About the company	<p>The bakery Brinkert is a traditional family business. It was founded in 1952 by the grandfather Heinrich Brinkert. His son Heinrich junior transformed the bakery into a coffee house in 1976. With his wife, Eveline, he managed the business together and later the son also started to work in this family business. Eveline is responsible for the sales and service divisions. Today the bakery is located in Olfen. It is a 55 year-old company which includes 4 coffee houses and 15 bakery shops in the area of Recklinghausen, Coesfeld and Unna in North Rhine Westphalia.</p>
