

Title of the project

European Campus: Enhancing overseas student mobility

Duration : 24 months

Description of the project

Objectives: The main goal of this project and the consortium ESN, UNICA and Youth Agora is to develop a Mobility Information Platform that provides students from all over the world the necessary information to access all opportunities of personal growth offered by a study experience in the European Higher Education Area.

Direct Target Groups: Students from all over the world, European Higher Education Institutions and European Student Organizations

Indirect Target Groups: European students, Higher Education Institutions from all over the world

Main activities:

- Engage universities in the EHEA to use an online information standard to obtain a more coherent presentation **within** and **beyond** the EHEA.
- Development of a platform that gathers formal information (from e.g. European Higher Education Institutions) and non-formal information (from e.g. European Student Organizations) in a **fast** and **automated** way.
- Collection and dissemination of experiences (stories, photos, movies) of former mobility students in the EHEA.

Expected outputs:

- Make the mobility experience in the EHEA richer and more successful.
- Encourage more students from all over the world to study in the EHEA.
- Strengthen cooperation between universities and student organizations in their common goal to foster and enhance global student mobility.
