Jiggy Wrigglers musical activity group was set up in July 2008 by Whiteley mum of 3 and entrepreneur Sally Thompson. There are now 16 sessions running locally every week. The fun mix of puppets, instruments, singing and dancing is proving to be a winning formula with parents and little ones.

Jiggy Wrigglers has been nominated for a national award in recognition of the quality and popularity of the groups. The awards are organised by well known website www.whatson4littleones.co.uk and are very prestigious in the parenting world. Jiggy Wrigglers is up against selected groups from across the country in the 'Best Local Activity Group for Under 5's' category.

Sally says 'I am delighted that Jiggy Wrigglers is receiving recognition. We see hundreds of babies and toddlers each week and they all leave with a smile on their faces!'

I want to help other mums to realise the opportunity enterprise presents women looking for ways to continue to grow.
