## Your motivations

"Where there is a will, there is a way" is my philosophy, in which I firmly believe. Indeed, every human being, male or female, can give the best of oneself, be it in one's family or professional life, along with ingredients like: respect, motivation, optimism and perseverance.

Interpreter-translator at first, she did not hesitate to train in the profession of plasterer and frontage refurbisher and she obtained her diploma of Maîtrise in order to take over the reins of the family plastering business "Fortunato".
