CURRENT OCCUPATIONAL ACTIVITIES

Since September 2004, managing DISC Belgium, www.discbelgium.com

DISC Belgium (Dynamic Industrial Safety Consultants) is an innovative safety consultancy agency with a team of motivated Health and Safety advisers, offering safety support and expertise to different industrial sectors for construction, shutdown or maintenance projects.

In addition, DISC Belgium implements and maintains safety management systems such as VCA and its own system SAMS 1.01 (Safety Attitude Management System). In 2009, their MTN product line was created for creatively stimulating safety awareness (www.mtncreation.com).

Besides managing DISC Belgium, active as health and safety adviser or safety coordinator on consultancy base for clients as Terra Nova, Air Liquide, GE Plastics/Sabic Innovative Plastics.
