

“DRISHTI” Filigree works  
*Work better vain than nothing to stay*

## Satber DRISHTI

<b>Sector</b>	Jewellery workshop&Dekorative objekts
<b>Region</b>	Albania, Shkodra
<b>Nomination as an Ambassador</b>	<p>Atelier of Filigree works with silver, established in 1993, Alb-Soel's firm, as needed to survival after changing the system, found themselves able to cope with work in this sector for household needs. Experience like an engineer ,technologist and quality controller in the former artistic company ,stimulated me to enter the path of business on artistic sector which as any woman in that period, was found at a crossroads .I fought with myself measuring the my forces to find the right way to keep myself and family.</p> <p>By privatizing the necessary machinery for the sector, started the first products. The desire and need for information and knowledge, and adaptation to the market, the needs of both domestic and foreign market made me to participate in any fair organized in Albania in the districts of Albania and abroad: Italy, Greece, Austria , Germany, Macedonia, Kosovo, USA, Turkey etc..</p> <p>Use all my knowledge to broadcast mainly in young people's desire to be adorned with traditional jewelry worked all by hand and cheap.</p> <p>In an interview to ask - "Why put your days of investing in this sector?" I replied - "I love the tradition of my country, and have knowledge of this sector and I am convinced that a country moves towards European development will always need to work on having a vision that tradition in my country, the tourism sector will ever own priorities and geographical location.</p> <p>During the years I am certified by many domestic and foreign institutions, have participated in many seminars and workshop-the domestic and foreign special interest training. Feature group is working on transmitting positive energy.</p> <p>I work with passion in training courses to young people with special programs prepared by having more confidence that the filigree paper , will not only remain as it has been a tradition since ancient times but as I trust it will be absorbed more and more from women as a result of the different programs of gender equality in the economic field.</p> <p>The company is known in all social-cultural facilities being assessed by the relevant certificates at each event. Among the interviews given to various newspapers, journalists write "A small stand of large dimensions" Sacrifice for participation and change, so integration is the motto of my work.</p> <p>As a craft pattern in my work I have had my mother as a talented needlewoman ,while In business my model was my grandfather ,as a trader of gold and silver in ancient times by the school always encouraged me.</p>
<b>About the company</b>	<p>The company produces filigree works as earrings, necklaces, bracelets, boxes, vases, traditional weapons, rings as well as custom series. In addition the company produces more current work by combined traditional with the modern with the traditional stylized. Any experience taken from various places where I participated in various fairs. Continue to have quality and quantitative expansion in Shkoder .</p> <p>Saw the opening goal as a class to teach handicrafts programs more in line with the association.</p>
<b>Raising awareness</b>	<p>Satber Drisht has been since the beginning of democracy member of the Chamber of Commerce of Tirana and Shkoder, activist and member of the Professional Business Women's Association of Artisan. Model and positive example to encourage women to their business skills by helping to create many crafts rooms and a family business, so that in every area to related business of a woman's craft to that of the tourist area, where it actually motivates me as a major challenge.</p>
