

Notification of a Body in the framework of a technical harmonization directive

From : Centro Español de Metrología
Alfar, 2 28760 Tres Cantos
Madrid
Spain

To : **European Commission**
Enterprise Directorate-General
-
B 1049 Brussels
Other Member States

Reference :

Legislation : 2004/22/EC Measuring Instruments Directive

Body name, address, telephone, fax, email, website :

Verificaciones Industriales de Andalucía, S.A.
C/ Albert Einstein, nº 2, Edificio VEIASA
Sevilla
Spain
Phone : +034 955 044 000
Fax : +034 955 044 050
Email : metro@veiasa.es
Website : www.veiasa.es

Body :

NB 1859

Created : 14/02/2007 | **Last update :** 15/03/2007

Period of validity of the notification :

Valid until : Unlimited

The body is formally accredited against :

EN 45004 - EN ISO/IEC 17020

EN 45012 - EN ISO/IEC 17021

EN 45011 - EN ISO/IEC 17065

EN 45001 - EN ISO/IEC 17025

Name of National Accreditation Body (NAB) : Entidad Nacional de Acreditación (ENAC)

The accreditation covers the product categories and conformity assessment procedures concerned by this notification : Yes

Tasks performed by the Body :

Created : 12/03/2007 | Last update : 15/03/2007

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
Water Meters (Annex MI-001) Active Electrical Energy Meters (Annex MI-003) Measuring Instruments for Liquids Other than Water (Annex MI-005) <ul style="list-style-type: none"> - Fuel dispensers - not liquefied gases - All measuring systems (accuracy class 0,5), in particular: <ul style="list-style-type: none"> - measuring systems on road tankers for liquids of low viscosity (<20 mPa.s) 	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification	Annex B Annex D Annex F
Automatic Weighing Instruments (Annex MI-006) <ul style="list-style-type: none"> - Automatic catchweigher - for mechanical systems 	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G
Automatic Weighing Instruments (Annex MI-006) <ul style="list-style-type: none"> - Automatic catchweigher - for electromechanical instruments 	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex E Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) <ul style="list-style-type: none"> - Automatic catchweigher - for electronic systems or systems containing software 	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) <ul style="list-style-type: none"> - Automatic checkweigher - for mechanical systems 	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G
Automatic Weighing Instruments (Annex MI-006) <ul style="list-style-type: none"> - Automatic checkweigher - for electromechanical instruments 	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final	Annex B Annex D Annex E Annex F Annex G

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	
Automatic Weighing Instruments (Annex MI-006) - Automatic checkweigher - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) - Weight labeller - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G
Automatic Weighing Instruments (Annex MI-006) - Weight labeller - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex E Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) - Weight labeller - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) - Weight/price labeller - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G
Automatic Weighing Instruments (Annex MI-006) - Weight/price labeller - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final	Annex B Annex D Annex E Annex F Annex G

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	
Automatic Weighing Instruments (Annex MI-006) - Weight/price labeller - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) - Automatic gravimetric filling instrument - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G
Automatic Weighing Instruments (Annex MI-006) - Automatic gravimetric filling instrument - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex E Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) - Automatic gravimetric filling instrument - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) - Discontinuous totaliser (totalising hopper weigher) - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G
Automatic Weighing Instruments (Annex MI-006) - Discontinuous totaliser (totalising hopper weigher) - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final	Annex B Annex D Annex E Annex F Annex G

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	
Automatic Weighing Instruments (Annex MI-006) - Discontinuous totaliser (totalising hopper weigher) - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity based on unit verification	Annex B Annex D Annex E Annex G
Automatic Weighing Instruments (Annex MI-006) - Continuous totaliser - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G
Automatic Weighing Instruments (Annex MI-006) - Continuous totaliser - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex E Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) - Continuous totaliser - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex F Annex G
Automatic Weighing Instruments (Annex MI-006) - Rail-weighbridge - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G
Automatic Weighing Instruments (Annex MI-006) - Rail-weighbridge - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type	Annex B Annex D Annex E Annex F Annex G

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	
Automatic Weighing Instruments (Annex MI-006) - Rail-weighbridge - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex F Annex G
Exhaust Gas Analysers (Annex MI-010)	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification	Annex B Annex D Annex F
