Nomination as an Ambassador	<p>In 1992 Carola Zarth founded the working group for women in crafts (Unternehmerfrauen im Handwerk) in Berlin. It was a challenging time because after the fall of the Berlin wall it was important for contact between the women in East and West Berlin to be established. The women could get to know each other better and to exchange experiences and learn from each other. The exchange of experience was always in the focus of her work in the 16 years in which she led the working group. As a result of the working group, she was able to help women in the start-up or succession phase with valuable advice from colleagues who had long years of experience with company leadership.</p> <p>In 2003 her company was awarded the title “most women friendly company Berlin-Charlottenburg/Wilmersdorf”. In 2010 her company won a prize in the contest “Unternehmen für Familie - Berlin 2010” for their exemplary engagement in the compatibility of family and career in a company.</p>
