active substances in PT 8 and 14
for which no dossier was submitted at 28 March 2004**

That information shall also be made public by electronic means.

A notice with a list of active substance notified in product types 8 (wood preservatives) and 14 (rodenticides), for which no dossiers were submitted by the deadline of 28 March 2004, and where participants had not withdrawn in accordance with Article 8(2) of the Regulation before that deadline was made public on 30 April 2004.

However, due to an oversight the following substance was not mentioned in the list of substances concerned, although no dossier had been submitted by 28 March 2004.

Active Substance	EC number	CAS number	Product Type
Benzothiazole-2-thiol	205-736-8	149-30-4	8

Within three months of the publication of this notice, a producer, formulator, association or other person wishing to take over the role of participant as regards the existing active substance in PT 8 shall inform the Commission accordingly. Such information shall be sent to:

European Commission
Directorate-General Environment
Unit B-4, Office Bu-5, 2-151

Or by e-mail to: ENV-Biocides@cec.eu.int

Within the same time period, Member States may indicate to the Commission that they are interested to take over the role of a participant for one or more of the listed active substance / product type combinations.

Where the Commission receives no response within three months (i.e. by 14 March 2005), a decision shall be taken not to include the existing active substance in Annex I, IA or IB to Directive 98/8/EC for PT 8.
