Nomination as ambassador	<p>Garden «Magic Harry Potter» was opened in 2004 from its leader Teuta Shehu. After working in education as a teacher of elementary school, living in democracy taught her how to work in private employment. First Lessons of doing business she took to her husband's business , working as manager of complex «Omega lubrication» Shop, Service, auto-school at Years 1993 – 2001. She took part in the campaign of election 2001 where her husband run for an independent deputy in the area 71. To work and to ensure the future of three children has taken care her mother. This period let impression in her human spirit. After 2002 became a member of SHGPAZ. This social change also supported the view that although is female strength and ability to create and manage a business of its own. She has participated in different training on business, in Albania and abroad, Germany, Bulgaria, Italy, Croatia, Turkey etc.. In her business is known and appreciated for the high scores in teaching and excellent psychological treatment of children. After the opportunity that Teuta has to be part of different trainings from SHGPAZ she thought that it was very good to start a course about Business Management. Her personnel work with the slogan «to treat other children, in the way they are our children. She always get o lot of information from various newsletters of business aims to expand the business to know more about business. She wants to make her business bigger and to help the community and the desire to contribute to the development of his country and especially women familiar example is derived which has contributed to the antiquity of Albanian culture and education</p>
About the company	<p>Garden works with children of ages 2 - 6 six years old. It offers to parents and variety of services. Work with regular educational programs and more flexible at the age of 3 years because - preschool represents the first level of university education in our country. – They learn how to discover the world, how to learn things while repeating, demonstrating examples, experimenting, creating, asking, work projects and collaboration. Teaching is done with modern tools.</p>
Raising awareness	<p>Teuta Shehu has been an activist in the 1991 anticommunist movement. She participated as observers in the first pluralist elections. She returned to social life in 2001 and on taking part in different activities from SHGPAZ.</p>
