The competence of the body was assessed by :

The assessment of the body covers the product categories and conformity assessment procedures concerned by this notification : Yes

Tasks performed by the Body :

Created : 03/04/2008 | Last update : 22/09/2009

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
Water Meters (Annex MI-001) Gas Meters and Volume Conversion Devices (Annex MI-002) Active Electrical Energy Meters (Annex MI-003) Heat Meters (Annex MI-004)	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex H1
Measuring Instruments for Liquids Other than Water (Annex MI-005)	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Automatic catchweigher - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Automatic catchweigher - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex E Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Automatic catchweigher - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Automatic checkweigher - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the	Annex B Annex D Annex D1

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex E Annex F Annex F1 Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Automatic checkweigher - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex E Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Automatic checkweigher - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Weight labeller - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Weight labeller - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification	Annex B Annex D Annex E Annex F Annex G Annex H1

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	Declaration of conformity based on full quality assurance plus design examination	
Automatic Weighing Instruments (Annex MI-006) - Weight labeller - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Weight/price labeller - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Weight/price labeller - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex E Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Weight/price labeller - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Automatic gravimetric filling instrument - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G Annex H1

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	
Automatic Weighing Instruments (Annex MI-006) - Automatic gravimetric filling instrument - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex E Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Automatic gravimetric filling instrument - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Discontinuous totaliser (totalising hopper weigher) - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Discontinuous totaliser (totalising hopper weigher) - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex E Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Discontinuous totaliser (totalising hopper weigher) - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on	Annex B Annex D Annex F Annex G Annex H1

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	unit verification Declaration of conformity based on full quality assurance plus design examination	
Automatic Weighing Instruments (Annex MI-006) - Continuous totaliser - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Continuous totaliser - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex E Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Continuous totaliser - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Rail-weighbridge - for mechanical systems	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex D1 Annex E Annex F Annex F1 Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Rail-weighbridge - for electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process	Annex B Annex D Annex E

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex F Annex G Annex H1
Automatic Weighing Instruments (Annex MI-006) - Rail-weighbridge - for electronic systems or systems containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Taximeters (Annex MI-007)	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex H1
Material Measures (Annex MI-008) - Material measure of length	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance	Annex B Annex D Annex D1 Annex F1 Annex G Annex H
Material Measures (Annex MI-008) - Capacity serving measures	Declaration of conformity based on internal production control plus product testing by a Notified Body Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity based on quality assurance of final product inspection and testing Declaration of conformity based on product verification Declaration of conformity based on full quality assurance	Annex A1 Annex B Annex D Annex D1 Annex E Annex E1 Annex F1 Annex H
Dimensional Measuring Instruments (Annex MI-009) - Length measuring instruments - for mechanical or electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type	Annex B Annex D Annex D1 Annex E Annex E1 Annex F Annex F1

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	based on quality assurance of final product inspection and testing Declaration of conformity based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance Declaration of conformity based on full quality assurance plus design examination	Annex G Annex H Annex H1
Dimensional Measuring Instruments (Annex MI-009) - Length measuring instruments - for electronic instruments or instruments containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Dimensional Measuring Instruments (Annex MI-009) - Area measuring instruments - for mechanical or electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final product inspection and testing Declaration of conformity based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex D1 Annex E Annex E1 Annex F Annex F1 Annex G Annex H Annex H1
Dimensional Measuring Instruments (Annex MI-009) - Area measuring instruments - for electronic instruments or instruments containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
Dimensional Measuring Instruments (Annex MI-009) - Multi-dimensional measuring instruments - for mechanical or electromechanical instruments	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity based on quality assurance of the production process Declaration of conformity to type based on quality assurance of final	Annex B Annex D Annex D1 Annex E Annex E1 Annex F Annex F1 Annex G

Product family, product /Intended use/Product range	Procedure/Modules	Annexes or articles of the directives
	product inspection and testing Declaration of conformity based on quality assurance of final product inspection and testing Declaration of conformity to type based on product verification Declaration of conformity based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance Declaration of conformity based on full quality assurance plus design examination	Annex H Annex H1
Dimensional Measuring Instruments (Annex MI-009) - Multi-dimensional measuring instruments - for electronic instruments or instruments containing software	Type-examination Declaration of conformity to type based on quality assurance of the production process Declaration of conformity to type based on product verification Declaration of conformity based on unit verification Declaration of conformity based on full quality assurance plus design examination	Annex B Annex D Annex F Annex G Annex H1
