Nomination

"Iris Shop" is a design studio & Chancellor that has its beginnings in May 2005. The opening of this study was a result of policy initiatives to express a part of personal skills to face the market and to be closer to family at the same time as both physically and materially. Being that this business operates from five years of successful personally I tend to expand this activity, being always in the market to fulfill the needs that he has.

About the Company

Anyone who comes in my activity is expected with a smile and finds himself in his resolution regarding the school and office items .Also all those who need drafting of letters addressed to various state offices or institutions fail to get from me necessary information and services. In our shop be realized visiting-card, leaflets, menus, posters, stamps, etc. depending on the persons who perform activities that require them.

Raising awareness

Iris Gruda has finished studies in the Faculty of Natural Sciences, Food Chemistry, taking this trade practice eng Chemistry. I have practiced profession for over five years in a milk factory eng. Chemistry' position .After expansion family as I was wanting to stay much more time with my children I thought that a private activity will give me this opportunity and so with my husband's help, created "IRIS SHOP. Having always been grown and lived in a healthful family and society, have not seen my only interest but also those of the community where I live and work. For this helped me lot integration in SHGPAZ and trust that it just gave the association for the establishment of its branch in Durres and nominated as Chairman of this branch. Along with other businessmen friends have taken part in seminars, various coaching to be professionally and we introduced ourselves with dignity in the congresses of the Regional Balkan unions like the Congress of Chambers of Adriatic and Ionian, organized by the Ancona Chamber' Commerce, Tirana, Durres and ShGPAZ, Balkan Union of Women, held in Sofia craft-Bulgaria, where we are presented with correct studies and presentations on situation of business female in our country. As with regards, I like to develop project ideas for development of business women, which continue to survive in the trade or for those that contribute extensively to social and economic development and the country's cultural, intellectual potential through increasing and presentation of new ideas in business, as a result of the creation of business groups, which will directly contribute to the development of local economy and slowly and in the Albania in the marketing world.
