourhood Social Workers in Europe	The IRFPP addresses the problems facing neighbourhood social workers in housing estates.	France	Francis Deplace delphis.assos@wanadoo.fr		LEONARDO DA VINCI
NAME	European multimedia analytical nomenclature	The proposal is to create an international dictionary of multimedia qualifications and skills to provide a framework of reference for several purposes.	France	Francois Adoue Contact@aquitaine-multimedia.com		LEONARDO DA VINCI
DEMU-LS EUROPE	Dissemination and Transfer of Lean Services Europe	The project, based on ADAPT, is designed to create European training modules focusing on the satisfaction of client needs for the benefit of the staff of industrial SMEs	France	Francois Boissac fboissac@ceforalp.com		LEONARDO DA VINCI
AQUA'Lingua	European Compendium of Words in the Water Sector	The AQUA'Lingua project is designed to create a language learning tool for water professionals.	France	Gilles Neveu g.neveu@oieau.fr		LEONARDO DA VINCI
INOMANAGEUR	New interaction and innovation in the European market economy	The project, based on MUTINDEL, is designed to develop the skills of managerial staff and heads of European firms in the electrical sector in the field of change management	France	Hugues Lenoir Hugues.lenoir@u-paris10.fr		LEONARDO DA VINCI

	<u>Develop the skills and mobility of nursing staff so as to improve the quality of care of hospital patients.</u>	The rapid development of professional practices in the health sector involves the reorganisation of hospital services.	France	Jacqueline Serreau jaqueline.serreau@sap.ap-hop-paris.fr		LEONARDO DA VINCI
TRANSIT	Training modules to support mobility and transnational practical courses	The project aims at developing training programmes focused on support for mobility and transnational work experience.	France	Jean Barraud Jean.Barraud@ac-lyon.fr		LEONARDO DA VINCI
RELAIS	Traning and Work Profiles to support marginalised groups (children, adolescents, the elderly)	The RELAIS project is designed to develop and/or consolidate (both qualitatively and quantitatively) assistance to various marginalised population groups.	France	Jean Noël Pachoud Jeanine.Alt@inpg.fr		LEONARDO DA VINCI
	<u>Pan-European challenge for technological innovation</u>	It involves the creation of a tool for 'training in technological innovation via research' for European higher-level students, in partnership with the European manufacturing industry.	France	Maurice Viel m.viel@itech.fr		LEONARDO DA VINCI
JEUNES EN MOUVEMENT (YOUNG PEOPLE IN MOVEMENT)	Jeunes en Mouvement (Young People in Movement)	It is based on three national and European initiatives that showed the importance of new IT for the development of transversal job access skills among young people seeking employment.	France	Pascale de Rozario Pascale.de.rozario@wanadoo.fr		LEONARDO DA VINCI
OPTIC	Pedagogic Optimisation of Information and Communication Technologies	It is targeted at small rural firms in the wood/forestry sector in a competitive environment which have to integrate environmental protection and the shared use of space.	France	Pierre Descombes cfpf@compuserve.com		LEONARDO DA VINCI
CAMROQ	Anti-Cancer Chemotherapy - from Risk Management to Quality Optimisation	The CAMROQ project will develop a programme for training instructors in isolation technology and will be targeted at pharmacists and nursing staff.	France	Sylvie Crauste-Manciet crauste-manciet.sylvie@wanadoo.fr		LEONARDO DA VINCI
CREIJ	Awareness-raising and support for young people in the creation of businesses as a possible method of vocational integration	It is designed to encourage young people to create a business as part of their career reflection and to develop the spirit of enterprise and the capacity to set up a business.	France			LEONARDO DA VINCI
PUZZLE	Programme multimédia interactif d'évaluation de la compréhension du français, de l'espagnol, du néerlandais, du roumain, de l'italien oraux ou signés, et écrits.	The project will produce innovative tools for the evaluation of the writing skills in French, Spanish, Italian, Dutch and Rumanian	France	Jean Paul Collard capsas@wanadoo.fr		LINGUA

ITALIS	Sistema di Istruzione a Distanza per l'Apprendimento del Italiano comme Lingua Straniera	ITALIS aims at developping distance teaching material of Italian as a foreign language addressing, in particular, blind and visually impaired learners	France	Alvaro Rocchetti Alvaro.Rocchetti@univ-paris3.fr		LINGUA
EPCO	Ecouter pour comprendre	The project aims at devolping interactive materials for the learning of listening and speaking skills in foreign languages	France	Philippe Perrey perrey@videoscop.univ-nancy2.fr		LINGUA
Cinema Europa Network		L'objectif du projet D-Cinema Europa Network est de démontrer que la diffusion numérique haute définition permet de distribuer des longs-métrages à l'échelle européenne dans des conditions techniques et économiques beaucoup plus avantageuses que celles du 35mm et pour une qualité de projection au moins égale.	France	Romaine Hacquard: romaine@legargeant.com		MEDIA
CONVERGENCE	Constitution d'un consortium européen pour la e-formation dans l'enseignement supérieur	The project concerns the creation and the modalities of functioning of a European consortium specialized in e-learning field.	France	Gérard-Michel COCHARD cochard@u-picardie.fr	<a href="http://www.convergence-con.org/">http://www.convergence-con.org/</a>	MINERVA
EMILE	Observation and Analysis of the Uses of Information and Communication Technology in European Primary and Secondary Schools: An Intercultural Approach	It is based on the observation and analysis of educational uses of ICT in institutional contexts in primary and secondary schools of the different European countries or regions.	France	Serge Pouts-Lajus ote@worldnet.fr <a href="http://www.ote-europe.net">http://www.ote-europe.net</a>	<a href="http://www.ote-europe.net/">http://www.ote-europe.net/</a>	MINERVA
eurEAU@ctions	New technologies for education and the control of the quality of European water	This project will use ODL to encourage the virtual mobility of the teachers of secondary schools and to enhance the European dimension in education.	France	LESAGE Roger (Mr) rogerlesagebe@yahoo.fr	<a href="http://www.ulg.ac.be/cifen/inforef/expeda/eureau/">http://www.ulg.ac.be/cifen/inforef/expeda/eureau/</a>	MINERVA
eMerge	Educational Network Structure for Dissemination of Real Laboratory Experiments to support Engineering Education	Its objective is to develop an innovative structure that will permit the dissemination of real laboratory experiments to support engineering and science education in Europe.	France	Thomas ZIMMER zimmer@ixl.u-bordeaux.fr		MINERVA
KIKO	Optimierung der Eingangsstufe Ein Beitrag zur Umsetzung der Kinderkonvention in der Schule (Optimisation of access to school)	A contribution to the enactment of the "Convention on the Rights of the Child at school" is a project involving DE, FR, UK and NL.	Germany	Brigitte LAUN Brigitte.Laun@mk.niedersachsen.de	<a href="http://nibis.ni.schule.de/~kiko/">http://nibis.ni.schule.de/~kiko/</a>	COMENIUS

BWO	Lehrerfortbildung: Berufswahlorientierung und Berufliche Integration von Jugendlichen	The two-year project will develop a concept for in-service training which enables teachers to give effective career counselling to their pupils.	Germany	Peter BRAUNECK Peter.Brauneck@mail.lsw.nrw.de	<a href="http://perso.club-internet.fr/zacchi/bwo/bwo-service.html">http://perso.club-internet.fr/zacchi/bwo/bwo-service.html</a>	COMENIUS
Vision Human Rights	CultureHuman Rights into Technical Curricula of Vocational Schools and Further Teacher Training of "Human Rights Ambassadors"	It aims at providingthe information and help needed by teachers in vocational schools to integrate Human Rights into the curricula.	Germany	Georg SPÖTTL spoettl@biat.uni-flensburg.de	<a href="http://www.biat.uni-flensburg.de/biat.www/Projekte/Human_R/humanr.htm">http://www.biat.uni-flensburg.de/biat.www/Projekte/Human_R/humanr.htm</a>	COMENIUS
MaMaEuSch	Management Mathematics for European Schools	The project sets to change the way mathematics is taught by using the area of management to show the applicability of school mathematics	Germany	Horst W. HAMACHER hamacher@mathematik.uni-kl.de	<a href="http://www.mathematik.uni-kl.de/~mamaeusch/">http://www.mathematik.uni-kl.de/~mamaeusch/</a>	COMENIUS
MDM	Mensch - Denk - Mal. Gemeinsames Erinnern: Auseinandersetzung mit Kriegsdenkmälern und Kriegsspuren in Europa	It aims at contributing to the development of the european citizenship through historic and artictic analysis of history.	Germany	Norbert Krebs greco-krebs@t-online.de	<a href="http://www.mdm-project.net/">http://www.mdm-project.net/</a> , <a href="http://www.talenacademie.nl/">http://www.talenacademie.nl/</a>	COMENIUS
Gewaltprävention durch Verbesserung der Erziehungspartnerschaften	Gewaltprävention durch Verbesserung der Erziehungspartnerschaften (Schule/Elternhaus) mit Lehrerfortbildung und neuen Lernmedien	The project focuses on the prevention of violence through further cooperation between parents and teachers and through training programmes for teachers.	Germany	Hartmut BALSER Bals.hartmut@t-online.de	<a href="http://www.partners-in-education.com/pages/administration/content/prevention_content.html">http://www.partners-in-education.com/pages/administration/content/prevention_content.html</a>	COMENIUS
COSPRAS	Co-operation between schools and parents in relation	The project aims at making teachers aware of the changing role of parents with a view of increasing autonomy of schools.	Germany	Brigitte BENTS-RIPPEL bbents@bildung.bremen.de	<a href="http://www.s-hb.de/~cospras/MatBremen.htm">http://www.s-hb.de/~cospras/MatBremen.htm</a>	COMENIUS
GEH-MIT	German Hands-on Modern Information Technologies Teacher Training Scheme	The project aims at giving training opportunities for German language teacher in the application of the new ICTs.	Germany	Dagmar SCHÄFFER dks@ellinogermaniki.gr	<a href="http://www2.ellinogermaniki.gr/ep/geh-mit/">http://www2.ellinogermaniki.gr/ep/geh-mit/</a>	COMENIUS
MEMO	Entwicklung mehrsprachiger Module für den Fachunterricht - ein Baustein für die europäische Lehrerbildung	It aims to develop a model and materials for the teaching of 'content' subjects in learners' foreign languages.	Germany	Hans-Ludwig KRECHEL H.L.Krechel@t-online.de		COMENIUS
	<u>Kommunikation und interkulturelle erziehung gehörloser</u>	The three-year project targets the needs of hearing impaired pupils from ethnic or national minorities.	Germany	Klaus-Dietrich GROSSE klaus-dietrich.grosse@rz.hu-berlin.de		COMENIUS
MOBIDIC	Module einer bilingualen Didaktik und Methodik des Sachfachunterrichts für die Lehrerbildung	A three-year project that aims to develop didactic modules for initial and inservice training which promote bilingual teaching of history, geography and social sciences.	Germany	Graziella AUBURTIN Dr.Auburtin@gmx.net		COMENIUS

	<u>Bilingualer Unterricht als Beitrag zur Förderung von Mehrsprachigkeit in Europa</u>	The project targets teachers and student teachers who teach subject areas like history and geography in the medium of a foreign language.	Germany	Werner ALTMANN werner.am@t-online.de		COMENIUS
MUSICAL	Multimedia Streaming of Interactive Content Across Mobile Networks	The MUSICAL project aims to customise an existing music application in order to make it accessible via mobile networks	Germany	Adam Vrehopoulos avrehop@aueb.gr	<a href="http://musical.intranet.gr/">http://musical.intranet.gr/</a>	eCONTENT
ML-IMAGES!	A Multilingual Search System for Exploring Large Images	ML-Images! will offer a mechanism for searching and exploring images in six different European language	Germany	Christos Tatsiopoulos ctatsio@hol.gr	<a href="http://www.ml-images.gr/">http://www.ml-images.gr/</a>	eCONTENT
MULTITRAIN	An Integrated Platform for Multimedia Skilled Workforce Enhancement by Providing Focused Training in Digital Content	MULTITRAIN aims to counteract the shortfall of e-content skilled employees that currently exists in Europe, suggesting an innovative system for increasing the e-content workforce.	Germany	Angelos Manglis manglis@atlantisresearch.gr	<a href="http://www.multitrainproject.com/">http://www.multitrainproject.com/</a>	eCONTENT
eSIGN	Essential Sign Language Information on Government Networks	eSIGN will take virtual human signers on to three European eGovernment portals that already exist or are under development.	Germany	eSIGN coordinator esign-coord@sign-lang.uni-hamburg.de	<a href="http://www.sign-lang.uni-hamburg.de/esign/">http://www.sign-lang.uni-hamburg.de/esign/</a>	eCONTENT
	<u>Bookworm goes online</u>	The women are trained in analysing, selecting and evaluating information, abilities of importance in the knowledge-society, by setting up their own online-magazine.	Germany	Christiane Nill Christiane.Nill@internationaler-bund.de	<a href="http://www.bookworm4you.net/int/homedeutschgerman_10.htm">http://www.bookworm4you.net/int/homedeutschgerman_10.htm</a>	ELEARNING INITIATIVE
EQO	European Quality Observatory	The European Quality Observatory (EQO) is an internet-based repository implemented as a portal which will promote the use of appropriate quality management (QM), quality assurance (QA), and quality assessment (QS) concepts for E-Learning in different communities.	Germany	uehlers@wi-inf.uni-essen.de <uehlers@wi-inf.uni-essen.de>	<a href="http://www.eqo.info/">http://www.eqo.info/</a>	ELEARNING INITIATIVE
CYBERSCHOOL. EUROPE	Centre de ressources Internet pour des échanges scolaires européens	Creation of a web site with multimedia and multilingual resources for maternal schools.	Germany	Anne Ysebaert aysebaert@laligue.org	<a href="http://www.europschool.net/">http://www.europschool.net/</a>	ELEARNING INITIATIVE
ILTISI	Intercultural Learning for Teachers in secondary Schools	It aims at developing training products for teachers in secondary schools to put into practice students of languages' virtual or presential meetings	Germany	Kristina PAVLOVIC pavlovic@goethe.de	<a href="http://www.goethe.de/dll/presso/iltis/deindex.htm">http://www.goethe.de/dll/presso/iltis/deindex.htm</a>	ELEARNING INITIATIVE
ELIFo	e-Learning Intercultural Forum	Creation of a dispositive of distance formation for public insertion.	Germany	e-Learning Intercultural Forum dialog@interculture.de	<a href="http://www.interculture.de/">http://www.interculture.de/</a>	ELEARNING INITIATIVE

LA LANTERNE MAGIQUE	Du concret au virtuel	La Lanterne Magique intends to develop an active pedagogy open to all children through its website, in 5 languages, thanks to interactive play and pedagogical tools.	Germany	Anneke Tilmann a.tilmann@kinderkinoprojekte.de	<a href="http://www.lanterne-magique.org/">http://www.lanterne-magique.org/</a>	ELEARNING INITIATIVE
TIE	Teachers in Europe	It gives teachers the opportunity to examine their own, national and international instruction sequences by analysing student work on the "TIE" Web based interactive database	Germany	Andreas Reinholtz Andreas.Reinholtz@kumi.landsh.de		ELEARNING INITIATIVE
ARIEL	Analysing and Reporting the Implementation of Electronic Learning in Europe	It focuses on if and how far European SMEs are supported by e-learning in their ability to act successfully in an integrating and enlarging European market.	Germany	Ileana Hamburg hamburg@iatge.de		ELEARNING INITIATIVE
EuPaCE.net		Its main objective is the formation and establishment of a European Special Interest Group (SIG) to create synergies for e-learning in the domain of Process and Chemical Engineering.	Germany	Technical University of Berlin info@dbta.tu-berlin.de		ELEARNING INITIATIVE
RAPSTRANGE	Re-working Angles of Perception Strangeness	Its aim is to contribute to fight xenophobic tendencies by enhancing dialogue and cooperation with creators of audiovisual and multimedia content targeting young people.	Germany	Birgit Bauer project-group@tpnet.de		ELEARNING INITIATIVE
Media[net]works	Intercultural ICT-mediated Communication Competencies as a Key to enable Participation in a Network Society	The aim of the project is to promote active citizenship through digital and media competence in combination with intercultural awareness.	Germany	Dr. Laurent Borgmann: Borgmann@RheinAhrCampus.de		ELEARNING INITIATIVE
TELEPEERS		The consortium will form a network of peer reviewers in order to assess in a field-based study the opportunities and risks of the integration of ICT at university level, to determine factors that make Technology Enhanced Learning Environments (TELEs) work	Germany	Dr.Karl Steffens		ELEARNING INITIATIVE
EU [eComp]Int	European eCompetence Initiative	Its aim is the development of an appropriate qualification for academic staff (in Higher Education) in the use of ICT in teaching and learning.	Germany	Johannes Wildt jwildt@hdz.uni-dortmund.de		ELEARNING INITIATIVE
Medi@Culture		The project aims at providing pupils, students, teachers, parents and other with the opportunity to enlarge their knowledge and competence in the ICT	Germany	Jörg Schumacher schumacher@lmz-bw.de		ELEARNING INITIATIVE

EM@C-ONLINE	European Medi@Culture online	This project aims to provide online resources for pupils, students, teachers, parents and other interested	Germany	Jörg Schumacher schumacher@lmz-bw.de		ELEARNING INITIATIVE
e4net	European Experiences on eLearning for Economic Development	It aims to create a transnational Special Interest Group that reviews and makes active use of existing experiences with eLearning used as a tool for supporting regional economic development.	Germany	zpierce@uuhjbuiz.de		ELEARNING INITIATIVE
MENTOR		It aims to give each individual gets access to knowledge through networks to dismantle inequalities on the labour market.	Germany	Steinhausen Jörg Joerg.Steinhausen@dfki.de	<a href="http://www.dfki.de/">http://www.dfki.de/</a>	EQUAL
EP SABB	Strukturentwicklung und Arbeit Berlin - Brandenburg	In view of the opportunities and risks of the industrial structure in this region, the project intends to provide new economic and social opportunities to disadvantaged groups.	Germany	Herr Lutz Franzke lutz.franzke@l-d-s.de ++49 (0) 3375 2623-26	<a href="http://www.esf-brandenburg.de/">http://www.esf-brandenburg.de/</a>	EQUAL
FUTURE 2005	Ostbrandenburg / Chancen der Grenzregion-Perspektiven für KMU	It aims at developing new marketing strategies for the regions and companies and of networks using the internet will result in additional possibilities and resources.	Germany	Dr. Monika Glapski projekt@ihk-ffo.de;g lapski@ihk-projekt.de	<a href="http://www.future-2005.de/2005/index.php?module=ContentExpress&amp;func=display&amp;ceid=21&amp;meid=-1">http://www.future-2005.de/2005/index.php?module=ContentExpress&amp;func=display&amp;ceid=21&amp;meid=-1</a>	EQUAL
	<u>JobRotation-Neue Wege z. berufl. Bildung durch Weiterentwicklung d. Instrumentes</u>	JobRotation is an instrument for making a contribution, via employment policy, towards the creation of equal opportunities for men and women, combating racism and xenophobia.	Germany	Rehling Heiner rehling@t-online.de	<a href="http://www.jobrotation.de/">http://www.jobrotation.de/</a>	EQUAL
	<u>Zukunftssicherung durch nachhaltige Kompetenzentwicklung</u>	A project focuses on the promotion of adjustment mechanisms for companies and employees to cope with change in KMU. CSS	Corporate Shop Solutions	Merconic validates the market potential of on-line shop solutions for specific customer target groups.	Germany	Sabina Narduzzi-Giese eu@merconic.com	<a href="http://www.merconic.com/de/css_01.html">http://www.merconic.com/de/css_01.html</a>	eTEN
ICE	Intercultural Competence for Europe	It will develop specifically tailored courses and workshops that will lead to recognised qualifications in community work and in adult education in a multicultural society.	Germany	Matilde Grünhage Monetti Grünhage-Monetti@di e-frankfurt.de	<a href="http://www.lzz-nrw.de/index2.html?wei/wei_pro.html">http://www.lzz-nrw.de/index2.html?wei/wei_pro.html</a>	GRUNDTVIG
Treffen der Generationen - Modellprojekt zur Entwicklung der	Treffen der Generationen - Modellprojekt zur Entwicklung der generationsübergreifenden Computerbildung		Germany	Anne Kellner kellner@ifnm.de	<a href="http://www.meeting-of-generations.org/start_de.html">http://www.meeting-of-generations.org/start_de.html</a>	GRUNDTVIG
	<u>Digital Dialogues Networking Community Media</u>	The project aims at developing training programmes for adult learners by means of the ICTs.	Germany	Traudel Guennel guennel@ph-freiburg.de	<a href="http://www.ph-freiburg.de/medinst/ddweb/index.html">http://www.ph-freiburg.de/medinst/ddweb/index.html</a>	GRUNDTVIG
IT'S SOCIAL	Einführung von Informationstechnologien in den Europäischen Gesundheits- und Sozialsektor	The main aim of the project is to give groups of disadvantaged people better access to adult education using ITC-oriented learning concepts	Germany	Tim Scholze tscholtz@bupnet.de		GRUNDTVIG
OBIS	Orientierungs-Bildungs-und Integrations Service für Migranten	The project aims at giving immigrants access to training and addresses trainers working with this group of people, by means of the ICTs	Germany	Uwe Tatzko daf-Ammerland@t-online.de		GRUNDTVIG

Cuber	Personalised Curriculum Builder in the Federated Virtual University of the Europe of Regions	To develop a broker service that provides access to the vast collection of courses from European distance universities and helps the citizens to find courses that match their vocational demands and individual learning conditions.	Germany	Bernd Krämer management@cuper.net	<a href="http://www.cuber.net/">http://www.cuber.net/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
DERIVE	Distributed Real and Virtual Learning Environment for Mechatronics and Teleservice	Developing a new learning environment for mechatronics and teleservice, coupling real and virtual learning spaces for education and training institutes for mechatronics and teleservice.	Germany	Wilhelm Bruns bruns@artec.uni-bremen.de	<a href="http://www.derive.uni-bremen.de/">http://www.derive.uni-bremen.de/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
DEGUS	Development of a Graspable User Interface	Giving students the opportunity to find their preferred mode of learning	Germany			INFORMATION SOCIETY TECHNOLOGIES (IST)
MYTHE	Multimedia Young Children Thesaurus for Educational Purposes	To design and develop a multilingual interactive environment for language teaching in young children	Germany	Vassilis Katsouros vsk@ilsp.gr	<a href="http://mythe.ilsp.gr/">http://mythe.ilsp.gr/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
AITRAM	Advanced Integrated Training in Aeronautics Maintenance	It aims at developing an advanced training system for aeronautics maintenance training, based on sound pedagogic principles, innovative concepts, new cognitive approaches and simulation technologies.	Germany	Stefan Stuering stuering@iff.fhg.de	<a href="http://www.aitram.de/">http://www.aitram.de/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Candle	Collaborative and Network Learning Distribution Environment	The objective of this project is to use the Internet to improve the quality and reduce the cost of ICT teaching in Europe by using Web and multimedia technology.	Germany	Sebastian Abeck Sebastian.Abeck@cooperation-management.de	<a href="http://www.candle.eu.org">http://www.candle.eu.org</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
SENIORWATCH	European Senior Watch Observatory and Inventory - A market study about the specific IST needs of older and disabled people to guide industry, RTD and policy	SeniorWatch addresses the need to better understand and monitor market dynamics of IST applications targeted towards older citizens (including older disabled	Germany	KUBITSCHKE, Lutz lutz.kubitschke@empirica.de	<a href="http://www.empirica.biz/swa/">http://www.empirica.biz/swa/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
EUN VALNET	European Schoolnet Validation Network	Its objectives are to provide a framework for validating and demonstrating products and services arising from projects within the European Commission's IST projects for education.	Germany	Harry Holzner info@euro-pilot.org	<a href="http://www.euro-pilot.org/">http://www.euro-pilot.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

OR-WORLD	Learning and Teaching Operations Research and Management Science with a Web-based Hypermedia Learning Environment	Develop a Web-based framework for flexible learning and sharing of high-quality learning material between universities, educational institutes, self-learners and interested companies in different countries.	Germany	coordinator@or-world.com <coordinator@or-world.com>	<a href="http://www.or-world.com/">http://www.or-world.com/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Modelling Space	A Space for Ideas Expression, Modelling and Collaboration, for the Development of Imagination, Reasoning and Learning	It permits modelling activities by young students, supporting them in expressing their ideas, by designing and testing models of various situations, while they collaborate with other students and teachers via the Internet	Germany	Leena Suhl suhl@uni-paderborn.de	<a href="http://www.or-world.com/">http://www.or-world.com/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
TEDUB	Technical Drawings Understanding for the Blind	The objective of the TeDUB project is the development of a graphics-understanding interface for the community of blind computer users	Germany	SCHLIEDER, Christoph cs@tzi.de	<a href="http://www-agki.tzi.de/bv/projects/tedub/">http://www-agki.tzi.de/bv/projects/tedub/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
ASIMIL	Aero user-friendly SIMulation-based distant Learning	ASIMIL aims to develop radically new approaches for improving the future training and retraining of the workforce in aeronautics, through utilising emerging technologies.	Germany	Roger Lalanne roger.lalanne@star-ima.com		INFORMATION SOCIETY TECHNOLOGIES (IST)
COLDEX	Collaborative Learning and Distributed Experimentation	To develop and use new IT approaches and computational tools to foster scientific experimentation, modelling and simulation in distributed and collaborative settings in an inter-cultural community of learners.	Germany	Heinz Ulrich Hoppe Hoppe@informatik.uni-duisburg.de		INFORMATION SOCIETY TECHNOLOGIES (IST)
Coronet	Corporate Software Engineering Knowledge Networks for Improved Training of the Workforce	To improve efficiency of Web-based training of the workforce in the domain of innovative software engineering methods and techniques	Germany	Dietmar Pfah pfahl@iese.fhg.de	<a href="http://www.iese.fhg.de/coronet/">http://www.iese.fhg.de/coronet/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
PRO-ENMAHOS	Promotion of environmental management in hospitals (an instrument for Internet-based training and information exchange)	The pilot project will create the Internet platform 'greeninghealthcare.net', targeted at hospital physicians, nursing staff and technicians	Germany	Martin Mühlich muehlich@iuk3.ukl.uni-freiburg.de	<a href="http://greeninghealthcare.net/">http://greeninghealthcare.net/</a>	LEONARDO DA VINCI
Multicom 112	Multilingual communication with emergency services - foreign language training for the European emergency number 112	The project will support a CD-ROM and Internet-based model for promoting the functional language skills of emergency workers, which will later be used at European level.	Germany	Dieter Nussler Nuessler@mail.aachen.de	<a href="http://multicom112.org/">http://multicom112.org/</a>	LEONARDO DA VINCI

TOS	Trans-Online-Shop -Electronic commerce in vocational training - development of teaching modules and their practical application	It is targeted at vocational schools and all commercially-oriented training institutions, the idea being to put in place a non-profit e-commerce project in the schools within 30 months.	Germany	Steltner Jürgen Jürgen.steltner@br-h.niedersachsen.de	<a href="http://tos.nibis.de/">http://tos.nibis.de/</a>	LEONARDO DA VINCI
FACE	Forum for work-linked vocational training in the chemical industry	The project aims at developing a portal for the promotion of training in the chemical industry at European level.	Germany	Prof. Dr. Leo Gros auslandsamt@fh-frese nius.de	<a href="http://www.about-face.org/">http://www.about-face.org/</a>	LEONARDO DA VINCI
ORION	Virtual Learning Environment in Environmental Science, with on-line re-useable Interactive Modules for remote users in Marine Pollution and ecology with self-learning language package in four languages	The major goal of ORION is the development of a powerful, state-of-the-art ICT learning tool, to be used within a Virtual Learning Environment in the Marine Environment sector.	Germany	Margaret Eleftheriou margaret@imbc.gr	<a href="http://www.aquamedia.org/home/default_en.asp">http://www.aquamedia.org/home/default_en.asp</a>	LEONARDO DA VINCI
TCP experts	Courses for the skilling of technicians in the field of telecommunications and digital voice recognition	The project aims at developing a programme for systematic acquisition of knowledge of complex communication systems based on the ICT	Germany	Prof. Dr. Ingo Kunold Kunold@fh-dortmund.de	<a href="http://www.baker.ie/">http://www.baker.ie/</a>	LEONARDO DA VINCI
SELF-EVALUATION	Transnational methods and models for self-evaluation of non-formal personal competencies	The project aims at developing new methods and outlining curricula for self-evaluation in distance trainings in non-formal competencies through the ICTs	Germany	Willi Petersen biat@biat.uni-flensburg.de	<a href="http://www.biat.uni-flensburg.de/biat.www/index_projekte.htm">http://www.biat.uni-flensburg.de/biat.www/index_projekte.htm</a>	LEONARDO DA VINCI
REMEDIES	Remote medical education via Internet enhanced services	The project will develop a set of training courses for new technologies in radiology and surgery, including a communications network for video conferencing	Germany	Maylos Aravantinos arpa@datamed.gr	<a href="http://www.biomed.ntua.gr/remedies/">http://www.biomed.ntua.gr/remedies/</a>	LEONARDO DA VINCI
EUQuaSITEuropea n	Qualification Strategies in Information and Communications Technology	EUQuaSAIT aims to determine the need for external training provision in companies.	Germany	Prof. Dr. A. Willi Petersen awpetersen@biat.uni-flensburg.de	<a href="http://www.euquasit.net/">http://www.euquasit.net/</a>	LEONARDO DA VINCI
SPERO	Teleinformatics System for the continuous collection, processing and diffusion of material for Teacher Training in Special Education	It will develop and introduce a teleinformatic system enabling the collection, processing and diffusion of material for teacher training particularly for teachers of special education.	Germany	Stefanos Kollias stefanos@cs.ntua.gr	<a href="http://www.image.ntua.gr/spero/">http://www.image.ntua.gr/spero/</a>	LEONARDO DA VINCI

ODL-HealthMI	Open and Distance learning in Health care Microbiology and Immunology	This project will develop a curriculum to provide new tools and measures for the control and prevention of infectious diseases and to learn about immune deficiency	Germany	Rheinischen Friedrich breipohl@uni-bonn.de +49 228287 5627	<a href="http://www.odl.hit.bg/">http://www.odl.hit.bg/</a>	LEONARDO DA VINCI
e-Business support in a joint approach	Utilisation of company personnel resources for competence transfer among SMEs	The project initially provides for the development of a curriculum for SMEs to introduce them to "e-business".	Germany	Gabriele Fuchs GFuchs@gfq-wiesbaden.com	<a href="http://www.pesg.com/uebusiness.html">http://www.pesg.com/uebusiness.html</a>	LEONARDO DA VINCI
GreTel	Transfrontier development of tele-learning products in virtual teams	The outcome of "GreTel" will be online tools for the transfrontier development of tele-learning processes in five languages.	Germany	Gabriele Fietz Fietz.Gabriele@bf.bfz.de	<a href="http://www.poolweb.it/grete/">http://www.poolweb.it/grete/</a>	LEONARDO DA VINCI
ELOGIS	E-logistics of goods - open training and distance learning in the international electronic processing of transport activities	The project is directly targeted at young people in initial training, young workers and women in the haulage and transport logistics field.	Germany	Roland Plattner plattner@info-neuss.de	<a href="http://www.ptpcy.com/projects_elogis.asp">http://www.ptpcy.com/projects_elogis.asp</a>	LEONARDO DA VINCI
ReSyE-Co	Retail Systems and e-Commerce	The project aims to carry out a transnational pilot project for integrating stock management systems and e-commerce in the vocational training of commercial staff in the retail trade	Germany	Artur Barth Artur.Barth@t-online.de	<a href="http://www.resye-co.org/">http://www.resye-co.org/</a>	LEONARDO DA VINCI
SOLT	Supporting On-Line Learning and Teaching	It will be used as a pedagogical compendium and a creative on-line course allowing the target group to produce materials and methodologies in a small business context.	Germany	Regina Schaefer schaefer-regina@web.de	<a href="http://www.solt.uni-essen.de/">http://www.solt.uni-essen.de/</a>	LEONARDO DA VINCI
Virtuela	Virtual Eurolaser laboratory	The project aims to develop new methods for initial, continuing and further training in the use of laser technology within the processing industries.	Germany	Dieter Schuöcker mailto:dschock@mail.zserv.tuwien.ac.at Prof. Dr.-Ing. Horst Weber weber@physik.tu-berlin.de	<a href="http://www.tu-berlin.de/">http://www.tu-berlin.de/</a>	LEONARDO DA VINCI
Vico-Ecom	Virtual learning in firms in the field of electronic commerce	It is intended to develop e-commerce teaching and learning material for SMEs, their managers and young employees, focused on the retail trade and sales representatives.	Germany	Ilse Luckhardt I.Luckhardt@t-online.de	<a href="http://www.vico-ecom.de/">http://www.vico-ecom.de/</a>	LEONARDO DA VINCI
WEB-CONTENT-MANAGER	Development of an European IT-profile and its implementation in the national vocational education systems	The project will define the core profiles, along with training and examination programmes and the curricula and evaluation methods for the qualification of web content manager.	Germany	Gerald Thiel Thiel@produkte.cdi.de	<a href="http://www.web-content-manager.org/">http://www.web-content-manager.org/</a>	LEONARDO DA VINCI

MINAR	Market innovation - regenerative raw materials	The pilot project will develop a curriculum for the further and continuous training of farmers in D, EL, F, NL, HU and PL by means of the ICT	Germany	Elke Jarchow LEB-Friesack@t-online.de		LEONARDO DA VINCI
E-Commerce for the retail trade	Consumer loyalty and controlling	This 24-month pilot project will develop a skilling approach for SMEs and individual retailers in D, A, NL, UK and LT by means of an Internet platform	Germany	Gabriele Lehmann GLEhmann@zbb.de		LEONARDO DA VINCI
NWSFLEBR	New approaches to foreign language learning for European works councils and trade unionists	In D, E, F, A and PL, new multimedia language courses are to be developed for works councils and trade unionists.	Germany	Karlheinz Kizina-Hobrecht Karlheinz.Kizina-Hobrecht@daa-bw.de		LEONARDO DA VINCI
LINGUA-IN-CITY	The European city as an innovative place of learning	This project lasts 36 months and is targeted at companies that employ foreign workers, in particular immigrants, and at vocational training and integration-oriented associations	Germany	Manfred Quickert iks-in@bingo-ev.de		LEONARDO DA VINCI
MERIT-TEX	Promoting Expertise on Industrial Excellence in Textiles	The project will develop training curricula and materials to advance the knowledge of personnel in the Textiles sector with regard to encouraging Industrial Excellence.	Germany	Nicholas Bilalis bilalis@dpem.tuc.gr		LEONARDO DA VINCI
LIFT.COM	Enhancing skills in European works councils with a view to improving participation of workers' representatives in the social dialogue	The project will develop an innovative seminar concept, which will provide the European works council representatives with a basis for participating in the social dialogues	Germany	Rolf Jaeger rolf.jaeger@igbce.de		LEONARDO DA VINCI
GENIAL	Gene technology in training and laboratory	The pilot project aims to review the initial training of chemists and biologists in the field of gene technology, in particular the training of chemical and biology laboratory assistants.	Germany	Uta Voigt inof@understandingbus.de		LEONARDO DA VINCI
PRACTICERT	Accreditation and Certification of Work-Related Qualifications during Job Placements	The project aims at recognising and certifying skills and competences acquired in transnational work placements in the hotel, catering and administration sectors.	Germany	Anthony Fitzpatrick icc_europe@compuserve.com		LEONARDO DA VINCI
MaBusE	Master of European Business Engineering	The MaBusE project will develop and pilot a series of training modules for engineering employees within the Production Industry as a supported distance learning programme.	Germany	Dr. Ing Werner Fischer Info@aditec.rwth-aachen.de		LEONARDO DA VINCI

ESTM	European Service Technician Motor Cycle	The project aims at developing Internet-based training modules for motor cycle repair and maintenance workers to adapt their knowledge to the new EU regulations.	Germany	Dr. Inge Braunmiller braunmiller@btzw.de		LEONARDO DA VINCI
IT	Support for the Self Study of Languages	IT plans to adopt an approach, from the management of a self-teaching centre to the independent use of tools by learners and pedagogical monitoring of learners.	Germany	Evelyne Pâquier ifranc@uni-bremen.de		LEONARDO DA VINCI
DEUMA	German in machine building	The project promotes technical German language skills for young trainee machine-builders in CZ, SK and F.	Germany	Irena Cornejova cornejova@kj.fme.vutr.cz		LEONARDO DA VINCI
WAP	Further training of outpatient psychiatric nursing-care providers	The goal of the project is to improve the quality of psychiatric care, network European outpatient care providers and promote innovative and new nursing methods.	Germany	Jorg Utschakowski ini.soz.reha@t-online.de		LEONARDO DA VINCI
JobART	Development, certification and sustainable dissemination of an EU-wide transferable job preparation approach (for disadvantaged persons) in the fields of event technology and digital media design	The project will develop training modules that will focus on promoting the creativity of young people and provide them with skills in the field of task-oriented vocational activity.	Germany	Klaus Wiese kwiese@kirchbauhof.de		LEONARDO DA VINCI
EECA	European Electronic Commerce Assistant	The three-phase project will develop a curriculum/syllabus for the training of electronic commerce assistants.	Germany	M. Detief Reeker rekker@muenster.ihk.de		LEONARDO DA VINCI
Distance counselling	Development of a counselling methodology/ inventory of methods for distance vocational counselling including a training guide	The project will develop methods for improving telephone-based, Internet based and interactive dialogue based vocational counselling, which is becoming increasingly popular.	Germany	M. Wilfried Muswieck ba_wilfried.muswieck@t-online.de		LEONARDO DA VINCI
European instructors	Development of an online course for the promotion of instructors' intercultural skills	The project will develop a modular and web-based further training system for instructors in the field of commerce, industry and tourism.	Germany	Manfred Bock Manfred.bock@volkswagen.de		LEONARDO DA VINCI
E-Coach	e-coach skills/development of European e-learning didactics	The goal is to develop the vocational profile of the 'E-coach' on the basis of an activity-oriented learning process, and to structure and test this vocational profile.	Germany	Peter Rother Peter-rother@daa-bw.de		LEONARDO DA VINCI

Call Centre Trainer Qualification	Trainer Qualification in the Field of Call Centres - Development and Testing of Modules and Materials	The project aims at developing an e-learning model for instructors in the training of call centre agents	Germany	Prof. Dr. Hannelore Kruschel Kruschel@iaqz.de		LEONARDO DA VINCI
Connect	Appropriate qualification approaches for new entrepreneurs (with the focus on e-commerce) using new ICTs and e-commerce	The project aims to provide new entrepreneurs with opportunities for self-tuition, distance learning and interactive learning using a standard web portal.	Germany	Raymond Heuzeroth bwn@nb-net.de		LEONARDO DA VINCI
Quality Standards for PF	Analysis and Development of the Minimum Quality Standards for Practice Firms towards a Common European Certification	The project aims at identifying the standards for a common European certification for training in Business Administration.	Germany	Suzana Temkov temkov@europen.de		LEONARDO DA VINCI
LOGIS	Long distance tutorial network in logistic information systems based on web technologies.	A Logistics Information System will be designed and tested to prepare Latvia for its place in the development of the EU's Trans European Network (TEN)	Germany			LEONARDO DA VINCI
ICT-net	Multimedia Training Network for an Effective Development of the ICT	Basis in SMEs - on a European view ICT-net will establish a European network to encourage ICT Management Training with the aim of empowering management personnel in functioning as ICT Strategists, able to make decisions with regard to ICT and its corporate implications.	Germany			LEONARDO DA VINCI
DIALANG	Diagnostic testing of 14 languages on the Internet	Its aim is to make publicly available on the Internet, valid tests which will diagnose language proficiency in the 11 Community languages plus Irish, Icelandic and Norwegian.	Germany	Wolfgang Mackiewicz erasmspr@zedat.fu-berlin.de	<a href="http://www.dialang.org/">http://www.dialang.org/</a>	LINGUA
Digital Festival		Digital Festival aims at implementing the digital handling of films at European films festivals and films markets	Germany	Urike Erbsich: erb-sloeh@kurzfilmtage.de		MEDIA
IKARUS	Internet - basiertes kollaboratives Arbeiten in Universitären Lehr- und LernSzenarien	The aim of the project is to develop a environment offer access to a university course on "Teaching and Learning in Virtual Learning Environments"	Germany	IKARUS info@online-seminar.net	<a href="http://seminar.jura.uni-sb.de/seminar2004/index.shtml">http://seminar.jura.uni-sb.de/seminar2004/index.shtml</a>	MINERVA
ITES	Information Technologies in European Sport and Sport Science	This project aims at the integration of ICTs into the traditional university fields of activity and responsibility using topics of sport and sport science in Europe	Germany	Prof. Dr. Reinhard Daus (Mr) r.daus@rz.uni-sb.de	<a href="http://web.swi.uni-saarland.de/ites/">http://web.swi.uni-saarland.de/ites/</a>	MINERVA

NODE	Networked Organization of Distance Education	The imbalance between established providers and new roles in ODL requires a sound pedagogical concept within a generally feasible organisational framework.	Germany	STROBL. Josef josef.strobl@sbg.ac.at Dr. Gudrun Hoffmann hoffmann@BOW.de	<a href="http://www.bow.de/inhalt/e-u-proj/node.htm">http://www.bow.de/inhalt/e-u-proj/node.htm</a>	MINERVA
EDUVINET	Education via Networks	The Project builds a highly versatile source of information and offers interested teachers, students and others a forum to exchange opinions on various topics.	Germany	Edmund Ohlendorf ohlendorf@eduvinet.de http://www.eduvinet.de/	<a href="http://www.eduvinet.de/">http://www.eduvinet.de/</a>	MINERVA
METROeLEARN	European e-Learning in Manufacturing Metrology	To develop and implement a coherent learning chain from introductory e-courses in initial manufacturing engineering studies towards higher-level vocational training.	Germany	Albert WECKENMANN weckenmann@qfm.uni-erlangen.de Jesko Soellner soellner@qfm.uni-erlangen.de	<a href="http://www.metro-e-learn.org/">http://www.metro-e-learn.org/</a>	MINERVA
WEB-ECON	WEB-based teaching in ECONomics with ECTS relevance	The project aims to translate and adapt computer supported teaching/learning units on microeconomic theory for simultaneous local application in Italy, Romania and Germany	Germany	Prof. Dr. Gerhard Michael Ambrosi, Hermann Bruns ambrosi@uni-trier.de	<a href="http://www.uni-trier.de/ambrosi/">http://www.uni-trier.de/ambrosi/</a>	MINERVA
VISIONARY	Violence in school – intelligence on the net applying resources for youngsters	VISIONARY aims at providing a transnational platform for teachers, parents, pupils as well as experts dealing with "violence in school" by means of a multi-level web site.	Germany	Thomas Jäger, Reinhold S. Jäger jaegerth@zepf.uni-landau.de	<a href="http://www.zepf.uni-landau.de/">http://www.zepf.uni-landau.de/</a>	MINERVA
DEC.KNOWL	Decentralised Knowledge - Networked Resource-based Learning	It aims at the international development of a structure, including a webbased platform, its own knowledge base, online-seminars and the background structures.	Germany	Dr. Hans-Peter Baumeister (Mr) hans-peter.baumeister@fh-reutlingen.de		MINERVA
PePCAA	A Pedagogical Psychology Computer Assisted Assessment System to support Initial and Life long Teacher Training	It will identify a Europe-wide core competence map in educational psychology and its applications	Germany	Walter F. KUGEMANN walter.kugemann@fim.uni-erlangen.de		MINERVA
Living with Conflict	A Virtual Learning Environment for Political Education of Youth and Young Adults in Europe	Using examples from Northern Ireland, the Basque region, the former East Germany, or urban centres across Europe a virtual learning environment will illustrate roots of conflict	Germany	Thomas Pätzold (Mr) paetzold@ifnm.de http://www.ifnm.de	<a href="http://www.wis.win.tue.nl/">http://www.wis.win.tue.nl/</a>	
SYNTHESI	Synergetic New Thesis for European Simera	The project aims at developing a new educative model based on the personal and social evolution of each person to promote the european dimension.	Greece	Chrysoula KOSMIDOU-HARDY hardcosm@otenet.gr	<a href="http://www.irrsae.veneto.it/europe/synthesi/">http://www.irrsae.veneto.it/europe/synthesi/</a>	COMENIUS

	<u>Action expérimentale d'une Formation-Recherche pour les enseignants ayant des difficultés dans la gestion des classes</u>	The project aims at giving teachers training in facing the passivity or violence of some students.	Greece	Despina TSAKIRIS Dtsak@kee.gr		COMENIUS
M-Guide	Cultural Location Based Information Services	The M-GUIDE project aims to develop and deploy an integrated system for the provision of Location Based Information Services for cultural cities in two EU countries.	Greece	<a href="http://www.mguide.net/">http://www.mguide.net/</a>	<a href="http://msi.lms.lt/5FP/IST/ist_chimer.html">http://msi.lms.lt/5FP/IST/ist_chimer.html</a>	eCONTENT
eMATE	Electronic Multilingual Tourism Environment	eMATE will formulate a process model and build the architecture necessary to design, implement, distribute and maintain digital content for multi-lingual, intercultural target markets, over the Internet.	Greece	eMATE pbt@archetypon.gr	<a href="http://www.emate-econtent.org/">http://www.emate-econtent.org/</a>	eCONTENT
eTELESTIA	Enhancing content production in a multilingual and multicultural environment	Development of a global on-line network offering localised e-learning content and services in the fashion and clothing sector.	Greece	e Telestia info@etelestia.com +30 23 10 25 15 10 Liana Vouyouka liana@sitam-ab.com +30 23 10 25 15 10	<a href="http://www.etelestia.com/etelestia/default.aspx">http://www.etelestia.com/etelestia/default.aspx</a>	eCONTENT
e-MUSE	e-Learning for Museum and School Environments	The project aims to create and implement a new e-learning environment that demonstrates the potential of the e-learning solutions for specific user groups.	Greece	Hadzilacos THANASIS thh@cti.gr	<a href="http://eeym.eap.gr/emuse/">http://eeym.eap.gr/emuse/</a>	ELEARNING INITIATIVE
EUDOXOS.	Teaching Science with Robotic Telescope	This project aims to use the possibilities of the Internet to transform the classroom into a research laboratory	Greece	EUXODOS admin@ellinogermaniki.gr	<a href="http://www3.ellinogermaniki.gr/ep/eudoxos/htm/index.htm">http://www3.ellinogermaniki.gr/ep/eudoxos/htm/index.htm</a>	ELEARNING INITIATIVE
RoRep Roaming Reporters		The Roaming Reporters project seeks to turn the act of reporting into a language of communication among the young people and aspires to create intelligent users of the Mass Media that possess a critical viewpoint and can express themselves to the wider audience. It seeks to be a pilot European project with a worldwide appeal.	Greece	Mrs. Georgia Aggelaki: programmes@ectc.gr		ELEARNING INITIATIVE
TELL	Towards Effective network supported collaborative learning activities	It aims to offer a new method for educational design that will concern all three main components of elearning	Greece	Symeon Retalis retal@unipi.gr		ELEARNING INITIATIVE

Edu.Broker		To study and facilitate deployment of viable business model(s) based on the exchange of educational content between Higher Education Institutions (HEIs) and the corporate sector (large corporations and SMEs) at European level.	Greece			ELEARNING INITIATIVE
ENHSA	European Network of Heads of Schools of Architecture	The ENHSA is a network on Architectural Education in Europe	Greece	Constantin SPIRIDONIDIS spirido@arch.auth.gr		ERASMUS
USAEE	University Studies of Agricultural Engineering in Europe; a Thematic Network	The basic goal of the proposed project is to implement the framework established already during the AFANET project for developing benchmark core curricula in Agr. Engineering	Greece	Demetres Briassoulis briassou@aua.gr		ERASMUS
ENORASI	Virtual Environments for the Training of Visually Impaired	The project aims at developing an interactive and extensible virtual reality system to allow visually impaired people to study and interact with various virtual objects.	Greece	HARISSIS, Anastasios tasos@systema.gr	<a href="http://enorasi.systema.gr/">http://enorasi.systema.gr/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Dunes	Dialogic & argUmentative Negotiation Educational Software	The DUNES project aims to design implement and test an environment for collaborative learning through discussion and argumentative interaction on the Web.	Greece	Dr Baruch Schwarz msschwar@mssc.huji.ac.il	<a href="http://www.dunes.gr/">http://www.dunes.gr/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
IRIS	Incorporating Requirements of People with Special Needs or Impairments to Internet-based Systems and Services	It aims at designing multimodal means of access for citizens with special needs in the Information Society and enabling services to adapt modalities to user preferences	Greece	TSOPELAS, Nikitas nikitas.tsopelas@eurodyn.com	<a href="http://www.iris-design4all.org/">http://www.iris-design4all.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
KNOWLABORATION	Knowledge applications for collaborative organisational networks	To explore in-depth the factors that either inhibit or enable the decision-making, the knowledge sharing and the other aspects of the self-learning process and knowledge management in the context of a learning network	Greece	Thanos Giamas y.pouspourikas@pouliadis.gr	<a href="http://www.knowlaboration.net/">http://www.knowlaboration.net/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
KOD	Knowledge on Demand	The main idea behind the KOD project is the creation of a vertical learning portal (VLP), which can support back-end users and learners to access educational e-content in a personalised way.	Greece	Demetrios G. Sampson sampson@iti.gr	<a href="http://www.kodweb.org/">http://www.kodweb.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
LAB OF TOMORROW	Lab of Tomorrow	The project aims at developing an innovative combination of a new approach to learning and the development and application of new technologies	Greece	Nikolaos Uzunoglu Nuzu@cc.esd.ece.ntua.gr	<a href="http://www.laboftomorrow.org/">http://www.laboftomorrow.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

Imutus	Interactive Music Tuition System	To provide an interactive music tuition multimedia system for training users on traditional instruments with no MIDI (Musical Instrument Digital Interface) output.	Greece	George Tambouratzis giorg_t@ilsp.gr		INFORMATION SOCIETY TECHNOLOGIES (IST)
FISHTRAIN	Pathways to Vocational Training for Workers in the Fisheries Sector	The project will design a training package on 'Sustainable Fisheries Management on the Mediterranean Sea' to contribute towards the continuing training of the fishing industry.	Greece	Anagnopoulos Nikolaos apcttd@otenet.gr		LEONARDO DA VINCI
ECO AGRO	It aims to improve the skills and competencies of workers in the field of Ecological Agriculture through a self training tool facilitating improved access to sectoral training.	Ecological Agriculture as a Resource of Employment, Sustainable Development and Public Health	Greece	Stergios Papaefthimiou sp@aegeaskek.gr	<a href="http://www.eco-agro.gr/">http://www.eco-agro.gr/</a>	LEONARDO DA VINCI
FRELECTRA □	Piloting Electronic Trading Procedures for Fresh Produce	It will investigate the needs of the Fruit & Vegetable Trading sector to develop a training programme for packers and traders in the use of electronic medium for the sale and marketing of produce.	Greece	J. Cassavetti HCL@OTENET.GR	<a href="http://www.ptpcy.com/projects_frelectra.asp">http://www.ptpcy.com/projects_frelectra.asp</a>	LEONARDO DA VINCI
Advice Toolkit	An advice toolkit for business advisors and others offering assistance to women entrepreneurs	The project will create an Advice Toolkit offering business advice, with a particular bias on the work-life balance and the information & advice offered to women entrepreneurs.	Greece	Paula Grizzard tbtwc@cwcom.net		LEONARDO DA VINCI
SMART BE	Developing distance training for SMART buildings energy management	The project addresses the further training needs of engineers and aims to develop educational on-line tools to provide new techniques in energy management.	Greece	Geroge Stavrakakis gstavr@systems.tuc.gr		LEONARDO DA VINCI
ARTEMIS	Development of an Advanced Technology Material for the Teaching of Greek at an Introductory Level	ARTEMIS is envisaged to create a pedagogically innovative and technologically advanced material for the teaching of modern Greek at an introductory level.	Greece	Stylios Savvas savvas@ellinogermaniki.gr	<a href="http://www2.ellinogermaniki.gr/ep/artemis/">http://www2.ellinogermaniki.gr/ep/artemis/</a>	LINGUA
eCMS	Content Management Middleware for the Support of eLearning across Europe	The core of the system is open middleware architecture for the publication, discovery, retrieval, and integration of educational content.	Greece	Efthimios Providas (Mr), Hariklia Tsalapata (Ms) htsalapa@uth.gr <a href="http://www.uth.gr">http://www.uth.gr</a>	<a href="http://elearning.noc.uth.gr/">http://elearning.noc.uth.gr/</a>	MINERVA
I Curriculum	The Knowledge and Information Skills needed for living in the Digital Age	The objective of the project is to establish a European framework for defining information skills and a curriculum appropriate for living and learning in the digital age.	Greece	Kathy KIKIS-PAPADAKIS katerina@iacm.forth.gr	<a href="http://promitheas.iacm.forth.gr/i-curriculum/">http://promitheas.iacm.forth.gr/i-curriculum/</a>	MINERVA

TELELEARN II	Lessons in Primary Schools across Europe through Telematics Services	The project aims to integrate the uses of ICT in teaching and learning in ODL in Primary Schools	Greece	Anastasia Pyrini (Mrs) Ineag@otenet.gr - 00 (30) 10 – 64 59 812 <a href="http://www.ineag.gr">http://www.ineag.gr</a>	<a href="http://www.ineag.gr/Research/Telelearn2/indexEn.htm">http://www.ineag.gr/Research/Telelearn2/indexEn.htm</a>	MINERVA
METABOOK	Creation and experimental application of multimedia electronic books in high school physics	The objective of the project is to develop and implement multimedia electronic books at schools, achieving its efficient and smoother introduction.	Greece	Dr Ragiadakis Christos ragiadak@hol.gr <a href="http://www.pi-schools.gr">http://www.pi-schools.gr</a>	<a href="http://www.pi-schools.gr/">http://www.pi-schools.gr/</a>	MINERVA
AGROweb	An Innovative Approach to the Usage of the Internet in a Interdisciplinary Framework	The project provides real world results through an interdisciplinary model easily applicable in the current educational practice.	Greece	Dr. Stavros Savas savas@ellinogermaniki.gr	<a href="http://www2.ellinogermaniki.gr/ep/agroweb/">http://www2.ellinogermaniki.gr/ep/agroweb/</a>	MINERVA
ePhys	Towards an Effective Use of ICT for Open Learning in Teaching of Physics in Europe	The "ePhys" project seeks to promote European cooperation among teachers, learners, and researchers on an effective use of ICT in the teaching of Physics.	Greece	Euripides HATZIKRANIOTIS evris@physics.auth.gr	<a href="http://zeus.physics.auth.gr/ePhys/">http://zeus.physics.auth.gr/ePhys/</a>	MINERVA
	WebTV for Schools : TV Programme for Students by Students on the Web	Web TV for Schools project aims at the development of the appropriate pedagogical framework for the introduction of methods of informal learning in the school curriculum.	Greece	Stavros SAVAS savas@ellinogermaniki.gr		MINERVA
Web Dance	Web Dance for All using advanced E-learning tools	It will focus on developing a new Web3D platform that will promote new e-learning dance methodologies in secondary school, with particular focus on traditional dance.	Greece	Evangelia KAVAKLI kavakli@ct.aegean.gr		MINERVA
	Integrated Programmes for Lower Primary Teacher Training	This project intends to develop modules for the initial training of the lower primary school education.	Hungary	Andrea OROSZ orosz@jgytf.u-szeged.hu		COMENIUS
STANDARDBASE	Database of Industrial and Commercial Standard Analytical Procedures for Quality Control that can be used on Vocational Courses in European Schools accessible on the Internet	The STANDARDBASE project will adapt industry-based, analytical procedures & measures for use in the vocational and educational learning environment.	Hungary	Lévayné Szalay Luca levayne@mail.petrikl.sulinet.hu	<a href="http://www.standardbase.hu/">http://www.standardbase.hu/</a>	LEONARDO DA VINCI
ADONIS	Advanced On-The-Job e-Training Solutions in e-Business for SMEs	The project will develop an e-learning environment to contribute to the development of e-Business in European SMEs, particularly in the Tourism and Culture sector.	Hungary	Tibor Remzso h354rem@ella.hu		LEONARDO DA VINCI

e-Commerce Jobs	Best Practice in e-Commerce and Job Role Qualifications	The project will define an appropriate 'skills set' and develop an outline training package for the newly defined role of e-Commerce and Multimedia Engineer, aimed at European SMEs.	Hungary	Miklos Biro miklos.biro@sztaki.hu		LEONARDO DA VINCI
Services for the blind	Complex vocational training service in the field of information technology for blind trainees	The project, in partnership with D and I, will focus on providing access to vocational training to blind people in HU in all age categories, but in particular blind young people.	Hungary	Szilvia Pachertne Lengyel lengyelsz@ngo.hu		LEONARDO DA VINCI
Energy efficiency for Europe	Interactive training material for improving the energy efficiency of European SMEs	The aim is to provide further and continuing training in the environmental protection via intelligent energy use (water, air, gas, electricity, fuels, fossil raw materials).	Hungary			LEONARDO DA VINCI
CoLabs	Collaboratories	The aim of the project is to provide infrastructures for collaborative work in child education	Hungary	Márta TURCSÁNYI-SZABÓ turcsanyine@ludens.elte.hu	<a href="http://matchsz.inf.elte.hu/colabs/">http://matchsz.inf.elte.hu/colabs/</a>	MINERVA
PESCAMI	Promoting European Solidarity Through Cultural and Media Interchange	The aim of this project is to enhance social cohesion throughout Europe by mutual appreciation of each other's unique cultural identity	Iceland	John MERWICK spm@iol.ie	<a href="http://www.siu.no/">http://www.siu.no/</a>	COMENIUS
OPTIO	Oppisopimuksella työvoimakapeikkoihin	The aim is to fight obsolete skills of existing middle aged or ageing personnel by means of an apprenticeship and a competence-based performance exam designed for adults	Iceland		<a href="http://www.hyvan.helsinki.fi/optio/">http://www.hyvan.helsinki.fi/optio/</a>	EQUAL
	Towards Democratic Citizenship Through Non-Formal Education	What the partnership of the project is going to explore are the specific processes within non-formal education which enhance citizenship	Iceland	Anna Lee tallpart@eircom.ie	<a href="http://www.coe.int/T/E/Cultural_Co-operation/Education/">http://www.coe.int/T/E/Cultural_Co-operation/Education/</a>	GRUNDTVIG
SPIDERWEB Project	Support Program in Development Represented on the Web	The SPIDERWEB Project will review approaches to the issue of 'educational dropouts' across the involved European partner countries	Iceland	Bjorg Birgisdottir bjorg@ru.is		LEONARDO DA VINCI
PISCES	Promotion of vocational training, information for non-aquaculturists, support for SMEs, careers promotion (in aquaculture), education database for aquaculture and shortening the gap between science and its' users.	The PISCES project aims to increase both information on, and access to, vocational training within the aquaculture industry across the nine partner countries.	Iceland	David Murphy david@aquatt.ie		LEONARDO DA VINCI

EODPE	Equal Employment Opportunities: Mentoring and Training for Disabled People and Employers	The EODPE project will establish a system of employer mentoring and workplace experience for disabled people undergoing training or study.	Iceland	Maria Goranova goranova@plovdiv.techno-link.com		LEONARDO DA VINCI
INNO-ED	Practical use of ODL and IT in Innovation Education	A main output of the project will be a database, equipped with relevant tools for ideation and Innovation Education.	Iceland	Gísli Þorsteinsson abc@khi.is	<a href="http://innoed.khi.is/">http://innoed.khi.is/</a>	MINERVA
STENED	School Telematics Education Network for Enterprise Development	The STENED project will validate a new and innovative pedagogic framework for the provision of networked classes in Second Level Schools.	Iceland	John Glynn s.macgloinn@udas.ie http://www.gcom.ie	<a href="http://www.stened.net/">http://www.stened.net/</a>	MINERVA
RAMIE	Researching Assessment Methods & Instruments for E-learning	RAMIE seeks to develop valid, reliable, repeatable and transparent online assessment methods which attract accreditation within formal qualification frameworks	Iceland	Gearoid O SUILLEABHAIN deis@cit.ie Higher Education Authority info@hea.ie		MINERVA
PICTURE	Perceptions of ICT Use in Remote Education	This project aims to establish the factors necessary to successful and sustainable implementation of e-learning in a real educational setting.	Iceland	Kay Mac Keogh Kay.mackeogh@dcu.ie http://www.oscail.ie/picture		MINERVA
	Literacy Difficulties including Dyslexia : A Transnational Project	This project aims to design a course flexible enough to accommodate different literacy and learning needs in various European countries	Ireland	Fidelda HEALY EAMES Fidelma.Healy-Eames@mic.ul.ie	<a href="http://www.leargas.ie/education/ca/school1.html">http://www.leargas.ie/education/ca/school1.html</a>	COMENIUS
ESET	The European Picture Book Collection : A European School Education Training Course	This training course aims to provide a structure for teachers/teacher educators to help children to learn more about their European neighbours.	Ireland	Penni COTTON P.Cotton@roehampton.ac.uk	<a href="http://www.leargas.ie/education/ca/school4.html">http://www.leargas.ie/education/ca/school4.html</a>	COMENIUS
From E-learning to M-learning		This project will take the first steps towards harnessing the impact of wireless telephony and computing for the world of learning and training.	Ireland		<a href="http://learning.ericsson.net/leonardo/">http://learning.ericsson.net/leonardo/</a>	ELEARNING INITIATIVE
BANDWIDTH 2000	An Information Infrastructure for Bandwith Trading	It addresses the needs for customers to have access to comparative tariffing details of different suppliers, internet based billing and ordering of services on the internet.	Ireland	Willy Donnelly wdonnelly@wit.com +353 51 302900		eTEN
Gambit	Guided Analysis of Small Business Mangers' Needs with Benchmarking and Internet-based Training	To evaluate the effectiveness of the online training system, KnowledgeBuilder, in delivering appropriate on-the-job training for SME managers.	Ireland	Reg Rea reg@acktiv.com	<a href="http://www.mygambit.info/Gambit_Topics/OnlineTraining/Data/Gambit_Login.cfm#Animations">http://www.mygambit.info/Gambit_Topics/OnlineTraining/Data/Gambit_Login.cfm#Animations</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

MORPH	Management Of Risks and Practices in Healthcare	It addresses both the need to put in place risk management practices, thus contributing to a reduction in litigation, and the need for improvement in the delivery of actual healthcare.	Ireland	Asim Sheikh info@interesourcegroup.com	<a href="http://www.morphproject.com/">http://www.morphproject.com/</a>	LEONARDO DA VINCI
ABC	Assisting Business Competitiveness	The ABC project will design and develop specialist support materials to encourage competitiveness and innovation amongst SMEs.	Ireland	J.J. Grugan jj@initiative.ie		LEONARDO DA VINCI
PROSPECT	Developing and promoting vocational training and education to open up and support new perspectives for social integration and employment for people with mental health problems and their family-carers	It will develop and promote vocational training and education for persons with mental health problems, their family-carers and social & health professionals	Ireland	SHEPPARD, Mark msh@broadcom.ie		LEONARDO DA VINCI
BITE	Bridging the Gap Between the Traditional and the eLearning Environment (BiTE)	The project seeks to improve e-learnig by taking teaching and training strategies from the traditional learning environment and emulating them in the new e-learning environment.	Ireland	Gearóid Ó Súilleabháin (Mr) deis@cit.ie <a href="http://www-deis.cit.ie">http://www-deis.cit.ie</a>		MINERVA
TC	Teaching by Counselling (insegnare orientando)	The project seeks to facilitate pupils' transition from school to work by promoting new methods of career counselling and the development of a portfolio of competencies.	Italy	Angelo Strano astrano@projeuro.com	<a href="http://www.projeuro.com/tc/">http://www.projeuro.com/tc/</a>	COMENIUS
	School and Museum Cooperation for Improving theTeaching and Learning of Sciences	It aims to develop an in-service course and related educational materials for science education in primary school	Italy	Salvatore SUTERA sutera@museoscienza.org		COMENIUS
ADA	ADA (Thinking of Ada Byron) - Alternative Didactic Approach into Science and Technology	The project will do a comparative analysis in the partner countries to assess the specific needs of girls in approaching scientific subjects.	Italy	Carmela LO GIUDICE provvtr@tin.it		COMENIUS
CEFOR	"Cittadinanza": formare attraverso situazioni-problema e creare un Centro Internazionale di Formazione	The project aims at creating methodological formation strategies for sensitizing teachers towards the education of the European Citicenship	Italy	Claudia Corselli corselli.cl@tiscalinet.it // claudiacorselli@hotmail.com		COMENIUS
	Una scuola per tutti	The projecta aims at experimenting de development of a formation transnational on line course for school teachers facing the education of immigrant students	Italy	Dagmar Schussler immig.arci@flashnet.it		COMENIUS

	Mind/Critical Thinking for Successful Future Career in EU	It aims to help educators reshape classroom instruction with a coherent set of teaching methods; promote critical thinking; and develop life-long learning skills.	Italy	Daiva DENKAUSKIENE daiva.dc@vpu.lt		COMENIUS
Education globale : les relations Europe-Afrique		The project aims at informing and forming teachers of secondary schools in social, economical and cultural history of Africa	Italy	Maria Rosaria Turano m.turano@sesia.unile.it / m.turano@jumpy.it		COMENIUS
EDRA	European DOI Registration Agency	It aims at creating a multilingual, multi-application European DOI Registration Agency (RA) providing services for authors, publishers, distributors and users of digital content.	Italy	Paola Gabaldi paola.gabaldi@aie.it	<a href="http://www.medra.org/">http://www.medra.org/</a>	eCONTENT
C2NET	The Country Community Network	This Web portal aims at encouraging European rural communities to share knowledge and thus opening a way to new international markets.	Italy	Kevin Park kevin@parkital.com		eCONTENT
ECML	European Centre for Media Literacy	ECML project would like to help stakeholders to understand why teaching media literacy is so important and give students new education tools.	Italy	Mr Domenico Ferrari and Ms. Elena Murelli: domenico.Ferrari@unicatt.it; elena.Murelli@unicatt.it	<a href="http://www.unicatt.it">http://www.unicatt.it</a>	ELEARNING INITIATIVE
NBP	Network for the blind people	This project aims at the setting up of a European multimedia network allowing blind people to access, through adequate equipment, the data bases of all participant libraries and all information presented on the Internet.	Italy	Bazzocchi, Silvia s.bazzocchi@bibliotechediroma.it +39.6.77262664	<a href="http://www.comune.roma.it/cultura/biblioteche/blindnet/presentazione.htm">http://www.comune.roma.it/cultura/biblioteche/blindnet/presentazione.htm</a>	ELEARNING INITIATIVE
SEEQUEL	Sustainable Environment for the Evaluation of Quality in E-Learning	It brings together, in a fundamental way, the companies in the e-learning industry who provide the tools and services, the users, the expert organizations and agencies.	Italy	Fabio Nascimbeni fabio.nascimbeni@menon.org	<a href="http://www.eden.bme.hu/contents/euprojects.html">http://www.eden.bme.hu/contents/euprojects.html</a>	ELEARNING INITIATIVE
EXEMPLO	ICT in the vocational training center of the future	A virtual place for the exchange of good practices and communication between practitioners	Italy	tommaso.grimaldi@evta.net	<a href="http://www.evta.net/exemplo/index.asp">http://www.evta.net/exemplo/index.asp</a>	ELEARNING INITIATIVE
VIDEOMAKERS ON LINE	Network of web-site for audiovisual coproduction	The objective of the project is to create a European Web Site. The Site will be a meeting place as well as an exchange point for the ideas of all media and image lovers	Italy	Doriana Bortolini doriana.bortolini@comune.bologna.it	<a href="http://www.flashvideo.org/">http://www.flashvideo.org/</a>	ELEARNING INITIATIVE
LEIPS	Learning about e-Learning Innovation Process in Schools	This project will demonstrate the potential of ICT through a system of best-practice e-learning processes and the development of a Virtual Campus	Italy	Giovanni Serra mailto:giovanni@gjc.it	<a href="http://www.leips.org/">http://www.leips.org/</a>	ELEARNING INITIATIVE

LIVIUS	Learning in a Virtual Integrated University	Its objective is the creation of a new organisational, psycho-pedagogical and didactic model of a European Virtual University from a consortium of universities as a network.	Italy	Maria Amata Garito Garito@nettuno.stm.it	<a href="http://www.uninettuno.it/Livius/livius.htm">http://www.uninettuno.it/Livius/livius.htm</a>	ELEARNING INITIATIVE
SUSI	Human Development in the Information Society	The projects aims at Learning on the role and importance of information in human development processes and in their changes during the era of globalisation and during the emergence of the information society; Acknowledgement, in an intercultural perspective, of the peculiarities of the images of the South of the world disseminated to the North, and vice versa, by old and new media; Formulation of strategies for co-operation between North and South based on media communication and on the new technologies of information and communication.	Italy	Mr. GianMarco Schiesaro: gm.schiesaro@volint.it	<a href="http://www.volint.it">http://www.volint.it</a>	ELEARNING INITIATIVE
Glocal youth	Textes et contextes médiatiques pour jeunes dans le Nord et le Sud	Les objectifs du projet sont: - Promouvoir la conscience par rapport à l'influence importante des images et des messages médiatiques sur la vie et sur les choix personnels des jeunes Européens et des immigrés; - améliorer la connaissance interculturelle, en particulier la conscience des spécificités et des aspects communs de la situation de consommateurs médiatiques que les jeunes UE et ceux des pays d'émigration sont en train de vivre, dans le développement continu des échanges commerciaux et culturels provoqués par la mondialisation;	Italy	Ms. Sandra Federici: progetti@africaemediterraneo.it)	<a href="http://www.africaemediterraneo.it">www.africaemediterraneo.it</a>	ELEARNING INITIATIVE
OrmeE		To provide assessed information and data to all the players along the eLearning content value chain on copyright issues.	Italy	Piero Attanasio piero.attanasio@aie.it		ELEARNING INITIATIVE
Art-Net		It aims to identify and certify the best e-learning tools for art teaching and learning	Italy	Pixel staff@pixel-online.net		ELEARNING INITIATIVE

PRAISE	Peer Review Network Applying Intelligence to Social Work Education	It aims to create a community of best practice comprised of ten partners across eight member states which will concentrate on innovation of training methods for social workers.	Italy	Comune di Torino sfep@comune.torino.it		ELEARNING INITIATIVE
ELUE		The general objective of the project is to improve the quality of e-learning activities engaged in within the university world.	Italy	Cristiana Alfonsi progetti@fondazionecru.it		ELEARNING INITIATIVE
LOG IN THE MEDIA	Media literacy on line for minority ethnic audiences	The main objective of the project is to provide ethnic minority audience groups with innovative tools to fight against racism, discrimination, xenophobia and social exclusion as spread by the media by means of media literacy, empowerment and the production of original intercultural media materials. All the activities will effectively improve intercultural dialogue with media operators and broadcasters. The project will also strengthen and further develop cooperation and networking between bodies operating at the European level in media literacy, anti-discrimination, e-learning, media and minorities' issues.	Italy	Ms. Anna Meli: meli@cospe-fi.it		ELEARNING INITIATIVE

Italy	Paolo Celot: celot@latimer.net		ELEARNING INITIATIVE
IPERFIGURINE	Collecting the World	This project aims to develop an original software to realise didactic paths enabling users to collect multimedia objects in order to fill a personal album	Italy	Sebastiana Costa Ceccarelli gvc.Sebastiana.costa@libero.it		ELEARNING INITIATIVE
uTEACHER		It aims at producing a peer review of teachers' ICT for education professional development in Europe and at defining a framework for teachers' professional development, as a tool for harmonising Eu policies and practice.	Italy	Vittorio Midoro midoro@itd.cnr.it		ELEARNING INITIATIVE
ACUME	Cultural Memory in European Countries - An Interdisciplinary Approach	The Network intends to investigate 'Cultural Memory' in various European nations.	Italy	Vita Fortunati fortunat@lingue.unibo.it		ERASMUS

EUSW	European Social Work : Commonalities and Differences	Primary aim of EUSW Thematic Network is to encourage a comparative approach to Social Work, both as education and as a profession.	Italy	Annamaria Campanini ivanomin@tin.it		ERASMUS
MED-NET 2	The Medical Education and Didactics Network	It will be an interactive organisation dealing with issues in Medical Education, a continuing « meeting point » and a permanent forum of discussion.	Italy	EnzoMOLINA enzo.molina@unipr.it		ERASMUS
CLIOHNET	Creating Links & Innovative Overviews to Enhance Historical Perspectives in European Culture	It addresses the task of bringing the study of history and a critically founded historical perspective to bear on the challenges facing European society and education today.	Italy			ERASMUS
CLAIM	Citizens and Local Authorities Interaction Management	The overall objective of the CLAIM project is to supply a civic service platform to support legal document exchange within administrative networks.	Italy	Giacomo Mazzini g.mazzini@cpr.it	<a href="http://claim.cpr.it/">http://claim.cpr.it/</a>	eTEN
EOLT	European on-Line Trading	It aims at implementing a range of online services for trading, information and education, to provide investors with direct access trading and real time information on the major stock exchange markets world-wide.	Italy	Emanuele Lampertico e.lampertico@investbv.com	<a href="http://www.investnetwork.com/eolt">http://www.investnetwork.com/eolt</a>	eTEN
WEBSCHOOL	European Portal for e-learning, educational virtual community and e-commerce	Webschool is creating a European internet-based Educational Portal offering online educational services to British, French and Italian schools, teachers, school professionals and families. The project will produce a business plan for the commercial deployment of the services in the countries involved and in a wider European market.	Italy	Rosana Lisco rlisco@tinweb.org	<a href="http://www.telecom.org/en/highlights/H10-webschool.html">http://www.telecom.org/en/highlights/H10-webschool.html</a>	eTEN
CHANCE	Cultural Heritage Access through Networked ServiGes for Edutainment Market	The overall project addressed in CHANCE aims at establishing a European-wide service for on-line access to cultural data repositories.	Italy	Dario Avallone avallone@mail.eng.it		eTEN
	Women Learning for an Active Life	The aim of the project is the diffusion of simple concepts connected with female participation in democratic life	Italy	Stefania Marcoccio coop.cramars@agemont.it	<a href="http://www.coopcramars.it/cgi-bin/news.cgi?Azione=VediNotizia&amp;Num=1121">http://www.coopcramars.it/cgi-bin/news.cgi?Azione=VediNotizia&amp;Num=1121</a>	GRUNDTVIG

FLENOFHS	Promotion of flexible learning in environments through European Network of Folk High Schools	It aims to develop relations between adult education institutions and FHS and develop and to strengthen FHS movement in Europe on the basis of a European dimension	Italy	Vita Krivickiene vitak@kktk.lt	<a href="http://www.leargas.ie/education/ca/lit.html">http://www.leargas.ie/education/ca/lit.html</a>	GRUNDTVIG
	Worldwide Writers	The project aims at improving the opportunities of training of adults older than 45 through the ICTs	Italy	Bruna Angela Franzinelli brunafrazzinelli@virgilio.it	<a href="http://www.writers-place.com/homepage.htm">http://www.writers-place.com/homepage.htm</a>	GRUNDTVIG
	Racconta l'Europa	The project aims at developing the citizenship within Europe, through the exchange of people of the different regions, via Internet	Italy	Giulio Salvotti giulio@rc.comune.biella.it		GRUNDTVIG
E-TRACKING	Eye tracking analysis in the evaluation of eLearning systems	To contribute to the enhancement of education and training systems by defining and validating a quantitative method for the evaluation of the level of functionality, usability and acceptability of eLearning systems	Italy	Daniela Zambarbieri dani@unipv.it	<a href="http://e-tracking.unipv.it/">http://e-tracking.unipv.it/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Diogene	A Training Web Broker for ICT Professionals	To design and implement a training Web brokering environment focused on ICT topics able to support the individual during the whole cycle of training.	Italy	Nicola Capuano capuano@crmpa.unisa.it	<a href="http://www.diogene.org/">http://www.diogene.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
E-Dynamics	E-learning Dynamic and ubiquitous System based on Adaptive Intelligent Agents and Natural Language Interaction	The aim of the proposed research project is to develop a web based system for personalised on-the-job e-learning.	Italy	CORTELLINI, Andrea		INFORMATION SOCIETY TECHNOLOGIES (IST)
CHARM	Comprehensive Health Assistance and Resource Management	CHARM aims to offer citizens a global view of healthcare and social services in their region, cutting across the internal fragmentation of each of these sectors.	Italy	Carla Fiori carla.fiori@cup2000.it	<a href="http://www.charm.cup2000.it/">http://www.charm.cup2000.it/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
ICIS	Integrated E-training and Recruiting Community for IT Professionals and IT SMEs	Trial of a Web-based platform founded on prototype IST technologies and validated against a typical SME baseline process of developing human resources (HR).	Italy	Vittorio Goletti v.goletti@eidosis.com	<a href="http://www.eidosis.com/ics/progetto/">http://www.eidosis.com/ics/progetto/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
PLAY2	SW for: storage of various music input, conversion of different Braille syntax into sound, graphic, Braille output and telematics access	PLAY2 is aimed at offering blind people an easy approach to the IT world, by offering the opportunity of exchanging information with sighted users.	Italy	NICOTRA, Giuseppe nicotra@easynet.it Arca Progetti bmk@dodiesis.com	<a href="http://www.kfki.hu/cnc/istr/project/play2.html">http://www.kfki.hu/cnc/istr/project/play2.html</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

MOBlearn	Next-generation paradigms and interfaces for technology supported learning in a mobile environment exploring the potential of ambient intelligence	To improve access to knowledge for selected target, giving them ubiquitous access to appropriate learning objects, by linking to the Internet via mobile connections and devices, according to innovative paradigms and interfaces.	Italy	Giorgio Da Bormida g.dabormida@giuntilabs.com		INFORMATION SOCIETY TECHNOLOGIES (IST)
LEARN	Learning IST	LEARN aims to present the IST research results and transform them into learning modules for 18+ students and life-long learners willing to learn more about subjects covered by IST research	Italy	Mario Martinoli martinoli@dbcons.it		INFORMATION SOCIETY TECHNOLOGIES (IST)
EUDITSTAT	European Distance Training System on the Quality Improvement of Statistical Techniques	It will develop the prototype of a European Distance Training Package with regard to qualitative statistical techniques used in the monitoring and control of business processes.	Italy	Barbara Tosi csci@fauser.it	<a href="http://www.euditstat.org/">http://www.euditstat.org/</a>	LEONARDO DA VINCI
POLE STAR	European standards and tools for ODL trainers	In the light of new needs in training sciences, this project will analyse trainers' professional skills and standards, with special reference to the use of new technologies.	Italy	SINFORM SRL mailto:sinform@sinform.dsnet.it;ppasotto@sinform.dsnet.it	<a href="http://corsi.odl.net/polestar/">http://corsi.odl.net/polestar/</a>	LEONARDO DA VINCI
PROMETEO	Planning of employability-oriented methodologies and techniques	It is designed to promote vocational training at the workplace to implementing a training process at a training organisation and work experience in firms.	Italy	Giovanni Quintieri ebla@federlazio.it	<a href="http://prometeo.us.es/">http://prometeo.us.es/</a>	LEONARDO DA VINCI
AGORA 2000	Electronic commerce telework-telecontrol	The project will identify the training needs of SMEs, authorities and training organisations in the telematic and multimedia sector in relation to ICT	Italy	AGORA 2000 agora_2000@tin.it	<a href="http://www.agora2000.org/">http://www.agora2000.org/</a>	LEONARDO DA VINCI
EuroSET	European Social Enterprise TrainingIt	European Social Enterprise TrainingIt will improve the quality and level of availability of training related to employees within Third Sector organisations (non-profit organisations providing public utility services).	Italy	Andrea De Dominicis ceis@ceis.it	<a href="http://www.ceis.it/euroset/">http://www.ceis.it/euroset/</a>	LEONARDO DA VINCI
LECO	Testing ground for an open and on-line system for planners of interregional and international training activities for SMEs.	This project is based on the rise of a new profession, namely that of the planning or provision of inter-regional/international European training activities	Italy	Michele Piscopo Inforcoop@tin.it	<a href="http://www.cs.uta.fi/hci/leco/research_children">http://www.cs.uta.fi/hci/leco/research_children</a>	LEONARDO DA VINCI
MIGRATOOLS	Skills Development & Guidance Tools to support Migrant Entry to the Labour Market	The project addresses the need to integrate an increasing number of non-EU immigrants into the labour market by giving them specific training	Italy	Giovanni Griggio reception@forema.it	<a href="http://www.migratools.net/">http://www.migratools.net/</a>	LEONARDO DA VINCI

Agenda 21 Locale	Development of Competencies in the Local Agenda 21 Process	It aims to improve lifelong acquisition of skills & competencies, bridge-building between initial and continuing training, with regard to the development & management of the Local Agenda 21 process and of Environmental Action Plans (EAP)	Italy	Francesco Garibaldi info@ipielle.emr.it Ana Ullanovsky Ambrogi uno.ambiente@provincia.fe.it	<a href="http://www.provincia.fe.it/agenda21/">http://www.provincia.fe.it/agenda21/</a>	LEONARDO DA VINCI
SOLCO	Key Skills to Secure Development of the Local Economy	The project aims to support government and local authority staff (social actors) in the development of public training policy for the local economy with regard to SMEs.	Italy	Dott.ssa Miranda Bassoli mbassoli@rso.it	<a href="http://www.rso.it/solco/">http://www.rso.it/solco/</a>	LEONARDO DA VINCI
ATheENet	Anticipation of Training Needs for European Network	The project will undergo an analysis of European Institutions and Social Partners with the aim of improving the design and implementation of labour market and training policy	Italy	Bruno Scazzocchio Obn@confindustria.it		LEONARDO DA VINCI
MYKOS	Fungi as a Resource of Employment, Sustainable Development and Economic Diversification within the Rural Realm	The MYKOS project will develop, pilot and introduce an outline curriculum for the training and qualification of specialists in the use of wild and cultivated fungus.	Italy	Primitivo Julio Santin Fernandez irmasl@infonegocio.com		LEONARDO DA VINCI
MOLIERE	Multimedia and Open Learning for Innovation in Education and Retraining of the Theatre and Entertainment Sector	The MOLIERE project aims to improve the quality of vocational training for technical theatre personnel and the live event industry	Italy	Svenja Pokorny spokorny@amitie.it		LEONARDO DA VINCI
ECNL	European Computer Networking License (supported by e-learning)	The ECNL project will design and develop a vocational training package (1000-2000 hours duration) for use in the training of technician-level ICT specialists.	Italy	Andrea Daviddi Andrea.daviddi@elea.it		LEONARDO DA VINCI
ENERGIES FOR EUROPE	Local Training Tools for the European Internal Market	It will develop an outline skills profile and flexible training package for the expansion of manager and employee competencies in the implementation of local energy policies.	Italy	Cesare Di Martino info@infopoint.provincia-chieti.org		LEONARDO DA VINCI
WEBD	Web-based learning and training in the field of the biomedical and design engineering	The objective of the WEBD project is to develop a prototype distance learning environment over the Internet, suitable for biomedical and design engineering.	Italy	Ciobanu Octavian		LEONARDO DA VINCI

MUSINET	A European Training Model for the auto-production of Music via the Internet	The MUSINET project will design and introduce a professional profile and series of training modules relating to the auto-production of music through web-based technology.	Italy	Gerardo De Luca deffenu@tin.it		LEONARDO DA VINCI
EST	Entrepreneurship Skills Transfer	The project will establish a system for the exchange of good practice and for the transfer of management know-how and operating techniques through a model of distance training.	Italy	Giorgio Marietta federapi@apito.it		LEONARDO DA VINCI
TES	Telework Education System	The project aims to develop an interactive distance learning model of vocational training in Telework and promote it as a new working method.	Italy	Giovanni Esposito mailto:giordani@iol.it		LEONARDO DA VINCI
IT Academy	E-Learning for SMEs	IT Academy will develop distance education courses and materials for SMEs, with a particular bias on ICT and the use of modern technologies in business.	Italy	Gytis Cibulskis bkcentras@bkc.ktu.lt		LEONARDO DA VINCI
INTRA TOOLS	Individual Training Tools	The INTRA TOOLS project will design and introduce a flexible model for ICT Education & Training (along with a series of relevant support tools) for use by individual learners.	Italy	Luciano Falchini l.falchini@mail.regione.toscana.it		LEONARDO DA VINCI
LEARNPLACE	Workplace Development for Superior SME Performance in Europe	It aims to develop and implement both outline methodology & practical tools, able to empower SMEs in conversion of the 'workplace' into a 'learnplace'	Italy	Luigi Incatasciato demicheli@ecipa.lazio.it; incatasciato@ecipa.lazio.it		LEONARDO DA VINCI
MULTI-MATCH	A Modular Course to Enhance Key Skills of Transnational Placement Operators	The project aims at producing modular courses with regard to the definition of the skills of Vocational Counsellors in organising training periods for young people.	Italy	Maria Cristina Pedicchio pedicchi@univ.trieste.it		LEONARDO DA VINCI
COME	Electronic Commerce competencies in Europe	The project links the various European training systems dealing with recognition and transferability of competencies of intermediate technicians in e-commerce.	Italy	Maria Chiara Visconti bus.pascal@re.nettuno.it		LEONARDO DA VINCI
PAP AIS	Creation of a Model Partnership for the Effective Management of the Social Impact of Environmental Policy	PAP AIS aims to establish and pilot a training package and model partnership to encourage more effective management of the impact of sustainable environmental policies	Italy	Pietro Andreotti ial@mclink.it		LEONARDO DA VINCI

JANUA	Joint Action of Nations to Upgrade Language Abilities	The project aims to develop a self-learning multimedia package (IT, EN, RO) allowing a needs-oriented approach to language training in the computing and electronics sectors	Italy	Prof. Theofanis Plithakis tplitha@tin.it		LEONARDO DA VINCI
META	Methodology of Evaluation in the Training of Apprentices	It aims to develop the role of tutors as learning facilitators during apprenticeship training and undergo assessment of the competencies acquired by apprentices	Italy	Riccardo Figliolia riccardino@libero.it; api.bari@libero.it		LEONARDO DA VINCI
TERRITORIAL TRAINING PACTS	Analysis of the training needs within the training plans contained in territorial pacts	It aims at introducing a European model of training systems to stablish agreements to develop the growth in actual training provision relating to local development issues.	Italy	Tania Grandi segreteria@smile.it		LEONARDO DA VINCI
SOLE	Sofianet ODL Learning Centre European Network	The project will define an outline model for an on-line learning centre able to plan, deliver and certify courses of vocational and work-linked training, aimed at individuals and SMEs.	Italy	Vincenzina Guzzi itsos@tes.mi.it; sofia@tes.mi.it		LEONARDO DA VINCI
DILATT	Distance Learning for Accessible Tourism Technicians	The training model will create new techniques to provide tourism services with greater understanding of the needs of people with special needs.	Italy			LEONARDO DA VINCI
e-MOD	European Modules for Educational Success	The e-MOD project will combat and contribute to a reduction in educational failure through the development and implementation of new modular curricula.	Italy			LEONARDO DA VINCI
LaLiTA	Laboratorio Linguistico Telematico per apprendere a distanza italiano, portoghese e spagnolo al livello A.2	The project aims at promoting Italian distance learning by means of a Telematic Linguistic Laboratory	Italy	Lucia Presta ciid@cidi.it	<a href="http://www.siu.no/isocengli.sh.nsf/fa_Start">http://www.siu.no/isocengli.sh.nsf/fa_Start</a>	LINGUA
CONSCI 2	Comunicare Nelle Scienze	The project aims t creating a multimedia product for the teaching of languages to be adapted in Internet.	Italy	Maria Luisa Viglietta slaverd@athena.polito.it		LINGUA
FREEDOM	Free Software Renaissance of gnu/linux in European Education Development On line Method	The project aims at producing tools simplifying adoption of free software and encourage open-minded attitudes.	Italy	Antonio BERNARDI brngb@tin.it	<a href="http://www.siu.no/">http://www.siu.no/</a>	MINERVA
EUREX	European Online Seminar on Urban Transformations, Poverty, Spatial Segregation and Social Exclusion	EUREX is an innovative Seminar on processes of social transformation and social exclusion impacting on cities and metropolitan areas in Europe.	Italy	Yuri Kazepov (Mr) yuri.kazepov@unimib.it	<a href="http://shiva.uniurb.it/eurex/">http://shiva.uniurb.it/eurex/</a>	MINERVA

Do Re Mi ... File	How to raise children's interest towards music thanks to computer	The project comes from the interest of teachers and educators working in nursery schools or leisure centres in experimenting a new approach to teach music to children.	Italy	Maria Teresa Corradini – Isabelle Dévé mtcorrad@comune.modena.it <a href="http://www.comune.modena.it/">http://www.comune.modena.it/</a>	<a href="http://www.comune.modena.it/doremifile/">http://www.comune.modena.it/doremifile/</a>	MINERVA
MOISE	Modello Organizzativo Internazionale di Servizi Educativi per Bisogni Speciali	By interactive methodologies, to build and to try together an European data bank for information and education, taking specific knowledge in this scholastic field	Italy	A.CASADIO albamoise@tiscali.it <a href="http://www.euromoise.net">http://www.euromoise.net</a>	<a href="http://www.euromoise.net/">http://www.euromoise.net/</a>	MINERVA
MultimediART		Its objectives are to inform art teachers in secondary schools about new forms of artistic expression based on the use of ICT	Italy	Elisabetta Delle Donne elisabetta@pixel-online.net <a href="http://MultimediART">http://MultimediART</a>	<a href="http://www.multimediart.net/">http://www.multimediart.net/</a>	MINERVA
Kid-Net	ODL for Language Teaching for Children	The objective of the Kid-Net Project is to promote the use of ICT and ODL based technologies in teaching English to children up to 5 years old.	Italy	Claudia Fiaschi enaip@dada.it	<a href="http://www.pixel-online.net/kidnet/">http://www.pixel-online.net/kidnet/</a>	MINERVA
VITALAGELL-C	Vital Ageing Life Long Learning Course (VITALAGELL-C)	The project aims at adapting a course using and integrating ICT according to the NETTUNO psycho-pedagogical model for a specific target group: the over sixties.	Italy	Prof. Maria Amata Garito garito@uninettuno.it	<a href="http://www.uninettuno.it/nettuno/index.htm">http://www.uninettuno.it/nettuno/index.htm</a>	MINERVA
VIMIMS	Virtual Institute for Modelling of Industrial Manufacturing Systems	Its objective is to establish a virtual institute for knowledge sharing and integration of competencies about modelling and design of manufacturing systems.	Italy	Alberto Colorni (Prof.) metid@cia.polimi.it	<a href="http://www.vimims.org/">http://www.vimims.org/</a>	MINERVA
ARTE	Open and Distance Learning for Secondary Art Schools	The project used ODL to overcome geographical or physical barriers to benefit secondary art schools' art teachers and students from a European dimension in education.	Italy	Lorenzo Terzani enaip@dada.it <a href="http://www.fi.enaip.it">http://www.fi.enaip.it</a>		MINERVA
	Learning at School and in the Network	Research project on the logical and cognition aspects of the use of ICT.	Italy	Maria Caterina BERTIGLIA dirreg@scuole.piemonte.it		MINERVA
TRIO	Tecnologie, Ricerca, Innovazione, Orientamento	Trio aims at closing the gap between the skills needed by the local market and the current knowledge of the Tuscan workforce	Italy	Silvia Campagnolo silvia.campagnolo@allos.it	<a href="http://www.saba.com/english/news_events/2003/news_070103.htm">http://www.saba.com/english/news_events/2003/news_070103.htm</a>	Other Programmes & Initiatives Related to Learning
CIVILPROFNAVY	Re-Training and Re-Integration of Officers of the Navy and the Deep Sea Fishing Fleet Transferred to Reserve or Laid Off	It aims to re-integrate commissioned and non-commissioned ex-navel officers and redundant officers of the deep-sea fishing industry into the modern employment market.	Latvia	Jurijs Mihailukovs surecruit@apollo.lv		LEONARDO DA VINCI

PULIMA	Public Library Management and New Information Technologies	The project will assess training needs and NIT requirements in the management of public libra	Latvia	Ausma Zoldnere ausma@inbox.lv		LEONARDO DA VINCI
College Programme MEMRD	College Programme in Municipal Environmental Management for Regional Development	It will develop and pilot a modular study programme, at university/college level, in the field of 'Environmental Management' aimed at municipal and regional development personnel.	Latvia	Daiga Stelmahere cesam@lanet.lv		LEONARDO DA VINCI
Development of the In-Service Training Course for School Self-evaluation and Quality Assurance	Development of the In-Service Training Course for School Self-evaluation and Quality Assurance with the ICT tool application	It aims to contribute to the quality of school management practice.	Lithuania	Ilmanté VERZIKAIUSKIENE kpkc@centras.lt		COMENIUS
DELICIS	Distance Education for Librarians; Creating an Information-Competent Society	The retraining of library and information professionals to meet the challenge of the modern information society is the main task of this project.	Lithuania	Audrone Glosiene audra.glosiene@kf.vu.lt	<a href="http://full.nkp.cz/nkkr/Nkkr0202/0202128.html">http://full.nkp.cz/nkkr/Nkkr0202/0202128.html</a>	LEONARDO DA VINCI
	<u>Biomedical Physics in Vocational Training at Different Levels: Targeting Distance Education</u>	The aim of this project is to update teaching programmes in biomedical physics, with special emphasis on new diagnostic methods.	Lithuania	Ricardas Rotomskis Ricardas.rotomskis@ff.vu.lt	<a href="http://www.ff.vu.lt/leonardo/main_en.html">http://www.ff.vu.lt/leonardo/main_en.html</a>	LEONARDO DA VINCI
E+F	E-learning module of English + Finance for countries integrating into the European Union	The E+F project aims to increase the compatibility of terminology in the field of finance, through the development of a dedicated learning space on the internet.	Lithuania	Aurelija Cepiené aura@vkk.lt		LEONARDO DA VINCI
ADIS	Integration of Adults with Disabilities into Labour Market through Open and Distance Learning (ADIS)	This project aims to develop a virtual community network which will allow disabled people to enjoy the benefits of education, on-line meetings, internal marketing, etc.	Lithuania	Danguole Rutkauskiene danrut@uni.ktu.lt <a href="http://distance.ktu.lt">http://distance.ktu.lt</a>	<a href="http://distance.ktu.lt/adis/">http://distance.ktu.lt/adis/</a>	MINERVA
MP-E2C	A pedagogic model for second-chance schools	The MP-E2C project is intended for young school leavers in difficulty or school dropouts who fail to continue their education.	Luxembourg	Plein Erny erny.plein@ci.educ.lu	<a href="http://www.deuxiemechance.lu/">http://www.deuxiemechance.lu/</a>	LEONARDO DA VINCI
TRIADD	TeleTraining, Research and Information Around Dual Diagnosis	It addresses the training needs of staff in the care sector, caring particularly for those with mental disabilities, who more problematically also have a degree of mental illness, known as 'dual diagnosis'.	Luxembourg	Raymond Ceccott apemh@fondation-apemh.lu		LEONARDO DA VINCI

PEFaL	Parent Empowerment for Family Literacy	The project empowers adults and children to enter a symbiotic learning experience, thus breaking the cycle of helplessness and marginalisation by means of the ICT	Malta	Alexander Spiteri mylsen@waldonet.net.mt		GRUNDTVIG
Medical English On-Line	Web and Multi Media Training for Medical English	The project will undergo a 'Medical Language Audit' and further develop a multimedia language training course to meet the identified needs of the sector.	Malta	David West info@elanguet.com	<a href="http://www.englishmed.com/">http://www.englishmed.com/</a>	LEONARDO DA VINCI
INSPIRE	Innovation of Special Educational Needs Support in Regular Education	This project looks into the different approaches to supporting pupils with special educational needs in the UK, The Netherlands and Belgium.	Netherlands	Eliezer N. (Peter) KROVELD Kropveld@Euronet.nl	<a href="http://image.gsfc.nasa.gov/poetry/inspire/">http://image.gsfc.nasa.gov/poetry/inspire/</a>	COMENIUS
QUATE	Qualifying Adults for a New Career in Teaching in Primary and Secondary Education	It aims to combine experiences and skills among partners to produce key tools for professional competence of teachers	Netherlands	Jeroen GRONHEID jeroen.gronheid@fe.han.nl		COMENIUS
	Learner Autonomy in In-service Foreign Language Teacher Training	One of its objectives is to make an inventory of training needs, current training practices and 'good practice' teaching methods of LA in FLLT	Netherlands	Kees VAN ESCH c.v.esch@let.kun.nl		COMENIUS
OSCAR	On-line edutainment for children	Four SMEs will set up a platform for the creation, localisation and commercialisation of multilingual on-line content for children	Netherlands	Philip Vanneste Philip.vanneste@lannoo.com	<a href="http://www.oscar-econtent.org/">http://www.oscar-econtent.org/</a>	eCONTENT
FILTER		To guarantee affordable access to high quality electronic knowledge (including information and services) to elearners at all educational levels in Europe.	Netherlands	S.G.M. van de Bunt-Kokhuis sbunt@feweb.vu.nl		ELEARNING INITIATIVE
PROJECT M	Project M	The aim of Project M is to increase the skills of young people in the fields of media literacy, image education and intercultural dialogue	Netherlands	Peter Merry peter@engage.nu		ELEARNING INITIATIVE
ICT voor gelijke kansen		The project aims at providing information about educational and labour markets to ethnic minorities.	Netherlands	Po Fenna f.c.pols@bsd.denhaag.nl	<a href="http://meta.fgov.be/pl/nl11.htm">http://meta.fgov.be/pl/nl11.htm</a>	EQUAL
ICT Werkt In de Zorg		The project aims at applying disseminating and integrating e-learning.	Netherlands	R. van Iersel Rini r.v.iersel@boschmediacentrum.nl	<a href="http://www.minvws.nl/thema.html?folder=169">http://www.minvws.nl/thema.html?folder=169</a>	EQUAL
	Kennislift	The project is involved in strengthening the position of employed people.	Netherlands	Nijskens Paul p.nijskens@rewin.nl		EQUAL

ENOTHE	European Network of Occupational Therapy in Higher Education	The aims of the project is to liaise on Occupational Therapy in order to develop, harmonise and improve standarts of professional practice and education throughout Europe.	Netherlands	Hanneke Van Bruggen j.e.van.bruggen@osb. hva.nl		ERASMUS
ATHENA	Advanced Network in Activities in Women's Studies in Europe	The project aims at disseminating the results of the studies	Netherlands	Rosi Braidotti athena@let.uu.nl		ERASMUS
E2C - Europe	European Association of Cities for Second Chance Schools	On behalf of the target group of youngsters at risk of social exclusion, the project promotes a network for the European concept of Second Chance Schools.	Netherlands	Hanno Uittenbogaard H.Uittenbogaard@Maecon.nl	<a href="http://www.e2c-europe.org/">http://www.e2c-europe.org/</a>	GRUNDTVIG
DASDA	Dissemination Activity Supporting Design-for-All.	Design-for-All. DASDA will increase the awareness and knowledge about Design-for-All amongst key stakeholders such as developers, procurers and marketing staff	Netherlands	STEYAERT, Jan J.Steyaert@fontys.nl	<a href="http://www.dasda.org/">http://www.dasda.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
WWAAC	World Wide Augmentative and Alternative Communication	The project will make several Internet services accessible for persons with language and/or cognitive impairments, including symbol users and a part of the elderly population.	Netherlands	HEKSTRA, Doeko doeko@handicom.nl	<a href="http://80.60.189.118/wwaac/">http://80.60.189.118/wwaac/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
CO-LAB	Collaborative Laboratories for Europe	A new type of learning environment is created that helps learners to develop flexible knowledge and skills to collect and synthesize information and to collaborate with others.	Netherlands	Ton de Jong jong@edte.utwente.nl	<a href="http://www.co-lab.nl/">http://www.co-lab.nl/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
KITS	Knowledge management Interactive Training System	The project sees a need for better training of people in knowledge management which is accompanied by a need for more detailed knowledge management models	Netherlands	Ton de Jong jong@edte.utwente.nl	<a href="http://www.kmquest.com/index.html">http://www.kmquest.com/index.html</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
K2	Knowledge Square	K2 aims to help projects identify knowledge and experiences that can be shared	Netherlands	Eelco Kruizinga ekruizinga@cibit.nl	<a href="http://www.know-2.org/">http://www.know-2.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
LEDA	Learning Environments for the Digital Academy	To define, develop and test a networked system and the underlying pedagogical procedures to facilitate and promote active learning experiences for international student-centred postgraduate education.	Netherlands	Emile Bijk emile.bijk@kmt.hku.nl	<a href="http://www.ledanet.org/ser/vlet/nl.gx.ledaps.client.http&gt;ShowObject">http://www.ledanet.org/ser/vlet/nl.gx.ledaps.client.http.ShowObject</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
ADAPT-IT	Advanced Design Approach for Personalised Training — Interactive Tools	the ADAPT-IT project will provide ICT-based training design tools to guide the training designer according to latest cognitive science and standardisation principles.	Netherlands	Jelke Van der Pal pal@nlr.nl		INFORMATION SOCIETY TECHNOLOGIES (IST)

CODEX-IP	Collaborative Language Independent Development Environment for Exemplary-based Re-usable Learning Objects in IP Learning Platforms	It overcomes the structural problems of creating open platforms for learning by developing tools that enable the development of language re-usable learning objects to be distributed within IP-based open learning platforms.	Netherlands	Marcel de Leeuwe m.de.leeuwe@codex-ip.com		INFORMATION SOCIETY TECHNOLOGIES (IST)
ENERSOL EU	Strengthening vocational education in the field of energy saving and sustainable energy	The project will develop and introduce specialist qualifications on energy saving and sustainable energy for particular application within the electrical engineering sector.	Netherlands	D. Platier platier-d@vev.nl	<a href="http://www.eco-energy.info/asp/">http://www.eco-energy.info/asp/</a>	LEONARDO DA VINCI
COASTLEARN	Multimedia Distance Training Package for Eastern Europe on Integrated Coastal Management	It aims at the creation of an ODL system about Integrated Coastal Management to make them accessible to professionals in the Eastern Mediterranean, the Baltic and Black seas.	Netherlands	Carla Bennink C.A.Bennink@rikz.rws.minvenw.nl nink@rikz.rws.minvenw.nl	<a href="http://www.netcoast.nl/coastlearn/website/index.htm">http://www.netcoast.nl/coastlearn/website/index.htm</a>	LEONARDO DA VINCI
Sign Language Europe (SLE)	Improving the use of Sign Language in Vocational Training for Deaf Persons in Europe	Sign Language Europe (SLE) will address the issue of the integration of young deaf people into mainstream vocational training provision across Europe.	Netherlands	A. Mulder info@Effatha.nl		LEONARDO DA VINCI
EuroTraNet	Building the European Transport and Logistics Training Network	EuroTraNet will establish itself as a European Network providing information on the existence and availability of vocational training to support the Road Transport industry.	Netherlands	A.J. Konings hkonings@vtenl.nl		LEONARDO DA VINCI
DICTION	Transnational project e-language learning	a European multimedia language project, will contribute to further development and implementation of web-based language learning in Europe.	Netherlands	Dr. G. J. Reichrah g.reichrath@leeuwenborgh.nl		LEONARDO DA VINCI
Market Monitor	Development of Transnational Instruments to Sense Developments in the Demands of the Labour Market and Translate these Developments into Vocational Qualifications	Market Monitor aims to develop both methods and instruments to better match education output with labour market demand within the electronic retailing (e-tailing) sector	Netherlands	Mare Pasqualino p.mare@kchandel.nl		LEONARDO DA VINCI
Placement Support	Development of Support Materials for Foreign Placements in SMEs	The Placement Support project will focus upon the learning needs of young workers taking up employment in another European country.	Netherlands	N. Ruerpert n.j.a.ruepert@rocu.nl		LEONARDO DA VINCI

LATE	Language Audits : Tools for Europe	It has a dual focus, to develop diagnostic tools for language audits, enabling enterprises and public authorities to plan necessary language training courses for their employees	Netherlands	C.J. Koster koster@let.vu.nl		LEONARDO DA VINCI
ECMTF	Creation of a European Career Management Training Foundation	It aims at developing an e-learning platform to develop training courses in the fields of career management, career coaching and outplacement.	Netherlands	Peter Tielenius Kruythoff Kruythoff@topexec.nl		LEONARDO DA VINCI
PINOCCHIO		The project aims to produce Italian language and culture materials for use in mainstream education with learners aged 10 to 14.	Netherlands	Gianni Cammarota abc@stgabc.nl	<a href="http://www.siu.no/">http://www.siu.no/</a>	LINGUA
Gendering.	CyberspaceMultimedia and Multicultural Genderstudies in Europe	Its aim was to develop an Intensive, Open and Distance Learning Programme in the field of 'Interdisciplinary and Multicultural Women's Studies in Europe	Netherlands	Rosi Braidotti / Ingrid Hoofd noise@let.uu.nl	<a href="http://www.let.uu.nl/womens_studies/gendering_cyberspace/">http://www.let.uu.nl/womens_studies/gendering_cyberspace/</a>	MINERVA
SAIL	Specialised An imated Interactive Learning	The aim of the project is to promote learner autonomy and training in classrooms by means of the use of a specially designed curriculum covered by educational software package.	Netherlands	Antoine GAMBIN metis@di-ve.com		MINERVA
ADAPT	Adaptivity and Adaptability in ODL based on ICT	This project's main objective is to establish a European platform of standards based on the new generation of ODL tools.	Netherlands	Paul DE BRA debra@win.tue.nl		MINERVA
Digit@I Did@ctics		This project has developed an educational knowledge base containing didactical materials and an educational call centre.	Netherlands	Gerard Baars baars@oecr.nl		Other programs and initiatives related to e-Learning
	Water Wisdom - Well-being for the World.	"Water Wisdom - Well-being for the World" sets out to develop an educational module related to the EU Water Framework Directive.	Norway	Carsten BLOM RUUD carsten.blom-ruud@hibu.no	<a href="http://http://www.unt.edu/resource/previousissues/19992000/waterwisdom.htm">http://http://www.unt.edu/resource/previousissues/19992000/waterwisdom.htm</a>	COMENIUS

Spain	Dr. Mario Barajas mbarajas@ub.edu	<a href="http://www.ub.es/euelearning/delphi/index.htm">http://www.ub.es/euelearning/delphi/index.htm</a>	ELEARNING INITIATIVE
3DeL	3D Electronic Learning	The aim of this project is giving an e-learning format to two training courses in the field of 3D developed in the framework of the Leonardo da Vinci program.	Spain	Josep Sales Jsales@pie.xtec.es	<a href="http://www.xtec.es/3del/index.htm">http://www.xtec.es/3del/index.htm</a>	ELEARNING INITIATIVE

eCLIPse	Digital Video Clips for a Social Europe	The project will center its attention on racism, xenophobia and cultural prejudices as main themes. This way the project aims to contribute, through the analysis and creation of audiovisual material, to a Europe of mutual understanding, intercultural dialogue and peace.	Spain	Mr. Antonio Bartolomé: abartolome@lmi.ub.es		ELEARNING INITIATIVE
e-QUALITY	Virtual Spaces of democratic dialogue among cultures, about the image	The general aim of the present project is to foster democratic participation and the use of the ICTs by people who have had less opportunities to access them, by means of training focused on critical reading of the mass media, including the images derived from these.	Spain	Ms. Ana Lebrón Ruize: facepa@telefonica.net		ELEARNING INITIATIVE
	La Selva coopera	To improve adaptability in SME's and in workers of the region of La Selva through the use of the ICTs.	Spain	<a href="mailto:laselva@coopera.com">laselva@coopera.com</a>	<a href="http://www.blanes.net/oiap/docs.nsf/idoc/pagina4">http://www.blanes.net/oiap/docs.nsf/idoc/pagina4</a>	EQUAL
	<u>Acuipesca: the Spanish Fishermans and the ICTs</u>	The project aims at knowing the impact that the loss of fishing-grounds may have on the employments in the sector and the contribution that may cause the introduction of the ICTs.	Spain			EQUAL
EEGECS	European Education in Geodetic Engineering - Cartography and Surveying		Spain	Concepción Maroto Álvarez cmaroto@eio.upv.es	<a href="http://www.top.upv.es/eegecs/">http://www.top.upv.es/eegecs/</a>	ERASMUS
ACTIVE SME	Advertising and Commerce Through Internet in the Context of Virtual Enterprise Study of Market Environment.	It implements the market validation for the deployment of a platform to provide the European less favoured small to medium retailer enterprises with a way of getting into on-line selling.	Spain	Alicia Garcia <a href="mailto:alicia.garcia@madrid.sema.slb.com">alicia.garcia@madrid.sema.slb.com</a>		eTEN
CERTIVER	Certificate Validation and Revocation Service	The project implements the market validation for the deployment of a certification revocation service as outsource to any interested Certificate authority, mainly in Europe.	Spain	Alfonso López <a href="mailto:alfonso.lbaena@madrid.sema.slb.com">alfonso.lbaena@madrid.sema.slb.com</a>		eTEN
KEY	Soluciones innovadoras para abordar el nuevo analfabetismo en adultos del entorno rural	Teh project aims at giving an answer to adult needs of accessing the ICTs in rural contexts	Spain	Fina Gonell <a href="mailto:fina@intercoop.es">fina@intercoop.es</a>	<a href="http://cent.uji.es/pub/">http://cent.uji.es/pub/</a>	GRUNDTVIG
EAD-TIC	On-Line - Trainautism: Formation sur les effets de l'autisme	The objective of the project is that of developping a training programme about the effects of autism addressed to parents or relatives and caretakers via Internet.	Spain	Juan Roca Miralles <a href="mailto:congostautisme@autisme.com">congostautisme@autisme.com</a>	<a href="http://www.autismconsulting.com/html/courses.html">http://www.autismconsulting.com/html/courses.html</a>	GRUNDTVIG

Who Speaks	The voices of immigrants on adult education	The project at developing a programme for the education of adult immigrants, taking into account their own voices, which will be included in a website.	Spain	Ana Lebrón facepa@mx3 .redestb .es	<a href="http://www.neskes.net/who_speak/">http://www.neskes.net/who_speak/</a>	GRUNDTVIG
eLearnTN	eLearning Thematic Network	To create a thematic elearning network in the field of higher education as a preliminary step in the creation of a wide European research group in that area.	Spain	Miguel Arjona marjona@altransdb.com		INFORMATION SOCIETY TECHNOLOGIES (IST)
CONFIDENT	Confident Information Environment for the Independent Living of People with Severe Disabilities	The main goal of the project is to develop an information environment to support the independent living of PSDs	Spain	LAMAS, Rafael rlamas@airtel.es	<a href="http://212.73.32.174/Fundacion/Confident">http://212.73.32.174/Fundacion/Confident</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
CHRONIC	An Information Capture and Processing Environment for Chronic Patients in the Information Society	The objective of this proposal is to develop a new European model for the care of chronic patients, based on an integrated information technology environment.	Spain	Jose Maria Viejo Llorente jmviejo@cestel.es	<a href="http://chronic.cestel.es/">http://chronic.cestel.es/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
NEMO	Non-Excluding Models for Web-based Education	To improve lifelong learning services for deaf, mentally-disabled and elderly people by providing them with a greater variety of Web-based resources.	Spain	Jose Manuel Hernandez Mayor jmhernandez@alamosistemas.com	<a href="http://www.alamosistemas.com/nemo/">http://www.alamosistemas.com/nemo/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
MOPLE	Development of Modular Open Platform and Tools for Personalised Learning in Computational Engineering Methods	Integrated, open learning platform based on Internet technology	Spain	Eugenio Onate gilbert@cimne.upc.es	<a href="http://www.cimne.upc.es/projects/mople/">http://www.cimne.upc.es/projects/mople/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
L-CHANGE	European Observatory on IST-related Change in Learning Systems	The project objectives are to review and conduct prospective studies on future scenarios for learning systems	Spain	Claudio Dondi saceto@scienter.org	<a href="http://www.education-observatories.net/eduobs">http://www.education-observatories.net/eduobs</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
SAID	Social Aid Interactive Developments	SAID is meant to develop a set of telematic services for the elderly to aid the work of Social Assistants by means of Digital TV infrastructure, intelligent Software Agents and Mobile phone information services	Spain	RODRIGUEZ, Tomas tomasrod@eptron.es	<a href="http://www.eptron.es/projects/said/">http://www.eptron.es/projects/said/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
GRAB □	Computer Graphics Access For Blind People Through	A Haptic Virtual EnvironmentIts aim is to allow blind people to access to the 3D graphic computer world through the sense of touch and with audio help, by means of a new Haptic Virtual Environment (HVE).	Spain	GUTIERREZ, Teresa tere@labein.es	<a href="http://www.grab-eu.com/">http://www.grab-eu.com/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

TALKING BAR-CODES	Support devices for the visually impaired person using a portable machine to transform bar code information into an audible speech.	To give persons with reading difficulties access to information on documents by means of a low-cost and easy-to-use handheld talking bar code scanner that is able to transcribe the bar code information into audible speech.	Spain	TALKING BAR-CODES hear-it@compusult.nf.ca	<a href="http://www.hear-it.com/html/scantell.html">http://www.hear-it.com/html/scantell.html</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Hope	Distant Learning Brokerage Environment for Lifelong Training of Individuals with Emphasis in Socially Excluded Communities	The creation of an interactive training package for socially excluded individuals, which can be tailored to the individual's profile and needs	Spain	Laura Martín laura.martin@madrid.sema.slb.com	<a href="http://www.hope-project.org/">http://www.hope-project.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
LIP	Learning in Process	The final goal of the LIP project is the creation of an integrated system of e-learning elements that facilitates to the users a complete contextualisation of the learning process referring to an organisation and its need in real time.	Spain	Pedro Vaquero pedrova@meta4.com	<a href="http://www.learninginprocess.com/">http://www.learninginprocess.com/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
METACAMPUS	MetaCampus for Lifelong Learning	Developing and testing a marketplace aimed at fulfilling the lifelong learning needs of European citizens, providing them with a flexible access to personal development	Spain	Antoni Riu ariu@uoc.edu	<a href="http://www.metacampus-project.com/render.uP">http://www.metacampus-project.com/render.uP</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
VISUAL	Voice for Information Society Universal Access and Learning	The objective of this project is to develop voice based technology in order to improve the access of visually impaired people to the information society.	Spain	Joaquín TRAPERO trapero@sztele.com	<a href="http://www.sztele.com/visual/">http://www.sztele.com/visual/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
OASIS	Open Architecture and Schools in Society	The project aims at developing the concept of the small school virtual community to make sure that public educational systems are still leaders in Internet-based education.	Spain	Agustin Quintana aquintan@platea.pntic.mec.es		INFORMATION SOCIETY TECHNOLOGIES (IST)
aLFanet	Active Learning for Adaptive Internet	It aims at combining machine learning and multi-agent technology for intelligent interactive eLearning and to define an eLearning standard for adaptive interactivity.	Spain	Cristina Arana carana@softwareag.com		INFORMATION SOCIETY TECHNOLOGIES (IST)
ALLES	Advanced Long-distance Language Education System	The project aims at creating a multimedia based system for advanced and specialised second language self-learning covering English, German, Spanish and Catalan.	Spain	José Esteban Lauzán jfernando.esteban@sema.es		INFORMATION SOCIETY TECHNOLOGIES (IST)

4L	KnowLedge for Life Long Learning	The project aims at developing a knowledge management system.	Spain			INFORMATION SOCIETY TECHNOLOGIES (IST)
INNO-COOP	New Forms of Learning how to Innovate through means of Co-operation in a more Global and Digital Society	It will encourage the use of new technologies and ICT for both rural SMEs and individual employees enhancing the learning process for those at a geographical disadvantage.	Spain	Juan Jose Damia Albert <a href="mailto:juanjo@intercoop.es">juanjo@intercoop.es</a>	<a href="http://cent.uji.es/innocoop/">http://cent.uji.es/innocoop/</a>	LEONARDO DA VINCI
PROACTIVE INTERNET TRAINING	Training SME Managers in Anticipating Competence Needs by using Internet ODL	The project aims at adapting the methodology regarding training and skills resulting from the PROACTIVE project for the use of HR managers within SMEs.	Spain	Vicente I. Frances Frances <a href="mailto:vicente.frances@uv.es">vicente.frances@uv.es</a>	<a href="http://www.adeit.uv.es/proactiveodl/chome.htm">http://www.adeit.uv.es/proactiveodl/chome.htm</a>	LEONARDO DA VINCI
Savigma	Systems of Self-Formation in Environmental Management through Internet/Intranet	The objective of the Savigma project is to create a training programme for environmental managers and auditors, following the model of the European Organisation of Quality.	Spain	Enrique Marco Martin <a href="mailto:for@aec.es">for@aec.es</a>	<a href="http://www.aec.es/formacion/savigma.asp">http://www.aec.es/formacion/savigma.asp</a>	LEONARDO DA VINCI
AULA VIRTUAL COOPERATIVA	Virtual Class for Training in the Field of Own-Initiative Integration on a Cooperative Basis	The project aspires to create a computer tool which can provide training, information and guidance on the possibilities of self-employment associated with vocational integration.	Spain	Paloma Arroyo Sanchez <a href="mailto:confederacion@coceta.com">confederacion@coceta.com</a>	<a href="http://www.aula.coop">http://www.aula.coop</a>	LEONARDO DA VINCI
OLYMPIA	e-Learning Environment in Sports Training	The OLYMPIA project will design and implement tools and methodologies for continuous learning for those employed in the sports industry.	Spain	Montserrat Garcia Llovera <a href="mailto:garcialm@diba.es">garcialm@diba.es</a>	<a href="http://www.e-olympia.org/en/index.asp?p=6-1">http://www.e-olympia.org/en/index.asp?p=6-1</a>	LEONARDO DA VINCI
E*KNOW-NET	Virtual Platform for the Creation and Distribution of Knowledge in Vocational Training in Mainstream and Informal Education	Project partners will develop the autonomous multilingual virtual platform E*KNOW-NET, which will be linked to each participant's web site.	Spain	E*know <a href="mailto:eknow-net@uam.es">eknow-net@uam.es</a> +34.91.3974197	<a href="http://www.eu-know.net/">http://www.eu-know.net/</a>	LEONARDO DA VINCI
MS NET	How to Access Training through the Net	The MS NET project will develop and offer training courses in ICT and new technologies for 'Persons with Multiple Sclerosis.	Spain	Pedro Carrascal Rueda <a href="mailto:adembis@esclerosismultiple.com">adembis@esclerosismultiple.com</a>	<a href="http://www.msnetguide.com/index.shtml">http://www.msnetguide.com/index.shtml</a>	LEONARDO DA VINCI
REINDISTEL	Socio-vocational reintegration of disabled persons via the use of telematics tools	The project means to ensure the social and vocational integration/reintegration of disabled persons by providing them with telematics skills and creating a teleworking department.	Spain	Luis Molina Martinez <a href="mailto:mjserrano@dfa-org.com">mjserrano@dfa-org.com</a>	<a href="http://www.reindistel.org/">http://www.reindistel.org/</a>	LEONARDO DA VINCI

FENICIA	The Future of Mainstream Education through New Instruments for Distance/Distributed Learning	The 'Fenicia' project will develop an alternative to traditional face-to-face approaches in vocational training in Commercial Management and Marketing.	Spain	Conxa Montesinos Puchol Cmontesi@florida-uni.es	<a href="http://www.virtualeduca.org/">http://www.virtualeduca.org/</a>	LEONARDO DA VINCI
DIPROCU	Methodology for anticipating company training needs based on process management, job skills and the Vocational Qualification System (or official reference models)	It is designed to create a methodology for analysing corporate training needs based on process management, the job skills associated and Vocational Qualification Systems.	Spain	Jaime Fernandez Alcedo fvem@cebek.es		LEONARDO DA VINCI
AUTOMOVE II	Multimedia Self-Learning: Body Repair, Panelwork and Paintwork	Building upon initial activity in the AUTOMOVE 2000 project, AUTOMOVE II will develop self-learning and open and distance learning models for the motor vehicle repair industry.	Spain	M. Juan Maria Lopez Osa jlopez@aega.es		LEONARDO DA VINCI
Hum@no	Professional Training System for Humanities Graduates	It will develop a postgraduate-level training package for Humanities graduates to contribute to an increased take-up of employment and provide increased labour market access.	Spain	Maria José Saez Brezmes leonardo@cde.uva.es		LEONARDO DA VINCI
Virtual Work	Development of vocational training in management, quality control and organisational skills in virtual community working projects and teleworkers team	It focuses on providing teleworking skills to groups in rural areas where the establishment of ICT is insufficient and performance in virtual working projects need improvement.	Spain	Marta Mañas Larraz Infobrok@cin.es		LEONARDO DA VINCI
TECNO ZEINU	Editing of Multimedia Materials for Sign Language Training	It aims to improve professional training and develop specialised ICT training materials, aimed at deaf and hearing impaired persons, those working in support agencies and those interested in becoming Sign Language trainers.	Spain	Yolanda M. Gonzalez Torres bilbokogorak@terra.es		LEONARDO DA VINCI
EUROPATHWAYS & EUROPASS	Innovative Strategies in Initial Vocational Training for Regional Development	To encourage innovative student pathways and placements within European companies to promote the use of EUROPASS training and the transparency of qualifications across Europe.	Spain	Carmen Valdueza cvaldueza@dgform.cai b.es		LEONARDO DA VINCI
Dealing with Change	Creation of a user-friendly, internet-based training environment for people with disabilities	This project will develop a user-friendly, internet based environment for people with disabilities, with the aim of improving decision-making and problem-solving skills and increasing the use of new technologies in the workplace.	Spain	Constantino Mendez Martinez constantino.mendez@fsc.es		LEONARDO DA VINCI

INMIFORM	Development of Training Materials & Methodologies for the Training of Trainers for those working with Immigrant Groups	The project will develop an outline training structure and range of support materials for the development of professionals working in the provision of training to immigrant groups.	Spain	Jose Ramon Zabala <a href="mailto:navarra@ugt.es">navarra@ugt.es</a>		LEONARDO DA VINCI
EFCB	European Foundation Certificate in Banking	The EFCB project will design, develop and introduce a standard, foundation-level certificate across the European banking industry.	Spain	Josep Soler-Albertí <a href="mailto:c.alcaraz@iefweb.org">c.alcaraz@iefweb.org</a>		LEONARDO DA VINCI
MOVILIDAD 21	European Mobility Counsellors Network	The MOVILIDAD 21 project introduces new contents and functions into the vocational guidance systems concerning the transnational mobility of persons	Spain	Juan Pedro Diaz <a href="mailto:gapc@gapc.es">gapc@gapc.es</a>		LEONARDO DA VINCI
Technology for Culture	Web-based Vocational Training in the Conservation of Cultural Heritage	Technology for Culture will undergo a needs analysis leading to the elaboration and testing of new web-based training modules in the Conservation of Cultural Heritage.	Spain	Maria Paola Guasco <a href="mailto:acpa@micanet.net">acpa@micanet.net</a>		LEONARDO DA VINCI
LETO	Language for European Transnational Orientation	LETO will produce Computer Assisted Language Learning (CALL) packs for Italian, Portuguese, Spanish and English.	Spain	Marinela García Fernández <a href="mailto:marinela@vi.upm.es">marinela@vi.upm.es</a>	<a href="http://www.siu.no/">http://www.siu.no/</a>	LINGUA
SUBJECT PROJECTS	Difusión, evaluación y mejora de los materiales para la enseñanza de lenguas extranjeras con alumnos de Secundaria básica (12-14 años)	The project intends to promote plurilingual education in secondary schools through the production of materials entitled "Subject Projects".	Spain	Xabier Garagorri Yarza <a href="mailto:xgaragorri@gie.ikastola.net">xgaragorri@gie.ikastola.net</a>		LINGUA
COLLEAGUE	Collaborative Learning in Virtual Environments (COLLEAGUE)	To start a pilot programme in virtual environments for the professional development of teachers who are responsible for students with special learning needs.	Spain	Beatriu Puyal <a href="mailto:bpuyal@uoc.edu">bpuyal@uoc.edu</a> <a href="http://www.uoc.edu">http://www.uoc.edu</a>	<a href="http://colleague.uoc.es/home.html">http://colleague.uoc.es/home.html</a>	MINERVA
MECA-ODL	METHODOLOGY FOR THE ANALYSIS OF QUALITY IN ODL THROUGH INTERNET.	The aim of the project is to develop a methodology seeking to unify criteria to develop quality standards in ODL to be used as references for organising entities and users.	Spain	Vicente L. Francés (Mr) <a href="mailto:vicente.frances@uv.es">vicente.frances@uv.es</a> <a href="http://www.adeit.uv.es">http://www.adeit.uv.es</a>	<a href="http://www.adeit.uv.es/mec-aodl/information.htm">http://www.adeit.uv.es/mec-aodl/information.htm</a>	MINERVA
BENVIC	Benchmarking of Virtual Campuses	To develop, test and establish an educational approach for the evaluation of virtual campus experiences.	Spain	Albert Sangrà <a href="mailto:asangra@uoc.edu">asangra@uoc.edu</a> <a href="http://www.uoc.edu">http://www.uoc.edu</a>	<a href="http://www.benvic.odl.org/">http://www.benvic.odl.org/</a>	MINERVA
eWATCH	European Electronic Educational 'watch'	The project is an observation framework for the understanding of innovation and change in education brought on by the use of ICT and the emergence of the Information Society.	Spain	Claudio Dondi <a href="mailto:saceto@scienter.org">saceto@scienter.org</a>	<a href="http://www.education-observatories.net/eduobs">http://www.education-observatories.net/eduobs</a>	MINERVA

TUTOR VIRTUAL	Formación, recursos y metodologías virtuales	The aim of this project is to define the profile of virtual mentor, providing tools, methodologies and methodological resources in a virtual training environment.	Spain	José Félix ANGULO RASCO felix.angulo@uca.es	<a href="http://www.e-tutor.com/">http://www.e-tutor.com/</a>	MINERVA
ODE	Outdoor Education. Authentic learning in the context of landscape	The general objective is to find and compare different perspectives on learning through the landscape.	Sweden	Margrit HENSLE margrit.hensler@kinda.se	<a href="http://www.ode.kinda.se/">http://www.ode.kinda.se/</a>	COMENIUS
2EQBS	European, Education, Quality Benchmark System	The project meets the demand of schools involved in transnational projects for a benchmarking system for measuring and comparing the quality of schools.	Sweden	Conny BJÖRKMAN Conny.bjorkman@utv.mh.se	<a href="http://www.utv.mh.se/projekt/2eqbs/">http://www.utv.mh.se/projekt/2eqbs/</a>	COMENIUS
	Promoting School Safety	It means to train and sensitize teachers and other school staff in matters related to school safety.	Sweden	Knut BERGKNUT knut.bergknut@malmo.se		COMENIUS
KOM2002	Web4 Health Objectives	KOM2000 will demonstrate the use of tools for distributed, multilingual content production, which have been developed by one of the partners in a previous EU-funded project.	Sweden	jpalme@dsv.su.se	<a href="http://www.case.hr/kom2002/">http://www.case.hr/kom2002/</a>	eCONTENT
ALLMEDIA	Alliance for a Media Literate Europe	This project brings together a diverse alliance of educational organisations, in order to create a pan-European network to bring media literacy education to all.	Sweden	Urban Karlsson urban.j.karlsson@karlstad.se	<a href="http://www.allmediaeurope.org/">http://www.allmediaeurope.org/</a>	ELEARNING INITIATIVE
	More Active Citizenship for Disabled Persons by Distance Education	The aim of the project is that people with learning disabilities get, keep and develop their contact with society through distance education via the ICTs	Sweden	Pär-Olof Eklund peo.eklund@solvik.skelleftea.se	<a href="http://europa.eu.int/comm/employment_social/soc-prot/disable/education_en.htm">http://europa.eu.int/comm/employment_social/soc-prot/disable/education_en.htm</a>	GRUNDTVIG
REVANSCH !		The objective is based on a need that the handicap organisations have called attention to, namely to train people with own disabilities in leadership	Sweden	Lars Anaderrson Lars@bollebygd.abf.se	<a href="http://revansch.euproject.org/">http://revansch.euproject.org/</a>	GRUNDTVIG
New TELS	A Grundtvig Thematic Network	The project aims at developing a web-based network to promote lifelong learning and adult education	Sweden	LARS FRANSON lars.franson@stadshuset.goeborg.se	<a href="http://www.emmerce.net/go.cfm?PageID=612">http://www.emmerce.net/go.cfm?PageID=612</a>	GRUNDTVIG
	Mobilising the potential infrastructure of lifelong learning.	The project aims at collecting good examples of lifelong learning activities to encourage cooperation among adult educators	Sweden	Thomas Norgren thomas.norgren@kommun.soderhamn.se		GRUNDTVIG

5D	5th Dimension—Local Learning Communities in a Global World	It aims at using the ICT to strengthen communications between local communities, to build meaningful inter-generational and inter-institutional learning environments.	Sweden	Eva-Lisa Ahnström eva-lisa.ahnstrom@bth.se	<a href="http://www.5d.org/">http://www.5d.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
BLUEEAR	Bluetooth Assistive Listening System	BlueEar will develop an open system for assistive listening devices, based on the new industry radio standard "Bluetooth".	Sweden	AKERSTOM, Bengt bengt.akerstrom@transistor.se	<a href="http://www.blueear.org/">http://www.blueear.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
SYNFACE	Synthesised talking face derived from speech for hearing disabled users of voice channels	To develop multilingual technology for a speech-derived synthetic face that gives essential visual speech information to hearing impaired users of telephone and other voice channels	Sweden	KARLSSON, Inger inger@speech.kth.se	<a href="http://www.speech.kth.se/synface/demos.htm">http://www.speech.kth.se/synface/demos.htm</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Celebrate	Context eLearning with broadband technologies	To develop a teaching methodology for collaborative eLearning, involving the creation of a 'critical mass' of electronic Learning Objects to be made available through a pilot demonstration portal to schools in six European countries.	Sweden	Ulf W. Lundin ulf.lundin@eun.org		INFORMATION SOCIETY TECHNOLOGIES (IST)
RENEWCOLOGY	Renewable Energy and the European Dimension of Human Ecology	RENEWCOLOGY will develop and pilot a training course in the field of Renewable Energy (human ecology, wind, solar or biomass energy)	Sweden	Hans Eric Brodén hans.broden@swipnet.se		LEONARDO DA VINCI
Hospitality in AgroTourism	Towards Quality Rural Tourism Training in Europe	The project will disseminate the learning outputs of previous projects focused on distance professional training on both rural and agro-tourism.	Sweden	Sven Erik Berg Svenerik.berg@uddeto rpskolan.skara.se		LEONARDO DA VINCI
SuperPro	Development of a Tool for Supervising Project Work at a Distance	It will create a co-operation tool for both universities and placement companies to supervise project work at a distance for final year technology and engineering students.	Sweden	Tina Murray tina@admin.kth.se		LEONARDO DA VINCI
Energy Skill	Development of a Vocational Training Tool	It will create a vocational training tool for energy management, aimed at building, farming, energy management, housing sector management (& caretaking) and tourism.	Sweden	Heidi Norrstrom heidi.energiradet@swipnet.se		LEONARDO DA VINCI
ELAN 2001-2004	The European Learning Automobile Network	The project will establish a network to maintain and intensify the exchange of information on training and learning issues between European automotive companies.	Sweden	Marie Rodert vtc3.rodert@memo.volvo.se		LEONARDO DA VINCI

LENTEC	Learning English for Technical Purposes	Within LENTEC, guidelines and curriculum models will be developed to prepare individual students to cope with the reality of working within an international work force.	Sweden	Yvonne Andreasson yvonne.andreasson@malmo.se , Anne Dragemark Anne.Dragemark@ped.gu.se		LEONARDO DA VINCI
Eurobox		Its aims to be the European market leader in digital music distribution across all country, cultural and languages borders.	Sweden	Chirstian Landgren: chirstian.landgren@iteam.se		MEDIA
BMB-SE		The ultimate goal of this project is to crate a new a commercially viable type of on-demand entertainment service with a fully digitalized distribution chain for movies, TV programans and other forms of video-based entertainment.	Sweden	Pär Tyberg: par.tyberg@bredband.com		MEDIA
	Student support services in eLearning	To face the distrust of elearning programmes, it proposes to put in place for eLearning, student support services similar to those brought about the success of distance learning	Sweden	Harvey ASSUMPTA assumpta.harvey@eei.ericsson.se	<a href="http://www.fernuni-hagen.de/ZIFF/sssel.htm">http://www.fernuni-hagen.de/ZIFF/sssel.htm</a>	MINERVA
MURIEL	Mutual Recognition in European Open and Distance Learning for Schools	The aim was to investigate the opportunities and problems that arise when setting up mutual recognition in cross-border ODL co-operation on secondary school level.	Sweden	Klaus-Dieter Mende Klaus-Dieter.Mende@iped.vxu.se <a href="http://www.vxu.se">http://www.vxu.se</a>	<a href="http://www.muriel.nu/index_ie.htm">http://www.muriel.nu/index_ie.htm</a>	MINERVA
IBE	Internet-Based Assessment in Distance Education	The project's goal is to support the implementation of internet-based assessment in distance education.	Sweden	David Hamilton david.hamilton@pedag.umu.se	<a href="http://www.onlineassessment.nu/onlineas_webb/index.html">http://www.onlineassessment.nu/onlineas_webb/index.html</a>	MINERVA
Transeurope	Transformation in a Comparative European Perspective	This project has developed an internet-based Masters course in collaboration, focusing on processes of globalisation and social transformation.	Sweden	Kjell Nilsson and Jan Olof Nilsson Kjell.nilsson@soc.lu.se	<a href="http://www.soc.lu.se/soc/di/stans/socrates/mastercourse/">http://www.soc.lu.se/soc/di/stans/socrates/mastercourse/</a>	MINERVA
ITHET2000	IT-based Higher Education and Training	This conference had the goal of bringing together experts to discuss the current state-of-the-art in the field of IT-based Higher Education and training.	Turkey		<a href="http://mecha.ee.boun.edu.tr/educ2000/">http://mecha.ee.boun.edu.tr/educ2000/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

MENTA	Réalisation et diffusion d'une étude sur l'éducation aux médias à la violence des images	Une coalition d'organisations européennes se propose de recueillir, d'analyser et de diffuser un ensemble actualisé de données sociologiques provenant de différentes régions linguistiques et culturelles sur la socialisation des jeunes par les médias.	Unesco	Lluís Artigas de Quadras (CI/COM): ll.artigas@unesco.org		ELEARNING INITIATIVE
RAIMS	Raising Achievement in Multicultural Schools	The RAIMS project describes and analyses the work of 15 primary and 5 secondary schools in 10 member states.	United Kingdom	Malcolm Philip GREEN phil.green@bradford.gov.uk	<a href="http://www.bradford.gov.uk/education/diecec/about_projects_current.htm">http://www.bradford.gov.uk/education/diecec/about_projects_current.htm</a>	COMENIUS
	The Roots and Wings International Project for School Leadership	The project delivers a framework between individual headteachers in order to raise their effectiveness and their impact within schools	United Kingdom	Mark FOWLER mark@ceredigion.gov.uk	<a href="http://www.carmarthenshire.gov.uk/agendas/eng/EC/SM20020509/REP06.htm">http://www.carmarthenshire.gov.uk/agendas/eng/EC/SM20020509/REP06.htm</a>	COMENIUS
European methodological framework and materials guide for in-service training	European methodological framework and materials guide for in-service training - primary foreign languages	To develop a European training model which assures quality courses abroad for primary school teachers of languages.	United Kingdom	Teresa TINSLEY Teresa.tinsley@cilt.org.uk	<a href="http://www.eyl2001.org.uk/press/releases22.htm">http://www.eyl2001.org.uk/press/releases22.htm</a>	COMENIUS
ELAP	Early Literacy Assessment Project	It sets out to produce an early literacy assessment tool to monitor children's progress and identify those at risk of literacy failure in the early stages of schooling.	United Kingdom	Angela HOBBSBAUM a.hobsbaum@ioe.ac.uk	<a href="http://www.mcrel.org/programs/literacy/ela/index.asp">http://www.mcrel.org/programs/literacy/ela/index.asp</a>	COMENIUS
SEEPS	Developing Sustaining and Evaluating Sustainable Practices in European Primary Schools	The project aims at enhancing education for sustainable development and environmental education in primary schools	United Kingdom	Anthony SHALLCROSS a.g.shallcross@mmu.ac.uk		COMENIUS
TiR	Language Teacher in Residence Project	The project aims at developing a strategy on foreign language teaching	United Kingdom	Geoffrey OLIVER t.aspinall@ucsm.ac.uk		COMENIUS
CFN	Comenius Freshwater Network - a Thematic Network Application	It will promote networking of school partnerships and of other European projects working on environmental education in general and on freshwater in particular.	United Kingdom	Ray Kirtley r.kirtley@acs.hull.ac.uk + 44 1482 305150		COMENIUS

	Primary Letter Box	It offers the possibility of making advances in methodology related to the transition from language awareness to the introduction of reading in the foreign language.	United Kingdom	James MCELWEE j.mcelwee@btinternet.co.uk		COMENIUS
ASTEP	Advanced Software for Teaching and Evaluation of Processes	The project aims to design a multimedia type framework to satisfy the needs of trainees in process based high technology companies.	United Kingdom	ASTEP Project euan@cee.hw.ac.uk	<a href="http://www.cee.hw.ac.uk/~astep/">http://www.cee.hw.ac.uk/~astep/</a>	ELEARNING INITIATIVE
ILAB	Internet Laboratory	A virtual laboratory for collaboration and problem solving for the training of teachers and trainers in e-Learning	United Kingdom	Philip Crompton Philip.crompton@findhorn.stir.ac.uk	<a href="http://www.theknownet.com/ilab/">http://www.theknownet.com/ilab/</a>	ELEARNING INITIATIVE
GENIUS	Generic e-Learning Environments and Paradigms for the New European Information and Communication Technologies Curricula	The ICT skills shortage will be addressed through the development of new contents; the investigation of different mechanisms and the development of a pilot e-learning environment.	United Kingdom	Alexandro n.s.alexandrov@reading.ac.uk		ELEARNING INITIATIVE
SIGNOL		It will develop e-learning models for the delivery of e-learning within Learning Institutions to ensure the resources required and costs incurred in delivering quality education on-line is not only achievable but is sustainable	United Kingdom	Clydebank College tmccusker@clydebank.ac.uk		ELEARNING INITIATIVE
RELATE	Relate	This project will focus on the production and evaluation of teaching materials concerned with the representation of love, sex and relationships in the media.	United Kingdom	David Dennis Buckingham d.buckingham@ioe.ac.uk		ELEARNING INITIATIVE
ENSEL		To support collaboration between ongoing pilot projects/virtual centres being conducted within and funded by EU	United Kingdom	Gillian Alexander Gillian.Alexander@henleymc.ac.uk		ELEARNING INITIATIVE
SIGOSSEE		The project proposes to form and develop a Special Interest Group to investigate the major issues appertaining to the use of OSS for education	United Kingdom	Mike Malloch mike@theknownet.com		ELEARNING INITIATIVE
Delta	Regional Counselling and Educational Center for Adults	The project aims at solving the disproportion between the labour market offer and demand through new ways of training.	United Kingdom		<a href="http://www.delta.man.ac.uk/index.htm">http://www.delta.man.ac.uk/index.htm</a>	EQUAL

CiCe2	Children's Identity and Citizenship in Europe 2	It is concerned with the cross-disciplinary theme of how those professionals who work with children and young people prepare them, through citizenship, social and economic education, for contemporary European society.	United Kingdom	Alistair Ross a.ross@unl.ac.uk		ERASMUS
	European Network for the Development of Nursing Practice	The project aims at developing a European Thematic Network to promote excellence in nursing practice.	United Kingdom	Shirley Reveley m.stokes@ucsm.ac.uk		ERASMUS
HENRE	Higher Education Network for Radiography in Europe	The project aims at promoting lifelong learning in the field of Radiography in Europe	United Kingdom	Mike Stokes m.stokes@ucsm.ac.uk		ERASMUS
GENIE	The Globalisation and Europeanisation Network in Education	GENIE brings together a network of European academics and organisations around the theme of teaching globalisation and Europeanisation.	United Kingdom	Susan Robertson s.l.robertson@bristol.ac.uk		ERASMUS
CiCe	Children's Identity and Citizenship in Europe	CiCe links University departments which teach students who will work with children and young people about the societies, economies and politics within which they live.	United Kingdom			ERASMUS
HEROdotNET		A Thematic Network for Geography Teaching and Training	United Kingdom			ERASMUS
EASI-ISAE	Educating Authors for Simulated Interaction- Intercommunication Software for Appreciating Educators	The project proposes a culturally dedicated training package with tools which enable effective communication between intellectual content owners (teachers) and multimedia developers/ producers.	United Kingdom	David Gerrett D.Gerrett@derby.ac.uk	<a href="http://mediamatch.derby.ac.uk/uk/!_select.htm">http://mediamatch.derby.ac.uk/uk/!_select.htm</a>	eTEN
ASTEP	Advanced Software for Teaching and Evaluation of Processes	Development of Multimedia course modules designed for the semiconductors production, microsystem manufacturing, hi-level design and test activities.	United Kingdom	Lachlan MacKinnon lachlan@cee.hw.ac.uk	<a href="http://www.cee.hw.ac.uk/~astep/">http://www.cee.hw.ac.uk/~astep/</a>	eTEN
e-GAP	Electronic Business Guardian Angel Program	The objective of the eGap is to provide public electronic interactive services over the Internet to citizens in a number of regions across Europe	United Kingdom	e-gap@royalsoc.ac.uk +44 (0)20 7451 2545	<a href="http://www.egap.org/">http://www.egap.org/</a>	eTEN
EMERITUS	An e-Business Model for the Effective Realisation of a Trust Services Infrastructure	To accelerate an European integrated trusted services infrastructure, to respond to the needs of commercial competitive services for public and business entities and citizens.	United Kingdom	Chris Binns cbinns@fei.org.uk		eTEN

CALAM	Citizens and Learners as Mentors	The project aims at being built on the experience of adult learners who will act as mentors and role models to other adult learners who are returning to learning	United Kingdom	Iain Jones i.r.jones@salford.ac.uk	<a href="http://www.calam.ac.uk/ouput/index.shtml">http://www.calam.ac.uk/ouput/index.shtml</a>	GRUNDTVIG
	Testing Citizens' Skills and Knowledge	Its objective is to expand a portfolio of tests, accessible to the citizens of Europe, so that they can assess for themselves the development of their knowledge and skills.	United Kingdom	Richard Whewell r.j.whewell@strath.ac.uk	<a href="http://www.leargas.ie/education/ca/ecdl.html">http://www.leargas.ie/education/ca/ecdl.html</a>	GRUNDTVIG
ASN	Adult Study Net	The main idea of the thematic/project network is to spread the use of ICT in adult education	United Kingdom	Björn Garefelt björn.garefelt@folkbildning.net	<a href="http://www.niace.org.uk/projects/ASN/Default.htm">http://www.niace.org.uk/projects/ASN/Default.htm</a>	GRUNDTVIG
	<u>Employing Women's Potential</u>	The project aims at providing women with e-learning methods for training and further inclusion in the labour market	United Kingdom	Gareth Long gareth.long@stockport.ac.uk	<a href="http://www.stockport.ac.uk/Departments/EWP/">http://www.stockport.ac.uk/Departments/EWP/</a>	GRUNDTVIG
PETS	Participating in Education Through Sport	It aims at developing a learning package for disadvantaged adults dropped out of the education system, using sport as a means and promoting lifelong learning at European level	United Kingdom	Janet Milligan janet.milligan@theridge.ac.uk		GRUNDTVIG
ECTS-LLL	European Methodology for Accreditating Prior Experiential Learning in Lifelong Learning	The project promotes adults' demand for lifelong learning through the accreditation of prior experience and learning by means of the ICT.	United Kingdom	John Konrad jkonrad@lmu.ac.uk		GRUNDTVIG
EMBER	European Multimedia Bioinformatics Educational Resource	Address the current European skills shortage in bioinformatics by developing a coherent, standard package of multimedia educational materials, drawing on the experience of project partners to help develop and test materials.	United Kingdom	Teresa K Attwood Attwood@bioinf.man.ac.uk	<a href="http://www.bioinf.man.ac.uk/ember/">http://www.bioinf.man.ac.uk/ember/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
Easel	Educator Access to Services in the Electronic Landscape	It will explore technologies which can be brought together to offer course constructors an environment in which they can combine existing learning objects to create new online educational offerings.	United Kingdom	Ricky Kay Ricky.Kay@fdgroup.com	<a href="http://www.fdgroup.co.uk/easel/">http://www.fdgroup.co.uk/easel/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
METIS	Multimedia Interactive Environments for Distributed Teamwork Promotion in Schools	This project will innovate existing educational approaches in schools through the promotion of co-operative teamwork attitudes and the use of learning distance facilities	United Kingdom	Aureo Diaz-Carrasco Fenollar a.diaz-carrasco@ibermatica.com	<a href="http://falbala.ibermatica.com/metis/">http://falbala.ibermatica.com/metis/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
MEDIATE A	Multisensory Environment Design for an Interface between Autistic and Typical Expressiveness	The multisensory interactive environment will promote creativity of sensory expression in all users	United Kingdom	CREED, Chris chris.creed@port.ac.uk	<a href="http://web.port.ac.uk/mediate/">http://web.port.ac.uk/mediate/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

AVANTI	Added Value Access to New Technologies and services on the Internet	The project aims to encourage inclusion in the information society of those people who cannot or think they do not want to be involved by developing an intelligent assistant.	United Kingdom	Simon Berlin antoINETte.moussalli@lewisham.gov.uk	<a href="http://www.avantiproject.org/">http://www.avantiproject.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
ITACTI	Smart Interactive Tactile Interface Effecting Graphical Display for the Visually Impaired	A state-of-the-art interactive tactile interface peripheral will be developed to improve the access of visually impaired persons to modern computer and internet applications	United Kingdom	KNIGHT, Jeffrey jagk@dmu.ac.uk	<a href="http://www.itacti.com/">http://www.itacti.com/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
ITALES	Innovative Teaching And Learning Environments for Schools	To develop a European-wide virtual teaching and learning community whose key aims are the promotion of pedagogic content in European schools	United Kingdom	Gerard Queen G.Queen@LTSScotland.com	<a href="http://www.itales.ltsotland.org.uk/itales_frameset.asp">http://www.itales.ltsotland.org.uk/itales_frameset.asp</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
CBLPET	Proposal for the Development of On-the-Job Training in Petroleum Engineering for SMEs	Evaluation of the effectiveness, and the pedagogical, organisational, technical, training, business, and financial issues, associated with delivery of distance training to SMEs over the Internet, particularly within the petroleum engineering market.	United Kingdom	John Ford john.ford@pet.hw.ac.uk	<a href="http://www.ltc.hw.ac.uk/cblpet">http://www.ltc.hw.ac.uk/cblpet</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
m-learning	Mobile Communications Technologies for Young Adults Learning and Skills Development	The motivation for the m-learning project is concern about high levels of poor literacy, poor numeracy and non-participation in education amongst young adults in many EU countries.	United Kingdom	Jill Attewell jattewell@lsda.org.uk	<a href="http://www.m-learning.org/">http://www.m-learning.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
WISDOM	Wireless Information Services for Deaf people	On the MoveWISDOM is a 3rd Generation (3G mobile) solution to the needs of deaf people for interaction and for visual information.	United Kingdom	KYLE, James jim.kyle@bris.ac.uk	<a href="http://www.mobilewisdom.org/">http://www.mobilewisdom.org/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
PACKAGE	Provision for improved lifestyles via Access to Consumer packages	The project is concerned with improving the manner in which people with disabilities and older persons can open packages and access the information on their labels.	united kingdom	CARUS, David d.a.carus@mecheng.strath.ac.uk M. Doyle mike.doyle@hame.com	<a href="http://www.packageproject.com/">http://www.packageproject.com/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
VISICAST INFORMATION	Virtual Signing: Capture, Animation, Storage & Transmission	ViSiCAST will develop and evaluate Virtual Humans generating European deaf sign languages.	United Kingdom	DOBSON, Jan lodge@itc.co.uk	<a href="http://www.visicast.co.uk/">http://www.visicast.co.uk/</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)
LeGE-WG	Learning Grid of Excellence Working Group	To facilitate the establishment of a European Learning Grid Infrastructure through the systematic exchange of information and forging of links between the different actors in IST fields	United Kingdom	Theo Dimitrakos T.Dimitrakos@rl.ac.uk		INFORMATION SOCIETY TECHNOLOGIES (IST)

ASILESP	(Employment Training) Project	It will focus upon the production of a marketable, computer-based product, for persons with autism, to develop their skills and increase the take-up of job opportunities.	United Kingdom	Paul Quantock info@asilesp.com	<a href="http://www.asilesp.com/">http://www.asilesp.com/</a>	LEONARDO DA VINCI
EMIT	European Medical Imaging Technology Training	It will encourage co-operation between professional organisations, Universities and companies/hospitals in order to develop the first work-linked training in Europe in the field of Ultrasound and Magnetic Resonance Training	United Kingdom	Colin Roberts colin.roberts@kcl.ac.uk	<a href="http://www.emerald2.net/emit/project/bottom.htm">http://www.emerald2.net/emit/project/bottom.htm</a>	LEONARDO DA VINCI
ICT Learning and Training	An Exploration of Data in the EU ICT	Learning and Training will both investigate policies and ascertain types of information (data) held within EU countries in relation to ICT learning and training.	United Kingdom	Neil Gregory n.gregory@lse.ac.uk	<a href="http://www.lse.ac.uk/colleotions/ICTObservatory/">http://www.lse.ac.uk/colleotions/ICTObservatory/</a>	LEONARDO DA VINCI
	Supply Chain Management in the Music Industry Across the Internet	It will create an on-line vocational training qualification tool on supply chain management, which will enable companies to make use of the Internet	United Kingdom	Aleyda Maycock a.maycock@hud.ac.uk Supply Chain Operations info@prtm.com	<a href="http://www.prtm.com/supply_chain_management/">http://www.prtm.com/supply_chain_management/</a>	LEONARDO DA VINCI
e-Val	Electronic evaluation system for VET	This project responds to the need to develop increasingly effective VET evaluation methods, according to the importance given to them by project managers and promoters.	United Kingdom	Mike Malloch Mmalloch@rem.bangor.ac.uk	<a href="http://www.theknownet.com/eval-cern/">http://www.theknownet.com/eval-cern/</a>	LEONARDO DA VINCI
Tamar II	Learning and Accreditation Issues in Online Training for Engineers in the Maritime Transport Sector.	This project aims to develop ODL methods within companies in the European maritime transport sector	United Kingdom	James Andrew & Thomson Grant jim@wegemt.org.uk	<a href="http://www.wegemt.org.uk/news/tamar2.htm">http://www.wegemt.org.uk/news/tamar2.htm</a>	LEONARDO DA VINCI
Stepping Stones	Inclusion in Vocational Training for People with Learning Disabilities	It will develop a specialist multi-media software package to allow those with moderate or severe learning difficulties to explore opportunities for vocational training and employment.	United Kingdom	Alex Stevens A.W.Stevens@ukc.ac.uk		LEONARDO DA VINCI
LSP	Languages for Special Purposes	LSP plans to design, test, accredit and disseminate specialist language teaching materials aimed specifically at the transport sector (and related support agencies)	United Kingdom	Audrey Songhurst a.songhurst@canterbury.ac.uk		LEONARDO DA VINCI
Construct IT Europe	Construction Information Technology Multi-Media Education and Training System for Europe	It will develop an interactive multi-media system to support learning within the Construction Industry, thus introducing ICT into the learning environment of this sector.	United Kingdom	H.S. Lewis hlewis@bridgend.ac.uk		LEONARDO DA VINCI

NFATEC	A New and Flexible Approach to Training for Engineers in Construction	The project will develop a two-part training programme, for Engineers in the Construction industry, involving a combination of self-learning and web-based tutor interaction.	United Kingdom	Sue Armstrong s.armstrong@sheffield.ac.uk		LEONARDO DA VINCI
INCA	A project to develop a framework, diagnostic tool and record of competence for the assessment of intercultural competence integrated with language competence and subject knowledge competence	INCA will develop an outline framework, diagnostic tool and record of competence for the assessment of intercultural competencies for those entering the Engineering profession.	United Kingdom	Anne Davidson Lund anne@davidsonlund.fsbusiness.co.uk		LEONARDO DA VINCI
ESA4	European Sustainable Agriculture Education Level 4	ESA4 will develop both an occupational profile and educational training programme in the field of Sustainable Agriculture (SA).	United Kingdom	C. A. Passchier mail@emerson.org.uk		LEONARDO DA VINCI
SEPTIMUS	Strengthening European Psychotherapy Training through Innovative Methods and Unification of Standards	It will build on the work of 'SEPT' with the aim of facilitating better access to Psychotherapy Training through the use of distance learning via ICT.	United Kingdom	Digby Tantam d.tantam@sheffield.ac.uk		LEONARDO DA VINCI
Waste Training Tool	An interactive Waste Training Tool for the Management and Minimisation of Non-Domestic Solid and Aqueous Wastes	It will develop a flexible, interactive, waste management training tool on CD-Rom for use primarily by SMEs in the planning and implementation of effective waste management.	United Kingdom	Helen Manns helen.manns@unn.ac.uk		LEONARDO DA VINCI
Manager Training Database	Continuing Training and Development and Lifelong Learning for Managers: The Creation of a European Database of Best Practice for Large Organisations and SMEs	It aims at developing a web-based specific forum for data exchange to produce a guide of management training systems, policies and practices in a European context.	United Kingdom	Jane Perry j.perry@bbk.ac.uk		LEONARDO DA VINCI
EUCEBS	European Certificate of Basic Skills	EUCEBS will pilot and further develop the 'European Certificate of Basic Skills' within individual training sectors in each of the nine partner countries.	United Kingdom	Jeff Haywood j.haywood@ed.ac.uk		LEONARDO DA VINCI
INNOV@TE	InterNational On-line Voc@tional Training in Surface Engineering	Innov@te is to both develop and pilot a multi-level international training programme in Surface Engineering	United Kingdom	June Hawkins june-hawkins@materials.org.uk		LEONARDO DA VINCI
Guidenet	European Guidance Network for the evaluation and dissemination of innovative and good practise in vocational guidance.	Guidenet will establish a network of expertise in the field of Vocational Guidance.	United Kingdom	Mick Carey mickc@careersb.co.uk		LEONARDO DA VINCI

ASTUTE	Assisting Sole Traders Undertake Tailored Employment	ASTUTE will develop and pilot a multi-media training tool for sole-traders with regard to potential expansion and the recruitment of additional personnel.	United Kingdom	Nick O'Shiel oecl@compuserve.com		LEONARDO DA VINCI
TORTE	Trade Unions as an Intermediary Organisation to Increase Key Skills Acquisition	The TORTE project will both investigate & further develop the role of the 'learner representative' in mediating access to learning	United Kingdom	Peter Garrod Pgarrod.acl@ednet.lancs.ac.uk		LEONARDO DA VINCI
Event Organisers International	Developing a Training Programme & Support Materials for International Event Organisers	Event Organisers International will develop a specialist training programme aimed at event organisers working within the international arena.	United Kingdom	Peter Worger ace@martex.co.uk		LEONARDO DA VINCI
WEBBITT	Web Based Information Technology Training	The WEBBITT project will develop both pedagogic skills (competencies) and a range of dedicated support materials aimed particularly at ICT training personnel.	United Kingdom	Sean Bamford sbamford@tuc.org.uk		LEONARDO DA VINCI
EFLL and ICT	Early Foreign Language Learning and Information Communication Technology Network - France, Italy, United Kingdom	The project aims at integrating ICTs in the teaching of foreign languages.	United Kingdom	David Turrell SBLovell@compuserve.com		LINGUA
ODELUCE	Open and Distance Education and Learning through University Continuing Education	It will develop a web-based Observatory with a particular emphasis on the role of ICT in university continuing education in the social inclusion of disadvantaged individuals and marginalised communities	United Kingdom	Professor Duncan Timms d.w.g.timms@stir.ac.uk http://www.stir.ac.uk/crdlt	<a href="http://www.crdlt.stir.ac.uk/">http://www.crdlt.stir.ac.uk/</a>	MINERVA
SEUSSI	Surveys of European Universities Skills in ICT for Staff and Students	Seusiss is a collaborative project between 8 partners looking at the ICT experience, skills, confidence and attitudes of students and academic staff at the partner universities.	United Kingdom	Dr Jeff Haywood jeff.haywood@ed.ac.uk	<a href="http://www.education.ed.ac.uk/research/projects/theme5/proj16.html">http://www.education.ed.ac.uk/research/projects/theme5/proj16.html</a>	MINERVA
HealthFaci	On-line Continuing Professional Development in Health and Social Care	to enhance the impact and effectiveness of continuing professional development in health and social care contexts by establishing an on-line programme for educators-facilitators	United Kingdom	Robert GLENDENNING r.glendenning@sheffield.ac.uk	<a href="http://www.healthfacil.org/">http://www.healthfacil.org/</a>	MINERVA
HELENE	Higher Education Learning Environment Network for Europe	The project aims to create a virtual learning environment network across Europe delivering MBA units for campus based students and distance learners at home and at work.	United Kingdom	Terence Karran (Dr) tkarran@lincoln.ac.uk	<a href="http://www.lincoln.ac.uk/">http://www.lincoln.ac.uk/</a>	MINERVA

web@Classroom	Integrating ICT into the Curriculum: Investigating Teaching and Learning Outcomes in the Permanently Connected Classroom		United Kingdom	De Montfort University international@dmu.ac.uk	<a href="http://www.minerva.uevora.pt/webclassroom/">http://www.minerva.uevora.pt/webclassroom/</a>	MINERVA
Virtual MontanaTrans-	European Mountain Areas, a virtual fieldtrip	The Project establishes a Web site supporting student fieldwork studies in three locations, the French Alps, the Carpathians and North Wales.	United Kingdom	Karl Donert (Mr) donertk@hope.ac.uk	<a href="http://www.virtualmontana.org/">http://www.virtualmontana.org/</a>	MINERVA
Hero(dot)eNews	European Enviromental News	Integrating theory and practice into new learning environments	United Kingdom	Karl Donert donertk@hope.ac.uk	<a href="http://www.zgis.at/e4news/">http://www.zgis.at/e4news/</a>	MINERVA
DOODLE	Developing Online Open Distance Learning E-models for vocational skills education	The project seeks to facilitate the development of "practical skills" distance learning programmes and to develop best practice models.	United Kingdom	Nav CHOHAN n.chohan@leedscollege.ac.uk		MINERVA
ELVES	Empathic & Learning Virtual Environments in Schools	This project aims to bridge the gap between the currently available educational software and the more dynamic games software market.	United Kingdom	Karen Padmore k.a.padmore@salford.ac.uk <a href="http://www.Nicve.salford.ac.uk">http://www.Nicve.salford.ac.uk</a>		MINERVA
	Welcome to the Global Village	Its objective is to encourage secondary teachers to use the internet as a pedagogical tool and to give them the competences to use the ICT in an intercultural context.	United Kingdom	Richard SERERO rserero@licra.org	<a href="http://www.globalvillage.com/">http://www.globalvillage.com/</a>	MINERVA
MICCPAM	Modules for International Countryside Conservation, Protection and Management, by Distance Learning	In aims to produce web-enhanced DL materials in the field of countryside management and to maximise the appropriate use of ICT in the delivery of learning material	United Kingdom	John Winter john.winter@uwe.ac.uk	<a href="http://www.miccpam.uni-hannover.de/">http://www.miccpam.uni-hannover.de/</a>	MINERVA
JOIN	JOIN	It will provide consultancy and support for organisations/institutions that want to employ open source Learning Management Systems in all relevant topics ranging from the choice of a platforms, didactics and organisational issues.				ELEARNING INITIATIVE
P2P	Peer Reviews and Observatory on Policy and Practice in ICT	It aggregates and expands existing activities related to identifying and transferring excellence in the policy and practice of eLearning in school systems at regional, national and European level				ELEARNING INITIATIVE

RECOIL		To enable the introduction of collaborative inquiry learning in European schools, by creating a synthesis between the approaches of three European projects				ELEARNING INITIATIVE
KIVA		The project aims at analysing the training and development needs of the personnel in SMEs and their networks and creating a model to meet these needs		KIVA (812)337-5070 info@kiva.net	<a href="http://www.kiva.net/about/ourcompany.phtml">http://www.kiva.net/about/ourcompany.phtml</a>	EQUAL
ADAPT@		The Adapt@ project hopes to ameliorate the gender inequality within the workplace.		EQUAL empl-equal-info@cec.eu.int		EQUAL
	<u>Conservation et Modernisation des Savoir-faire de l'Agroalimentaire Fermier EN</u>	The projects aims at using the ICTs to promote the development of farming activities and trading.				EQUAL
	<u>Ingenierie Territoriale de Developpement de l'Emploil et des Competences</u>	It aims at creating a territorial organisation to develop employment and competences at the service of the SMEs.				EQUAL
DYP	Dynamic Yellow Pages	The objective is to create a promotional on-line product information directory to support SMEsThe objective is to create a promotional on-line product information directory to support SMEs' best electronic commerce practices in export.		Jukka Viitanen jukka.viitanen@elcommerce.net	<a href="http://www.dyp.com/">http://www.dyp.com/</a>	eTEN
VINCITEC	Virtual Training Centre in Information Technology	It will provide reliable and critical e-learning resources in IT to help European SMEs to benefit from the transfer of innovative technology know-how to improve and add value to their software and systems development capability, and thus to remain competitive in the European market.		VINCITEC	<a href="http://www.sme.gcn.gov.hk/smeop/english/index.cfm">http://www.sme.gcn.gov.hk/smeop/english/index.cfm</a>	eTEN
FLICN □	Foreign Language Acquisition with the Instinct of a Child	The FLC-technology will enhance vocabulary acquisition efficiency and will at the same time enhance training motivation.I				IFORMATION SOCIETY TECHNOLOGIES (IST)
EDCOMNET	Educational Communal Net	EDCOMNET looks to develop a virtual learning community Web portal for adult citizens and focuses on lifelong learning.		Aharon Aviram futuredu@bgumail.bgu.ac.il	<a href="http://www.bgu.ac.il/futuredu/edcomnet.html">http://www.bgu.ac.il/futuredu/edcomnet.html</a>	INFORMATION SOCIETY TECHNOLOGIES (IST)

InTraServ	Intelligent Training Service for Management Training in SMEs	Its objective is to try and evaluate an innovative Web-based intelligent training solution for manager upgrading in real SME environments operating in different fields				INFORMATION SOCIETY TECHNOLOGIES (IST)
European Pilot ProjectRTD of Common European Standards for Professional Interactive	Training using Border-Crossing Progressive International CBT- /WBT-Tutorial Programs	The European Pilot Project complies with regulations enacted by the EU Council aiming at the liberalisation of Air Traffic and flanking measures in social and technical fields.				INFORMATION SOCIETY TECHNOLOGIES (IST)
COR MOBILE	Corporate e-Learning via mobile communication	The objective of the Cor Mobile project is to develop an e-learning tool utilising the technology of mobile devices.				INFORMATION SOCIETY TECHNOLOGIES (IST)
e-Content		The project "e-Content" will focus on the creation of a training plan for workers in the audio-visual and multimedia market.		E-Contact Ern.Bieman@canarie.ca	<a href="http://www.canarie.ca/funding/econtent/guidelines.html">http://www.canarie.ca/funding/econtent/guidelines.html</a>	LEONARDO DA VINCI
DEVELOP	Develop Retail Vocational Education Learning Opportunities & Careers Paths	It will produce a Retail Business Planning learning programme, leading to the qualification of 40 retail owner/managers in recognised management education standards for the Retail sector.		Alan Clarke aclarkewrtc@btinternet.com		LEONARDO DA VINCI
DANTE	Develop the acquisition of new technologies in enterprises	The project is based on ADAPT which had highlighted the training needs of SMEs as regards information and communication technologies.		Thierry Bardy t.bardy@itmedia-online.com		LEONARDO DA VINCI
ETEL	Information Technology and Communication in Training Paths and Electronic Editing	New training paths will be develop to acquire new skills in the electronic editing sector		Director, Training and Development contact@tdd.nsw.edu.au 9561 8944		LEONARDO DA VINCI
	<u>Construction of a platform for creating and disseminating GIS training on the Internet</u>	Their objective is to develop a platform for Geographic Information System (GIS) training on the Internet for vocational training teachers.				LEONARDO DA VINCI
MUSAS Project	Design and Production of Training Modules for Professionals working with child crime victims both within and beyond the school environment.	It will develop a series of training modules and support materials for professionals working with child crime victims, both within and beyond the school environment.				LEONARDO DA VINCI

Babel 2000	Towards NICT in the Extra Curricular Teaching of Languages	The project Babel 2000 focuses on the need to further the use of new information and communication technologies (NICT) in language learning in vocational training.				LEONARDO DA VINCI
	The Big Myth	As the internet increasingly becomes a critical educational tool in classrooms across the globe, teachers are challenged to integrate this new medium into their curricula and classrooms. The Big Myth will be one of the first to be introduced that makes extensive use of Flash technology.		<a href="mailto:fiona@distanttrain.com">Fiona Passantino, Pieter Batelaan fiona@distanttrain.com, PieterBatelaan@cs.com</a>	<a href="http://www.mythicjourneys.org/">http://www.mythicjourneys.org/</a>	MINERVA
