EMAS Awards 2011: Video interviews of winners and presentation of all nominees available online

This year's six EMAS Awards have established fascinating and innovative ways to involve stakeholders. Interested in learning more about their activities? Video interviews conducted with the winners after the EMAS Awards ceremony are available on the EMAS Awards website in the [Media Corner](#).

All 36 EMAS Award nominees of this year have involved and inspired internal and external stakeholders in order to increase their resource efficiency and improve their environmental performance. You can find information on their performance in a comprehensive presentation, which is available in the [Nominees section](#).
